GOLF: HOLIDAY CHIPPERS

Mark, Shirley and Priscilla

On a beautiful fall day in November, the Holiday Chipper's season began. We had 23 golfers showing their putting skills and it was nice to see our friends and neighbors and many new residents at this event.

There was a three way playoff for the men. They had 17 putts each. The women had two way play off; for 1st and 2nd, Ruth and Rose, with 20 putts. Then for third place, Peggy Wallace and Joan with 21 putts.

The results for men: 1st - Mark Stevens - \$15.00; 2nd - Rollie Audi - \$10.00 and 3rd - Ray Innocenti - \$5.00.

The results for women: 1st - Rose Innocenti - \$15.00; 2nd - Ruth Kredovski - \$10.00 and 3rd -Joan Taylor - \$5.00.

Joanne Collis is \$5.00 richer for winning the hole-in-one contest. Carolyn Trotter won the 50/50 draw for \$35.00.

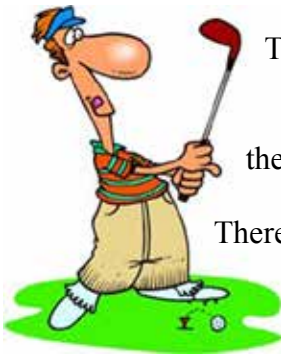

Thank you everyone for your participation and help.

Be sure to bring extra money to purchase hot dogs, drinks, or tickets for the 50/50 raffle. For a reasonable donation, there is beer available.

We are looking forward to seeing more residents at the putting green.

There is equipment for you to use.

As a special note about one of our residents, Jim Barton. He had a hole-in-one on Number 12 at Largo Golf Course during play in November.

Sharing and Caring

Dolly Lake

PLEASE call me at 399-0147 if you know of someone who is ill, in the Hospital, having surgery, or has passed away, etc. Very often, people think someone else has called me, therefore I am not informed. So please give me a call!! Thanks for your help.

Margaret Duquemin is recovering from surgeries for melanoma and plans to return from England in January.

We offer our sympathy to the families of Judy O'Leary and Dick Antoine, who passed away recently. Also, we offer our condolences to Don and Pat Osentoski on the loss of their son.

Theater

David Middleton

It's ShowTime as the Way-Off Broadway Theatre steps inside a 1940s radio station to present the zany hi-jinx of a group of radio performers as they attempt to keep their troubles a secret from a very mysterious station owner. Toss in a two-bit gangster and his ditzy girlfriend and you've got the makings of a great evening of musical theatre. The Way-Off Broadway Theatre Group had its first organizational meeting for the March production of *Don't Tell Mr. Van Peltz* on December 8th. Rehearsals are scheduled to start on January 5, 2016 and will continue on Tuesdays and Thursdays at 1 pm. Parts will be assigned at the first rehearsal. We will also need help back stage, as well as with props and set building. All are welcome...we'll find a spot for you for sure. Marie Rapoza and Dolly Lake will be heading up ticket sales. Tickets will go on sale in January...watch the bulletin board in the Clubhouse for dates and times. *Don't Tell Mr. Van Peltz* will run March 7, 8, and 9, 2015. Mark your calendars now. You won't want to miss it.

Wii Bowling League

Harold & Joan Harlan's Ghost Writer

We encourage all New Residents to stop by the Clubhouse on a Thursday evening between 5:30 - 6pm to **See** the "Bowling Lanes", **Listen** to the "Chatter", and **Find Out** "What's Happening?"

The Wii Bowling Lanes are up and operational every Thursday evening at 5pm with **All Bowlers** trying to better their score, beat their opponents, or trying to get that "Turkey". There always is lots and lots of cheering, much conversation, and the occasional "food for thought discussion". When all else fails, there's the surprise dessert that "Just Happens" to show up for the evening. Quarterly, usually brings about a Wii Bowling Banquet/Meal/"Food Fest Event"/Social with lots more chatter and laughter. If you've never tried Wii Bowling, you don't need to worry, most of the "locals" hadn't either until they arrived on site. IF you're looking for something to do besides watching television on a Thursday evening

STOP BY and GIVE Wii BOWLING A TRY!

Choralaires

Lo Dykens

Many, many thanks to all the Choralaires and to all those who helped with our Christmas program on December 9th. A great job was done by all of you and we received good reports on it. The rehearsals for our March concert will start on Tuesday, January 12th at 10:00am.

Shuffleboard News

Priscilla Donegan

The annual Turkey Shoot was held on Wednesday, November 18th. We were so glad to see so many of residents taking part in this fun event. Hopefully some of you will join us on Monday, Wednesday, or Friday at 1:00 pm to learn more about this sport.

Each of the winners received a turkey. There was a tie for 1st place with 65 points each. Norm Burkey had 57 points. The results: 1st - Scott Healy, 2nd - Doug Brown and 3rd - Norm Burkey

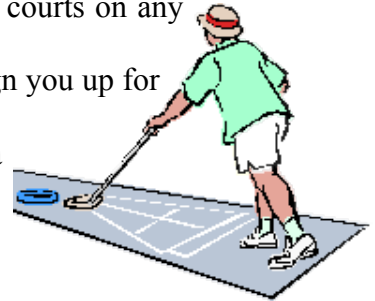

Shuffling is a great way to meet your neighbors. As mentioned before, any of us will be happy to help you with your game.

Anyone interested in playing shuffleboard, just come to the courts on any Monday, Wednesday, or Friday at 1:00 pm.

Dues this year will be \$3.00. Tom Smith will be happy to sign you up for the season.

Thanks to everyone who helped with the Turkey Shoot and a big thank you to all of the residents who participated and tried to win a turkey. There were 50 of you. Great job.

See you on the courts.

What's Happening in Travel?"

To learn about possible upcoming local and "long distance" trips, be sure to attend the **NEXT On-Site TRAVEL CLUB MEETING** which will be **Thursday, January 8, 2016 at 6:00 pm** (Or immediately following completion of Wii Bowling). Also, be sure to check the Bathroom Bulletin Board for sign-up sheets and more information about upcoming adventures.

If anyone has an idea or thought about where or what he/she would like to see or take a trip, please let me know because you might not be the only one interested in visiting the location. Perhaps, they'll be others who would like to go as well and if feasible, I could plan a trip.

"...I am so happy with my new windows...I'd like to commend your work crew. Earbie and Larry were fantastic! I couldn't believe the clean-up EVERYDAY! The whole job took just a week even with all the rain delays. I would and WILL highly recommend your company to my friends and neighbors. Of course I won't need to say a word - the house is doing all the talking! Thank you so much for my beautiful new house."

Did you know that January is also...

National Bath Safety Month. Bath safety is an essential aspect of general home safety. An average of 370 people across all age groups suffer injuries in the bathtub or shower daily. Learn how to equip your bathtub or shower with safety precautions like grab bars and anti-skid strips to prevent serious injury.

National Blood Donation Month. Some give blood because a friend asks; others do so because it just seems like the right thing to do. Whatever your reason, the need is constant and your donation is important for maintaining a healthy and reliable blood supply.

National Mentoring Month. Mentoring young people can change your life—and theirs. Volunteering as a mentor or becoming an informal mentor to a young person you know is a valuable step in igniting the mentoring effect in your community.

Thyroid Awareness Month. Thyroid disease affects approximately 200 million people worldwide. If left undiagnosed and untreated it can cause depression, tremors, muscle weakness, and constant fatigue. Learn how to perform a thyroid neck self-exam, and talk to your doctor if you detect any lumps.

National Home Office Safety and Security Week, Jan. 3-9. Thousands of people working from home face risks in their residential workplace: clutter that can cause trips and falls, inadequate electrical wiring that presents a fire hazard, and other dangers. Take some time this week to ensure that your home office doesn't endanger your health and safety.

International Snowmobile Safety Week, Jan. 16-24. Snowmobiling is a fun and exciting family activity enjoyed by over 4 million people in the U.S. and Canada. International Snowmobile Safety Week educates people about safe snowmobiling practices and shows how operating safely can prevent mishaps and injury.

National Sugar Awareness Week, Jan. 18-22. The average American consumes about three pounds of sugar each week, for a total of 3,550 pounds in his or her lifetime. During this week, take the challenge: Go five days without eating any sugar and see how much better you feel.

National Certified Registered Nurse Anesthetists (CRNA) Week, Jan 24-30. CRNAs provide more than 34 million anesthetics each year. This event helps patients, hospital administrators, health care professionals, policymakers, and others become more familiar with the CRNA credential and the exceptional nurses who have earned it.

Multiply Your Monthly Mania!

As you probably already know; patronizing the advertisers in this newsletter also pays YOU with our Monthly Mania Cash Give-a-Way. **We pay out \$400 every month to residents** who submit tickets they have received from using the businesses in the newsletter. Winning is easy, just patronize any advertiser in the newsletter, then submit either the ticket or a paid receipt to us for your chance to win!

Now You Have More Chances to Win!

We are now offering unlimited entries into our Monthly Mania drawing by just *SUGGESTING* a business to advertise.

Here is how it works:

1. Call our office and suggest a business to advertise in the newsletter
2. We will take down your information (name, address, phone number) and enter you into the next month's drawing for over \$400 in cash prizes
3. The more businesses you suggest, the more chances you have to win.
(To qualify each resident can only suggest a business once)

What businesses would you like to see advertising?

We have spots available in the following categories:

Never too late to succeed

A poor boy named Harlan with only a sixth-grade education wouldn't have made anyone's list of the most likely to succeed. His first major success came when at the age of 39, when he was able to come up with the financing to open a small-town gas station and restaurant. He did pretty well, too—but only for a while.

With the onset of World War II, Harlan's once-solid customer base left the small town to enlist in the military or take factory jobs in the city. Still, he managed to hold on until a new interstate highway eliminated his drive-by trade. Then, after nearly 30 years in business, Harlan was forced to sell his dream to pay off his debts.

Broke and nearing 70, Harlan could have closed the curtain on his career ambitions. Instead, he took to the road, offering to share his pressure-cooking techniques with other restaurant owners if they'd agree to become his franchises. He sold only five in the first two years, but he stuck it out.

Four years later the self-proclaimed Colonel Sanders had sold more than 600 Kentucky Fried Chicken franchises. And by the time Harlan Sanders died at age 90, KFC was a worldwide brand.

Is today's success holding you back?

Timanthes was a celebrated Greek artist of the 4th century B.C. As an aspiring young painter, Timanthes worked with a respected tutor to learn his craft. After several years, he produced what he believed was his masterpiece.

Delighted with his accomplishment, the young artist stopped striving to further his art. Instead, he devoted hours each day to gazing at his painting, mentally patting himself on the back for his achievement. Then one morning, when he arrived at the studio, he was horrified to find that someone had slathered paint across the canvas, destroying his work. The tutor eventually confessed that he'd done the deed.

"I did it for your own good," he explained. "The painting was holding you back." He urged the artist to try again: "See if you can do better."

Timanthes took his teacher's advice. His next effort, "The Sacrifice of Iphigenia," became his signature work and is regarded as one of the finest paintings of its time.

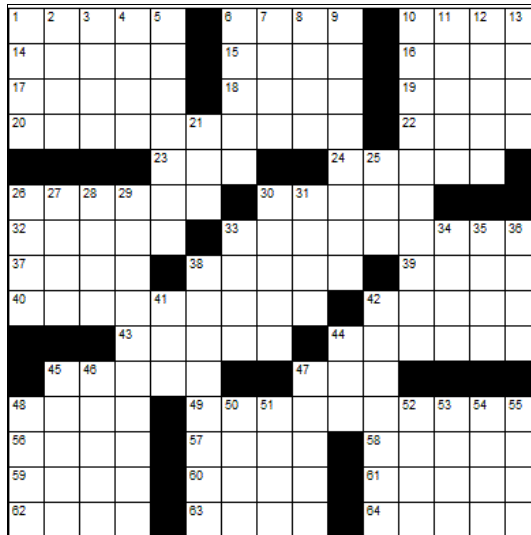

You should celebrate jobs done well. But don't get so caught up in yesterday's achievements that you forget tomorrow's challenges.

Giant lizards once roamed Australia

Movies like *One Million Years B.C.* show humans battling dinosaurs, but T. Rex and other prehistoric creatures died out long before Raquel Welch's ancestors designed the first fur bikini. Still, recent discoveries suggest that prehistoric could have fought large reptiles, or at least co-existed with them at one time.

Scientists from the University of Queensland have dug up a small bone that they have determined could have come from a gigantic lizard that lived in Australia as recently as 50,000 years ago.

As reported on the eScience News website, the bone is only 1 centimeter long, but scientists are certain that it belonged to a huge creature that may be related to the Komodo Dragon or another species known as *Megalania Prisca*. *Megalania* once roamed eastern Australia, and reached a length of 11 to 16 feet. Its sharp, curved teeth would have been a ferocious challenge for early humans in the territory, but so far no evidence of any terrifying encounters have been unearthed.

How much do you know about science?

We rely on science and technology for many of the necessities and conveniences of modern life, but how well does the average U.S. citizen really understand science? A survey by the Pew Research Center sought the answer to that question. The survey asked a series of basic science questions and received these results:

- The core of the Earth is our world's hottest layer: 86 percent answered this correctly.
- Uranium is needed to create nuclear energy and weapons: 82 percent.
- Comets comprise a core of ice and a tail of gases: 78 percent.
- Tides are created by the moon's gravity: 76 percent.
- The polio vaccine was developed by Dr. Jonas Salk: 74 percent.
- Astrology is different from astronomy: 73 percent.
- Cell phones use radio waves: 72 percent.
- A light-year is a measure of distance: 72 percent.
- Amplitude (height) determines the loudness of sound: 35 percent.
- Water boils at a lower temperature in Denver than in Los Angeles: 34 percent.

Learn the ABCs of skin cancer

That dark spot on your skin may be a freckle—or it may be skin cancer. How can you tell? The American Academy of Dermatology takes an alphabetical approach to identifying potentially dangerous skin conditions:

- **A: Asymmetry.** Is the spot or mole generally circular, or does one side look different from the other?
- **B: Border.** Is the edge of the item uneven, notched, or blurry?
- **C: Color.** Does the object vary in color in different areas?
- **D: Diameter.** Is the area larger than a pencil eraser?
- **E: Evolving.** Has the object changed its size, shape, or color?

Contact a dermatologist if you answer “yes” to any of these questions.

Just a rash? Check it out

A rash may be nothing to worry about, but sometimes it can be a sign of something serious. Doctors recommend you pay attention if a rash exhibits any of these symptoms:

- The rash spreads quickly across your body, which could indicate a major allergic reaction.
- You have a fever along with the rash. This could be a sign of a serious infection, so get to the hospital immediately.
- Your rash forms blisters or becomes painful.

The foundation of success in life is good health. That is the substratum fortune; it is also the basis of happiness. A person cannot accumulate a fortune very well when he is sick.

Get to the root of problems

When you can't solve a seemingly impossible problem, do you just throw your hands high in frustration and walk away? Most of the time that's not an option. Try re-framing the problem with these suggestions from Tina Seeling, author of *Inside Out: Get Ideas Out of Your Head and Into the World* (HarperOne):

- **Revise your question.** Turn the problem around by re-examining your real goal. Instead of "What new product will make lots of money?" ask, "What do our customers buy, and what do they avoid?" or "How can we offer more of what already works?"
- **Look for bad ideas.** You can unleash your creativity by flipping the process. Try to identify what doesn't work, what's failed in the past, or what would completely capsize any solution. You may be able to adapt a seemingly impractical solution, or eliminate a factor that's holding you back.
- **Question your assumptions.** Many of us fall into the trap of assuming that the answer we're seeking will look like solutions that have always worked. Take a close look at the problem, your organization, or your industry and identify practices that have never been questioned. Ask, "Why are we doing it this way?" You'll often find a new approach by going against the conventional wisdom.

Play these roles when developing ideas

Thinking creatively requires different mindsets at different stages of your project. If you can shift gears yourself, do that; if not, bring in a colleague to help you sort through the issues. Focus on these key roles as spelled out by Walt Disney:

- **Dreamer.** Don't limit your vision at the outset. Let your mind roam widely as you explore concepts, ideas, and solutions. You don't have to be practical at this stage—just allow yourself to daydream as you think about what you want to achieve.
- **Realist.** Once you've got a plan or idea you want to put to work, start narrowing it down until it's doable. You may end up eliminating the less practical aspects, but if you keep your mind on the core idea, you'll come up with a plan that satisfies your goal while succeeding in the real world.
- **Critic.** Poke holes in your plan so you can patch them up effectively. Run a test or set up a pilot program before rolling your solution out completely. Don't think of obstacles as failures; use what you learn to make your idea viable.
