Photo Directories

Ann Scott has been keeping pretty busy lately. She is the chairman of the park photo directory committee and is still co-ordinating things from home. The photo directories should be available the end of April. For our neighbors who had their pictures taken and have already gone home, your copy will be here when you return, probably in the office.

Ann is also working on the park phone directory, which will be printed in July, in lieu of the July Newsletter. Please give any updates to Marta in the office, call Ann Scott at 317-979-2322 or email WERDSCOTT@aol.com. The information in the directory will not be made available on line.

Please include your NAME...LOT #.....STREET.....PHONE (Landline and or Cell phone). Optional information would include EMAIL ADDRESS....SNOWBIRD OR FULL TIME RESIDENT....and HOME STATE OR COUNTRY.

If you are new in the park or if you have changed phone numbers or moved or gotten married get your up-to-date information to Marta or Ann.

It is with great sadness that I report on the passing of long-time resident, Ruth Brennan, #159, on March 17th.

Bristol Zoo

Outside England's Bristol Zoo there is a parking lot for 150 cars and 8 buses. For 25 years, its parking fees were managed by a very pleasant attendant.....The fees for cars(\$1.40),for buses (about \$7).

Then, one day, after 25 solid years of never missing a day of work,he just didn't show up; so the zoo management called the city council and asked it to send them another parking agent. The council did some research and replied that the parking lot was the zoo's own responsibility. The zoo advised the council that the attendant was a city employee.

The city council responded that the lot attendant had never been on the city payroll.

Meanwhile, sitting in his villa somewhere on the coast of Spain, or France, or Italy, is a man who'd apparently had a ticket booth installed completely on his own and then had simply begun to show up every day, commencing to collect and keep the parking fees, estimated at about \$560 per day -- for 25 years. Assuming 7 days a week, this amounts to just over \$7 million dollarsand no one even knows his name.

A well-planned retirement from the London Times, shared by Carol DePaquale

Thank You

Can't thank you all enough for Linda's and my surprise. You all are so amazing and I think Linda and I enjoyed the classes more than you all did. Thanks so much for coming each week and I'll never get over this morning. That was the nicest thing ever and I can't thank you enough.

Love you all, Pam

Friday, March 31st was the last of- ficial line-dancing class for this season. Dorothy O'Brien collected money from the dancers and presented teachers Pam Newman and Linda Morris with a card, flowers and a gift card to thank them for all their work to keep us in line. Guy Forget presented them each with a special pin he got from the Canadian Snowbird Association. It has the American and Canadian Flags joined together. Linda and Pam were really surprised, and appreciated the significance of the pin.

Koffee Klatch

Every Thursday morning at 8:30am we have Koffee Klatch at the clubhouse. Volunteers sign up and set the tables, make the coffee, and get the donuts from Publix, usually for a month at a time. This March Carol DePasquale was in charge. One day she said “I think everyone should come in their pajamas!” So, at the March 16th Koffee Klatch, some people arrived in their pajamas! It was good fun, and who knows, maybe this is the start of a new tradition.

What do you think - once a month pajama party?!

St. Paddy's Day Party

Friday, March 17th was another great St Paddy's Day party at the clubhouse. Tom and Faye Lynch, Jim and Chris Cook got out their “Irish” and hosted a great event. We were served green beer, corned beef and cabbage or Shepherd's pie, and cake. The Sentimental Journey park band played Irish songs before dinner, and dance songs after dinner. That night there seemed to be a lot of Irishmen in the park!

Going Away/Luau Party

On March 23rd the clubhouse was again filled with people, music and food for the annual Going Away/Luau Party. Christine Cook and Teresa Cates planned this event. It was lots of fun – it's just too bad that it heralds the end of another season.

From my friend John....

A pirate walked into a bar, and the bartender said, “Hey, I haven't see you in a while. What happened? You look terrible!”

“What do you mean,” said the pirate, “I feel fine.”

“What about the wooden leg? You didn't have that before.”

“Well,” said the pirate, “we were in a battle, and I got hit with a cannon ball, but I'm fine now.”

The bartender replied, “Well, okay, but what about that hook? What happened to your hand?”

The pirate explained, “We were in another battle. I boarded a ship and got into a sword fight. My hand was cut off. I got fitted with a hook, but I'm fine, really.”

“What about the eye patch?”

“Oh,” said the pirate. “One day we were at sea and a flock of birds flew over. I looked up, and one of them shit in my eye.”

“You're kidding!” said the bartender. “You couldn't lose an eye just from bird shit!”

“It was my first day with the hook.”

This “heads up” from Tom Lenard

Special Alert: Medicare Card Changes Means Opportunities for Scams

Congress passed a law in 2015 that requires the Centers for Medicare and Medicaid Services to remove Social Security numbers from all Medicare cards, which they will start doing in April 2018. New beneficiaries will get the modernized cards first, and then new cards will be issued to existing beneficiaries. This is an important change to help prevent fraud and protect people's identity, but with any new change, scammers are taking advantage of potential confusion.

What You Should Know:

- Medicare beneficiaries are getting calls claiming to be from Medicare asking for payment to receive their new Medicare card, or asking them to verify their Medicare number.
- Medicare will NEVER call to verify your number because they already have it.
- There is no cost to get your new card.

What You Should Do:

- If you get a call like this, hang up immediately and report it to Senior Medicare Patrol. Find the number to call for your state at www.smpresource.org.
- Warn others on the Fraud Watch Network Scam-tracking map.

When it comes to fraud, vigilance is our number one weapon! Please share this alert with friends and family! You have the power to protect yourselves and your loved ones from scams.

Sincerely,

Kristin Keckeisen

Carolyn Carr sends this story about The Centipede

A single guy decided life would be more fun if he had a pet. So he went to the pet store and told the owner that he wanted to buy an unusual pet.

After some discussion, he finally bought a talking centipede (100-legged bug), which came in a little white box to use for his house.

The single guy took the box back home, found a good spot for the box, and decided he would start off by taking his new pet to church with him. So he asked the centipede in the box, "Would you like to go to church with me today? We will have a good time."

But there was no answer from his new pet.

This bothered him a bit, but he waited a few minutes and then asked again, "How about going to church with me and receive blessings?"

But again, there was no answer from his new friend and pet. So he waited a few minutes more, thinking about the situation.

The guy decided to invite the centipede one last time. This time he put his face up against the centipede's house and shouted, "HEY, IN THERE! WOULD YOU LIKE TO GO TO CHURCH WITH ME AND LEARN ABOUT GOD?"

This time a little voice came out of the box, "I heard you the first time! I'm putting my shoes on!"

Tie Down Program

It's been a few years coming, but thanks to the diligent work of Steve Bach, Vic Howarth, and Tom Lynch, the tie down program is complete! The first week in April workers went around to every qualifying home and removed bricks and fencing from under the homes.

Monday the 10th a different crew went through the park installing the screws and anchors and straps. On Wednesday the state inspector did his job, and on Monday the 17th the bricks and skirting were replaced.

It was a very impressive operation, performed by Windstorm Mitigation. I understand from the workers that this is the last "free" job they will do for the state. Thanks again to Steve, Vic and Tom for "gettin' her done!"

White Heron Tea Room

April 5th Pat Gilliland reserved another sitting at the White Heron Tea Room in New Port Richey. The first trip in November was so enjoyable that the ladies had to go again. Looks like a really nice outing, and hopefully it will be repeated next season.

Oxymorons

Carolyn Carr sent me some “oxymorons.” I had to look up the definition, because I always thought that was a dumb ox. But no, it is a figure of speech by which a locution produces an incongruous, seemingly self-contradictory effect, as in “cruel kindness” or “to make haste slowly.” So, here are Carolyn's Oxymorons:

1. Is it good if a vacuum really sucks?
2. Why is the third hand on the watch called the second hand?
3. If a word is misspelled in the dictionary, how would we ever know?
4. If Webster wrote the first dictionary, where did he find the words?
5. Why do we say something is out of whack? What is a whack?
6. Why does “slow down” and “slow up” mean the same thing?
7. Why does “fat chance” and “slim chance” mean the same thing?
8. Why do tug boats push their barges?
9. Why do we sing “Take me out to the ball game” when are already there?
10. Why are they called “stands” when they are made for sitting?
11. Why is it called “after dark” when it is really “after light”?
12. Doesn't “expecting the unexpected” make the unexpected expected?
13. Why are a “wise man” and a “wise guy” opposites?
14. Why do “overlook” and “oversee” mean opposite things?
15. Why is “phonics” not spelled the way it sounds?

Hope Children's Home

Diana Richards, lot #56, is involved with Hope Children's Home. Since 1968, Hope has been providing a home for children who are in need. Over the years, literally thousands of children have found a place of love and security at Hope. Generations of drug addiction, alcoholism, incarceration, under-education, as well as emotional and physical abuse are the main reasons children are welcomed at Hope.

Diana welcomes donations of gently used items for use either at the Home or for resale at their Thrift Store. Drop items off anytime at lot #56.

Food Donations

Don't forget the basket for food donations located at the clubhouse. Jane Eilers is taking your donations to the Dunedin Cares Food Pantry. What an easy way to make the world a better place! Buy a few extra items at the grocery store for the Food Pantry, and clean out your closet and cupboards and take those items to Diana Richards.

From my friend John – Different Ways of Looking at Things

Two guys were discussing popular family trends on sex, marriage, and Family values.

Bill said, 'I didn't sleep with my wife before we got married, did you?'

Larry replied, 'I'm not sure, what was her maiden name?'

A little boy went up to his father and asked: 'Dad, where did my intelligence come from?'

The father replied, 'Well, son, you must have got it from your mother, cause I still have mine.'

'Mr. Clark, I have reviewed this case very carefully,' the divorce Court Judge said, 'And I've decided to give your wife \$775 a week,'

'That's very fair, your honor,' the husband said. 'And every now and then I'll try to send her a few bucks myself.'

A doctor examining a woman who had been rushed to the Emergency Room, took the husband aside, and said, 'I don't like the looks of your wife at all.'

'Me neither doc,' said the husband. 'But she's a great cook and really good with the kids.'

An old man goes to the Wizard to ask him if he can remove a curse he has been living with for the last 40 years.

The Wizard says, 'Maybe, but you will have to tell me the exact words that were used to put the curse on you.'

The old man says without hesitation, 'I now pronounce you man and wife.'

Two Reasons Why It's So Hard To Solve A Redneck Murder:

1. Their DNA's all match.
 2. There are no dental records.
-

A blonde calls Delta Airlines and asks, 'Can you tell me how long it'll take to fly from San Francisco to New York City?'

The agent replies, 'Just a minute.'

'Thank you,' she says, and hangs up.

Two Mexican detectives were investigating the murder of Juan Gonzalez.

'How was he killed?' asked one detective.

'With a golf gun,' the other detective replied.

'A golf gun! What is a golf gun?'

'I don't know. But it sure made a hole in Juan.'

Moe: 'My wife got me to believe in religion.'

Joe: 'Really?'

Moe: 'Yeah. Until I married her I didn't believe in Hell.'

A man is recovering from surgery when the Surgical Nurse appears and asks him how he is feeling.

‘I’m O. K. But I didn’t like the four letter-words the doctor used in surgery,’ he answered.

‘What did he say,’ asked the nurse.

‘Oops!’

While shopping for vacation clothes, my husband and I passed a display of bathing suits. It had been at least ten years and twenty pounds since I had even considered buying a bathing suit, so I sought my husband’s advice.

‘What do you think?’ I asked. ‘Should I get a bikini or an all-in-one?’

‘Better get a bikini,’ he replied. ‘You’d never get it all in one.’

He’s still in intensive care.

The graveside service just barely finished, when there was massive clap of thunder, followed by a tremendous bolt of lightning, accompanied by even more thunder rumbling in the distance...

The little old man looked at the pastor and calmly said, ‘Well, she’s there.’

Help for Severe Aortic Stenosis

Severe aortic stenosis is a narrowed aortic heart valve that doesn't open and close properly, reducing blood flow to the rest of the body.

Morton Plant Hospital is now enrolling eligible patients in the Medtronic Evolut R low-risk trial, which investigates the safety and effectiveness of a transcatheter aortic valve replacement (TAVR) system in patients with severe aortic stenosis who are at a low surgical mortality risk. TAVR is a minimally invasive alternative to open-heart surgery used to treat failing aortic heart valves in patients with severe aortic stenosis. Morton Plant Hospital was chosen as the first hospital in Tampa Bay to offer the TAVR procedure for patients with severe aortic stenosis who were at an intermediate or high surgical mortality risk. Our team has completed more than 700 TAVR procedures over the last five years.

To see if you or a loved one with severe aortic stenosis may be eligible for this trial, or for more information on the trial, call the Center for Advanced Valve and Structural Heart Care at Morton Plant Hospital at **(855) 44-VALVE (855-448-2583)** or visit **MortonPlantValveTrial.org**.

Eating more fish may help prevent Alzheimer's

Alzheimer's, a disease that afflicts some 5.1 million Americans, is a type of dementia that affects a person's memory, thinking, and behavior. Although at this point no cure exists, you can take measures to reduce your chances of suffering from this debilitating condition.

New evidence suggests that eating more fish—as long as it's not fried—may help to protect your brain from the shrinkage and decline associated with Alzheimer's. Researchers from the University of Pittsburgh Medical Center tracked the diets of 260 people with normal cognitive function for more than 10 years. Using magnetic resonance imaging (MRI), they measured the brain volume and function of each participant at the beginning of the study, and again at the end. The results: The 163 subjects who ate fish on a weekly basis (the majority consuming it one to four times a week) had a larger orbital frontal cortex and hippocampus (two areas of the brain that are known to shrink in Alzheimer's patients) and better memory function than those who ate less fish.

The researchers determined that the risk for Alzheimer's and mild cognitive impairment was lowered fivefold within the five years following the brain scans. So start eating more fish today.

Follow this 'Golden Rule' to reduce cancer risk

Want to cut your risk of developing cancer? Check the color of your food—particularly your toast and potatoes. Scientists in the United Kingdom say that cooking those two items too long can increase levels of a naturally occurring chemical called acrylamide, which has been linked to cancer in rats.

Acrylamide is formed when starchy foods like potatoes and root vegetables are cooked at over 120 degrees. To reduce it in your foods, follow these guidelines:

- **Cook until golden.** Whether you're making toast, roasting potatoes, or baking vegetables, cook until the food is gold-colored, not brown.
- **Check the instructions.** Follow instructions for baking or frying packaged vegetables like fries or parsnips.
- **Keep raw potatoes fresh.** Don't put them in the refrigerator if you're going to roast or fry them. Colder temperatures can increase acrylamide levels.
