From my friend John in Indiana -

A young monk arrives at the monastery. He is assigned to helping the other monks. He notices, however, that all of the monks are copying from copies, not from the original manuscript. So, the new monk goes to the old Abbot to question this, pointing out that if someone made even a small error in the first copy, it would never be picked up! In fact that error would be continued in all of the subsequent copies. The head monk says, "We have been copying from the copies for centuries, but you make a good point, my son." He goes down into the dark caves underneath the monastery where the original manuscripts are held as archives, in a locked vault that hasn't been opened for hundreds of years. Hours go by and nobody sees the old Abbot. So, the young monk gets worried and goes down to look for him. He sees the old Abbot banging his head against the wall and wailing. "We missed the R! We missed the R! We missed the bloody R!" His forehead is all bloody and bruised and he is crying uncontrollably. The young monk asks the old Abbot, "What's wrong, Father?" With a choking voice, the old Abbot replies, "The word was CELEBRATE!!!"

Hurricane Irma Experience

Tom Lenard shares this story...

Hurricane "IRMA" attacked the Honeymoon Park community beginning late Sunday September 10, 2017. The winds started late in the day but didn't hit Cat.#2 force until after 11:00 PM or so. Most park residents had already evacuated to friends, relatives, hotels or a local shelter; some departed as early as Wednesday. There were a number of us that remained behind to finish last minute preparation to protect our property for both our neighbors and ourselves. Doug Jr. along with his crew spent at least a day and a half running from one unit to the other securing properties for the seasonal residents and checking with those still here to see if they needed help. "HATS OFF TO DOUG JR. and HIS CREW". We can't thank him enough for all he did to assist us in preparing to do combat with the 60 to 85 mph winds of Irma. Some gust seemed to have been stronger. Rains were on and off all day with strong gust of wind in between. It was much like a violent thunder storm but believe it or not, not even that bad, we expected much worse. It just lasted a lot longer. Publix stayed open until 8:00PM Saturday so people could get last minute items. The shelves were completely empty for the most common items.

Not sure exactly when the power went off but it was after the storm pretty much had past. Nancy and I were at our son's home in Palm Harbor, just 2 miles away. We had power throughout the storm hours. It was at 5:58 AM Sunday when power came to an end for an undetermined length of time. I looked out of the window to see that the winds had died down to the point that the streets were already pretty much dry.

It wasn't too much later when folks began to come out to survey damage. Lots of debris, broken branches, several trees down but not as many as you might expect. The clean up started as the hurricane continued to face another group of hurricane soldiers. The battle continued to the east and north of Honeymoon Park closer to Orlando and Lakeland. Flooding did start to take its toll after Irma passed but thankfully not in Honeymoon Park. WE are blessed!!!! We

BILL The CARPET GUY 727-521-4163

began to feel the effect of no power as the sun reappeared in and out from behind the clouds for a while. Heat began to cause concern. We did have water, "Thank You, Lord".

Monday was a day of wondering as folks started to slowly wander from their properties little by little and begin the Clean-Up process. As the day went on traffic started to flow with everyone showing concern for their neighbors. I'm talking everyone and where ever you might go. Stores remained closed but the Mobile on the corner of Alt#19 and Curlew opened to provide food for folks for as long as the supplies lasted. No gas anywhere at this time, but if you filled up before, you were OK. Generators in the surrounding areas were running for those who had one. Many shared the power with neighbors. More and more folks emerged from hiding as traffic slowly increased. Publix opened later on Monday to make available items that were still on the shelves. The busiest area was the deli since they opened to move what they had left before it went bad and to help those that didn't prepare properly beforehand.

Back at Honeymoon Park power still not on and the sun making itself better known, the heat started to become a factor. By mid-day Monday the 11th the folks at Honeymoon MHP were cleaning up in full force. Neighbors helping neighbors and checking properties for friends not here. Marti and Ron were making an initial evaluation and assessing damage. A palm tree rested on the north end of the shuffle broad courts, another on the corner of West and 1st Street; more palms down throughout the park; several of the carport roofs were gone and pieces of siding all over. Several pieces of the perimeter fence was down. One unit on West Street had a pine tree fall onto it and go through the roof and into the bedroom. A unit on 6th Street lost its screening and porch but the chairs and table remained untouched; Weird? It must have been caused by tornado type winds. We all have our various versions and stories to tell.

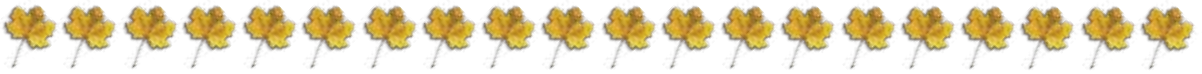

Tuesday the clean-up continued in a very aggressive fashion. Ron had helpers drag carport roofs and carry debris to a staging area by the dumpsters. Doug Sr., Doug Jr. and crew helped with fine tuning and clearing the damaged units; these guys are something else and no one can say enough good or enough praises for all the hard work they had done before and after Irma. Ron and Marti started a more detailed evaluation of each unit. The Honeymoon Park staff stepped up to the occasion; WOW!!! Thank You so much!!!!

Neighbors acted individually, others in small groups going around to see who they might help. Marti took charge of getting the park's responsibility to get recovery under way. While this was going on someone had the idea that people needed some time together, why not get a grill going and have a B-B-Que. Eddie went around the park letting everyone know that at 6:00 PM we will have a time of fellowship. Bring what you can and we will break bread as we hold each others hand, tell our stories and give thanks. Keep in mind that we still did not have power. Supporting each other was the primary purpose of getting together. Karen and Susan organized the food. Thank You so much!!! Great job Ladies.

Marti drove around the park about 4:30PM letting everyone know that "We have Power!" Also, to keep use of toilets to a minimum. The pump station was not quite up to maximum capacity yet but would be in a few hours. Yes, we were on the road to complete recovery!! I don't know if you know this, but air conditioning is a beautiful thing!!

Post "Irma Celebration!!!" 48 people were in attendance with plenty of food and life experiences to go around. You couldn't hear a pin drop. Eddie led the event by starting off with a prayer of thanks and to remember those still recovering from this historic hurricane. All were relieved, recharged, and ready to face all that still needed to be done. There is more to tell and

I'm sure we will share that with you as you return for the upcoming season.

Even though I wrote this article on Friday, September 15, 2017, we must be grateful for this experience and learn from it. We must thank the Lord as we ask him not to forget those still without power or water on this day and may not have for a while.

God Bless America!! God Bless us All!! God Bless Honeymoon Park!!

Carolyn and Ralph Carr are on the road in their motorhome, and are having a great time.

Following is a diary of their travels.

September 21

We are in Tipin, Iowa for the night. Quite the drive today, Interstate 80 is awful as they are doing some repairs which may get completed in the next several years! But we made it safe to the campsite. Not sure where our next stop will be. Still thinking about going to the Redwoods. We will see how the weather is. Today it was 97F and very humid! Hope our friends in Florida are doing okay and everyone's places are getting back in order. All the best to everyone!

September 25

We are finally staying in a KOA camp site that has good wi-fi. I couldn't send out at a few places and couldn't receive. It has been quite the trip this year. Left 3 weeks late because of accident with motorhome. Roads are bad on I-80 around Chicago and going west. Monday through Thursday very humid, temps in the 90s. Thursday night we had a spectacular lightening storm which lasted about 2 hours. Then the thunder came and it poured all night and never really stopped for 3 days. You couldn't sleep because rain and thunder were so noisy.

Last night went down to the 1c and the hills were covered in snow. We were in Laramie, Wyoming and tomorrow heading for some warmer weather. Hoping to get to Vegas on the way to California.

September 28

Well, it hasn't been the warmest so far on this trip. Yesterday we woke up to snow on the mountains! Only 34F! We were in Laramie, Wyoming, heading south where I hope the weather is warmer.

September 30

Hello from Reno

We are leaving Reno and heading to Crescent City, California to see the big Redwood trees. Going to stay there for a few days then back south again for some warmer weather.

Help for Severe Aortic Stenosis

Severe aortic stenosis is a narrowed aortic heart valve that doesn't open and close properly, reducing blood flow to the rest of the body.

Morton Plant Hospital is now enrolling eligible patients in the Medtronic Evolut R low-risk trial, which investigates the safety and effectiveness of a transcatheter aortic valve replacement (TAVR) system in patients with severe aortic stenosis who are at a low surgical mortality risk. TAVR is a minimally invasive alternative to open-heart surgery used to treat failing aortic heart valves in patients with severe aortic stenosis. Morton Plant Hospital was chosen as the first hospital in Tampa Bay to offer the TAVR procedure for patients with severe aortic stenosis who were at an intermediate or high surgical mortality risk. Our team has completed more than 700 TAVR procedures over the last five years.

To see if you or a loved one with severe aortic stenosis may be eligible for this trial, or for more information on the trial, call the Center for Advanced Valve and Structural Heart Care at Morton Plant Hospital at **(855) 44-VALVE (855-448-2583)** or visit **MortonPlantValveTrial.org**.

May go to Arizona or to lower Utah to Bryce Canyon and Zion Parks. We have to be home by October 31. Hope Honeymoon Park is getting back to normal. Can't wait to get back!

October 10

Hello from Yosemite National Park Wow, what a beautiful place to visit! We had a crazy drive up to the park. The road is very narrow and corkscrews around for 25 miles and lots of places have no guardrails! But worth the trip up 6,000 feet! Weather has been great, sunny days and cool nights.

We were in Santa Rosa, California on Sunday. Sunday night forest fires started and burned out several houses, 11 people died. Pretty scary when we just went through all the vineyards the day before, and now several thousand acres have been destroyed. Still smoke in the air. So we will be heading south tomorrow morning Love to all, Ralph and Carolyn

October 12

Today was a very interesting day. We decided to head up to the Sequoia trees, they are the largest trees in the world. The largest is the Grant Tree which is 275ft tall and is 2700 years, old can't remember but around 40 ft round. Massive tree. Took lots of pictures as there were so many huge trees. As we came down the mountain I make a comment about how smokey it was. As we got closer down we found out there was a fire burning just up the hill from us. Saw lots of tired firemen and trucks and planes flying over dropping water. Many people were just standing around watching it! We got out as fast as we could! Scary!!

They have lost 42,000 acres of vines and have lost hundreds of houses. Lost within a matter of couple minutes. Twenty-two people have died, caught in their homes or on the roads trying to escape, and hundreds are missing. What a shame.

Take care. Love to all Ralph and Carolyn

Mark Your Calendars

Barb Potts and Karen McPherson want you to be sure to mark your calendars for the Third Annual Decorated Golf Cart and Bike Parade. December 16 all participants should line up at the clubhouse at 6:00pm, with the parade starting at 6:30pm. Whether you're in the parade or watching the parade it's fun, fun, fun!

My friend John says.....

For all of you with any money left, be aware of the next expected mergers so that you can get in on the ground floor and make some BIG bucks.

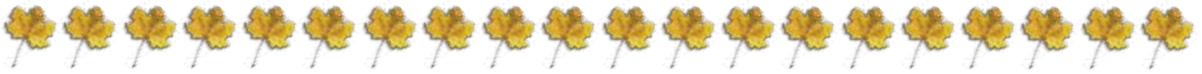

Watch for these consolidations:

1. Hale Business Systems, Mary Kay Cosmetics, Fuller Brush, and W. R. Grace Co. will merge and become: Hale, Mary, Fuller, Grace.
2. Polygram Records, Warner Brothers and Zesta Crackers join forces and become: Poly, Warner, Cracker.
3. 3M will merge wtj Goodyear and become: MMMGood.
4. Zippo Manufacturing, Audi Motors, Dofasco, and Dakota Mining will merge and become: ZipAudiDoDa.
5. FedEx is expected to join its competitor, UPS and become: FedUP
6. Fairchild Electronics and Honeywell Computers will become: Fairwell Honeychild.
7. Grey Poupon and Docker Pants are expected to become: PouponPants.
8. Knotts Berry Farm and the National Organization of Women will become: KnottNOW.
9. Victoria's Secret and Smith & Wesson will merge under the new name: TittyTittyBangBang.

Suzanne Nowak shares a photo she took Monday morning, October 9th.

It looks like Diana Richards has started water aerobics classes again. It looks like we need a bigger pool!

This also from my friend John:

My buddy Tom was a single guy living at home with his father and working in the family business. He knew that he would inherit a fortune once his sickly father died. Tom wanted two things – to learn how to invest his inheritance and, to find a wife to share his fortune. One evening at an investment meeting, he spotted the most beautiful woman he had ever seen. Her natural beauty took his breath away. Tom said “I may look like just an ordinary man, but in just a few years my father will die and I’ll inherit 20 million dollars.” Impressed, the woman obtained his business card. Two weeks later, she became his stepmother. Women are so much better at estate planning than men!

From the Editor's Desk

Susie Buckley

Boy, what a summer this has been! The word “catastrophic” was used to describe so many events that I learned how to spell it. From Houston to Florida, to Puerto Rico and many beautiful islands of the Caribbean, and now California, come scenes that make my jaw drop in disbelief. Stop the world! I want to get off! Life goes on. People will rebuild their homes and their lives. Perhaps we humans will learn to be a little kinder, a little more loving, because life can change in an instant.

A great big THANK YOU to all you wonderful Honeymoon neighbors that helped put things back to normal after Irma. By the time this newsletter is delivered, many snowbirds will have returned. As I watched the approach of the storm, I was resigned to the fact that there would be nothing to return to. But prayers were answered, and we will be together for another great season!

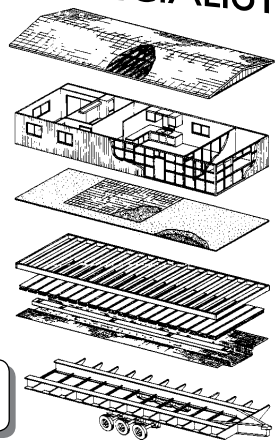

Another big THANK YOU to California and Maria Ahmad! They have graciously elected to NOT raise lot rents for the year 2018. Looking forward to seeing you all soon!

Did you know that November is also...

Family Stories Month. Celebrate the histories and experiences that make families unique. Gather your clan together and grow the bonds of kinship this month by sharing tales across the generations.

Movember. Grow a moustache or take on a “Move” challenge to raise awareness and funds for men’s health issues. Visit <https://movember.com> to learn more.

National Aviation History Month. Recognizing man’s quest to conquer the skies and the aircrafts that have been developed along the way. Find an exhibit at a museum in your area.

Inspirational Role Model Month. Honor those who inspire you to do your very best and lead by example. Use #InspirationalRoleModelsMonth on social media when you do.

American Education Week, Nov. 13-17. The spotlight is on the accomplishments and requirements of public schools and the many dedicated people who devote their lives to teaching.
