There will be samples of several kinds of breads for you to try!

Koffee Klatch

Koffee Klatch is starting up again this month. Pat is looking for volunteers to do coffee on Thursday. Usually 2 people take a month, but if you can't do 4 weeks, 2 weeks would be a big help. Thursday morning coffee is a weekly social event where we get to have coffee and donuts (no charge) and get informed about what is happening. Volunteers make and serve the coffee and pick up the donuts and set the tables and clean up. Usually people help with the cleanup, and seasoned volunteers will gladly help get you started.

Sign up sheet is in the clubhouse.

Up-Date on Big Al Ross (alias "Big AL")

By Tom Lenard

You may have heard or not have heard that Al Ross was injured while visiting his daughter in Delaware where he is originally from. He usually spends a month with his daughter and her family this time of the year. No one was surprised that he would be going there for a month since it is part of his regularly scheduled travel. We all wished him a safe trip and look forward to his return.

If you know AL you know he is one to start singing or fooling around only because he enjoys life and likes it when people around him have a good time too. If you don't find him, he probably will find you. He is easy to spot because he is just so pleasant to be around and is making all kinds of cute remarks.

Thanks to Pat Gilliland and Eddy Briggs I was able to get Al's phone number so I could speak directly to him and get an accurate report about what exactly happened along with an update of his current condition.

The good news is that he is doing fine. He fell as he was exiting the bath tub. He said it happened so fast that he really didn't know how bad it was until he was able to get to the hospital. He's not so sure as to exactly how it happened. All of a sudden he slipped and was down and hurting. In short, he broke his right shoulder and lower right leg, and his right side is quite sore.

When I spoke with him he was in good spirits. His right side is pretty banged up but healing nicely.

We miss you Al and wish you a quick recovery. It will be an honor to be harassed by you when you return in October.

All your friends at Honeymoon Park.

God Bless You.

Labor Day Picnic

from Pat Gilliland

Mon. Sept 7th we had a lovely picnic with about 50 people and plenty of good food. This time our cooks, Rich Cote, Harry Lester, and Gill Gililand cooked chicken and I was delicious. The rain held off for us and everyone had a wonderful time. Another great time at Honeymoon Park. A lot more fun times to come at Honeymoon Park.

Updates From Ralph and Carolyn

Hi Everyone

Well our journey has started. We made it to Sawyer Michigan today, August 18th. Quite hot and humid. Very long day, arrived at 8.00 pm and no camp sites available. Very few parks in this area. So we are here in a Super 8 Hotel.

We will be heading out tomorrow early and hope to get to a camp site earlier. Anyway, wanted to let you know everything is good. Talk soon again.

Love to all, Ralph and Carolyn

Hi Everyone

August 26

Hoping this email goes through. Have not had much luck with WiFi in the parks. We are doing okay, weather has been very hot here in Reno and also through lower Nebraska and Wyoming. We almost lost our awning in SIDNEY Wyoming!

The winds were 35 to 50 miles an hour. The bracket started to come loose and we had to lower the awning. We held on for dear life, as the wind kept pushing us as we were trying to get it back in the bracket. Finally made it and we had to tie it to my chain to hold it in place. So far so good.

Ralph is doing okay, but is having a hard time with the heat and altitude. So I have learned to do a lot more things. It is okay, doesn't hurt to learn more things in case of an emergency.

Played a little at casino, won a little bit.

How are our Blue Jays doing?

I took some pictures of the Salt Flats where they do high speed races to see what car is the fastest in the world. Miles and miles of salt flats.

The prairies are very boring, have been reading a lot.

That is it for now. Love to all. Ralph and Carolyn

Hi everyone

September 4

Well, it has been quite a challenge trying to send an email. Every where we camp we can't seem to get in to WiFi or Internet, except at McDonalds.

So here goes. All is well with the both of us and enjoyed San Francisco. Did the crooked street, pier 39, trip on a boat to Golden Gate Bridge and to Alcatraz.

Got lots of pictures to show you when we get back. Ralph tasted the Pacific Ocean so he can take that off his bucket list. Saw the big redwood trees today and some a couple of days ago.

We are headed up to Oregon tomorrow and will slowly work our way back home. Not sure when I will find another WiFi, but will try to keep in touch.

Bye for now. Ralph and Carolyn

Hi

September 7

Here are a few pictures we took today while looking for the big Redwood Trees.

These trees are over 2000 years old and can be about 29 ft. in diameter and 379 feet high! They just blow your mind! Enjoy, we certainly did.

Plastic Bags

from Ann Scott

Checking out at the store, the young cashier suggested to the much older lady that she should bring her own grocery bags, because plastic bags are not good for the environment. The woman apologized to the young girl and explained, "We didn't have this 'green thing' back in my earlier days."

The young clerk responded, "That's our problem today. Your generation did not care enough to save our environment for future generations."

The older lady said that she was right -- our generation didn't have the "green thing" in its day. The older lady went on to explain:

Back then, we returned milk bottles, soda bottles and beer bottles to the store. The store sent them back to the plant to be washed and sterilized and refilled, so it could use the same bottles over and over. So they really were recycled. But we didn't have the "green thing" back in our day.

Grocery stores bagged our groceries in brown paper bags that we reused for numerous things. Most memorable besides household garbage bags was the use of brown paper bags as book covers for our school books. This was to ensure that public property (the books provided for our use by the school) was not defaced by our scribbling on them. Then we were able to personalize our books on the brown paper bags. But, too bad we didn't do the "green thing" back then.

We walked up stairs because we didn't have an escalator in every store and office building. We walked to the grocery store and didn't climb into a 300-horsepower machine every time we had to go two blocks. But she was right. We didn't have the "green thing" in our day.

Back then we washed the baby's diapers because we didn't have the throw away kind. We dried clothes on a line, not in an energy-gobbling machine burning up 220 volts. Wind and solar power really did dry our clothes back in our early days. Kids got hand-me-down clothes from their brothers or sisters, not always brand-new clothing. But that young lady is right; we didn't have the "green thing" back in our day.

Back then we had one TV, or radio, in the house -- not a TV in every room. And the TV had a small screen the size of a handkerchief (remember them?), not a screen the size of the state of Montana. In the kitchen we blended and stirred by hand because we didn't have electric machines to do everything for us. When we packaged a fragile item to send in the mail, we used wadded up old newspapers to cushion it, not

Styrofoam or plastic bubble wrap. Back then, we didn't fire up an engine and burn gasoline just to cut the lawn. We used a push mower that ran on human power. We exercised by working so we didn't need to go to a health club to run on treadmills that operate on electricity. But she's right; we didn't have the "green thing" back then.

We drank from a fountain when we were thirsty instead of using a cup or a plastic bottle every time we had a drink of water. We refilled writing pens with ink instead of buying a new pen, and we replaced the razor blade in a razor instead of throwing away the whole razor just because the blade got dull. But we didn't have the "green thing" back then.

Back then, people took the streetcar or a bus and kids rode their bikes to school or walked instead of turning their moms into a 24-hour taxi service in the family's \$45,000 SUV or van,

which cost what a whole house did before the "green thing." We had one electrical outlet in a room, not an entire bank of sockets to power a dozen appliances. And we didn't need a computerized gadget to receive a signal beamed from satellites 23,000 miles out in space in order to find the nearest burger joint.

But isn't it sad the current generation laments how wasteful we old folks were just because we didn't have the "green thing" back then?

Donating Clothing

I just received a call from a charity asking me to donate some of my clothes to starving people throughout the world I said I would be glad to but if they can fit into my clothes they ain't starving.

Silhouette Photos ? Guess Who These People Are !!!

Win a Free Coupon or Gift Certificate !!!!!!!

On Tuesday August 31st the guys were getting together at 8:00 A.M. to go for breakfast as is the tradition here at Honeymoon Park every Tuesday throughout the year. I noticed some other people that are usually in the area when we meet a few minutes before 8:00 A.M. They don't go to breakfast with the guys but they are there doing their thing. Now the guys know who they are but I thought it would be interesting to let the other residents know that we usually say "Good Morning" and wish them a good day before we depart to a restaurant that we take turns picking each week.

By the way, we all look forward to have the seasonal residents join us in the coming months. In the summer we have as few as 4 and in season we can get up to 14 to 16 men in the group. More are welcome!!! This is a very convenient way to get to know other residents and neighbors. Just meet us at the Club House a few minutes before 8:00 and we will car pool to a chosen restaurant. Rich Gropp does a great job managing and controlling the activity.

Does this sound like an invite to the "Tuesday Mens' Breakfast"? Well it is !!!

Now for the FREE Coupon/Gift Certificate. Who are the people in the Photos?

Without mentioning any names, let me know who you think the people in the photos are. I will personally give you the prize at the Last Thursday "Coffee Klatch" this

October. Here are a few hints.

...continued on page 20

The golf cart on the left is aqua in color, you may note some cleaning supplies next to the person that was very concerned about how she looked since she didn't have any make up on so early in the day. Her husband's name is Gil Gilliland. Barb Potts is in the golf cart on the right but she assured me that no one would recognize her in the photo. I will let you take your best shot at guessing who this person is.

The big guy next to the floor buffing machine is someone that does a wonderful job doing maintenance in the park. If it needs to be done and he can do it, it will get done once and done right the first time. The club house was closed August 31st and September 1st for a deep clean. Guess Who?? Doug didn't have any idea why I wanted to take his picture.

Also, "Thank You" so much for always going the extra mile. You are a hard working man and we appreciate you so much.

Please let me know who you think these people are. For one correct answer you will get a FREE coupon, for two correct answers you will receive both a Free Coupon and

Free Gift Certificate.

I look forward to everyones response and participation.

See you soon, Thomas J. Lenard

Things To Know About Florida

from Tom Lenard

- 1.) When giving directions in Florida you must always start with the words, take I-75, I-4 or I-95.
- 2.) When crossing the border into Florida forget all driving rules you ever knew. This usually happens automatically with age.
- 3.) Always drive in the left lane even if the speed limit is 70 MPH and you are going 45 MPH or 85 MPH. It helps to cause traffic jams and create the possibility of an accident. Never keep to the right even if it is the right thing to do.
- 4.) I-275 will always be under construction-that's the law so get used to it. There's nothin you can do about it.
- 5.) A1A and Alt A1A are the same road.
- 6.) Traffic lights are not timed and never will be.
- 7.) If you travel more than 20 miles on any road in any part of Florida without seeing an orange barricade, you're lost!
- 8.) If you miss your exit it is perfectly OK to BACK-UP.
- 9.) Every street in Florida has both a name and number. Most streets have more than 2 or 3 of each. If you look at the map it will probably have the number and when you look at the street sign it will probably have the name. They will never match with the directions someone gives you.
- 10.) Once the light turns green only 3 cars can go through the intersection, 8 more on the yellow and 4 more on the red.
- 11.) Your car signal blinker means nothing. It should be left on at all times. Right side or left side is an option and is left up to the discretion of the driver. Most driver don't care since it is your problem and they don't have to deal with it.
- 12.) If you cut somebody off be sure to put you blinker on, that way it doesn't count as a cut-off. It is only the consider driver that will put the blinker on a second before they cut you off. That is perfectly acceptable. Not using you blinker at all is definitely not a cut-off because that way you can make believe you didn't change lanes.
- 13.) Don't pet the alligators, they bite.
- 14.) You must know how to spell and say "Okeechobee". There is a Lake, Town, County, Blvd, Street and Avenue.
- 15.) A true Floridian doesn't own a boat. They make friends with someone that already has one.
- 16.) There's a Walgreens across the street from a CVS with more being built.
- 17.) When picking up a woman on South Beach, always check for an Adams Apple.
- 18.) The 4 seasons in Florida are summer.
- 19.) The "Villages" is a city with over 100,000 old people. They all drive golf carts and dance in the streets. 65% are swingers, the rest are too old to care. They have the highest number of cases of VD/STD in the state and probably the country.
- 20.) Dress in layers. 95 degrees outside and 65 degrees in restaurants.
- 21.) There are several headless drivers in this state with white/gray hair and over-sized black wrap-around glasses.

THIS WOULD BE EVEN FUNNIER IF IT WEREN'T SO TRUE.

- $\frac{1}{2}$ c. finely chopped pecans

Can be frozen.

Where Did The Recipe Come From...

by Susie Buckley

I'm sure you all have seen Bush's Beans at the grocery store. This recipe comes from the Bush's Best Visitor Center in Chestnut Hill, Tennessee. I had a piece of Pinto Bean Pie at the restaurant next to the visitor center. It was quite good. David and Pam, my brother and sister-in-law, invited us to share their "time-share" in Sevierville, Tennessee the end of August. Sevierville is a few miles from the Great Smoky Mountains National Park, one of our favorite places to visit. Even though, two years ago when we went to Pigeon Forge with David and Pam, I left my appendix in the Sevierville hospital. But this trip went without a hitch!

We did the usual tourist stuff, Cade's Cove, Cherokee, Newfound Gap, Gatlinburg as well as several shows. Bush's Best Museum in Chestnut Hill, Tennessee was on the local map of things to do. So, one afternoon we took a little drive to satisfy our curiosity. Turned out to be rather interesting, and we laugh about going to a bean museum on our vacation! The factory, which we were not allowed to tour, is across the road from the museum, gift shop, and restaurant.

And that is the story of how I got the recipe for Pinto Bean Pie!

This has been a very eventful summer for our family. Lots of "family drama". We look forward to getting away to our little cottage by the sea in Honeymoon Park. We will be returning about three weeks earlier than usual, because we are taking a flight to London, England from the Tampa Airport. (Much nicer airport than O'Hare).

Whatever the reason, it will be good to get back to Honeymoon and see all our friends again.

You all take care, see you soon!
Susie Buckley

Monthly Mania: It Pays (Up to \$100) To Patronize the Advertisers in Your Newsletter

14,492 manufactured home residents have won over \$124,374 since our contest began. It's simple to play ... when you patronize a current advertiser, ask for a Monthly Mania ticket (or a reasonable facsimile) and fill it out completely. Put the ticket in our Monthly Mania drop box in your community or mail your paid receipt to us at **Monthly Media • PO Box 1023 • Venice, FL 34284**. That's all you do. At the end of the month the Publishers will pick up the tickets and hold a drawing. If your ticket is drawn, we mail you a check.

(Allow 4-6 weeks for mailing of check). **This month's cash winners are:**
