And God Looked Down...

Submitted by: Bob Newman, #46, 727-724-6283

Most seniors never get enough exercise. In His wisdom, God decreed that seniors become forgetful so they would have to search for their glasses, keys and other things thus doing more walking. And God looked down and saw that it was good.

Then God saw there was another need. In His wisdom He made seniors lose coordination so they would drop things requiring them to bend, reach & stretch. And God looked down and saw that it was good.

Then God considered the function of bladders and decided seniors would have additional calls of nature requiring more trips to the bathroom, thus providing more exercise. God looked down and saw that it was good.

So if you find as you age, you are getting up and down more, remember it's Gods will. It is all in your best interest even though you mutter under your breath.

Nine Important Facts To Remember As We Grow Older

#9 Death is the number 1 killer in the world.

#8 Life is sexually transmitted.

#7 Good health is merely the slowest possible rate at which one can die.

#6 Men have two motivations: hunger and hanky panky, and they can't tell them apart. If you see a gleam in his eyes, make him a sandwich.

#5 Give a person a fish and you feed them for a day. Teach a person to use the Internet and they will not bother you for weeks, months, maybe years.

#4 Health nuts are going to feel stupid someday, lying in the hospital, dying of nothing.

#3 All of us could take a lesson from the weather. It pays no attention to criticism.

#2 In the 60's, people took acid to make the world weird. Now the world is weird, and people take Prozac to make it normal.

#1 Life is like a jar of jalapeno peppers. What you do today might burn your butt tomorrow.

"The difference between genius and stupidity is that genius has its limits.~ Albert Einstein

Bumper Stickers for the Elderly

Submitted by: Pat Henderson, #266, 727-400-6002

Cremation? Think outside the box.

I asked my wife if old men wear boxers or briefs? She said Depends.

I was always taught to respect my elders. Now I don't have anyone to respect.

That Snap, Crackle, Pop in the morning..... Ain't my freaking Rice Krispies.

I'm so old..... I don't buy green bananas.

I'm RETIRED. I was tired yesterday, and I'm tired again today.

We got married for better or worse. He couldn't do better, I couldn't do any worse.

When I was younger, all I wanted was a nice BMW. Now, I don't care about the W.

The secret of staying young is to live honestly.... Eat slowly, and lie about your age.

I'm so old that whenever I eat out, they ask me for money up front.

Florida, God's waiting room.

Sometimes I wake up grumpy..... and some days I let him sleep.

Spotlight on Residents – Dick Tilton

Submitted by Pat Henderson Lot #266

Last Month's Spotlight Article was incomplete. We are sorry for the omission. The entire article is being republished below:

Dick Tilton is a soft spoken, big man, with a laid back demeanor. He is very quiet until you get him going, and then he is full of laughter and stories.

Dick was born and raised in a little town named Fulton, in upstate New York. Fulton lies between Rochester and Syracuse. While in high school, he drove a cab part time. He was very active in sports. He was on the football team until he and some of his friends got caught smoking, and the coach threw them off the team. Then he made the soccer team, but after being struck by a puck, he suffered a broken foot and that ended his soccer career. He also spent some time playing softball.

A lot of the boys in Fulton became friends with Dick as he is a quite likeable fellow. He referred to this group as a "gang", but not like the "gangs" of today. They were all Boy Scouts and just hung out together, but sometimes got into a bit of mischief, not to hurt anyone or anything, but just to have fun. His grandmother owned some acreage in Fulton and leased part of it to a man who raised cantaloupe. Dick and his buddies used to go into the field and steal some of the melons. A railroad had been built through town and right through the middle of his grandmother's property. The boys used to get up on a bridge and when the engine passed they would throw cantaloupes on the train. Often they were seen, but never caught. They also threw snowballs in the wintertime. This spot was up on a hill and you could see the town and the police station from that spot. They watched and laughed as the police made their way up the hill, but by the time they got there, all the boys had disappeared. Dick got quite a chuckle telling me about this.

After graduation, he joined the navy in 1941. The attack on Pearl Harbor was over so he felt this would be a good time to enlist. He was in Samson, New York for boot camp, then his group was sent by train to Philadelphia and then on to Rocky Mount, North Carolina. Upon arriving in North Carolina about 30-40 of the men saw a neon sign that said "Beer", so they went hustling over to the little dive to get some beer. Dick was smart enough not to follow them and it's a good thing because the bus left without them and to this day, Dick does not know what happened to those guys left behind. Dick and the others went on to Miami and then Key West where they attended "sound school" where they learned about sonar. Dick chased submarines with a sonar machine while in the Navy.

Dick was an only child and his parents were in bad shape, so the Navy gave him an honorable discharge so he could go back to Fulton. His folks had a little cottage right on the lake so

he did lots of fishing and swimming. Dick drove a bakery truck and Shirley, the girl he married, worked in a bakery for the same company. They did lots of roller skating growing up and later did lots of camping in an RV in New York, after their marriage. They married in 1950 and had two daughters and a son. Their son died quite young. Tragedy struck again years later when their oldest daughter passed away in Oregon and her son's death followed. Dick's wife passed of a heart attack six years ago in 2009 after 59 years of marriage. His youngest daughter, Sherrie is married and is "head" of the Bay Care corporate office located on Drew behind the park. Her son works at Mease Countryside. Sherrie comes once or twice every week to visit Dick and check up on him and they have a good time together.

Dick had a desire to move to California so he and his folks bought a trailer and moved there, first to a motel, then an apartment in Compton, CA near Los Angeles. He found out that General Motors in Southgate, CA was hiring so he and a group of other guys took tests. Dick had the highest score of all, so he was hired immediately, first as an instructor, then later as a foreman. He worked for Kimberly Clark for the union after the job at General Motors.

After about 4 years the family moved back to Rochester and Dick worked for Spector Freight for 23 years. This company later went out of business. He worked for Preston Freight for about 3 years.

Dick and his family and wife's family. moved back to California a 2nd time and worked for Smith Brothers trucking. This was a fun job setting up props and scenes for movies. He had the pleasure of working with Johnny Weismuller on the Tarzan movie set.

At age 62, Dick and Shirley had lived in the north long enough and was tired of the cold weather, so he retired and they moved here 27 years ago in 1988. They were among some of the first residents in Island in the Sun. Dick and Shirley were both bowlers and he worked as a pinsetter at a local bowling alley. He was in a league with men in Island in the Sun for 20+ years. Their favorite bowling alley finally closed so Dick gave up the sport.

Dick pulled out old pictures of his family, wife and children, bowling pictures, etc.

I was engrossed looking at all of that and spent several hours talking with him. He seemed very pleased that I selected him to write about and told me really enjoyed reminiscing about so many things he had not even thought about in years. Dick has been very lonely since his wife passed and doesn't really have any hobbies or interests now.

Some of you fellows should stop by for a visit and share some "life stories".

Great Advice

Submitted by: Pat Henderson, #266, 727-400-6002

As we grow older, and hence wiser, we slowly realize that wearing a \$300. or \$30.00 watch, they both tell the same time. Whether we carry a \$300 or \$30.00 wallet/handbag, the amount of money inside is still the same;

Whether the house we live in is 30 or 3000 sq. ft. the loneliness is the same.

Hopefully, one day you will realize, your true inner happiness does not come from the material things of this world.

Whether you fly first class or economy, if the plane goes down, you go down with it.

Therefore, I hope you realize, when you have family, old friends, brothers and sisters, who you chat with, laugh with, talk with, sing with, talk about north-south-east-west or heaven & earth. That is true happiness!

Five Undeniable Facts of Life :

1. Don't educate your children to be rich. Educate them to be Happy.
So when they grow up they will know the value of things not the price
2. "Eat your food as your medicines.
Otherwise you have to eat medicines as your food"
3. The One who loves you will never leave you because even if there are 100 reasons to give up they will find one reason to hold on.
4. There is a big difference between a human being and being human.
Only a few really understand it.

Editorial:

Paws for Concern: Reply to Observations

As dogs we too are offended by irresponsible humans who do not clean up after us. These people do a terrible disservice to all dogs everywhere. It is because of people like them that dogs are not welcome many places throughout the country. We are all for enforcing this rule and believe that these owners should be held accountable. I do think it is important to note that some of us have to walk a few blocks to get to the potty areas. I'm sure that as hard as they try sometimes they just can't wait. Please do not assume that if a dog goes potty elsewhere it is always, deliberate disregard of the rules. We should mention also that the sidewalks are narrow. My person often walks in the street to try and keep me off the lawns. That can be difficult for us the asphalt is quite hot. Try taking your shoes off and walking barefoot on the asphalt, or even the concrete sidewalk after it has baked in the sun all day. Our pads are as sensitive as your bare feet. When you consider this, it easy to understand why we would prefer the grass. Humans see the world, but us dogs? It all about the nose. Sniffing is our window into the world and provides us lots of valuable and fun information. We need to sniff and will take every opportunity to do just that. We can be pretty stubborn about that from time to time. But, honestly sniffing on your lawn can be just that and nothing more. We live in what has been promoted to be a 'dog friendly park'. We are fortunate to have such a place to call home.

We too agree my person should be responsible, clean up and help us to respect other people's property. So..... Please do it for your best friend, so that they can walk thru their neighborhood tail held high.

It would be awful to wake up one day to find there is no place left that we are welcomed.

To everyone else, please just consider what we have said and the next time you see a dog walking on the grass, give paws. They just might be cooling their feet or in need of a roll in the grass. No harm intended.

PS: Always keep us on a leash that you are holding. Not just because it is the rule, it the safest place for us. It is every dog person's responsibility to keep their best friend safe. No?

Seenager

Submitted by: Nancy Fields, #279, 727-266-4836

I am a Seenager. (Senior teenager)

I have everything that I wanted as a teenager, only 60 years later.

I don't have to go to school or work.

I get an allowance every month.

I have my own pad.

I don't have a curfew.

I have a driver's licence and my own car.

I have ID that gets me into bars and the Beer Store.

The people I hang around with are not scared of getting pregnant.

And I don't have acne.

Life is great.

A Recipe for the Day

Take a dash of cold water,
Add a little leaven of prayer,
A little bit of sunshine gold,
Dissolved in the morning air;
Add to your meal some merriment
And a thought of kith and kin;
And then as a prime ingredient
A plenty of work thrown in.
But spice all with the essence of love,
And a little whiff of play;
Let the good old Book and a glance above
Complete the well spent day.

Lunch Bunch

Submitted by Rose Montgomery Oliver 301-332-9358 or 727-726-0637

August 20th was a beautiful day! The ladies met for lunch at the First Watch. We had a crowd with lots to say and lots to hear. Mary Jane Baxter, #180, always has such a positive statement about all the interesting places Sally plans for us.

This was a special day for the ladies. Julie Taylor, wife of Carl at #181, just moved to Florida to join her husband. She loves it in the park.

Helen Dennison, #210, shared with us that Ed got a clean bill of health yesterday from the eye surgeon. He is now good to go. Praise God!

All the ladies were pleased to see their friends and to have such good food. It was so nice to have Lize and Julie with us.

...continued on page 24

Our next lunch will be on September 17th at the Palm Pavilion. We may just take off our shoes again and wade in the beautiful water! We hope to see you there. The sign-up sheet is in the Club House.

Men's Breakfast

Submitted by Richard Oliver, #184, 727-726-0637

The “Men of the Hood” met on August 20th for their monthly Men’s Breakfast gathering. The restaurant of choice this time was Pappa’s Diner, (the old New York Diner) at the corner of Keene and Gulf to Bay. The food was good as was the service. I didn’t need a chan saw to cut my waffle.

The conversation centered around Larry’s recovery and the rain. Larry is still having leg and kidney problems. He was waiting the results of a kidney test. His slow recovery is wearing him down. We wished him a speedy recovery as should all in the park.

The Monsoon Season was discussed at length. Richard reported that his neighbor, Dave, has discovered a sink hole developing under his front steps. He and Cal-AM were filling it in with concrete. We agreed that we have to be vigilant about checking around our homes, checking for a sponge-like depression and reporting it to Cal-Am.

Gene said that his rain guage recorded 30 inches of rain so far. If this had been snow, we would have had 300 inches! That goes to show how smart we were to move to Florida. Rain takes care of itself, no shoveling required!

Our next breakfast will be, as usual, on the third Thursday of October. Men, please come and join us. The “Men of the Hood” is free. No dues or cover charges. Bring a story to tell or just join in the conversations.

Hope to see ya!!!

Remembrance and Concerns

Submitted by Rose Montgomery Oliver, #184 301-262-3057 or 727-726-0637

We were all saddened by the death of Irene Kelsey, #307. Irene and Art were in an accident on Friday, August 21st on Gulf to Bay. Art was injured in the accident but is now at home.

Our prayers are with Ray Slover, #159. Ray recently had a stroke.

Our president, Larry Taylor, #257, is in the hospital. Larry has several medical issues. We all need to be praying for him and Kris.

Liza Crane, #193, also has several medical issues. She was taken to the hospital on September 1st. We all need to keep her and Nancy in our prayers.

John Koeing, #176, recently had a stroke. Take care, John.

It is good to see Frank Hopkins up and about. It will take time for his recovery. It is wonderful to see a smile on his face.

Our friend and winter neighbor Rene Boisvert #108 passed away on July 14, 2015, at the age of 71. Please keep Suzanne and family in your thoughts and prayers.

Our friend and neighbor, Rex Plent, #173, passed away on August 24th after a brief stay in HOSPICE. Rex, please rest in peace.

Judy Koonter's sister, Brenda Corey, lost her battle with cancer on September 9th after a courageous fight. Please keep Judy and Ron and the Corey family in your thoughts and prayers.

We have so many people as friends in our park. Please let us know if you know of anyone who needs help or prayers.

“In sorrow we must go, but not in despair. Behold! we are not bound for ever to the circles of the world, and beyond them is more than memory.”

Sign up now to participate in our Island in the Sun Telephone Messaging Service!

Messages pertaining to activities or events are now being delivered to your telephone. This service is being provided free to IITS residents by the IITS HOA. Messages are being delivered to telephones throughout the US and Canada, on land lines or cell phones. This service is limited to one telephone number per lot.

For our part time residents, during your time away from IITS, you may forward the messages to another phone or discontinue receiving messages until your return.

Some of the features of the telephone messaging service include:

- US and Canadian numbers
- Special groups (i.e. Chorus, pool noodlers, etc.) can receive messages related to their members
- Polls/Counts

The telephone messaging service is being used to:

- Remind residents of HOA meetings
- Announce/Remind/Poll activities and events
- Communicate information to specific groups (Chorus, Shuffleboard, etc.)
- Announce safety concerns in the community and surrounding area
- Make you aware of the unfortunate loss of one of our neighbors
- Other uses as recommended and approved by the IITS HOA Board of Directors.

Please return this form to the IITS Media Mailbox located at lot 290. If you are unable to return this form to the Media Mailbox, please call Wally Riley at 727-648-4102. The information requested below will be used strictly for the telephone messaging service and will not be shared with anyone else.

Can you cry under water?

How important does a person have to be before they are considered assassinated instead of just murdered?

Why do you have to "put your two cents in"...but it's only a "penny for your thoughts"? Where's that extra penny going?

Once you're in heaven, do you get stuck wearing the clothes you were buried in for eternity?

Why does a round pizza come in a square box?

What disease did cured ham actually have?

How is it that we put man on the moon before we figured out it would be a good idea to put wheels on luggage?

Why is it that people say they "slept like a baby" when babies wake up like every two hours?

If a deaf person has to go to court, is it still called a hearing?

Why are you IN a movie, but you're ON TV?

Why do people pay to go up tall buildings and then put money in binoculars to look at things on the ground?

Why do doctors leave the room while you change? They're going to see you naked anyway.

Why is "bra" singular and "panties" plural?

Why do toasters always have a setting that burns the toast to a horrible crisp, which no decent human being would eat?

If Jimmy cracks corn and no one cares, why is there a stupid song about him?

Can a hearse carrying a corpse drive in the carpool lane ?

If the professor on Gilligan's Island can make a radio out of a coconut, why can't he fix a hole in a boat?

Why does Goofy stand erect while Pluto remains on all fours? They're both dogs!

Avoiding the dentist? It may cost you

Proper dental care is important to your overall health. Unfortunately, many of us tend to avoid visiting the dentist—often because of the cost.

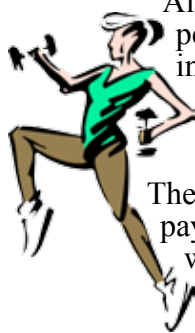

A survey commissioned by Aspen Dental found that almost two out of five Americans have delayed needed dental work, or had it only partially performed, because of their financial situation. It's a figure that has jumped by almost 8 percent over the last two years, even though 80 percent say they're aware that staying away from the dentist will be more expensive in the long run.

Take one step to lose weight

Want to lose weight? Step onto a scale every day. That may seem like obvious advice, but it's supported by the results of a study reported on the Live Science website.

In the study, researchers challenged 162 people to reduce their weight by 10 percent over the course of the year. They weren't given any specific advice, but about half the participants were given scales and told to check and record their weight every morning.

Although few of the participants in either group achieved their goal of losing 10 percent of their body weight, 29 percent of those given scales succeeded in losing at least 5 percent, but only 11 percent in the scale-free group lost as much.

In addition, participants given scales managed to maintain their weight loss for a second year.

The researchers have theorized that checking weight once a day may help people pay more attention to what they eat (and how much), and reinforce positive weight-loss behaviors like skipping dessert.

Without mathematics, there's nothing you can do.
Everything around you is mathematics. Everything
around you is numbers.
