Hospital.

Editor's note: I received the following from Gail Connell and with her permission, I am posting it.

Just want to let you guys know that Jim (Connell) is in St Peter's hospital in Albany. I rushed him here Saturday (July 13). We were at a party when he said we needed to leave. He hadn't been feeling well all week. Well, when we got in the car he finally gave in and said: "Take me to the hospital." I was driving 85+ miles an hour and when I got near the closest hospital, I got off the thruway, slowed at red lights and then blew right through them. Diagnosed within 3 minutes with a full blown heart attack. They stabilized him and transported by ambulance to the bigger hospital for catheterization. They did 5 stents right in the cath lab, took about 2 1/2 hours total. First blockage was 100%, second was 99% and other 3 were over 80%.

The doctor from the first hospital actually called me yesterday to see how he made out. She then said she didn't tell us, but his chances were pretty slim at that point. The average was 50-50, but he was so advanced. Just keeping you updated.

(Please note that the location AND condition of the residents named above can be temporary and may change at any time. We can only do monthly updates in the DOMEI for WE CARE but we still want you to be informed.)

PRESIDENT'S LETTER

by Chris Green

Hello from behind the recently groomed elephant's ear. She is sure looking so pretty.

A recent "notice" about our front yard forced us to hire the "girls" to fix it up (it was an absolute embarrassment!). They are something else. I don't know how they work in the heat we've had - 90 degrees with a heat index over 100 for weeks.

We've had major rain twice a day for a week with more on the way for another week but it will have passed by the time you read this!!!

Gone is my dream of drying my clothes outside in a cool breeze!

I haven't heard of much happening other than what you'll read in this DOMEI. The news has been reporting some crazy stuff, though.

Rather than bore you, I'll wish you the month you desire!

Kindness matter...

JULY 4TH CELEBRATION

by Bet LeBrun, DOMEI Editor

Although I manage and publish the DOMEI while I'm in Canada, I still see your posts and photos on Facebook. I have chosen a few for the July 4th Celebration by the bay; awaiting the fireworks; golf cart parade and yummy s'mores. It sure looked like everyone had a fantastic time!

(Please do not be offended if your photo does not appear as I cannot publish them all.)

More information will be included as the event approaches. As always, keep checking for posts on the Bulletin Board & the emails from Japanese Garden Social Club.

Volunteers spend countless hours working on your behalf; this is why we are always requesting more help. And, this is why we need you. When everybody does a little, it keeps others from having to do a lot. Spreading out our responsibilities makes things easier and a lot more fun for all.

ALUMINUM CANS = DOLLAR\$

by Bet LeBrun

The aluminum can project is still going strong and will continue throughout the summer months.

VINCE SALVAGE has volunteered to crush cans during the summer months, i.e. mid-April to end of October. (Thanks Vince!) He will continue to collect, crush cans and bring them to the recycling depot. If you need him to pick up cans, please call him at (443) 253-5110 or drop them off at 1276 S. Cherry Blossom. Remember to rinse the aluminum cans before they are picked up. This minimizes the risk of ants, insects, rodents, etc.

Considering the decrease in residents throughout the summer, i.e. snowbirds gone, we still managed to collect, crush and bring to the recycling depot (on June 6th) cans that gave YOUR Social Committee \$27.25. Thank you everyone!

Residents have been dedicated to this project and we want to THANK YOU for your continued participation and support. This is money going straight to YOUR Social Club!

Shuffleboard continues on Tuesday evenings at 7pm. All are welcome to join us, learn if you don't know how to play and brush up on your skills if you haven't played lately. I am sure there will be another tournament right around the corner - like around July 4th, just FYI.

All are invited, single or doubles, you do not need to know how to play.

Enjoy the company of friends and have a good time. There will be a 50/50 with half going to the winner and the other half going to "Mr. Bill" to pay for his time, music and equipment. Starts at 7:00pm and ends when the evening ends.

AUGUST ANNIVERSARY

31	Yvon Gauthier & Candide Gingras
----	---------------------------------

Let's face it, all of us have birthdays and some of us also have anniversaries. Some people like to celebrate their birthdays and anniversaries with a huge crowd, others not so much.

None of us likes getting old but it's a fact of life and there's nothing we can do about it - so we may as well make the best of it and have fun.

If you wish to participate, send me your name, event date of birthday or anniversary at jgdomei@hotmail.com - you can send it now even if your special day is celebrated in another month as I have started compiling a list.

SURVIVING THE STORM

by Sandy Rassmussen

WORTH REPEATING ONCE AGAIN...

As we all know, **HURRICANE SEASON** is June 1-November 30. Please be prepared and give some thought on your emergency plan, discussing it with family and your neighbors. We will be talking about resources at Welcome Wagon Monthly.

I think one of the important things I learned when we first moved to Florida is to be prepared for a Hurricane or extreme storm and that if you have a medical device (needing electricity), needing a ride or having a pet, you need to pre-register for shelter space **(727) 464-3800**.

Get a one-ring call?
Don't call back!

May 7, 2019

by Michael Atleson Acting Assistant Director, Division of Consumer & Business Education

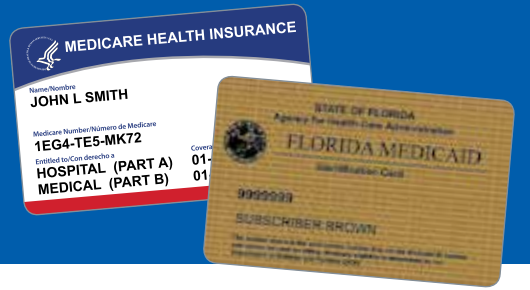

While back, we warned you about the “one ring” scam. That’s when you get a phone call from a number you don’t know, and the call stops after just one ring. The scammer is hoping you’ll call back, because it’s really an international toll number and will appear as a charge on your phone bill - with most of the money going to the scammer.

Well, the scam is back with a vengeance, and the FCC just issued a new advisory about it. Read the FCC’s advisory for more detail, but the advice from both agencies remains the same if you get one of these calls: **Don't call back**

Report the robocall to the FTC at www.donotcall.gov and to the FCC at www.fcc.gov/complaints.

Always check your phone bill for suspicious or unusual charges.

Another Happily Ever After....

The local news station was interviewing an 80-year-old lady because she had just gotten married for the fourth time. The interviewer asked her questions about her life, about what it felt like to be marrying again at 80, and then about her new husband's occupation "He's a funeral director," she answered.

"Interesting," the newsman thought...

He then asked her if she wouldn't mind telling him a little about her first three husbands and what they did for a living.

She paused for a few moments, needing time to reflect on all those years. After a short time, a smile came to her face and she answered proudly, explaining that she had first married a banker when she was in her 20's, then a circus ringmaster when in her 40's, and a preacher when in her 60's, and now - in her 80's - a funeral director.

The interviewer looked at her, quite astonished, and asked why she had married four men with such diverse careers.

(Wait for it...)

She smiled and explained, "I married one for the money, two for the show, three to get ready, and four to go."

Nine Important Facts To Remember As We Grow Older:

#9 - Death is the number 1 killer in the world.

#8 - Life is sexually transmitted.

#7 - Good health is merely the slowest possible rate at which one can die.

#6 - Men have 2 motivations: hunger and hanky panky, and they can't tell them apart. If you see a gleam in his eyes, make him a sandwich.

#5 - Give a person a fish and you feed them for a day. Teach a person to use the Internet and they won't bother you for weeks, months, maybe years unless you give them your email address.

#4 - Health nuts are going to feel stupid someday, lying in the hospital and dying of nothing.

#3 - All of us could take a lesson from the weather. It pays no attention to criticism.

#2 - In the 60's, people took LSD to make the world weird. Now the world is weird, and people take Prozac to make it normal.

#1 - Life is like a jar of jalapeno peppers. What you do today may be a burning issue tomorrow.

Hey, bartender

A duck walks into a bar and asks, “Got any grapes?”

The bartender says no, and the duck thanks him and leaves.

The next day the duck returns to the bar and asks, “Hey, got any grapes?”

The bartender says, “No. We don’t serve grapes here.”

The duck thanks him and leaves, only to return the next day. The bartender sees him walking through the door and says, “Look buddy, I’m not sure why you keep coming in here. We don’t have any grapes, never did, and never will, and if you ask me about grapes one more time, I’m going to nail your beak to the bar.”

The duck is quiet for a few moments, and then asks, “You got any nails?”

“No,” the bartender replies.

“OK,” the duck says. “Got any grapes?”

Know the difference

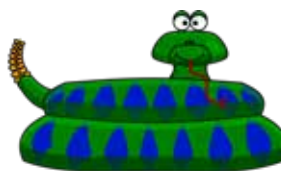

A guide took a group of people for a hike in the woods. They soon encountered a snake on their path. One of the hikers said to the guide, “Look there’s a snake. Do you think it’s poisonous?”

The guide looked over at the snake and replied, “No. That snake isn’t poisonous.”

Upon hearing this, the hiker walked closer to the snake to take a picture of it. The snake bit the hiker and slithered away. The hiker fell to the ground and began to moan in pain as the others in the group came to his aid.

“I thought you said that snake wasn’t poisonous,” someone said to the guide.

“That snake wasn’t poisonous,” the guide replied. “Poison is ingested or absorbed. That snake was venomous. Venom is injected.”

Skepticism about electric cars

Are you ready for self-driving cars? How about vehicles powered by electricity, not gasoline? The AAA took a look at public sentiment about both possible transportation futures.

As the Green Car Reports website reports, 50% of survey participants said they expect most cars will drive themselves by 2029, but only 40% thought most vehicles will be electric by that year.

AAA explains the lower figure for electric cars by citing other survey results indicating that 59% of drivers aren't sure that their range on the highway and in the city is as good or better than that of gas-powered vehicles, although Green Car Reports says that EVs are more efficient and have more range in the city. Consumers said gasoline would have to reach \$5 gallon before they'd consider buying an electric car.

Parents risk retirement to help kids

Most parents want to help their children financially when they're just starting out, but the costs can be substantial: A Bankrate survey found that many U.S. parents are risking their retirement savings to support their children as they begin their careers.

Asked, "Would you say you have sacrificed/are sacrificing your own retirement savings in order to help your adult children?" 17% of respondents answered, "Yes, a lot," and 34% answered, "Yes, somewhat." On the other hand, 41 percent responded, "No, not at all." (For 9%, the questions didn't apply because they hadn't started or aren't saving money for retirement.)

At what age should parents stop footing their kids' bills? Here's what they said:
