PRESIDENT'S LETTER

by Chris Green

Hello Everyone - it's me from behind the giant elephant ear!

What a soaking wet month we had! If you were lucky enough to spend time at the pool you surely enjoyed the sounds of our laughing, splashing, noodling young visitors enjoying the day while their parents, grandparents and great grandparents enjoyed their escapades.

Better yet - how about the great big grins on the otherwise sullen faces of the 'tweens and teens enjoying our crazy past time - the golf cart ride.

It's time for them to head back to their "real" life while we year-rounders relax before the rest of our family - "the Northerners" - get ready to swoop down on us as the Circle of Life continues at Japanese Garden.

Hakuna Matata

*Editor's note: The phrase "**Hakuna matata**" is a Swahili phrase; translated, it roughly means "No problems". It is formed by the words hakuna (there is not here) and matata (plural form of problem). Its meaning is akin to "don't worry, be happy". (Reference: Wikipedia)*

JAPANESE GARDEN HAS A "GARDEN"

by Sandy Rassmussen

JG Community Garden is on the go, we have had a lot of amazing donations from JG residents, management, JG owners and local Clearwater gardeners to make this new adventure all happen.

At this time we have at least 30 different edible plants, trees and herbs. We will be creating three category gardens including, edible plants, vegetables/fruit trees and tea garden herbs.

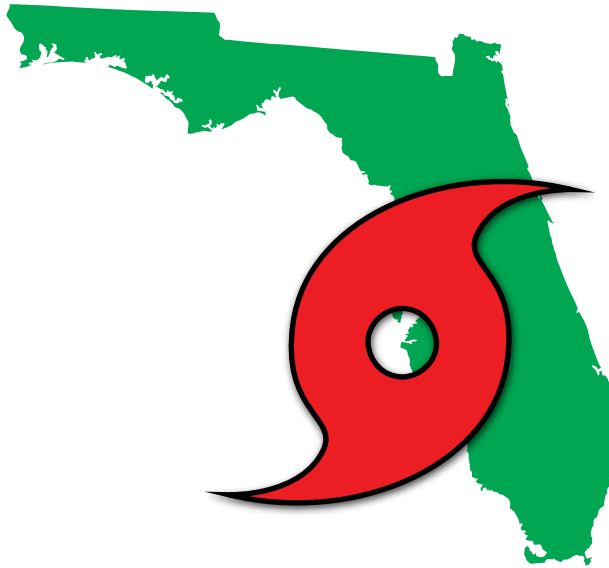

The garden will be located behind the JG office. We are really excited about the edible plants that we have obtained, this will be very exciting trying new foods!

ALUMINUM CANS = DOLLARS

by Bet LeBrun

Did you know that every time you put an aluminum can in a recycle bin, someone else gets money for it? It may not be much if you only recycle a couple of cans but in the long run, it adds up.

For instance, if we were to take all the empty aluminum cans after an event at the Japanese Garden Clubhouse, crush them, accumulate them and then bring them to a recycling depot, we would get money for doing that! (I'm more than willing to bring them to the depot.)

It may not be a whole lot (1000 cans will net about \$12 - \$15 as scrap aluminum) but whatever dollar amount we get, it's free money.

Before I left to go back up north, there was talk about a cage to be placed close to the recycling bins and a can crusher installed for those of you who want to minimize the size of the cans that we'll be transporting to the recycling depot.

I was able to pick up a rigid can crusher at a garage sale for \$5 and here it is:

So, start saving your cans!! (If you crush them flat by stepping on them, you will minimize the space to store them until I arrive in the fall!)

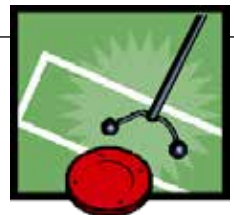

Come one folks - help YOUR Social Club make some extra money!

SHUFFLEBOARD

Come to have fun, there are simple rules available to read if you have never played before. Thank you to Betty Harrison and Mark Rasmussen for their extra efforts in prepping the lanes beforehand. We look forward to see you all, players or cheerleaders

ART AND CRAFT SHOW - DECEMBER 1, 2018

by Charlotte Thompson

Sharon, Sandy, and Charlotte invite all the artists and crafters to join us for another day of displaying your art work and creative crafts on Saturday December 1st, 2018.

We have tables available to reserve at \$10 per table. To reserve one or more tables, call or let Sharon Blankenship, Sandy Rasmussen or Charlotte Thompson know how many you would need.

This year we are going to have the show in connection with our Koffee Klatch. That way, all the residents of our Park can join in, walk around the room admiring your work and maybe buy something they cannot live without!

Remember, join us and let a friend know so they can be a part of the day. Details will be available soon on the Bulletin Board, during Koffee Klatch and in the DOMEI.

We need ideas for ways to incorporate a raffle, or bake sale, something of a Christmas nature to raise funds for the Social club. Every idea will be considered and very welcome.

Remember - call us! We can't wait to hear from you. We only save tables for those who ask for them. This show will be advertised in the Tampa Bay Times to hopefully bring in outside artists as well.

Hope to hear from you soon!

You will notice that certain events have OPEN spaces and we are asking people to consider chairing one of these events. We would love to have new residents involved! You are given a budget to work with and plenty of support/information from former chairpersons and volunteers.

More information will be included as the event approaches. As always, keep checking for posts on the Bulletin Board & the emails from Japanese Garden Social Club.

Volunteers spend countless hours working on your behalf; this is why we are always requesting more help. And, this is why we need you. When everybody does a little, it keeps others from having to do a lot. Spreading out our responsibilities makes things easier and a lot more fun for all.

HIGHWAY 19 ENTRANCE PETITION

by Japanese Garden Office

Editor's note: This information is being inserted in the DOMEI rather than emailing all the JG residents at the request of Chris Green, President of JG Social Club as she felt it was an important issue concerning all residents. It is a response (email) from the Florida Department of Transportation sent to Pat Murphy at the JG Office.

FROM PAT MURPHY:

Below is what I received regarding our highway 19 entrance petition.

Steve thought it would be better to share with you and have you bring up at coffee hour rather than emailing it to all of the residents. We wanted everyone to know that I did email several departments and we have gotten a reply (albeit late). Unfortunately they are not providing us with a good solution.

FROM FDOT:

Dear Pat Murphy:

Thank you for your patience as we investigated your request. The Florida Department of Transportation appreciates that you have reached out to us to tell us of your concerns and those of the residents of the Japanese Gardens Mobile Home Estates. Your request was summarized in two areas: one pertains to increased traffic due to a new apartment complex being built on US 19 North near your MHP; and the other pertains to the access/driveway of Tropic Hills Drive that your residents use to enter and exit your MHP.

The Florida Department of Transportation Traffic Operations Office (Department) discussed in much detail the existing access point to your development and the exit ramp from US Highway 19 for SR 60. Based upon the current configuration of the ramp and the proximity of your driveway, the Department reviewed the geometry, distance between the ramp and your access driveway as well as all traffic operations features to determine any remedial actions that could be performed to improve this area.

First, to address the new apartment complex, please note that the City of Clearwater regulates the type of development allowed within their municipal boundaries and processes each request through their development regulations. The Department of Transportation does not regulate any property as to how it can be developed (such as, into a school, hotel, restaurant, etc.). Some types of developments might need zoning changes, others can be much simpler, but all must go through the local municipality for approval. The Department reviews only those developments that require access onto the state roadway system. As part of the Department's review, each development on the state highway system is reviewed for the number, the location, and the type of access (driveway) that will be permitted. Questions related to the type of development and the number of units should be directed to the City of Clearwater.

The Department then reviewed your concern pertaining to the difficulty of residents entering and exiting the Japanese Gardens MHP. First, the Department reviewed the crash data near this

ramp and your park and found no crashes in this area. The Department also observed traffic movement by placing a video camera at the exit ramp just south of your MHP on May 18th, 19th, and 20th, 2018. The videos revealed that traffic volumes fluctuate throughout the day. Traffic volumes increase during rush hour which tend to reduce the vehicular speed on the ramp towards SR 60. When traffic volumes decrease, the speed of vehicles increase. It was also noted in the videos taken in May, that there were gaps in traffic thereby allowing vehicles to enter and exit from your MHP.

The Department also reviewed the construction plans for US Highway 19 for other possible improvements. The Department reviewed the geometry, signing and striping plans, the off-ramp and the access points. Relocating the exit ramp further south and the installation of a right turn lane into the Japanese Gardens development were some of the options considered. Significant changes would be required to construct either of these alternatives, but they were considered regardless of cost or right-of-way considerations for this review. The intent of these alternative concepts would be to reduce the speed of vehicles near your development to improve the ease of access to and from the Japanese Gardens development. Relocating the exit ramp from US Highway 19 further south would influence drivers to select the lane that they intend to be in earlier than what they currently do. Based upon historical data, this change would increase the speed of drivers near Tropic Hills Drive. The addition of a turn lane into the Japanese Gardens development would assist vehicles entering your MHP, but not exiting. The signing and striping in the area for possible improvements was also reviewed. The frontage road is posted 35 mph and the mainline of US Highway 19 is posted at 55 mph. An additional 35 mph speed limit sign was added recently and placed directly under the ramp sign. This speed limit sign was installed in November of 2017. The Department is also considering the placement of 35 mph pavement messages as supplemental to the posted signs.

The Department performed a speed check of this area and found that a large percentage of motorists travel well above the posted speed limit of 35 mph. Should the Department perform a speed check of this segment of roadway, we would be obligated to raise the speed limit. Since raising the posted speed limit would be contrary to what is wanted by the residents of the Japanese Gardens MHP, it was not pursued.

The Department also considered the installation of tubular delineators to prevent lane shifting once vehicles are on the ramp. If delineators were installed, they would need to extend past the entrance of your MHP. This would prohibit vehicles, including emergency responders, from entering the MHP from this exit ramp. This channelization option would require that all vehicles wanting to access your MHP would have to do so from the frontage road. These delineators would also restrict lane changing of traffic in the right lane that want to get in the left lane at Gulf to Bay. This does not provide a positive alternative.

After review of the area in question, there are no simple improvements that could address the speed of drivers on the ramp and frontage road. The most effective way to reduce the speed on this ramp segment and on the frontage road near your development is by enforcement. The Department will move forward with the installation of “SLOW 35 MPH” pre-formed

My Hep-C Adventure - Part 5 of 5

by Mel Moen

My last round of treatments started as what was going to be a 6-month round of the new treatment. I thought the previous treatment were bad but this new treatment was much worse! I was so weak and I couldn't eat. Everything that I put in my mouth tasted terrible. I dropped a lot of weight and, of course, I started losing my hair much worse than I had with my previous treatments.

One day Bonnie, my wife, was getting ready to go to the store and before she left, I asked her, "How thin is my hair getting?" She said, "Well, it's getting pretty thin!"

While she was gone to the store, I got the clippers out, went out on the back porch and clipped all of my hair off. When Bonnie got back from the store, she walked into the house, took one look at me, and said, "Oh my God, you are so ugly!" For the rest of my treatment, I used my razor and kept my head shaved.

During this treatment, Bonnie had to take me to the hospital for out-patient care every Monday, Wednesday and Friday. Three times a week they had to hook me up to IV's so they installed a stent. It was probably even worse than I remember, because I was so sick and "out of it" that I just went through the motions and did what they told me to do. I was told, later that I looked like a walking ghost. My skin was very gray! The medicine, along with killing the Hep-C, was also killing my blood cells. It is normal for this medication to attack your blood cells but in my case, it was affecting me much worse than they had expected.

As it turned out, I only took the treatment for 2 months. After these 2 months, I went to the hospital for what turned out to be my last visit there. They had drawn my blood and when they got the results, I was suddenly surrounded by a couple nurses and a doctor and we were told that they were contacting my doctor, Dr. Fern.

I was told, later by Dr. Fern that they had not given me my medication that day. They had only given me IV's and blood. He also told me that we were stopping the treatments because they were making me too sick. I told him, "No... don't stop... I can take it... I want to kill this thing!". He told me that if we continued the treatments they could kill me and, if that happened, he would lose his license!

So, I was sent home and Dr. Fern arranged for a visiting nurse to come to my house twice a week to check on me and give me whatever IV's I might need. I was to stay in bed and rest. They sent out a potty chair for my bedroom. I was not allowed to walk to the bathroom. It took another 2 months to recover from the treatments.

As it turned out, I had been on the treatments just long enough! My Hep-C viral load tested zero and continued to test zero!

continued on page 30

We did discover that in addition to the liver disease that the Hep-C had caused, somehow during all of this madness, I had also developed a kidney disease. My kidneys were only functioning at 15 percent.

So the Hep-C was - and still is - gone! But I still have to watch out for the liver and the kidney diseases which I will have for the rest of my life. In addition, I recently suffered a heart attack. My heart doctor tells me that there is no way to identify the cause of my heart attack but those treatments could have weakened my heart just enough to make my heart vulnerable.

The bottom line is... Over 10 years ago, I was given 5 years to live - and I am still here! Actually, more important than that is the fact that Bonnie and my other relatives and my friends are all free of any signs of the Hep-C virus. I did NOT, accidentally, pass the virus on to anyone else!

BIRTHDAYS & ANNIVERSARIES

by Bet LeBrun, Editor DOMEI

Happy belated birthday to:
SORRY BEMIS August 15

Let's face it, all of us have birthdays and some of us also have anniversaries. Some people like to celebrate their birthdays and anniversaries with a huge crowd, others not so much.

BUT...like it or not, there is ONE day a year that goes by when we have a birthday and/or anniversary and it would be nice if people were aware of when your special day is. Receiving a phone call, a text message, a greeting card or even a visit from someone that knows it's YOUR special day always is appreciated.

None of us likes getting old but it's a fact of life and there's nothing we can do about it - so we may as well make the best of it and have fun.

That is why I would like to start publishing birthdays and anniversaries in the DOMEI. I don't need the year you were born - just the date. I will publish a list every month of those who have an birthday and/or anniversary for the upcoming month. (Examples: John Jones Birthday August 8; Bryce & Shirley Johnson 49th wedding anniversary August 20) The August DOMEI would have a list of those with AUGUST birthday and/or an anniversary.) And let's not forget milestone birthdays! Turning 60, 65, 70, 75, 80, 85, 90, 95 or even 100 is something to celebrate.

If you wish to participate, send me your name, event date of birthday or anniversary at jgdomei@hotmail.com - you can send it now even if your special day is celebrated in another month as I would like to start compiling a list a.s.a.p.
C'mon folks - it won't hurt a bit!

VINYL IS FINAL

"...I am so happy with my new windows...I'd like to commend your work crew. Earbie and Larry were fantastic! I couldn't believe the clean-up EVERYDAY! The whole job took just a week even with all the rain delays. I would and WILL highly recommend your company to my friends and neighbors. Of course I won't need to say a word - the house is doing all the talking! Thank you so much for my beautiful new house."

Carol Zapiecki, Clearwater, FL

"Just a short note to express my appreciation for the work done on my mobile home. The crews that worked here...were gentlemen at all times, efficient, knowledgeable and prompt. You can be sure if I run into anybody who needs your type of work, I will surely recommend your company. It has been a very satisfying experience!"

LAUGHTER IS THE BEST MEDICINE

by Bet LeBrun, DOMEI Editor

With all the goings on in the world, I thought I would lighten the mood with some chuckles. I hope some of them put a smile on your face.

SENIOR CITIZEN EXERCISE PROGRAM

I feel like my body has gotten totally out of shape, so I got my doctor's permission to join a fitness club and start exercising.

I decided to take an aerobics class for seniors. I bent, twisted, gyrated, jumped up and down, and perspired for an hour.

By the time I got my leotards on, the class was over.

BACK SEAT DRIVER

An elderly Floridian called 911 on her cell phone to report that her car has been broken into. She is hysterical as she explains her situation to the dispatcher: "They've stolen the stereo, the steering wheel, the brake pedal and even the accelerator!" she cried.

The dispatcher said, "Stay calm. An officer is on the way."

A few minutes later, the officer radios in. "Disregard" he says. "She got in the back seat by mistake."

DINNER GUESTS

A wife invited some people to dinner. At the table, she turned to their six-year-old daughter and said, "Would you like to say the blessing?"

"I wouldn't know what to say," the girl replied.

"Just say what you hear Mommy say," the wife answered.

The daughter bowed her head and said, "Lord, why on earth did I invite all these people to dinner?"

HIS WIFE'S CAT

A man absolutely hated his wife's cat and decided to get rid of him one day by driving him 20 blocks from his home and leaving him in the park.

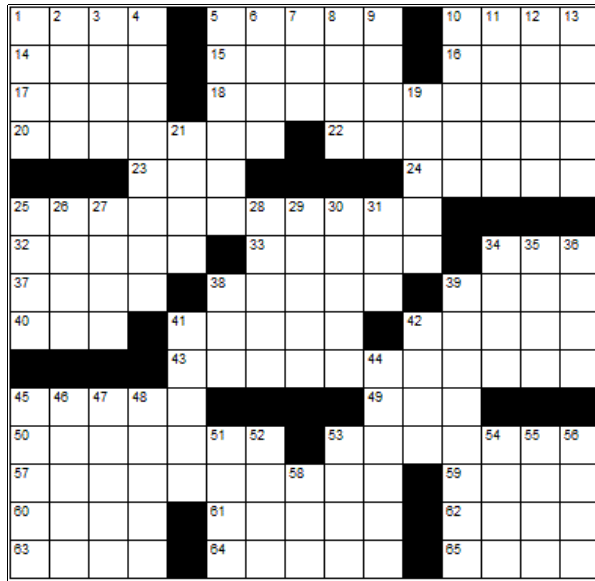

As he was getting home, the cat was walking up the driveway. The next day he decided to drive the cat 40 blocks away. He put the beast out and headed home. Driving back up his driveway, there was the cat!

He kept taking the cat further and further and the cat would always beat him home. At last, he decided to drive a few miles away, turn right, the left, past the bridge, then right again and another right until he reached what he thought was a safe distance from his home and left the cat there. Hours later, the man calls home to his wife: "Jen, is the cat there?" "Yes," the wife answers, "why do you ask?"

Frustrated, the man answered, "Put him on the phone, I'm lost and I need directions!"
