## Presidents Report

Lou Goodwin

**W**e are starting to welcome back the snowbirds with more to come in the upcoming months. That means the fall and winter seasons begin. If the cooler weather comes in with the snowbirds we can consider that a bonus.

The HOA is still looking for volunteers to add their name for a nomination to the board of directors at the November meeting. It is not a huge commitment and you could make a difference.

The first POTLUCK of the season will be at 6:00 in the clubhouse on the 3rd Saturday.

## CHRISTMAS TREE

HOA BOARD

**L**ast year we did not put up the huge Christmas tree because of the ongoing renovations in the clubhouse. Many of our residents were disappointed because when it is up and decorated it is beautiful. We are asking for volunteers to put up, decorate and take down the tree. Have a decorating party. Have fun! The HOA will get out the tree and provide lights and decorations. That will be the extent of our involvement. The volunteers will do the rest. Anyone interested can sign up on the bulletin board. The volunteers will decide on a date and time within the Thanksgiving week time frame.

## VOLUNTEERS NEEDED ---- HOA Board of Directors

---

When you see the preliminary calendar of activities and functions for the season, you can see that you can be very busy if you want to be. You can participate in the activities, volunteer to chair an event, or volunteer to help with an event. There is absolutely no way that we can pull all of this off on our own, so please consider volunteering a little of your time to help us out. The benefits are....getting to know your neighbors, having a few laughs and knowing that your help has made a difference. The only downside to it is that at the end of the week there is no pay check. A volunteer signup sheet will be posted on the bulletin board. You can also contact any board member.

**Michael Crofts**  
FL Licensed Independent  
Health Insurance Agent

Health insurance decisions can be confusing due to endless coverage changes and many policy types. Fortunately, there is someone who can work diligently to help and without cost to you – Michael Crofts, owner of Best Plan Choice.

Through his own healthcare experience Mr. Crofts learned the value of good health coverage and quality medical care. He dedicates his agency to helping people with Medicare and Medicaid needs. You can visit the office to learn about Medicare plan options or he will come to your home.

Every year your Medicare health plan coverage changes even if you do not change plans. Also, new products are introduced and many offer benefits beyond original Medicare and/or Medicaid plans. Baby Boomers had completely different insurance products during their working years. The indemnity and major medical policies are no longer the only choice and often do not meet the financial needs of consumers today.

Don't waste time trying to figure it out. Michael will sit with you and review all of the documents, and answer all of your questions. Most importantly, he will conduct a needs analysis to determine your individual needs – if you expect a hospitalization, use certain medicines, or want benefit like dental or vision – everything is taken into consideration.

Best Plan Choice is there to help you make the right choice and is available long after the policy is written. This means helping with doctor changes, plan questions, annual review of your benefits, and of course taking great care of any friend or family member you refer. At Best Plan Choice clients become friends, and friends become clients.

HOA BOARD

The ICE MAKER that is located in the clubhouse kitchen was purchased by the association for everyone to use. Please be sure to close the cover after getting the ice. If there is an event scheduled please don't empty the ice machine for your own use. We need it for the guests at the event. Thank you!

# LIBRARY

Barbara Fenning

We are trying to update the clubhouse library and would appreciate donations of books, hard or soft cover and current magazines. All new residents are encouraged to visit our library that is located in the back of the clubhouse. Please leave any donations on the table located to the right as you enter. Also PLEASE bring the books back to the library within a reasonable length of time as there have been many missing. Thank You

One of our residents is requesting that other residents save their prescription and/or vitamin bottles. These bottles will be used by the Humane Society, to provide medications for our canine friends.

Debra Jones

**S**aturday, October 19th, - 6:00 pm – Clubhouse

The Potluck Supper is on the **third Saturday of the month**. It is a social gathering of our residents who bring a dish to share to the clubhouse for 6:00 pm. Just remember to **bring your place settings**. It's a great way to visit and to meet new people.

## Sign Up Sheets-----Events

**Y**ou probably wonder why sometimes we ask you to sign up for a function. Pancake Breakfast is the perfect example. You do not buy tickets ahead of time, you purchase them when you come in for breakfast. If you have not signed up for breakfast, the cook has no idea how many people to expect making it difficult to purchase the amount of food she would need. **WHEN WE ASK YOU TO SIGN UP IT IS BECAUSE WE NEED AN ACCURATE HEAD COUNT.**

## Ancient human skulls hint at early European arrival

---

Two skulls unearthed in Greece suggest that *Homo sapiens* arrived in Europe from Africa much earlier than previously thought. The Sci-News website reports that the partial skulls were discovered decades ago, in 1978, but a recent re-examination allowed scientists to virtually reconstruct them.

One skull, 170,000 years old, belonged to a Neanderthal, but the other is 210,000 years old and appears to be an early modern human. This means that *Homo sapiens* spread out to Europe some 150,000 years earlier than believed. Scientists speculate that Neanderthals originally displaced *Homo sapiens*, but over time they died out as more early modern humans made their way to southern Europe.

## Giant squid sighted off New Orleans coast

---

For the first time, a giant squid has been sighted and captured on video in U.S. waters, the *Popular Mechanics* website reports. A research vessel grabbed video of the squid, *Architeuthis dux*, 100 miles from the New Orleans coast. It's only the second footage of a giant squid in the wild; the first was captured on video in 2012 off Japan's Ogasawara archipelago.

The video was taken with a camera called Medusa, designed to resemble bioluminescent prey in the deep sea and attract predators like the giant squid to obtain a close-up look that can be recorded and studied.

## Three myths about creativity

---

People have lots of misconceptions about the nature and practice of being creative. Here are some common myths to ignore (from the Livemint website):

- **Creativity is serendipitous.** Don't wait for the proverbial light bulb to go off inside your head. Enhance your imagination by talking to people, immersing yourself in information, and focusing on the problem you want to solve instead of hoping you'll get an idea out of the blue.

- **Creativity is lonely.** We imagine the painter alone in a studio, or a poet shivering in a chilly garret. You won't get ideas, though, unless you get out into the world and explore. The more perspectives you can get from other people, the more fuel your imagination has.

- **Creativity requires a team.** Organizations rely on R&D teams for creative ideas. Although seeking input from others is useful—even essential—many great ideas come from people who weren't actively seeking solutions at the time. Teamwork is great, but don't ignore ideas from offbeat sources. They may be the most innovative.
