## LAKE HAVEN HOME OWNERS ASSOCIATION

The board of directors extend appreciation to those of you who attended the annual meeting in February; it is always encouraging to hear your words of appreciation and support. For those who were unable to attend, your park president will update you on items affecting your park. As a board, we are confident that Park Manager Karen White will continue her efforts to ensure Lake Haven is well maintained and that Rules & Regulations outlined in the Prospectus are enforced. The annual “360 inspections” by ELS management will begin soon. Considering that corrective action may be needed, these inspections will first focus on the seasonal population in order to allow them ample time to become compliant before leaving for the summer.

Congratulations to Lori Witkin Mocerino and Jim Grant of Park #2 who were elected to one-year terms on the board. The members of the board of directors are:

President	Lei Crance #79
Vice President	Linda Parker #465
Treasurer	Ralph Crance #402
Secretary	Pat Walker #53
Directors	Jim Grant #219; Rebecca Love #295; Lori Mocerino #254

Please remember, if you need to register a complaint to either ELS or the HOA Board, it must be in writing and must be signed in order that we may properly communicate what corrective action was taken.

# PARADISE ISLAND UPDATE

*Pat Walker, Association Secretary*

We were stunned to have the cold weather make a return visit in March after having temps in the high 80s for several previous weeks, but evidently Mother Nature was not yet finished with winter. At least we did not have to endure “The Beast From The East” storm that inundated the midwest and northeast with wind, rain and tons of snow. Now it’s time for those April showers to put in an appearance to ensure the May flowers blossom on schedule. And, it is during the month of April that most of our seasonal residents point their cars north and depart our lovely little corner of the world. We wish them bon voyage, a happy and healthy summer, and look forward to their return in the autumn.

Many thanks to Carolyn Bailey who, as Association Vice President, stepped up to the plate and assumed many of the President’s duties while Lei Crance was under the weather. Good job, Carolyn! Carolyn was also master chef for the month hosting the annual Corned Beef & Cabbage pot luck dinner; and for the Association Members Steak Dinner, she and Chuck Oller worked the grill to ensure the steaks were cooked to perfection. Hats off to both of you and to those who worked behind the scenes at these events. The dinner was designed to recognize the many members who sacrifice their personal time to, among other activities, host social events, work the White Elephant sale, deliver the Happenings or lock the clubhouse. Thank you so much – you keep our Association active and viable.

The other major event in March was the annual Spring Dance organized by Lei Crance. This year Carlo entertained us with his musical expertise providing a great evening of dancing which was enjoyed by all.

For the April pot luck, Denny Wolff will don the master chef hat as he and his able right-hand man, Chuck Oller, cook a Brisket of Beef Pot Roast to perfection. Don’t miss out, put your name on the sign up list posted on the clubhouse bulletin board.....and, it really helps if you indicate what side dish you plan to bring.

On April 21 an encore performance of Pub Night followed by a game of trivia is planned. The menu will consist of “comfort food” and we promise the trivia questions will not be too challenging – the objective is to have a fun night. The ticket price will be announced by flyer in your mail tube – look for it and plan to come.

The Association meeting will be Saturday, April 7 – coffee and donuts at 8:30AM, meeting starts at 9:00AM. Hope to see you there.

To our Christian residents we extend wishes for a Blessed Easter

## Treasure Cove Goings-On

---

**H**ello All in Treasure Cove!

It's been a little bit chilly so far in the month of March; I think mother nature got her months mixed up! At least the sky has been filled with sunshine and the sun was warm. And, we had some great gatherings in March as well.

The St. Patrick's Day Party was a great celebration filled with the luck of the Irish, lots of laughter and some really great food. Lori Witkin-Mocerino made the corned beef and it was yummy! We also enjoyed boiled ham ala Jeri Lazazzaro and Irish Stew ala Dulcie Gosse, which were both made to perfection. And, we can't forget the delicious cabbage, potatoes and veggie side dishes along with some fabulous desserts! Lori Witkin-Mocerino again won over the crowd with her great Cookie/Brownie Cheesecake and Terri Salzburgs' Carrot Cake/Cheesecake was a huge hit and was gone before everyone blinked! We enjoyed some great music from our wonderful new DJ "Ron" who was all dressed up in his St. Pats best. Ron got the party started with some great oldies that we all enjoyed and mixed in some fun Irish music. The crowd was dancing & singing and the party did not want to end as it was a magical St. Pats party night.

The March Membership Dinner is scheduled on Wednesday, March 28th. Come and enjoy "Deli Night/Game Night" and of course, those delicious desserts we all look forward to. This is a free meal for members and we look forward to seeing you all there.

As we enter April, many of our Northern Snowbirds will be departing to go enjoy their Northern Homes. They will all be so missed! We are planning a "Farewell Snowbirds" gathering sometime in April so please watch your tubes for the flyers with details. We are working of the specifics, and I'm sure it will be as fantastic as always!

The Board is excited that we can bring such enjoyment to those that join us not only from Park 2 but also from Parks 1 and 3. We look forward to continuing to provide a wonderful place for those to gather and enjoy their community and friends.

Please remember to read your flyers for details on events. There will always be a gathering each month for those that are members of Park 2, which is part of your membership fee, but you have to watch the flyers, it is not the same format as in the past.

Enjoy the month of April Treasure Covers -- Happy Easter and Happy Passover to all! Thanks again for all your wonderful support and great compliments on all we have done and will be doing!

# APRIL HAPPENINGS 2018

Well, Spring is certainly in the air and with that comes good news and not so good news. The flowers will be popping up, the windows are open and the time spent at the beach watching the sunsets will lengthen. However, it also means we will soon be saying, “see you soon” to many of our seasonal friends. It certainly went way to quickly this year but we made the most of the time we had with a very active winter stretching it out to one last BBQ on the 31st. of March.

Thank you to everyone who chose to attend the events the association works very hard to schedule in order to keep everyone busy throughout the winter. Once again the volunteers that seem to come out of the woodwork for the events are amazing. While some organizations are begging for help we have more than we can count. A special thank you to Don Tupper and Dan Hanagan for being the co-head chefs on the grill. Don has to slip away from his day job as the Cookie Monster in order to do this, but he still manages to keep many of us supplied throughout the year. Thank you to the board of the association, each and every one of you continues to support each other pick up the pieces when needed. We certainly make a good team.

Both the fall sale and spring sale were very successful once again this year. Even though the Cookie Monster leads the pack, the baked goods were amazing and gone by the end of the sale. Thanks to all of you for contributing. Your hard work and dedication is appreciated beyond words. We couldn't ask for a better group of leaders.

Many of you may know that Bill Battle will be stepping down as treasurer, a position he has held for the past ten years. With so many full time residents we agreed that it has become necessary to have someone here throughout the year as we continue to add more and more events in the late spring and summer. This is a thankless job that we sometimes take for granted and we all express or sincere thank you for putting up with our wadded up receipts and feeble excuses as you hunt through the monthly statements trying to make sense of it and somehow always do. Bob Rummel will be taking over for Bill April 1st.

Kay Tupper and I will be re-opening the gift shop at the end of April. Please do not drop off clothing. There will be more information on that to come.

For all of you that are heading home, be safe, enjoy your summer and we look forward to seeing you in the fall. To the residents that are staying here to enjoy the quiet don't let your guard down yet. Keep watching that information tube and if you are associated with Facebook we now have a new group just for Park 3 residents. If you are interested in joining please submit your lot number with the request. Keep in mind this is a social network designed for social activities and not for political discussions or advertising of services.

Thank you all once again for making Lake Haven a comfortable and fun place to live. We are blessed to have such a great community.

Linda Parker, President Park 3 Association

## Burn and extinguish candles safely

---

**W**hether you enjoy candles for a romantic dinner or holiday celebration, you should handle them carefully. The National Candle Association says to properly put out a candle's flame, hold your finger in front of the flame and blow at it. The air will flow around the finger and extinguish the candle from both sides, preventing hot wax from splattering.

### Other tips for candle keeping and use:

- Never leave a burning candle unattended.
- Keep lighted candles out of the reach of children and pets.
- Keep burning candles away from combustible materials like drapes.
- Store candles in a cool, dark, dry place.
- Before using, light and extinguish the candles so they burn better.
- Avoid drafts to prevent rapid, uneven burning or excessive dripping.
- Keep wicks trimmed to one-half inch.
- To remove wax from fabrics, scrape off excess and run boiling water through the material.
- Remove wax from holders by running hot water over them.
- Candles refrigerated before use will burn more slowly and evenly.
- Extinguish candles when they get within 2 inches of the bottom.

## Walk safely in traffic

---

**N**ow that spring is here and walking is more manageable in milder weather, here are some reminders about walking safely along busy streets:

- Stay on the sidewalk and crosswalks. If you can't avoid walking on roads with no crosswalks or sidewalks, walk facing traffic.

- Cross at intersections. Most people are hit by cars when they cross the road at places other than intersections. Make sure you stop at the curb. This signals to drivers that you intend to cross.

- Stay out of the driver's blind spot. Make eye contact with drivers when you cross busy streets.

The whole job took just a week even with all the rain delays. I would and WILL highly recommend your company to my friends and neighbors. Of course I won't need to say a word - the house is doing all the talking! Thank you so much for my beautiful new house."

Carol Zapiecki, Clearwater, FL

"Just a short note to express my appreciation for the work done on my mobile home. The crews that worked here...were gentlemen at all times, efficient, knowledgeable and prompt. You can be sure if I run into anybody who needs your type of work, I will surely recommend your company. It has been a very satisfying experience!"

## Start thinking green this spring

---

Most of us can do a lot better when it comes to being ecofriendly. Here are two areas where we can improve upon our good intentions while we lessen our negative impact on the environment:

• **Recycling.** It's great if you always throw your empty soda cans and water bottles in the recycle bin, but are there other items you are overlooking? If your municipality has a recycling program they probably have a set of guidelines posted online that explains what they accept and how you should prepare those items for disposal. Even though that peanut butter jar is marked as being recyclable, it might be considered garbage if traces of peanut butter are still in it. Find out what you need to know and make a commitment to recycle as much as possible, properly.

• **The brown bag lunch.** Embrace sustainability when you take your lunch to work by eliminating the amount of disposable products you use. Carry your lunch in a cloth sack, bento box, or small basket. Pack food in glass, metal, or some other kind of reusable containers. Swap out paper napkins with cloth napkins, and plastic straws with metal ones. Consider keeping a coffee mug and set of flatware at your desk in an effort to generate less waste.

## A broadband of conservation

---

In 1989, attorney and activist Susan Tixier mobilized a group of “mature” women on a hike through Utah’s Grand Staircase-Escalante. Most of them were already involved in wilderness preservation efforts, but their goal was to discuss conservation issues surrounding many of the U.S. national monuments and make sure that the voices of older Americans were represented in that conversation.

A member of a passing group of hikers saw them and said, “What a bunch of great old broads!”

On that day, Tixier and her colleagues decided to officially call themselves “Great Old Broads for Wilderness.” Since then they’ve grown their membership to 8,000 across 38 “Broadbands” nationwide.

The group advocates for issues affecting the environment and wilderness protection causes. Their ranks include “Young Broads,” and men of all ages, “Bros.” They host “Broadwalks” where they dedicate a day of stewardship to an area, address conservation issues there, and spend time hiking and exploring.

Visit [GreatOldBroads.org](http://GreatOldBroads.org) to learn more about the Broadbands and the work they are doing.

## Travel trends for 2018

---

If you're looking to get away from it all in 2018, you're not alone. The AARP Travel survey looked at what Baby Boomers and millennials are planning for their vacations this year. Here's some of what the survey found:

- Boomers expect to take four or five trips for leisure this year, and spend about \$6,400 on their travel.
- Seventy-four percent of millennials expect to take work with them.
- Fifty-seven percent of Boomers travel to spend time with family and friends, 49 percent say they travel to relax and rejuvenate, and 47 percent are looking for an escape from everyday life.
- Forty-nine percent of Boomers plan to travel only domestically, with Florida and California the most popular destinations.
- Forty-seven percent plan to travel both domestically and internationally. Top international destinations are the Caribbean/Latin America and Europe.
- Traveling abroad is a “bucket list” item for 22 percent of Boomers.

## Sleep? There's an app for that

---

We use the apps on our smartphones for all sorts of things. One of them is tracking sleep patterns. In a survey of 934 mobile phone users by the NYU School of Medicine, 28 percent of participants reported that they use a health app to monitor how long they sleep, what time they go to bed, and whether they wake in the middle of the night, as well as whether they snore, have breathing problems while asleep or change positions.

Thirty-five percent of men and 20 percent of women reported tracking their sleep, and the average age of sleep trackers was 34. The most popular apps (of 24 named in the survey) were Fitbit (10 percent), Lose It (3.5 percent), and Apple Health (2.6 percent).

## Just 5 percent makes a big difference

---

If you're overweight—like many Americans—you may be intimidated and overwhelmed by the thought of just how many pounds you have to lose in order to get healthy. How much is enough? Twenty pounds? Thirty?

Good news: According to NBC News' Better website, losing just 5 percent of your body weight can have significant health benefits. It can decrease your total body fat, including visceral fat that hugs your organs, as well as liver fat. In addition, it can lower your blood pressure and also increase your insulin sensitivity—all of which can cut your risk of developing type 2 diabetes.

## Don't fall prey to road rage

---

**A**n anyone who commutes to and from work knows how easily traffic can turn into an exercise in frustration. As tempting as it is to retaliate for rude driving, don't make a bad situation worse. Follow these safety rules:

- **Don't escalate aggression.** That means don't tailgate a driver who tailgated you first or flip the bird to a rude driver. Responding to the road bullies may only increase hostilities.
- **Don't make eye contact.** You really just want to let a driver know that he or she's been driving like an idiot, so as you pass the car, you give the driver a look that lets her know you're not happy. Remember that you don't know a thing about that driver or what frame of mind he or she's in. Don't risk a confrontation.
- **If you're being followed by a hostile driver, don't go home.** Drive instead to a public place like a gas station or restaurant. Better yet, head to a police station if one is nearby. If you have a cell phone, call the police and report the driver.
- **Never get out of your car.** A confrontation at a stoplight is not worth risking violence. The other driver may have some kind of weapon. If the driver gets out of the car, lock your doors and close your window. If you can drive away, do so. If you have a cell phone, call the police.
- **Follow the golden rule.** The best defense against road rage is to drive as you would have others drive.

## Scientists track thoughts through the brain

---

**H**ow does a thought travel through the brain? If you've ever wondered that, neuroscientists think they have the answer, as reported in an article on the Sci-News website.

A team of researchers at the University of California-Berkeley recorded the electrical activity of neurons from the surface of the brain in response to a simple task like repeating a word. They found that the brain's visual and auditory cortexes were first to react to the word, and then the prefrontal cortex interprets it and supplies its meaning. The prefrontal cortex then coordinates all the other areas of the brain involved in the response.

For a harder task, such as supplying the antonym of a word, the brain takes several seconds to reply, with the prefrontal cortex using other areas of the brain like memory networks.

The researchers noted that the brain appears to prepare its motor areas to respond very quickly—even before it knows what the response will be—possibly explaining why people sometimes speak before they think.
