## LAKE HAVEN PARADISE ISLAND HAPPENINGS

*By Pat Walker, Secretary, Park 1 Association*

**W**e kick started the holiday season with an early Thanksgiving themed pot luck dinner. Our thanks to Carolyn Bailey and Chuck Goff who baked the turkeys to juicy perfection while the rest of us loaded the serving tables with all the traditional seasonal side dishes.....a great time was had by all – for certain no one left hungry.

Lei Crance barely got back in town after her and Richard's 25th anniversary cruise in Hawaii when – boom – it was time for the Hobby Club's sixth annual Art & Craft Sale. It was another success due to Lei's leadership and the members' talents. We appreciate each of you who came to browse and stayed to buy – thank you for your words of support .....and, of course, for your purchases. Club members enjoy exercising their artistic talents and appreciate knowing others like the things they make. The individual members receive none of the monies earned from the sale of their items as all funds are used for purchasing additional supplies and for local community charitable programs.

As if the sale was not stress enough, the following week Lei was hostess for the French Toast Breakfast. Again, thanks to all who supported our park with your attendance. In the future we will endeavor to ensure events do not conflict with those of the other two parks....sometimes we don't think of these things until it is too late to change the dates.

Dunedin Cares Food Pantry was grateful for the generosity of everyone who participated in the Thanksgiving Food Drive; you made many needy folks in our local area very thankful. In addition, the Hobby Club donated ten percent of the revenue generated by the Art & Craft Sale to this worthy cause.

But wait, here's another way you can help Dunedin Cares. The Christmas toy drive last year was so overwhelmingly successful that we are sponsoring it again this year. Everyone throughout the Lake Haven community is invited to join Park #1 by donating a new, unwrapped toy (or toys) which will be donated to Dunedin Cares. We've made room for these gifts under the Christmas tree in Clubhouse #1. Last year, Dunedin Cares invited children from a needy Dunedin church as well as those from the needy families they supply with food to pick out a toy. It was a joyful occasion especially since the kids got to select what toy they wanted; for some, it was the only gift they received. Thanks in advance for your participation and generous heart.....you're the greatest!

The clubhouse and pool area are looking very festive all decked out for Christmas. We thank those who showed up to help decorate – many hands made it an easy task. Now we get to enjoy the fruits of our labor all month long.

Hopefully you have purchased your ticket to the annual Christmas Party by now as we are required to give the caterer the final attendance count two weeks in advance. Our Christmas Committee – Carolyn Bailey, Janel Balogh and Kendra Perenyi – have toiled long and hard to ensure a fun night. I'm certainly looking forward to the mouth-watering buffet and entertainment by Neil Diamond impersonator Bobby Palermo. It's gonna be a grand celebration.....wear your dancing shoes.

Again, don't forget the Community Sale is scheduled for January 28; we eagerly await your donations. A flyer with full details will be distributed in early January. In the interim, contact either me or Lei Crance if you need to have donations picked up. When you call, please be prepared to give us a few days advance notice as we may have conflicting personal or Association commitments already scheduled at the time of your call.

We extend our deepest sympathy to Molly & Ron Bassett on the loss of their son in a tragic traffic accident.

On behalf of the Association, have a blessed holiday celebration and every good wish for a happy and healthy 2017.

LET THERE BE PEACE ON EARTH AND LET IT BEGIN WITH ME

HAPPY HANUKKAH MERRY CHRISTMAS HAPPY NEW YEAR

Happy  
Holidays!

# LAKE HAVEN TREASURE COVE HAPPENINGS

By Bob Baker, Treasurer, Park 2 Association

**FINAL NOTICE:** Although this is the December issue of The Happenings, I hope that you are reading this before November 30th, 2016 as Wednesday, November 30th is the last day that reservations will be accepted for our Annual Treasure Cove Christmas Dinner at 6:00 p. m. on Wednesday evening, December 14th. The entrees are Prime Rib or Chicken Marsala. The dinner is free for Park 2 Association members who have paid their dues for 2016. For other Park 2 residents the cost is \$31.00 or \$36.00 per person depending on the entree ordered.

Also, please remember that after the dinner, we will have a Chinese gift exchange and each person attending the dinner should bring a wrapped gift. It may be either a “white elephant” type item or one valued at \$5.00 or less if it’s a new item.

We’ll have our monthly potluck dinner on Sunday, December 4th as usual but because of the Christmas Dinner, there will **not** be a “cookout” dinner this month on the third Sunday.

Remember also the monthly Park 2 Association meeting in the club house at 7:00 p.m., Monday night, December 5th. All members are encouraged to attend.

The main agenda item for the December meeting is the election of officers and directors for the next two years beginning in 2017.

Later this month, the association treasurer will begin collecting Park 2 Association dues also the Lake Haven Mobil Home Owners Association dues. All residents (homeowners and renters) of Park 2 (Treasure Cove) may belong to the Park 2 Association. Annual dues are \$5.00 **per person**. Only home owners may belong to the Lake Haven Mobil Home Owners Association whose annual dues are \$5.00 **per lot**.

Remember card games are played in our club house every Wednesday (December 14th excepted) with Hand and Foot games beginning at 1:00 PM and Pinochle at 6:45 PM. Residents from all 3 parks are welcome. Organizer, Becky Love, Lot 295, says “Come even if you only want to learn to play the games”! It’s easy and lots of fun”!

We need volunteers to decorate the pool area with garland and lights for Christmas. Please contact Bob Scott, Lot 277, if you can help with this project.

We will also need male volunteers to manage the white elephant sales next March in the shuffle board court (tools, furniture, electrical items etc.). Some of the men who did these jobs in the past no longer live here so please see Bob Scott if you can help when the time comes.

## 727-223-8665

Also, we currently only have a few items to sell to enhance the association treasury. We desperately need items to sell. It's the monies raised from this once a year sale that pay for most of our activities and lets us keep our membership dues low. Please contact Bob Scott If you have larger items, especially good usable furniture, which needs to be picked up and stored until the sale.

With that, HAPPY HOLIDAYS and a GOOD NEW YEAR to all!

## From our family to your family

Morton Plant Hospital got its start in 1914 when several local women asked railroad magnate Morton F. Plant to fund a hospital. He agreed, if the community would also make a substantial contribution. They took the challenge and the hospital opened in 1916. Throughout the years, the hospital served the community, and the community gave back, ensuring that generations of families would be able to count on the compassionate, quality care provided by Morton Plant Hospital.

One of the most noteworthy hospitals in the nation, Morton Plant Hospital was founded because a community cared. And 100 years later, one thing remains the same — our commitment to caring for your family.

*The new Doyle Tower at Morton Plant Hospital, scheduled to be completed in 2017. Another example of how the community gave back.*

# LAKE HAVEN GREAT GUANA CAY HAPPENINGS

By: Linda Parker, President, Park 3 Association

November was a fun and exciting time. At the first meeting we signed up well over 40 members, and we have added significantly to that number. We had a full house for the first Pot Luck. The pre-Christmas Sale was a big success. Thanks so much to all of those who worked and baked all of the goodies. The delicious Thanksgiving Dinner was well attended and a big hit again. We are off to a great start and it looks like another wonderful season is ahead of us.

Merry Christmas and Happy Holidays to everyone. December kicks off with our Park III Association meeting on Wednesday, December 7, at 10:00 AM. It's both informative and fun, so be sure to attend if you can. Coffee and donuts will be served.

The BIG event for December is the Gala Christmas Party, which will be held on Tuesday, December 13. Dinner will be served at 6:00 PM. Dancing with music by Carlo will follow from 7:00-10:00 PM. This will be a fully catered, gourmet dinner, and will be served family style. Dessert, beer, wine, and soda will be included. We are confident that everyone will enjoy this new approach. Complete details will be placed in your information tube and sign-up sheets will be placed in the clubhouse. We will need to provide an exact number to the caterer. Tickets can be purchased from Kay Tupper #504 and Glo Biggs #419.

Be sure to place your clean aluminum cans in the receptacle in the picnic area. This is a good source of revenue for the Association. Bill Battle at #444 is continuing to collect membership dues at \$10.00 per person.

As always, thanks so much for all of your overwhelming support.

MERRY CHRISTMAS!! To everyone. Safe travels to our friends who travel back home for the Holidays.

## Did you know that December is also...

**Buckwheat Month.** Designated the “December Grain of the Month” by the Whole Grains Council, buckwheat contains higher levels of zinc, copper, and manganese than other cereal grains, along with a very high level of protein. It’s used in soba noodles, crepes, blintzes, pancakes, and other delicious foods.

**National Impaired Driving Prevention Month.** This holiday season, make sure to plan for a safe way home, especially if your plans involve alcohol. If someone you know is drinking, don’t let that person get behind the wheel. Remember, too, that just because you’re driving sober, others on the road may not be. Always buckle up, drive with caution, and call 911 to report a suspected drunken driver.

**Safe Toys and Gifts Month.** Prevent Blindness America has declared December Safe Toys and Gifts Awareness Month, encouraging gift-givers to consider whether the toys they plan on giving suit the age and individual skills and abilities of the child who will receive them—especially for children under age 3.

**Universal Human Rights Month.** This month commemorates the Universal Declaration of Human Rights, adopted by the General Assembly of the United Nations on Dec. 10, 1948. Driven by the human tragedy of World War II, this document represents the first global expression of human rights.

**National Handwashing Awareness Week, Dec. 4-10.** Remember these four principles of hand awareness to stay healthy: Wash your hands when they’re dirty and before eating; don’t cough into your hands; don’t sneeze into your hands; and avoid putting your fingers into your eyes, nose, or mouth.

**Older Driver Safety Awareness Week, Dec. 5-9.** Promoting greater understanding of the importance of mobility and transportation so older adults can remain active in the community by shopping, working, or volunteering—with the confidence that lack of transportation options will not strand them at home.

**Computer Science Education Week, Dec. 5-11.** Computer Science Education Week (CSEdWeek) is an annual program dedicated to inspiring K-12 students to take an interest in computer science. CSEdWeek is held in recognition of the birthday of computing pioneer Adm. Grace Murray Hopper (December 9, 1906).

**Kwanzaa, Dec. 26-Jan. 1.** A weeklong celebration held in the United States and in other nations honoring African heritage in African-American culture, culminating in feasts and gift giving. Kwanzaa was created by Maulana Karenga and was first celebrated in 1966–67.

## The smell of hate

A teacher decided to play a game with her class. She told each child to bring in a plastic bag containing a few potatoes and to give each potato the name of a person that the child didn't like. The number of potatoes that the children put in their plastic bag would depend on the number of people they don't like.

The next day some children had two potatoes, some had three, and some had five potatoes or more. The teacher then told the children to carry the potatoes with them wherever they went for a week.

Days passed, and the children started to complain about the unpleasant smell let out by the rotten potatoes. Also the children with five or more potatoes complained because they had to carry heavier bags. The children were relieved when the game finally ended.

Then the teacher told them the meaning of the game: "This is what happens when you carry hatred for somebody inside your heart. The stench of it spreads everywhere, and you carry it with you wherever you go. If you can't tolerate the smell of rotten potatoes for just one week, can you imagine what is it like to have the stench of hatred in your heart for a lifetime?"

## The elephant's teeth

One day a hungry mouse in the jungle found a small nut. He tried to bite into it, but its shell was too hard and thick. Irritated, the mouse said, "Why did the gods give me such tiny teeth?"

Suddenly he heard the voice of a god from far above. "Mouse, go out and look at all the animals in the jungle. If you find one whose teeth you like, I'll give them to you."

Overjoyed, the mouse ran through the jungle, looking for the biggest teeth he could find. He looked at many animals but didn't find any teeth he liked until he spotted an elephant. Envious of the beast's thick tusks, he wandered over and asked, "Sir, are you happy with those big, long teeth?"

The elephant answered: "Friend, these are just for show. I can't use them to chew food as you do. At least you don't have to bear the weight of these huge teeth."

Hearing this, the mouse realized he was better off having tiny teeth and went off to find his nut again.

## **‘Smart windows’ coming soon?**

---

**A** new flexible material for windows and sunroofs may be able to control the heat and light they receive from the sun, according to the Phys.org website. Scientists at the Cockrell School of Engineering at The University of Texas at Austin used a low-temperature process to create a material with a unique structure that doubles the efficiency of the coloration process, allowing it to switch between clear and tinted more quickly than other coatings.

The scientists, part of an international team, believe their research could lead to the creation of materials for other applications such as supercapacitors to store and release electrical energy rapidly and efficiently.

## **Rare shark may have lived almost 400 years**

---

**T**rees can live thousands of years. Animals don’t live nearly so long, but scientists have discovered what they believe may be the longest-living vertebrate animal—a Greenland shark. Analyzing carbon in the eye lenses of one Greenland shark after its death, marine biologists at the University of Copenhagen determined that the shark was 392 years old, give or take about 120 years. That beats the previous record holder for vertebrate longevity, a bowhead whale that lived about 211 years.

Little is known about the Greenland shark. It’s one of the largest carnivores in the world, and dominates the food chain in northern waters. The scientists studied Greenland sharks accidentally caught by fishing boats, analyzing their eye lenses because sharks don’t have the kind of bones that build up calcified rings as they age. Although some scientists disagree that the shark’s age is typical, they concede that we know little about the average lifespan of this mysterious predator.

## **Particles may halt bleeding, save lives**

---

**S**aving a life after an accident or injury is often a matter of stopping blood loss as quickly as possible. The Science Daily website reports that scientists have devised nanoparticles that can locate the site of a bleed and help form blood clots to stanch the flow.

The nanoparticles are coated with molecules that adhere to a glycoprotein in activated blood platelets and bind to those platelets to form clots. The particles have been tested in rats and pigs, and they soon will be tested for their effectiveness in human blood—potentially saving thousands of lives.

## Watch the sunrise for better health

---

**W**ant to lose some weight? Try getting out of bed earlier. In a study conducted at Northwestern University, researchers gave 54 people wrist monitors that tracked their sleeping patterns and exposure to light for a week and asked them to keep detailed records of what they ate. The researchers also measured participants' activity level and age, as well as the season they were being monitored.

The researchers found that exposure to early morning light, whether natural or artificial, was associated with a leaner body weight. The reason, they speculate, is that light may play a role in regulating the metabolism, similar to its effects on wakefulness and alertness. The connection isn't conclusive, but getting up a little earlier couldn't hurt.

## Coffee may benefit heart attack survivors

---

**I**f you've suffered from a heart attack or know someone who has, this news should perk you up: A study by York University in the United Kingdom found that drinking one or two cups of coffee a day can apparently cut the risk of premature death by 20 percent among heart attack patients.

Researchers kept track of 3,721 U.K. heart attack survivors and their coffee habits in the UK. They're not sure how coffee helps them, but other studies suggest that drinking three to five cups of coffee daily has a beneficial effect on people with Parkinson's Disease, and it may also help people with liver cancer.

## Don't let wet dishes breed disease

---

**M**ake sure your clean dishes are completely dry before you start putting them in the cupboard. Researchers have found that still-wet, stacked dishes can be prime breeding grounds for bacteria. In one study at a Veterans Affairs hospital, dishes were washed in a commercial dishwasher. Half were air-dried for 24 hours and the other half stacked while wet. Although researchers found no significant difference in the amount of bacteria found on either sets of plates after 24 hours, the dishes stacked wet teemed with bacteria after 48 hours. The best solution? Air dry.

## To tip or not to tip? That soon may not be the question

Tipping serves in restaurants may not be going away completely, but more and more owners are experimenting with a no-tipping model for their eateries. A survey by American Express found that approximately 18 percent of restaurant owners have already adopted a no-tipping policy, and another 29 percent are planning to do so.

Still, 27 percent of respondents said they have no plans to eliminate tipping, though 17 percent said they might if competitors did so as well. Ten percent were undecided.

## There's an app for that, but many won't use it

Will developing a mobile app help your organization increase sales or boost your brand? Don't be too quick to jump on the bandwagon. According to data from Localytics, an analytic firm, 23 percent of users delete a new app from their device after just one use. The good news is that it's a slight improvement from 2015, when 25 percent of users did away with their apps after trying them once. Overall user retention increased from 34 percent to 38 percent in the last year as well. Even so, 62 percent of customers will use an app less than 11 times.

## Digital content taking over schools

The digital revolution has come to U.S. classrooms, according to the Digital Publishing News website. More than 80 percent of schools use some form of digital content such as e-books, audiobooks, and digital textbooks in teaching.

What devices are they and their students using? Laptops (75 percent), tablets (62 percent), personal computers (49 percent), and smartphones (17 percent).

IN THE ARITHMETIC OF LOVE, ONE PLUS ONE EQUALS EVERYTHING,  
AND TWO MINUS ONE EQUALS NOTHING.  
—MIGNON MCLAUGHLIN

## The professional

A woman at work received a phone call that her daughter was very sick with a fever. She left the office and stopped by the pharmacy to get some medication, but when she got back to her car she discovered that she'd locked her keys inside.

Desperate, she started to pray: "Dear God, please help me get back in my car so I can help my daughter."

Just then a man pulled up on a motorcycle. He had a long beard and his arms were covered with tattoos. He asked what the matter was, and the tearful mother told him.

"Don't worry," the motorcyclist said. "I can get inside the car." He went into the drugstore and came out with a coat hanger. In minutes, he had the door open.

"Oh, thank you!" the woman cried. "I prayed for someone to help me, and God sent me the kindest man in the world!"

Embarrassed, the man took a step backward. "I'm not actually a good person, ma'am. In fact, I just got out of prison last week for stealing cars." The woman looked up toward heaven. "Thank you, God, for sending me a professional!"

## Youngsters have some good and creative ideas

Children are naturally creative and inventive because they don't know what's impossible. Try checking out these inventions created by kids across the years:

- **Trampoline.** Sixteen-year-old George Nissen was captivated by the sight of trapeze artists dropping into nets at the finish of their shows in the 1930s. In his parents' garage he developed the "bouncing rig," a metal frame with canvas stretched over it. Years later he switched out the canvas for nylon and came up with a new name—"trampoline," adding the letter e to the Spanish word for "diving board."
- **Popsicle.** One cold night in San Francisco in 1905, 11-year-old Frank Epperson mixed up a concoction of soda water powder and water and left it outside all night. In the morning he looked at the frozen mixture with the stirring stick still inside and realized it might be fun to eat. He began giving them out as treats, and as an adult patented the product with the name "Eppsicle"—later changing it to "Popsicle" after his own children started calling it by that name.
- **Earmuffs.** At age 15, Chester Greenwood's ears grew painfully cold while ice skating. A scarf around his head didn't help, so he went home, built a wire frame, and asked his grandmother to sew some beaverskin pads to it. Greenwood patented his earmuffs in 1877 and eventually sold them to soldiers fighting in World War I.

## Use these three boxes for creative thinking

Experts often encourage people to think outside the box when trying to be creative. According to K.H. Kim, writing at The Creativity Post website, you should consider three distinct boxes to unleash your imagination:

- **Inside box.** This box holds your expertise and knowledge, and it's useful for narrowing things down, focusing on specifics, and identifying options.
- **Outside box.** This box is flexible and holds all the possibilities. Let it relax your focus and explore everything, whether it's related to what you're working on or not.
- **New box.** This box lets you synthesize and refine ideas so you can implement them effectively. Use it to connect ideas and find new ways of approaching problems.

## Seeing Santa Claus

---

A grandmother took her grandson to the shopping mall in December to see Santa Claus. The young boy was very excited to sit on Santa's lap. "Now, little boy," Santa said, "tell Santa what you want for Christmas."

In a very loud voice, the boy said, "I want a NINTENDO, and a NEW BIKE, and some BOOKS, and—"

"You don't have to shout," Santa chuckled. "Santa isn't hard of hearing."

The boy leaned forward and whispered, "No, but my grandma is."

## Wrong answer

---

A man was being sentenced in a California court for shooting and eating a condor—an endangered species. Looking for mercy, the defendant made a passionate speech.

"I'm truly sorry, your honor," he said. "I just moved here and I don't have a job, and I was hungry and cold. I'd never seen a bird like that, and I had no idea it was endangered. I've never done anything like this before, and I'll certainly never do it again."

The judge gave him probation, telling him not to let it happen again. Then he said: "I'm curious. What does a condor taste like?"

"Oh, kind of like a cross between a whooping crane and a spotted owl."

## Reduced sentence

---

A criminal with a long record of transgressions was on trial for his latest crime. The jury found him guilty on 33 counts, and the judge sentenced him to 189 years in prison. Realizing that even with time off for good behavior he would be more than 100 years old when he was finally released, the prisoner burst into tears.

Touched by this display of remorse, the judge paused to reconsider. "I didn't mean to be so severe," she said. "Thinking it over, I can see that I've imposed an extremely harsh sentence. So you don't have to serve the whole time."

The prisoner beamed with new hope until the judge leaned toward him. "Just do as much as you can."

## You can't miss these December holidays

The celebrations and holidays of December come from many different countries and cultures. Here's a guide to what your friends and neighbors are up to this month:

- Hanukkah, Dec. 24-Jan. 1. Hanukkah marks the rededication of the Temple of Jerusalem following the Jews' victory in the Maccabean Revolt in 165 B.C. According to the Talmud, the Jews had only enough olive oil to keep the eternal flame in the Temple burning for a single day—but miraculously, the oil continued to burn for eight days, during which time the Jews were able to produce and consecrate fresh oil for the flame. The eight-day Jewish holiday begins at sundown. Hanukkah is observed by the lighting of a nine-branched candelabrum, called a menorah. One candle is lit each of the eight nights, with a central candle lit each night to light the others.

- Christmas, Dec. 25. This Christian holiday celebrates the birth of Jesus, sometime between the years 7 and 2 B.C. The word "Christmas" comes from "Christ's Mass," a phrase first recorded in old English in 1038. Christmas began to be observed with feasts and celebrations in the Middle Ages—the online encyclopedia Wikipedia notes that King Richard II of England hosted a Christmas feast in 1377, with 28 oxen and 300 sheep eaten. The colonial Puritans of New England disapproved of Christmas celebrations, banning them during the 17th century. But other colonists observed the day with Christmas trees and nativity scenes. President Ulysses S. Grant signed the law making Christmas a federal holiday in 1870.

- Kwanzaa, Dec. 26 to Jan. 1. A seven-day celebration of African heritage and culture, Kwanzaa was created in 1966 by activist Maulana Karenga to provide African-Americans with a holiday that emphasized their shared history and experience. The name Kwanzaa derives from "matunda yakwanza," a Swahili phrase meaning "first fruits." Houses are decorated with African art and colorful cloth, and seven candles are placed in the kinara, a candleholder. The central candle in the kinara is black, with three red candles on the left and four green candles on the right. The candles represent the Seven Principles of Kwanzaa, which are contemplated each day as one is lit: unity, self-determination, collective work and responsibility, cooperative economics, purpose, creativity, and faith.

## Watch your manners when you travel

Traveling abroad is stressful enough without accidentally offending the people you're visiting. Check out these warnings from the BuzzFeed website to steer clear of a faux pas in a foreign nation:

- **China.** Don't give any kind of gift with the number four in it. The Chinese word for "four" sounds close to the word for "death."
- **Denmark.** You'll show bad manners if you take the last item of food of a plate. If you want a little more, take only part of it and leave the rest.
- **India.** Use your right hand when eating or passing food, never your left. The left hand is considered unclean in India, as well as other places like Africa and the Middle East.
- **Japan.** Don't stick your chopsticks straight up in a bowl of rice. Rice is presented this way during funerals. Doing it at a meal will be seen as bad luck.
- **Mexico.** Your server won't bring your check to the table before you ask for it, so don't assume he or she isn't paying attention to you.
- **Netherlands.** Never give a knife or anything with a sharp edge (like scissors) as a gift. They're considered unlucky.
- **Venezuela.** Show up on time for a business meeting, and you'll appear greedy and rude. You're actually better off being 10 or 15 minutes late.
