PARADISE ISLAND UPDATE

Pat Walker, Association Secretary

If you are reading this article it is due to the kindness of Monthly Media as I am submitting it WAY past the due date. No excuses, I just plain forgot. I am old you know.

Thanks once again to Carolyn Bailey for preparing the annual Thanksgiving Pot Luck Dinner – turkeys baked to perfection, as always, and the side dishes you all contributed were mouth-watering. Great time was had by all.

The Hobby Club thanks you all for your support of their annual Arts & Crafts Sale. If you missed it, your bad – as there were tables and tables of unique items.

Thank you for your donations to the Dunedin Cares Food Pantry. This month we are requesting donations of new, unwrapped toys which will also be donated to Dunedin Cares and distributed to needy families in the Dunedin community. Your generosity will be much appreciated.

The bi-annual “Special Bingo Night” was successful as always – funny how large the crowd is when there is additional money to share. This year we also included a Jackpot game and a Jackpot Drawing which garnered a lot of attention. There will be no Bingo on December 27 due to the holidays.

The Christmas Party Committee – Carolyn Bailey, Lei Crance, Marcia Lilley and myself hope that you will enjoy this year’s event on Saturday, December 8. The food should be delicious and Carlo will provide the dancing music. We want to express our deep appreciation to those volunteers who decorated the clubhouse and pool area – so festive! Great job. Also, thanks to all who volunteered in any capacity during the year, we are in this together and we couldn’t do it without you. THANKS

See you at the party and again at the January Association Meeting.

Treasures Cove Going Ons -

Hello Treasure Cove and Happy Holidays to All –

Wow, can you believe that its December 2018. It is such an exciting time of year, decorations are going up, people are feeling festive, lots of shopping going on, oh and the snowbirds are returning. We look forward to seeing more of you now that the weather is turning cooler.

We had a so much fun at our festive Thanksgiving Celebration on Sunday, October 18th. The Turkey turned out perfect, and the side dishes – yum! The stuffing was amazing... the corn casserole was delicious as well... and lets not forget all of the amazing dishes that we shared; Sweet Potato Casserole (one of Terri Salzburgs' favorites), fresh Cranberry, Mashed Potatoes, Green Beans...mmmm good!!!! And the desserts, the outstanding Cheesecake – Thank you Lori Witkin-Mocerino it was delicious! And the Pumpkin Role and Peach Cobbler– over the top delicious. And the music, PERFECT. Its nice that we can come together as a community and enjoy such a special time of the year together. We had a great turn out and everybody really enjoyed the night.

And now we have Christmas and New Years to enjoy together as a community. If you are in the festive mood this year, we would love to see you join in the 2nd Annual Christmas Decoration Contest. The Board is still working on the details, but we will for sure be continuing this tradition that we started last year. We are looking forward to seeing the decorations go up, and can't wait to see if we even have more participants this year.

And the Christmas Party details are finalized. Its going to be very festive and an absolute blast. We will be having the party catered by Delectables Fine Catering... and this years menu is outstanding. We will be having Prime Rib, Mahi Mahi, Creamy Chicken, Seasoned Red Potatoes, Vegetable Medley, and Dinner Salad. The desserts will be homemade Cheesecake by Lori Witkin-Mocerino and Baklava by Terri Salzburg. And were planning on assorted homemade Christmas Cookies. And we have our beloved DJ coming back.... Please consider joining us. The date is December 15 (Saturday) and it begins at 6 PM. The ticket prices are \$15 for members and \$20 for non members & guests.

To all of those in Treasure Cove and all of Lake Haven, we wish you peace and joy in this Holiday Season, and may your holiday be filled lots of family, friends and fun.

Reminders...

We have the board elections coming up. The election takes place at the Annual (January) Meeting (2nd Tuesday of the Month). We will be announcing the candidates at the December meeting, and at that meeting anyone on the floor that wants to put their name in can also be put on a Ballot. Once the January vote is determined, the results will be announced, and that board will be the new leadership starting February, 2019.

We also have the Annual Membership Drive coming up. We would love to have all join, and everyone is welcome. Look for correspondence coming up regarding membership for 2019.

And lastly, remember, our Annual Garage Sale (White Elephant/Bake Sale) fundraiser is coming up in February, it's a great time to get the clutter out. You can start putting any items you many have in the back corner of the clubhouse.

December Happenings 2018

December is now upon us and the Christmas Holiday is right around the corner. November was a very busy month for all of us here in Park 3. We ended October with a well attended dinner on the 28th. It was a great start to the year and we look forward to holding it again next year. Thank you to all that attended. The month went fast with our first potluck of the year immediately followed by our pre-Christmas sale and our annual Thanksgiving Dinner. A special thank you to our residents that participated in our sale with donations, purchases, a helping hand or that just dropped by for lunch. It takes a team to put together the events and we certainly do not lack for volunteers. Thank you all.

December is generally pretty quiet except for a few Christmas parties. The Park 3 party will once again be hosted by Mike and me with the help of other family members. The details have been distributed and tickets are on sale. Please feel free to give me a call if you have any further questions. We are looking forward to some new entertainment by Mr. Allon Sams that some of you may have heard playing downtown Dunedin at the Living Room on Main. We look forward to seeing you there.

For those of you traveling over the holidays, be safe and enjoy the time with your family and friends. We will be kicking off the year with our always popular soup & sandwich potluck featuring several different types of soups and stews for your tasting. Be sure to check your calendar of events and the clubhouse bulletin board so you don't miss a thing.

Have a very Merry Christmas and Happy New Year!

Linda Parker, President Park 3 Association

Coldest place in the world

You may think it's cold where you live right now—if you're in the northern hemisphere, at least—but scientists have located the absolute coldest spot on Earth. No surprise—it's in Antarctica.

The National Geographic website reports that satellite data have identified an ice sheet in the middle of the southern continent with a temperature of minus 144 degrees Fahrenheit. This breaks the previous record for the chilliest place on the globe—minus 128 degrees, recorded in 1983 at the Russian Vostok Station close to the South Pole. At that low temperature, breathing itself is dangerous—more than a few breaths would make your lungs hemorrhage.

Chances are we won't find any colder places. Increases in greenhouse gases and water vapor in the air have scientists expecting a rise in temperatures across the Antarctic of three to four degrees in the coming years.

Next time around

A student spent a semester abroad to learn about life in a different culture. Each day he left the home of his host family to walk several miles to the school for his classes. Along the way he'd pass a river.

Seated near the bank of the river was an old man. He was there every morning and also in the evening, no matter the time. He was also there on the weekends, sitting and staring off into the horizon, not interested in the comings and goings of the world around him.

After several weeks, the student's curiosity got the better of him. He approached the man and initiated a conversation. Eventually, the student asked the man why he sat by the river all day long.

The man explained that he believed in reincarnation and that his soul had been reborn many times. He said that life was filled with many lessons and that one might be reborn and faced with the same lessons many times before ascending into a different life the next time around.

He went on to say that some lifetimes were good, others were not. "This life is neither beautiful nor challenging, nor interesting nor exciting," the man said to the student. "I'm content to sit out this one."

The high cost of health care surprises many

Have you ever opened a medical bill and been stunned by how much you owe? You're not alone. The EurekAlert website reports that 57 percent of Americans adults have been surprised by a medical bill because they thought the services were covered by their insurance. Twenty percent of them say the costs were because their physician wasn't in their network.

The costs have different origins. The most common are for physician services (53 percent), laboratory tests (51 percent), health care facility charges (43 percent), imaging (35 percent), and prescription drugs (29 percent).

Life it is not just a series of calculations and a sum total of statistics; it's about experience, it's about participation, it is something more complex and more interesting than what is obvious.

—Daniel Libeskind

Alcohol a major contributor to deaths worldwide

A cold beer or a stiff drink may be relaxing, but according to a USA Today article, alcohol is associated with 2.8 million deaths a year, and was the seventh leading risk factor for premature death and disability in 2016.

As reported in a study written up in the medical journal The Lancet, researchers looked at almost 700 studies from around the world to investigate alcohol's health risks in 195 countries. Their findings included the fact that alcohol was associated with almost one in 10 deaths of people 15–49 years old, contributing to tuberculosis, car accidents, and self-injury. With people over 50, cancers were a leading cause of alcohol-related deaths—27 percent of deaths in women and 19 percent in men.

The study's lead author, Max Griswold of the Institute for Health Metrics and Evaluation at the University of Washington, advises: "If everyone cut their consumption in half, we could save a million lives globally."

Huge iceberg heading north

A massive iceberg is on the move. Scientists expected A-68, which split off from the Larsen Shelf in Antarctica in July 2017, to start crumbling shortly after the break. Instead, it remained mostly intact and anchored in a shallow seabed.

Now it's beginning to drift. Satellite images show it swinging counterclockwise to the north, due to a combination of ocean currents and weather conditions. Although it's lost some large chunks of ice, it's still almost as big as it was since the initial breakup—four times the size of the city of London, according to the UPI website, with a volume twice the size of Lake Erie and a weight of more than 1 trillion metric tons.

Scientists predict that A-68's drifting will dig gouges in the sediment of the seafloor beneath it. As it becomes increasingly exposed to warmer water, it will likely continue to spin and drift away from its birthplace near the South Pole.

Cheese has a long history

Cheese has been popular for a lot longer than you may have thought. An analysis of ancient pottery from the Dalmatian Coast of Croatia has discovered traces of fermented dairy products like soft cheese and yogurt from some 7,200 years ago, according to the Science Daily website.

The discovery means that cheesemaking is 4,000 years older than previously known. Milk pottery from 7,700 years ago has been found in the area, indicating that our ancient ancestors had milk in their diets—at least their children up to about age 10. (DNA analysis shows that adults at that time were lactose intolerant.)

The development of cheese production changed the style and form of pottery as well. Among the artifacts found at the site were sieves, which are often used to strain milk when it becomes curds and whey. The sieves contained evidence that they had been used in secondary milk processing to make cheese or other dairy products.

VINYL IS FINAL

"...I am so happy with my new windows...I'd like to commend your work crew. Earbie and Larry were fantastic! I couldn't believe the clean-up EVERYDAY! The whole job took just a week even with all the rain delays. I would and WILL highly recommend your company to my friends and neighbors. Of course I won't need to say a word - the house is doing all the talking! Thank you so much for my beautiful new house."

Carol Zapiecki, Clearwater, FL

"Just a short note to express my appreciation for the work done on my mobile home. The crews that worked here...were gentlemen at all times, efficient, knowledgeable and prompt. You can be sure if I run into anybody who needs your type of work, I will surely recommend your company. It has been a very satisfying experience!"

Lack of sleep and heart disease

The key to good heart health—and good health in general—may be a good night’s sleep. According to a UPI article, a Swedish study has found that the risk of developing cardiovascular problems is double for men who sleep five hours or less a night.

Researchers tracked 798 men for 21 years, categorizing them by sleep pattern: five hours or less, seven to eight hours, and more than eight hours. The results indicated that the group sleeping five hours or less had twice the risk of a major cardiovascular event by 71, even after adjusting for such risk factors as obesity, diabetes, and smoking.

Yet one more reason to get your rest.

What to do when someone isn’t conscious

Someone is unconscious—not asleep, but out cold. What should you do? Call 911, of course, but while you’re waiting, here are some tips from the Medical News Today website for helping out:

- Ask whether they’re OK. If the person responds, ask some basic questions like their name, birthday, or the date. Wrong or confused answers could signify a brain injury.
- Check their airways. If the person doesn’t respond, determine whether they’re having difficulty breathing. If you see something lodged in the throat, try to remove it with a one-finger swipe. Otherwise don’t go exploring—you may push an object deeper down the person’s air passages.
- Don’t put a pillow under the person’s head. This can disrupt his or her breathing.
- Check for bleeding. If the unconscious person is losing blood, apply pressure to the wound or wrap a tourniquet above the area to slow blood loss until emergency personnel arrive.
- Don’t make them sit up. If a spinal cord injury has occurred, this could be dangerous. If the person is breathing and there’s no sign of a spine injury, roll him or her onto the side and adjust the legs so that the hips and knees are at right angles, and tilt the person’s head back gently to keep the airway open.

Michael Crofts
FL Licensed Independent
Health Insurance Agent

Health insurance decisions can be confusing due to endless coverage changes and many policy types. Fortunately, there is someone who can work diligently to help and without cost to you – Michael Crofts, owner of Best Plan Choice.

Through his own healthcare experience Mr. Crofts learned the value of good health coverage and quality medical care. He dedicates his agency to helping people with Medicare and Medicaid needs. You can visit the office to learn about Medicare plan options or he will come to your home.

Every year your Medicare health plan coverage changes even if you do not change plans. Also, new products are introduced and many offer benefits beyond original Medicare and/or Medicaid plans. Baby Boomers had completely different insurance products during their working years. The indemnity and major medical policies are no longer the only choice and often do not meet the financial needs of consumers today.

Don't waste time trying to figure it out. Michael will sit with you and review all of the documents, and answer all of your questions. Most importantly, he will conduct a needs analysis to determine your individual needs – if you expect a hospitalization, use certain medicines, or want benefit like dental or vision – everything is taken into consideration.

Best Plan Choice is there to help you make the right choice and is available long after the policy is written. This means helping with doctor changes, plan questions, annual review of your benefits, and of course taking great care of any friend or family member you refer. At Best Plan Choice clients become friends, and friends become clients.
