PARADISE ISLAND UPDATE

Pat Walker, Association Secretary

Not much to report on August activities as it was a quiet month. We took the easy way out and ordered Publix fried chicken for pot luck dinner – it was a nice change and everyone said it was delicious. Guests from the other two parks attended and as always it was a joy to have them join us. Lots of folks pitched in to clean up afterwards – thanks so much. We again prevailed on Chuck Oller to man the grill on Hot Dog Night – he is such a gem and never says no regardless of the weather. Thank you Chuck!

The HOA Board and ELS held their quarterly meeting. Little news from that meeting to report other than the interior clubhouse painting was scheduled to begin in early August starting in Park #3; all three clubhouses should be completed by the time you read this. The HOA board continues to voice concern with issues which have gone unresolved for an extended period of time. We continue to be hopeful that many Prospectus-related violation issues will be resolved through the annual full-unit outside inspection and follow-up procedure.

ELS Regional Management did confirm that guest parking passes are never required. Any non-commercial vehicle legally parked in the driveway or at the pool will not be towed. The ELS-issued resident decals are for ELS records only and have nothing to do with towing.

Labor Day is September 2 and in keeping with tradition we will have a pool party and cookout in lieu of a September pot luck dinner. Hot Dog Night will be on Saturday the 21; and for you Bingo aficionados, weekly games commence on September 19. Can you believe autumn begins on the 23rd—that reference must be for the northern states as it will still seem like summer in Florida.

Don't forget monthly Association meetings start again in October; they are conducted the first Saturday of every month through May— free coffee and donuts at 8:30AM, meeting starts at 9:00AM. All Paradise Island residents are welcome to attend; however, only dues-paid Association members are authorized to vote on issues.

Have a great month!

Treasure Cove Goings-On

Hello All in Treasure Cove!

Bye Bye August, you were way too hot.... September may still be warm, but we can look forward to a bit cooler days, which is something I think we are all looking forward to. For our friends and family up North, September marks the end of their Summer Season, but not Floridians, the best is yet to come!!!!

It is pretty interesting that most Holidays we obviously know the purpose of without a second thought, but Labor Day, I had to do some research on. Did you know that the original purpose of Labor Day is to honor Social and Economic Achievements of Workers in America during the Industrial Revolution... and the Holiday originated on September 5, 1882, as the Central Union of New York City sought to create a day off work..... pretty interesting , who knew!

Since we don't see much of each other in the Summer time, those residents we have not had a chance to meet yet, you will meet us soon. September/October is really when the fun Party Season begins here in Treasure Cove.

Please keep an eye on your tubes for upcoming events.

Notes from the Board of Treasure Cove

- On behalf of Treasure Cove residents, we would like to say Thank You to Lake Haven Management for painting the inside and outside of our clubhouse. And from what I understand, as of the last HOA Meeting, next to clubhouse improvements is new Curtains. Yeah.... We are so ready for an updated look in our clubhouse.

Written by Terri Salzburg, President

“GOSSIP FROM GUANA”

Ralph Crance, (acting President)

Things are really happening this summer and they are good!

Our clubhouse is undergoing a serious makeover – painted both inside and out. The bright new color combination on the outside is getting rave reviews. Scheduled shortly entire renovation of the rest rooms.

We’re pleased to welcome our new (to us) Park Manager, Lori Frieze. Friendly, charming, concerned, gracious, helpful, are just some of the adjectives that come to mind. AND by the way, we’re also blessed by the return of Bobbie Tschirhart. Bobbie – as in the past – brings the administration and attitude of the office up to a whole new level.

Bobbie mentioned that the office is now renewing its efforts to list and sell homes. If you know anyone interested, it might be worth mentioning. Check it out.

The HOA board met with “ELS” last month. Many topics, many questions, some answers. Minutes as usual taken by Pat Walker, our secretary. They are detailed and posted in our clubhouse. Good job, Pat!

On a more social level...Sunday, September 22, Mike and Linda Parker are hosting their notable Beef and Pork Dinner at 4:00 pm. (details to follow). Membership promotion is involved (also details to follow).

Aquatic Aerobic Agony administered by Richard (Speedoman) Lilley continues every Monday and Thursday. Drowning discouraged. See the calendar.

Many of us here in the normally summer-dormant Park Three owe a kudo or two to our Park One neighbors for their summer events.

We want to wish a Bon Voyage and Godspeed to Bob Baker (Park Two) who will be leaving us shortly. Bob was an active supporter, officer and auditor for the Homeowners Association and Park Two Association.

Bob will be missed!

The pleasure of September - besides a hopefully cooler temperature – is that counting the days to the return of our good friends, but temporary neighbors, is easier. Prayers for their safe travels.

Monthly

All-American Breakfast Month. There are amazing brain benefits for kids who eat breakfast regularly. The University of Pennsylvania School of Nursing revealed that children achieve higher IQ scores if they eat breakfast. Brain scans of children who eat the most important meal of the day show more activity than the scans of children who skip it. Make sure your kids—and you—start the day right.

National Bourbon Heritage Month. This is an observance in the United States that calls for celebration of bourbon as America's "Native Spirit," celebrating the family heritage, tradition, and deep-rooted legacy that the bourbon industry contributes to the United States. Please enjoy your bourbon responsibly.

National Campus Safety Month. As students start or return to college, Clery Center emphasizes campus safety by partnering with institutions of higher education to develop programs and resources that promote campus safety, working with college and university officials to spread awareness, inform institutional policy, and effect change. For more information, go to the Clery Center website at <https://clerycenter.org>.

World Alzheimer's Month. Dementia is often hidden away, not spoken about, or ignored at a time when the person living with dementia and their family caregivers are most in need of support within their families, friendship groups, and communities. World Alzheimer's Month is an international campaign every September to raise awareness and challenge the stigma that surrounds dementia.

Weekly

National Waffle Week, Sept. 1–8. How do we love waffles? Here's a short list: 1) with butter; 2) with syrup; 3) with fruit; 4) with bacon; 5) all of the above. National Waffle Week is the time when we all get to celebrate our love for this awesome breakfast/dessert treat.

National Suicide Prevention Week, Sept. 8–14. All month, mental health advocates, prevention organizations, survivors, allies, and community members unite to promote suicide prevention awareness.

National Truck Driver Appreciation Week, Sept. 8–14. Sponsored by the American Trucking Associations, which are committed to developing and advocating innovative, research-based policies that promote highway safety, security, environmental sustainability, and profitability.

National Ballroom Dance Week, Sept. 20–29. Help make it a week to remember in your community. Sponsored by USA Dance (<http://www.usadance.org>), it's an opportunity to celebrate dancing everywhere.

Top 10 states for having fun

Where's the most fun place to live in the United States? The WalletHub website analyzed all 50 states using factors that included the cost of movies, accessibility to national parks, and casinos per capita. Here's where the fun is:

1. California
2. Florida
3. New York
4. Washington
5. Colorado
6. Nevada
7. Minnesota
8. Pennsylvania
9. Oregon
10. Texas

The least fun state? West Virginia.

Germs like these hiding places

You might think your bathroom is the germiest place in your home. You'd be wrong, according to the MSN website. Watch out for these locations that have lots more germs than your toilet:

- **Cutting boards.** To keep them free of germs, don't just rinse them in the sink. Wash your cutting board in water and dish soap, then soak in water mixed with bleach—two teaspoons for plastic, two tablespoons for wood.

- **Dish cloths.** These have everything that's necessary for bacteria to thrive: warmth, moisture, and organic material from food. Wash them often on a hot cycle and tumble-dry them in a dryer.
- **Smartphones.** You take them everywhere, including the bathroom, and you usually don't wash your hands every time you pick yours up. Clean your phone with a cloth soaked in a solution of 60% water and 40% rubbing alcohol. Wring the cloth out well so that the moisture doesn't damage your phone.

- **Keyboards.** Computer keyboards can be covered with 20,500 more bacteria than the average toilet seat. Clean your keyboard with a cotton swab dipped in rubbing alcohol while it's unplugged. Use compressed air to get rid of dirt around the keys.

- **Steering wheels.** You probably don't wear gloves when you drive, which means you're coating your wheel with germs and bacteria. Clean your wheel and other parts of your car regularly.

Bait and switch

A little girl walked into her Sunday school class half an hour late. When the teacher asked why she was so tardy, the young girl replied, “I wanted to go fishing with my daddy, but he said I had to come to Sunday school.”

Pleased with the father’s spiritual dedication, the teacher asked, “And did he tell you why he wanted you to come here?”

“He said he didn’t have enough bait for the two of us.”

How to tell you’re not in college anymore

You’re not a kid anymore. Here’s the proof:

- Your refrigerator has more food than beer in it.
- 6 a.m. is when you get up, not when you go to bed.
- You hear your favorite song—on the elevator.
- You make plans to watch the Weather Channel.
- A clean sweater and jeans are no longer considered “dressing up.”
- You have no idea how late the pizza place delivers.
- Your older relatives feel comfortable telling dirty jokes around you.
- You feed your dog Science Diet instead of cold pizza.
- A \$7 bottle of wine is no longer “the good stuff.”

Where did you start?

A child and his father were helping out an elderly neighbor. They raked the neighbor’s leaves, organized his garage, put the trash out, and did other small jobs around the neighbor’s house.

When they finished their work, the child and his father went up to the front door. The old man thanked them for their help, and then the child impulsively asked, “How old are you?”

The embarrassed father apologized for his son’s question, but the neighbor laughed. “That’s OK. He’s just curious. Young man, I’m 92 years old.”

The child stared at him. “Did you start at number one?”

We must believe that we are gifted for something, and that this thing, at whatever cost, must be attained.

How much coffee can you safely drink? A lot

Coffee lovers can be understandably confused by the mixed messages they're getting about the health risks/ benefits of their favorite beverage. Some studies have suggested that drinking too much coffee can cause stiffening of the arteries, increasing the chance of suffering a heart attack or stroke. On the other hand ...

A new study from the British Heart Association, reported on the CNN website, suggests that drinking three cups of coffee or more a day is no worse for arteries than drinking a single cup. Researchers studied more than 8,000 people in the United Kingdom, some of whom drank one coffee or less a day, others who drank one to three cups, and a third group who reported consuming up to 25 cups of coffee a day. All participants were given MRI heart scans and infrared pulse wave tests, and scientists corrected the data for such factors as age, weight, diet, tobacco and alcohol use, and other factors.

The findings appear to show that drinking three cups or more a day doesn't significantly increase artery stiffness compared with consuming just one cup. No one is recommending binging on 20 cups or more per day, but you can rest easier knowing your arteries apparently aren't in danger.

Cold or the flu? How to tell

You're coughing, sniffing, feeling achy. Is it a cold—or the flu? It can be hard to tell, but the NPR website offers this advice for telling the difference so you can be prepared when flu season takes hold:

- The flu strikes fast. If you suddenly feel flattened, chances are it's the flu. A cold will usually take several days to build up.
- Take your temperature. Colds generally cause a mild fever of 99–100 degrees Fahrenheit. The flu's fever is typically higher—101 degrees or more—and accompanied by chills and body aches.
- Listen to your cough. You'll be congested with a cold, and postnasal drip can make you cough. Flu's coughing is more severe, and can lead to trouble breathing.

In most cases, people can ride out the cold or the flu with the help of antiviral medications. However, many health factors can increase the danger—pregnancy, asthma, heart disease, and other conditions. Contact your doctor to determine whether more aggressive treatment is called for.

All the money in the world can't buy you back good health.

Too much honesty

A guy goes in for a job interview and sits down with the boss.
“What do you think is your worst quality?” the boss asks.
“I’m probably too honest.”
“That’s not a bad thing,” the boss says. “I think being honest is a good quality.”
The man replies, “I don’t care what you think!”

The truth is out there

As a student, Isaac Asimov had a professor who once lectured on the limitations of knowledge. As Asimov writes in his book, *The Relativity of Wrong*, this prof said that in every century people thought they’d discovered how the universe worked, and they’d always been proven wrong. Thus, he argued, anything we say now about the nature of the universe must also be wrong.

Asimov’s response? “When people thought the Earth was flat, they were wrong,” he told the professor. “When people thought the Earth was spherical they were wrong. [Earth actually bulges at the equator.] But if you think that thinking the Earth is spherical is just as wrong as thinking the Earth is flat, then your view is wronger than both of them put together.”

Humans make mistakes, but that doesn’t mean the truth is always beyond our reach.

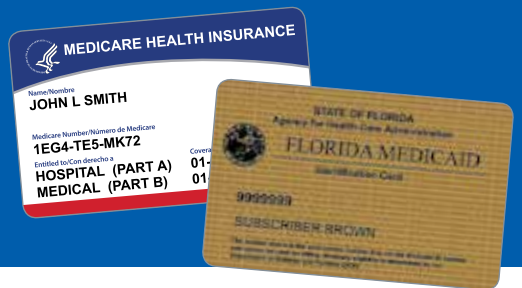

Even your spell-checker could stumble on these

If you still remember the word you won the sixth- grade spelling bee with, you’ll probably be intrigued and challenged by this list of words that have won the National Spelling Bee throughout the years:

Gladiolus
Chlorophyll
Esquamulose
Elegiacal
Appoggiatura

Insouciant
Maculature
Xanthosis

Pets in heaven

A German shepherd, a Doberman, and a Siamese cat had just arrived in heaven. God asked them all what they believed in.

The German shepherd said, “I believe in discipline, training, and loyalty to my master.”

“Very good,” said God. “You may sit at my right side.”

The Doberman said, “I believe in the love, care, and protection of my master.”

“Good,” said God. “You may sit at my left side.”

Then God looked at the cat. “And what do you believe?”

The cat yawned and said, “I believe you’re sitting in my chair.”

The most important thing in the world is family and love.
