HAPPY HOLIDAYS EVERYONE.

ENJOY THE HOLIDAYS DAYS AND ENJOY EACH OTHER ALL YEAR LONG
TO: All Park, Shareholders, Renters and Guests

In an effort to maintain preserve and enhance your experience using the POOL and SPA, we are going to have both of them resurfaced. Unfortunately this will require both the pool and spa to be shut down and drained in order to complete this work. They will be closed from November 12th till approximately December 31 contingent upon the weather. We are sorry for any inconvenience this may cause.

Sincerely,
Roger Gee
President L.S.R.

FROM YOUR SOCIAL CLUB

Another season has come and gone. One of the best things about this time of year...we all get to reunite with our “Florida” friends who have become near and dear to us. With each new season comes change. There will be new faces in our community since a number of units have sold over the past few months. Be sure to give our newcomers our typical warm “Lake Seminole Resort” welcome.

There will be lots of change on your social club this year. Several positions will turn over. Judy Bielicki moved from the Social Club to the Lasereno Board in the spring and she is being replaced by Sherry Smith in the secretarial role. Some fabulous volunteers will step down in January as their terms come to an end. New folks will be sitting on the social club executive at that time, ensuring the social life of our community remains vibrant. You will hear all about this in January during our AGM. But let me say that we have had fantastic volunteers, past and future and for that we are very grateful.

I will be stepping down this year as president. I want to thank everyone for the support you have given me and the entire social club board over the past number of years. Doug and I will be in Florida for only five or six weeks this year...mid December to mid January. Exciting opportunities presented themselves back home so we will spend much of the winter at home in Nova Scotia with small trips to Quebec skiing and to Ontario to visit family and friends. Betty Luciano will serve as acting president for November and December. Thank you so much Betty.

See you in December.

Lynne Sheridan
President

A WARM WITTY SHORT CHRISTMAS STORY

It was the day after Christmas at St Peter and St Paul's church in Borden, Kent, England. Father John, the vicar, was looking at the nativity scene outside when he noticed the baby Jesus was missing from the figures.

Immediately, Father John's thoughts turned to calling in the local policeman but as he was about to do so, he saw little Nathan with a red wagon, and in the wagon was the figure of the little infant, Jesus.

Father John approached Nathan and asked him, 'Well, Nathan, where did you get the little infant?'

Nathan looked up, smiled and replied, 'I took him from the church.'

'And why did you take him?'

With a sheepish grin, Nathan said, 'Well, Father John, about a week before Christmas I prayed to Lord Jesus. I told him if he would bring me a red wagon for Christmas, I would give him a ride around the block in it.'

RECIPE OF THE MONTH***

To all members of our community. If you would like to see your favorite recipe printed in our monthly bulletin, please email it to me, give me a copy if it is printed or just call me and I will write it down. I will then put it in the bulletin.

OUR CHRISTMAS RECIPE:
MAKE IT EASY THIS YEAR SO YOU HAVE
MORE TIME WITH YOUR FAMILY AND FRIENDS

CHRISTMAS WHITE CHOCOLATE-DIPPED PRETZEL RODS

Sharon Gee

White Chocolate-Dipped Pretzel Rods gets all dressed up for Christmas with the help of beautiful holiday sprinkles! Or, change the sprinkle colors to match any occasion.

- 1(10 oz.) bag pretzels
- 1 (24 oz.) package white chocolate bark coating or 1 (1 lb.) bag white candy melts (you'll only use about 10 or 12 oz.)
- 1 to 2 T. shortening
- Assorted sprinkles

DIRECTONS

1. In a tall skinny container (such as a pottery cup or perhaps even a small glass vase), melt bark coating or candy melts and shortening together in the microwave per package directions (typically in 30 second intervals, stirring in between).
2. Dip a pretzel rod in the candy coating, letting excess coating drip off back into the container. Sprinkle immediately with desired sprinkles, use Christmas colors for the season
3. Place on waxed paper and let stand for white chocolate coating to set up.
4. Store in a sealed container at room temperature.

I pour the leftover white chocolate coating into a plastic storage container and save it for another use later. All you have to do is heat it back up in the microwave, omitting the shortening (since it's already in there).

Enjoy!

"...I am so happy with my new windows...I'd like to commend your work crew. Earbie and Larry were fantastic! I couldn't believe the clean-up EVERYDAY! The whole job took just a week even with all the rain delays. I would and WILL highly recommend your company to my friends and neighbors. Of course I won't need to say a word - the house is doing all the talking! Thank you so much for my beautiful new house."

Carol Zapiecki, Clearwater, FL

"Just a short note to express my appreciation for the work done on my mobile home. The crews that worked here...were gentlemen at all times, efficient, knowledgeable and prompt. You can be sure if I run into anybody who needs your type of work, I will surely recommend your company. It has been a very satisfying experience!"

Did you know that December is also...

Buckwheat Month. Designated the “December Grain of the Month” by the Whole Grains Council, buckwheat contains higher levels of zinc, copper, and manganese than other cereal grains, along with a very high level of protein. It’s used in soba noodles, crepes, blintzes, pancakes, and other delicious foods.

National Impaired Driving Prevention Month. This holiday season, make sure to plan for a safe way home, especially if your plans involve alcohol. If someone you know is drinking, don’t let that person get behind the wheel. Remember, too, that just because you’re driving sober, others on the road may not be. Always buckle up, drive with caution, and call 911 to report a suspected drunken driver.

Safe Toys and Gifts Month. Prevent Blindness America has declared December Safe Toys and Gifts Awareness Month, encouraging gift-givers to consider whether the toys they plan on giving suit the age and individual skills and abilities of the child who will receive them—especially for children under age 3.

Universal Human Rights Month. This month commemorates the Universal Declaration of Human Rights, adopted by the General Assembly of the United Nations on Dec. 10, 1948. Driven by the human tragedy of World War II, this document represents the first global expression of human rights.

National Handwashing Awareness Week, Dec. 4-10. Remember these four principles of hand awareness to stay healthy: Wash your hands when they’re dirty and before eating; don’t cough into your hands; don’t sneeze into your hands; and avoid putting your fingers into your eyes, nose, or mouth.

Older Driver Safety Awareness Week, Dec. 5-9. Promoting greater understanding of the importance of mobility and transportation so older adults can remain active in the community by shopping, working, or volunteering—with the confidence that lack of transportation options will not strand them at home.

Computer Science Education Week, Dec. 5-11. Computer Science Education Week (CSEdWeek) is an annual program dedicated to inspiring K-12 students to take an interest in computer science. CSEdWeek is held in recognition of the birthday of computing pioneer Adm. Grace Murray Hopper (December 9, 1906).

Kwanzaa, Dec. 26-Jan. 1. A weeklong celebration held in the United States and in other nations honoring African heritage in African-American culture, culminating in feasts and gift giving. Kwanzaa was created by Maulana Karenga and was first celebrated in 1966–67.

The smell of hate

A teacher decided to play a game with her class. She told each child to bring in a plastic bag containing a few potatoes and to give each potato the name of a person that the child didn't like. The number of potatoes that the children put in their plastic bag would depend on the number of people they don't like.

The next day some children had two potatoes, some had three, and some had five potatoes or more. The teacher then told the children to carry the potatoes with them wherever they went for a week.

Days passed, and the children started to complain about the unpleasant smell let out by the rotten potatoes. Also the children with five or more potatoes complained because they had to carry heavier bags. The children were relieved when the game finally ended.

Then the teacher told them the meaning of the game: "This is what happens when you carry hatred for somebody inside your heart. The stench of it spreads everywhere, and you carry it with you wherever you go. If you can't tolerate the smell of rotten potatoes for just one week, can you imagine what is it like to have the stench of hatred in your heart for a lifetime?"

The elephant's teeth

One day a hungry mouse in the jungle found a small nut. He tried to bite into it, but its shell was too hard and thick. Irritated, the mouse said, "Why did the gods give me such tiny teeth?"

Suddenly he heard the voice of a god from far above. "Mouse, go out and look at all the animals in the jungle. If you find one whose teeth you like, I'll give them to you."

Overjoyed, the mouse ran through the jungle, looking for the biggest teeth he could find. He looked at many animals but didn't find any teeth he liked until he spotted an elephant. Envious of the beast's thick tusks, he wandered over and asked, "Sir, are you happy with those big, long teeth?"

The elephant answered: "Friend, these are just for show. I can't use them to chew food as you do. At least you don't have to bear the weight of these huge teeth."

Hearing this, the mouse realized he was better off having tiny teeth and went off to find his nut again.

Seeing Santa Claus

A grandmother took her grandson to the shopping mall in December to see Santa Claus. The young boy was very excited to sit on Santa's lap. "Now, little boy," Santa said, "tell Santa what you want for Christmas."

In a very loud voice, the boy said, "I want a NINTENDO, and a NEW BIKE, and some BOOKS, and—"

"You don't have to shout," Santa chuckled. "Santa isn't hard of hearing."

The boy leaned forward and whispered, "No, but my grandma is."

Wrong answer

A man was being sentenced in a California court for shooting and eating a condor—an endangered species. Looking for mercy, the defendant made a passionate speech.

"I'm truly sorry, your honor," he said. "I just moved here and I don't have a job, and I was hungry and cold. I'd never seen a bird like that, and I had no idea it was endangered. I've never done anything like this before, and I'll certainly never do it again."

The judge gave him probation, telling him not to let it happen again. Then he said: "I'm curious. What does a condor taste like?"

"Oh, kind of like a cross between a whooping crane and a spotted owl."

Reduced sentence

A criminal with a long record of transgressions was on trial for his latest crime. The jury found him guilty on 33 counts, and the judge sentenced him to 189 years in prison. Realizing that even with time off for good behavior he would be more than 100 years old when he was finally released, the prisoner burst into tears.

Touched by this display of remorse, the judge paused to reconsider. "I didn't mean to be so severe," she said. "Thinking it over, I can see that I've imposed an extremely harsh sentence. So you don't have to serve the whole time."

The prisoner beamed with new hope until the judge leaned toward him. "Just do as much as you can."

December Crossword

Watch the sunrise for better health

Want to lose some weight? Try getting out of bed earlier. In a study conducted at Northwestern University, researchers gave 54 people wrist monitors that tracked their sleeping patterns and exposure to light for a week and asked them to keep detailed records of what they ate. The researchers also measured participants' activity level and age, as well as the season they were being monitored.

The researchers found that exposure to early morning light, whether natural or artificial, was associated with a leaner body weight. The reason, they speculate, is that light may play a role in regulating the metabolism, similar to its effects on wakefulness and alertness. The connection isn't conclusive, but getting up a little earlier couldn't hurt.

Coffee may benefit heart attack survivors

If you've suffered from a heart attack or know someone who has, this news should perk you up: A study by York University in the United Kingdom found that drinking one or two cups of coffee a day can apparently cut the risk of premature death by 20 percent among heart attack patients.

Researchers kept track of 3,721 U.K. heart attack survivors and their coffee habits in the UK. They're not sure how coffee helps them, but other studies suggest that drinking three to five cups of coffee daily has a beneficial effect on people with Parkinson's Disease, and it may also help people with liver cancer.

Don't let wet dishes breed disease

Make sure your clean dishes are completely dry before you start putting them in the cupboard. Researchers have found that still-wet, stacked dishes can be prime breeding grounds for bacteria. In one study at a Veterans Affairs hospital, dishes were washed in a commercial dishwasher. Half were air-dried for 24 hours and the other half stacked while wet. Although researchers found no significant difference in the amount of bacteria found on either sets of plates after 24 hours, the dishes stacked wet teemed with bacteria after 48 hours. The best solution? Air dry.

To tip or not to tip? That soon may not be the question

Tipping serves in restaurants may not be going away completely, but more and more owners are experimenting with a no-tipping model for their eateries. A survey by American Express found that approximately 18 percent of restaurant owners have already adopted a no-tipping policy, and another 29 percent are planning to do so.

Still, 27 percent of respondents said they have no plans to eliminate tipping, though 17 percent said they might if competitors did so as well. Ten percent were undecided.

There's an app for that, but many won't use it

Will developing a mobile app help your organization increase sales or boost your brand? Don't be too quick to jump on the bandwagon. According to data from Localytics, an analytic firm, 23 percent of users delete a new app from their device after just one use. The good news is that it's a slight improvement from 2015, when 25 percent of users did away with their apps after trying them once. Overall user retention increased from 34 percent to 38 percent in the last year as well. Even so, 62 percent of customers will use an app less than 11 times.

Digital content taking over schools

The digital revolution has come to U.S. classrooms, according to the Digital Publishing News website. More than 80 percent of schools use some form of digital content such as e-books, audiobooks, and digital textbooks in teaching.

What devices are they and their students using? Laptops (75 percent), tablets (62 percent), personal computers (49 percent), and smartphones (17 percent).

Youngsters have some good and creative ideas

Children are naturally creative and inventive because they don't know what's impossible. Try checking out these inventions created by kids across the years:

- **Trampoline.** Sixteen-year-old George Nissen was captivated by the sight of trapeze artists dropping into nets at the finish of their shows in the 1930s. In his parents' garage he developed the "bouncing rig," a metal frame with canvas stretched over it. Years later he switched out the canvas for nylon and came up with a new name—"trampoline," adding the letter e to the Spanish word for "diving board."
- **Popsicle.** One cold night in San Francisco in 1905, 11-year-old Frank Epperson mixed up a concoction of soda water powder and water and left it outside all night. In the morning he looked at the frozen mixture with the stirring stick still inside and realized it might be fun to eat. He began giving them out as treats, and as an adult patented the product with the name "Eppsicle"—later changing it to "Popsicle" after his own children started calling it by that name.
- **Earmuffs.** At age 15, Chester Greenwood's ears grew painfully cold while ice skating. A scarf around his head didn't help, so he went home, built a wire frame, and asked his grandmother to sew some beaverskin pads to it. Greenwood patented his earmuffs in 1877 and eventually sold them to soldiers fighting in World War I.

Use these three boxes for creative thinking

Experts often encourage people to think outside the box when trying to be creative. According to K.H. Kim, writing at The Creativity Post website, you should consider three distinct boxes to unleash your imagination:

- **Inside box.** This box holds your expertise and knowledge, and it's useful for narrowing things down, focusing on specifics, and identifying options.
- **Outside box.** This box is flexible and holds all the possibilities. Let it relax your focus and explore everything, whether it's related to what you're working on or not.
- **New box.** This box lets you synthesize and refine ideas so you can implement them effectively. Use it to connect ideas and find new ways of approaching problems.
