Thanksgiving

Betty Luciano

My thanks are belated but none the less heartfelt. Thank you to everyone who helped and joined us for a wonderful Thanksgiving dinner. The tables looked like magazine covers. The food was delicious. The warmth and companionship of a meal enjoyed with friends was best of all. Thank you to everyone.

Christmas Eve. Gathering at LSR

Jackie Mcmann

Christmas Eve was a beautiful warm evening with approximately 120 residents and guests attending. We had plenty of food!! Everyone had a wonderful time socializing and eating. Ed Birmingham distributed song sheets and all joined in singing Christmas carols. (We missed you, Don New!)

The park looked awesome with all the luminaries lining the streets and board walk. People seeing it for the first time were quite impressed. Thank you Dan and AnnaMarie Blackburn for all your work distributing the jugs and votives in common areas and around the park. I'm sure there had to be 200 or more! It would help if every household saved one half-gallon jug and supply a votive to be used on Christmas Eve. If you are not going to be here, give it to a neighbor to put out in front of your house.

Thanks also to Jeff Davis and all the golfers for setting up the pavilion with tables and chairs and cleaning them; and to Lynda Baker, Joyce Harroun and Jean Gray for helping me decorate the tables.

Thanks again to all.

Pancake Breakfast

Bob Osgood

Once again, Lake Seminole Resort's January Pancake Breakfast was a great success. Thank you to the 310 people who purchased tickets. Thank you to the sixty plus volunteers who gave up their time to serve a tasty meal. Thank you to Mike Wallace and company who over hauled the grills to provide even heat to properly cook the pancakes. Thank you to Dan Jackson for searching out good prices for quality ingredients to make the pancakes. Thank you to Bill and Kathy Wackerman for organizing the volunteers who turned chaos into a smooth, well-oiled operation. Finally, we were able to hand a check to Joanne Davis, Treasurer of the Social Club, for \$1,040.00. Many hands make light work and these hands will do it all again in March, so join us then.

Food and Clothing Donations

Judith Friend has several sources and knows of those in need who greatly appreciate food (even in open containers) and clothing donations. Please do not throw it away. She would like to thank those residents that dropped off food and clothing in the past. She has a refrigerator on her porch if she is away, please leave it there.

BACK TO PARADISE DANCE

The first dance of the season presented some extra challenges this year, but many people volunteered to help make the dance a success. Thank you to all of you who made and sold tickets, decorated the Hall, moved tables and chairs and cleaned up after the dance.

Betty Luciano

Ladies Fashion Show

Wednesday, February 7 - Noon

Tickets are on sale now for the Ladies Fashion Show and can be purchased at Monday coffee for \$10 per person. The luncheon will be held in the hall and we will have Chicken Salad and Strawberry Shortcake. Fashions will be provided by Stein Mart. Great food – Great Fun – Great Fashions!! Please plan on attending.

Oyster Shuck

Dan and Lois Jackson

Tuesday February 13, 2018

1pm

HOSTS: Dan and Lois Jackson

PLACE: Pavillion

For the past 10 years Dan and I have hosted this event in our backyard, but when it grew to 82 people in attendance we decided it was time to move to some place larger. All residents in the park are welcome. There is no charge but a small donation would be appreciated. Just bring a potluck dish. If you don't care for oysters don't worry. Some will be raw and others prepared. There will be yellow fin tuna, shrimp, escargo, fish, chicken and whatever else turns up. It is a very fun filled day.

This is not a social club event. BYOB

Hope to see you there.

Dance

Wednesday, Feb. 21

7:30 pm

Mark your calendars now for Wednesday February 21 at 7:30 pm to come and enjoy the music of Bert and Sassy. Robert Keyth and Sassy Lynne work together as a duo to entertain with the music of yesterday and today from blues to country and reggae to rock. They will have you singing along, tapping your feet, and dancing in the aisles! Tickets are \$5.00 per person and are available from Sherry and Duncan Brown 954-4508, or Butch and Margot Thomas 289-6593.

Dance

Tuesday, Feb. 27

7:30 pm -10:30 pm

Want to support the Social Club in getting more funding for a new sound system? Come join us for a mid-week dance or listening pleasure featuring Ryan Moseley, a new artist to the area. It's not a BINGO night, Card night or BYGO Fajita night so no excuses; just a night of fun with friends while supporting the sound system we desperately need. Minimum contribution is \$5.00 but we'll accept anything more if you're feeling generous. ;-) Tickets will be sold at Monday morning coffee and at the door if seats are still available.

CPR

If you have an interest in taking a CPR class, we will be going as a group on Feb. 1 and Mar. 8. The classes are at the Seminole Fire Station #29. Located at 11195 70th Ave. If you'd like to take attend, please call 727-393-8711 ext. 210 to reserve your place. Contact Sherry Smith if you'd like to car pool.

...continued on page 10

- March 2: Move leftover items to the Goodwill truck and put tables back at 1 p.m.

If you are working on the Lunch Counter, Bake Sale, or parking cars please don't sign this list. Those in charge of those sections will be in touch with you. If you would like to work with a friend, add their name after yours. We also need men to sign up to sell in front of the Hall. There will be more details about the Flea Market in the March Bulletin.

Interstellar asteroid is a first

Asteroids can be found throughout our solar system, but astronomers have recently discovered one in interstellar space. The Science News website reports that the object, first believed to be a comet, is approaching the solar system at an unusually steep angle. Dubbed A/2017 U1, the asteroid is about 400 meters across and traveling 25.5 kilometers per second on a slingshot path past the sun. Astronomers plan to measure the colors in its reflected light to determine what it's made of and seek clues to its origins.

Red sky in Asia mystery solved

It's a centuries-old mystery: In the year 1770, skies over Asia turned a bright red for nine days. The cause of this unusual phenomenon has never been identified. Now, though, scientists believe they have an answer.

As reported on the Slate website, researchers recently uncovered a collection of 111 contemporaneous documents from that time, and learned that the red sky had lasted longer than previously thought (just two days) and was much larger as well.

Scientists' conclusion: The effect was created by an aurora caused by solar activity, sparking the longest geomagnetic storm in recorded history.

A similar aurora was observed on two nights in 1859 by a massive solar storm known as the "Carrington Flare." Analysis of records of sunspot activity in 1770 suggests that the Asian aurora was caused by sunspot twice as large as those that created the Carrington event.

If such an event happened today, it would likely have catastrophic effects, knocking out satellites crucial to communications and GPS instruments.

New mineral found on Martian surface

NASA has discovered evidence of an ironoxide mineral on the surface of Mars, the Sci-News website reports. The mineral, called hematite, was detected by spectral analysis of photos taken by the space agency's Curiosity rover in an area known as the Vera Rubin Ridge.

Curiosity zeroed in on a rock dubbed "Christmas Cove," and used its dust removal tool, a wire-bristled brush, to uncover an area some 2.5 inches across.

Observations made the rover's Mast Camera (Mastcam) and its Chemistry and Camera (ChemCam) confirmed the presence of the hematite, a mineral that may provide information about ancient environmental conditions on the red planet.

Can beet juice keep your brain young?

Beet juice may keep your brain young and fit, according to an article on the Runner's World website. The article cites a study reported in the *Journal of Gerontology: Medical Sciences* that found that a shot of beet juice an hour before exercise can have positive benefits to brains as they get older.

In the study, 26 sedentary men with an average age of 65 participated in six weeks of exercise. Some took daily shots of beet juice; others received a placebo. The participants walked on a treadmill three times a week for six weeks, building up to 50 minutes per session at increased effort. Comparing MRIs from before and after the trial, researchers found that the group that drank beet juice had significantly higher levels of "community consistency" within their brains.

The nitrate in beet juice, which converts to nitrite and then nitric oxide in the blood, has a strong positive affect on responsiveness in blood vessels, which in turn can increase the amount of oxygen reaching the brain and boost aspects of cognitive function.

Make sure drinking glasses are safe

Take a look in your kitchen cabinet at your drinking glasses. Do you have decorative glasses for water, wine, beer, or whatever you drink during the day? They may be hazardous to your health.

The Medline Plus website reports that researchers at the University of Plymouth in the United Kingdom analyzed more than 70 new and used drinking glasses and found that seven out of 10 tested positive for lead or cadmium—both toxic metals.

Lead was found in all colors and goldleaf designs. Cadmium was found in the highest concentrations in red enamel.

Lead in children's bodies can cause growth and developmental difficulties. Cadmium can cause cancer. Studies have also linked it to bone softening and kidney problems.

Keep deadly chemicals out of your body

The list of chemicals that can cause cancer is intimidating, and keeping them out of your food can seem like an impossible task. The Fox News website, though, offers these tips for keeping your food and water free of toxic chemicals:

- Buy a water filter. A good filter can remove many cancer-causing chemicals.
- Eat organic foods. You'll cut your exposure to pesticides and other chemicals and support an industry that doesn't pollute the environment.
- Bring your own mug. Foam cups from most coffee shops contain styrene, which gets pulled out when in contact with hot liquids. Take your own travel mug when you go out for coffee, tea, or other hot beverages.

Even cats get the blues

If the cold weather, lack of sunshine, and short days of February have you feeling out of sorts, imagine the havoc it's playing on the lives of our animal companions. Confined indoors and longing to feel the earth beneath their paws and a gentle breeze ruffling their fur, our pets can get depressed and a bit stir crazy this time of year.

Talk to your vet if you notice changes in your pet's eating, activity, and sleeping habits to rule out the possibility of an illness. Be on the lookout for an increase in destructive behaviors such as chewing and scratching that can be an indication of boredom or anxiety. The same holds true for repetitive behaviors such as excessive meowing or barking.

If your pets are otherwise healthy, a little extra attention may help to alleviate their winter doldrums. Introduce a new toy into the mix or add a few extra minutes of playtime to their daily routine to help them stay stimulated and active. Consider baking up a batch of natural dog biscuits or growing a patch of cat grass to give pets a treat that will show them that you're thinking of their well-being.

A tireless fighter for a cause

Born Feb. 15, 1820, Susan B. Anthony devoted her life to the fight for social justice and reform. She began her activism as a member of the American Anti-Slavery Society in the years leading up to the civil war. In 1866 she founded the American Equal Rights Association with Elizabeth Cady Stanton, and the pair embarked on a mission to secure civil liberties for all citizens regardless of their gender or race. This work would lead Anthony and Stanton to found the National Women's Suffrage Association, where they continued to advocate for women's voting rights.

Anthony died on March 13, 1906, 14 years before her work would be realized. In 1920, the 19th Amendment was added to the U. S. Constitution, giving women the right to vote. In 1979 the U.S. Treasury Department honored Anthony by placing her image on the dollar coin.

Happy Fat Tuesday

This year the revelry of the carnival season will culminate on Tuesday, Feb. 13, in celebrations around the world before the start of Lent.

In the United States, the city of New Orleans is the capital for all things Mardi Gras, which is French for "Fat Tuesday." Although the city has roots deeply centered in French heritage, it was not the first American city to host this event. French-Canadian explorer Pierre Le Moyne d'Iberville is rumored to have held the first Mardi Gras in a location about 60 miles downriver. Years later, settlers along with French soldiers would continue the practice by donning masks and enjoying festivities in the newly established town of Mobile, Alabama.
