Our New Website!

Becky Burton

To comply with new state regulations, and to move into the 21st Century, we have a new website that will help us keep in touch whether you are in Florida or somewhere else in the world. We will have some upcoming sessions for people with questions and we are working on having a computer accessible for people in the office or library.

1. To get registered, please go to www.LakeSeminoleResort.org. In the upper right-hand corner, click on “Register”. Please enter your information as best as you can. (You do not need to add city, state and zip for your LSR address.)
2. I will get an email asking to approve your registration.
3. You will get an email back when that has been approved. (Check your SPAM folder.) Click on the link within the approval email and you can change your password. Your default user name is the email address you used.

If at any time you’d like to change anything, click on “Your Profile.” You can add a photo of yourself, couple or family; change your profile information; update your phone number; change your user name or password, etc. You can also have a separate profile, within the same account, for your spouse but it’s not necessary.

On this website, you will find important documents for residents, events and photos; as well as contacting the board and filling out requests. Please note that anyone not logging in (those who do not reside here) cannot access the resident directory or documents. If you use a public computer to access our website, please remember to log out before closing the window. If you need help, please attend one of the group sessions.

Website Info Sessions

Becky Burton

I will conduct a large group info session in the hall after coffee on Monday, January 28. Small group sessions will be at 4:00 pm in the card room on the dates below. Space is limited to 12 people and you must sign up in advance. The sign-up sheet is posted on the bulletin board. Feel free to bring your laptop or tablet if you have one, but it’s not necessary. If you need special accommodations, please contact Becky Burton.

Flea Market – Friday, March 1

Gerry Near

Our 25th Flea Market will be held on Friday, March 1st from 9am to 1pm. There is a sign-up sheet in the Hall for FLEA MARKET SELLERS ONLY. This includes the men selling outside. If you are working on the Lunch Counter, Bake Sale or Parking Cars, don't sign this list. Those in charge will get in touch with you. There is also a sign-up sheet for donations to the Bake Sale. If you would like to work on a certain table (Books, Linens, Clothes) please indicate by adding it after your name. If you would like to work with a friend, put their name after yours.

Wed.Feb.27: Set-up Day starting at 9am. If you signed up to sell, your name will be on a table; see me, I will have a map. After setup, everything is priced (pens and labels are provided). If you have anything to donate to the Flea Market please bring it over then.

Thurs.Feb.28: This is the final day for setup and pricing. The Hall will be open FOR WORKERS ONLY from 9am to noon.

Fri. March 1: Please bring your Bake Sale donations to the Hall between 7 - 8:30am so the Bake Sale workers have time to price everything by 9am. Our Parking Guys will be glad to take your baked goods from your car and bring them in for you. Sellers please be in the Hall by 8:45am. Please leave your cars at home as we need all available spots for our customers. To avoid the mob at the front doors, please use the back doors. Our sale goes until 1pm, don't start packing up until 1pm. I have arranged for Goodwill to pick up what is left over. The truck will be here at 1.30pm. Volunteers are needed to help load the truck. We also need a crew to clean the Hall.

Thanks to all the volunteers who have signed up to help. This is our Social Club's biggest Fundraiser, but it also takes over 100 of us to make it work. I hope to see you all at the Flea Market; there will be lots of bargains! Pick up some goodies at the Bake Sale. Come over and have your lunch. Find Crazy Jane and try your luck at our 50/25/25 drawing. Let's all pitch in and have fun and at the same time raise money for our Social Club.

To all my friends and acquaintances in LSR

Jackie McMann

Another chapter in my life is coming to a close, Allen's Alzheimer's has worsened significantly since arriving in November and he is now on a list for a nursing home in Port Dover, Ontario. If a bed is not available by the end of January, we will have to go home to Port Ryerse/Port Dover to have him re-assessed before being admitted. I will be back to LSR to close once he gets settled. My daughter Sally, and her partner Kevin will be coming down occasionally, and hopefully I can also return for shorter visits.

In our 22 years here, we have made some very special friends. When our roof blew off in one of the hurricanes, the Lubkemans and Jarvises saved our place by covering all the vents to stop the rain from coming in and moved all our furniture to the center of the room. I will be forever grateful to them. To the Salituris, News, Bakers, Harrouns, Janet Westbury AND ALL the people who offered me support through this difficult time, I THANK YOU.

We are all very fortunate to live in such a beautiful, and caring, community.

Pancake Breakfast report from Jan. 12

Bill and Kathy Wackerman, Dan Jackson and Bob Osgood

From Woodstock and a man on the moon to the Manson murders and the Stonewall riots, the year 1969 was a tumultuous and eventful time. The year 1969 in Lake Seminole Resort was also a significant time marking the beginning of 50 years of scrumptious Pancake Breakfasts. When someone in the LSR men's golf league said, "Let's do a Pancake Breakfast and support the Social club." I doubt that anyone thought it would be still operating 50 years later.

It is operating 50 years later because we have 70 plus people in this park willing to give their time and energy to make it happen year after year. Also, these volunteers and our customers love to consume our wonderful pancake. To all of these people we say Thank You, Thank You, Thank You!

Our January results are wonderful. We feed 297 patrons and made our best profit for a January breakfast which was \$1310.00. This has been given to the Social Club. Also, 14 people gave blood at the blood donor clinic.

We must mention our 50/50 draw. There were 3 prizes. Mike, a friend of the Skurpski family was visiting and purchased \$20.00 worth of tickets and won both the first prize and the third prize for a total of \$98.00. He then donated it back to us to make this breakfast so profitable. Thank you once again, Mike.

Our March 2019 breakfast will be on March 16. Mark your calendar now and invite your family to join us all in the Hall at Lake Seminole Resort in Sunny Florida.

Cave drawing of bull is earliest of its kind

Archeologists have discovered the oldest known drawing of an animal on the wall of a cave in Indonesia, according to the U.S. News & World Report website. It's some 40,000 years old, about five feet wide, and it depicts a bull-like creature in a red silhouette.

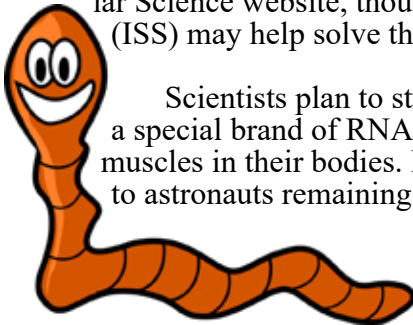

Along with similar drawings on cave walls in Borneo, the drawing sparks renewed debate about the role of art in ancient times. Similar cave paintings have been found in France and Spain, though they're just 33,500 to 37,000 years old.

Cave dwellers began sketching humans engaged in hunting activities and dancing some 14,000 years ago in both Europe and Asia. The findings raise the possibility that humans migrated from Africa to Europe and then Asia, bringing their artistic sensibilities with them.

Invasion of the space worms

Long-term space travel poses many challenges, but one of the most daunting is the loss of muscle mass in a zero-gravity environment. On a voyage to Mars, for example, space travelers could arrive on the red planet too weak to stand. Now, reports the Popular Science website, thousands of worms headed to the International Space Station (ISS) may help solve the problem.

Scientists plan to study muscle atrophy in the worms and then treat them with a special brand of RNA designed to stop the breakdown of protein and preserve the muscles in their bodies. If all goes according to plan, this could alleviate one danger to astronauts remaining in space for long periods of time.

Science is simply common sense at its best, that is, rigidly accurate in observation, and merciless to fallacy in logic.
