Budget Committee

There will be a sign-up sheet in the hall for those who would like to be a part of the budget committee. The meeting will be held Tues., Nov. 27.

Security

Please remember to contact the Sherriff's office to cancel your property checks when you return or rent your residence, 727-582-6200.

Flea Market

Gerry Near

Our Christmas Flea Market will be held on Saturday, Nov. 24 from 9am to noon. Setup will be on Friday, Nov.23 starting at 9am, and sign-up sheets for volunteers will be put up on the bulletin board. Last year when we were setting up, we decided to try more items so this year we will put up a few more tables and we will need a more sellers to cover those tables. Last year, we had the best Christmas sale ever so please sign up to help this year! This is a fund raiser for our Social Club.

Dust Off Your Dancing Shoes

The Piwonskis are hosting a dance on Sat, Dec 1 from 7:30 – 10:30 pm. Ryan Moseley will perform and they will sell tickets at the door for \$5. Feel free to bring your own snacks and drinks. Everyone is welcome!

Lake Seminole Resort Water Committee

Duncan Brown, LSR Director

The Water Committee, that did such great work two years ago to identify leaks and areas where city water was being lost, is going to be reconvened this Fall. Our current water usage appears to be about 10 percent higher than last year, so we will be investigating for new leaks and to see if perhaps the park demographics are changing (i.e., more full time residents?). If you are interested in assisting on this Committee, we should start up around the middle to the end of November. It will be announced at Monday morning coffee.

Knock, knock who is there? Not a health agent.

Michael Crotts
FL Licensed Independent
Health Insurance Agent

Medicare has very strict rules prohibiting the enrollment into most products via door-to-door sales. Still many seniors are experiencing unsolicited calls and visitors. Making a decision about your health coverage is important and should be done every year, but not by someone who shows up on your doorstep or is cold calling you. At Best Plan Choice, we encourage you to find out how good a full-service health agency can be for you. We work directly with individuals, groups and communities to bring our services to you, at your request.

During the annual enrollment season for Medicare health coverage (Oct 15-Dec 7) we host seminars with free coffee and dessert (see our enclosed insert or call 855-BOOMER65). Throughout the year, we are available to present every available plan, assist you with customer service issues or become your agent if you need one.

Are you debating if you need Medicare Part B? We can show you how to save money on your Part B premium each month. Do you need financial assistance? We can help you apply for Medicaid or extra help for the high pharmacy costs you may have. Is your spouse still working to provide health insurance for you? We may have options which will start their retirement sooner. We will provide a complete needs analysis during a personalized appointment so you can make the best plan choice for you. As always, our services are without charge or cost to you. Call us at Best Plan Choice, where Clients become Friends, and Friends become Clients!

Art in the Park

Barb Touchette and Margot Thomas

Mark your calendars - On Sunday afternoon February 17, 2019, Art in the Park is coming back to Lake Seminole Resort. In 2017, we held our first display of over 20 exhibitors and we are hoping to show case even more artisans next year. We welcome exhibits from renters and residents of the park. More information will be forthcoming in the fall, but now is the time to mark your calendar and explore your creative self.

Pet Rule Highlight from the Lake Seminole Board of Directors

As we approach the beginning of a new season in Lake Seminole Resort, it seems appropriate to highlight a section of our 2018 Rules and Regulations regarding pets and to emphasize that the office be kept up to date with paperwork and the status regarding their vaccinations. Thank you!

6. PETS

A. These rules apply to shareholders, non-shareholder residents and renters. **GUESTS AND VISITORS ARE NOT PERMITTED TO BRING PETS.** Each mobile home is permitted one dog or one cat of a maximum size not to exceed 20 lbs at maturity. It is a requirement to register your pet at the office and to provide proof of County License and Rabies vaccination. As of January 20, 2011, no prospective resident will be allowed to buy or rent a mobile home in this Park if they have more than one animal. Present residents of this Park who currently have more than one dog and/or cat shall not replace them as they die when such replacement will result in the family having more than one such animal. Pets are not allowed to run free and must be on a leash when outside the shareholder’s home. Pets are not permitted in any recreation area or in any Park owned building. Pets should be exercised on a leash on the north and west side of Watkins Pond. Pet owners are responsible for picking up their pets’ waste. Pets must be kept quiet and well-behaved. If a pet is excessively noisy or vicious, it must be removed from the Park at the discretion of the BOD. Exotic pets are NOT permitted in the Park.

Notice on Parking Violations

To address ongoing issues with vehicle parking violations within the park, the Board of Directors will be implementing a staged approach as outlined below.

Following identification of a parking violation to the Board of Directors, the property owner will receive verbal notification that they are in violation of the park rules and regulations (section 5, parking). This notification will be given in person by two board members. Should the property owner continue to violate parking guidelines, a written notice outlining the ongoing issue, and a deadline for compliance, will be hand delivered to the residence by a board member. Should the vehicle not be removed by the identified deadline, the vehicle may be towed at the vehicle owner's expense.

Should the owner of the improperly parked vehicle be unknown, a written notice outlining the violation of the park rules and regulations and the date and time the vehicle must be removed will be placed on the windshield of the vehicle. If the vehicle is not removed by the date and time outlined, the vehicle may be towed at the vehicle owner's expense.

Both verbal and written notices will be documented and filed at the Park's office. Only members of the board of directors are authorized to arrange for vehicle towing. If a vehicle is towed from Lake Seminole Resort, the board member will inform the Sheriff's office as to the towing company name, the location of the storage site, description of the vehicle and the date and time that the vehicle was towed as per Florida Statute (715.07). The board of directors for Lake Seminole Resort has entered into an agreement with American Tow Force (ATF) towing service, Pinellas Park, Florida to provide this service.

Busy as a bee—even when the bees are sick

Honeybees are hard workers—even when they're sick. The (e)Science News website reports that researchers using radar technology have learned that honeybees continue to seek and collect honey for their hives even when they're suffering from infections or viruses.

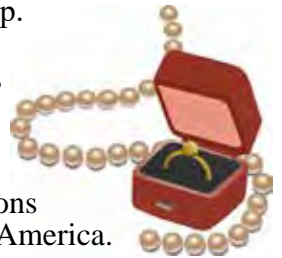

The scientists mounted tiny, lightweight transponders to bees' thoraxes, enabling them to track individual bees using a radar signal. Studying the flight paths of 78 bees, the researchers found that although the sick bees didn't fly as far or as long as their healthy counterparts, they continued their search, suggesting that bees are hardwired to seek and procure honey even when they're ill.

Copper bracelet suggests vast ancient trade network

An ancient copper band unearthed with cremated human remains in Georgia suggests that Native Americans may have traded across greater distances than previously was thought, according to the EurekAlert website. The band, a little wider than a bracelet, came from the Great Lakes region some 1,500 miles away. Scientists were able to determine the band's origin because copper sources have a unique chemical makeup.

The fact that the Native Americans were cremated is also significant, because cremation was unknown in the Southeast United States during the time period the bracelet dates from—some 3,500 years ago—but was commonly practiced in the Great Lakes region and other northern regions. This suggests that our ancient ancestors may have had connections across large distances, allowing for wide trading networks across North America.

The question is one of judgment. For the distinguishing element of science is not intelligence but judgment. Or perhaps it is simply luck.

Take a cold shower—for better health

Showers keep you clean, but a cold shower can be good for your health. An article on the Success website spells out the benefits of taking cold showers:

- **Immunity.** Scientists believe there's a correlation between cold showers and increased production of an amino acid called glutathione, which boosts the immune system, gets rid of toxins, and eases stress.
- **Better skin health.** A hot shower removes important oils from the skin, making it dry and itchy. Cold showers reduce skin inflammation. They also prevent your hair from becoming brittle.
- **Muscle recovery.** There's a reason why athletes soak in ice baths after a tough game. The cold water helps speed their recovery time and relieve soreness quicker.
- **Better moods.** Cold showers may prevent depression, according to researchers at Virginia Commonwealth University. Decreasing the temperature of your water and then spending two or three minutes under cold water sends a lot of electrical impulses from the nerves in your skin up to your brain, which could have an anti-depressive effect.

Climate change strategy a mixed bag

Scientists scrambling for a solution to the problems caused by climate change have come up with an intriguing idea: shooting tiny particles high into the atmosphere to scatter the light of the sun.

The Science magazine website reports that sulfur dioxide gas can cool down temperatures by reacting to water vapor and forming droplets that scatter sunlight. It happens during major volcanic eruptions, such as the eruption of Mount Pinatubo in the Philippines in 1991 and the eruption of El Chichon in Mexico in 1982.

Scientists have used computer modeling to project the effect of injecting light-scattering aerosols into the stratosphere.

Unfortunately, the probable results appear mixed. Although the model predicted that corn harvests would increase 6.3 percent due to reduced heat, other crop yields would fall because of diminished sunlight, and the strategy would likely have no effect on yields for crops like soybeans, rice, and wheat. Scientists continue to study the theory in hopes of finding a viable approach to managing climate change.

Dining out by age groups

How much do you spend dining out every month? Acosta and Technomic’s “The Why? Behind The Dine™” survey looked at trends among different demographics. Here’s what it found:

- **Diners with children 17 and under** spend an average of \$544 on food a month, with 38 percent spent on food prepared outside the home.
- **Generation Z diners ages 18–21** spend \$360, 29 percent on food from outside.
- **Millennials, ages 22–36**, spend \$513, of which 40 percent is prepared outside the home.
- **Gen X diners, ages 37–52**, spend \$469, with 32 percent spent on food from outside.

Why we do—and don’t—go to church

Americans go to church for many reasons—and some avoid church for reasons of their own. The Pew Research Center looked into what draws people to religious services and what keeps them away. Here’s what it found:

Reasons for going to church

To become closer to God	81 percent
To give children a moral foundation	69 percent
To be a better person	68 percent
For comfort in times of grief or sorrow	66 percent
Reasons for rarely or never attending services	
Practice faith in other ways	37 percent
No religious belief	28 percent
No church/religion they like	23 percent
