## ON THE COVER:

A fun new movie named Poms was just made for a gang like the Lincolnshire Ladies and inspired us all to go have fun at the movies. Too many to name them all, some of the more imaginative got the rest rounded up for a memorable afternoon.

## FROM THE EDITOR

By Ann Curry (Lot 1015....acuria10@gmail.com....727-420-6518)

Well summer is here in Lincolnshire even though the rest of the country still can't make up it's mind. Summer time and the livin' is easy. We are relaxing at the pool and beach. Going to fun movies like the Voice cover shows. Having fun activities at the clubhouse like aerobics in the pool, cards and Shiraoke and the Roaring 20s nite. So if you get bored up there, fly down and see us for a week or so.

But be careful and remember it's hot and those temps can burn you quickly. I'm including our pets when I say that. Don't leave them in the car for any length of time. When walking them try to keep in the shade and off the pavement as much as possible. Remember they are barefoot. If you can't walk on the pavement, neither should they.

- This information is the viewpoint of the Editor. If you'd like to write an opinion, or article, call me at 727-420-6518 or send it to [acuria10@gmail.com](mailto:acuria10@gmail.com), usually before the 12th of the month for publication.

**STOP**

Press the back of your hand firmly against the asphalt for 7 seconds to verify it will be comfortable for your dog.

### Hot Asphalt Awareness

When the air temperature is this, asphalt has been measured at this.\*

Air Temperature	Asphalt Temperature
77°	- 125°
86°	- 135°
87°	- 143°

\*These temperature correlations represent worst scenario variables: direct sun, no wind, very low humidity, and high radiant energy.

At 125° F, skin destruction can occur in 60 seconds.  
An egg can fry in 5 minutes at 131° F.

Data Source: Berens J. Thermal contact burns from streets and highways. Journal of the American Medical Association, 214 (11): 2025-2027.

## FROM THE DESK of the PRESIDENT

By: Harold Wurtz (lot 938.....459-0394)

Summer is almost here, but Florida seems like summer almost all the time. We soon will be able to set our clocks by the afternoon showers coming in off the Gulf, and some folks say it is too quiet without all of our northern friends who are away up north on their summer vacations. But that is only if they don't participate in summer events. The pool has been busy every day. At one point I counted 48 people sitting and swimming around. The Aquarobics ladies are always at it. It takes a stormy day to keep them away from that pool. Card games are continuing, pot luck dinners, and at least 1 monthly event. Last month it was the Memorial Day Celebration with our flag ceremony including Ken Deka playing his moving rendition of taps and recognition of Lincolnshire's fallen veterans and then the great sandwich lunch put on by our ladies. June will introduce a new show event – roaring 20's party. See the article – join the fun. There will also be a "Shiraoke" night in June. Check your voice calendar for the dates.

Looking ahead remember Independence Day cookout in July, and the park pool party too. So since they moved that one to July, we needed to add something for August – looks like a baked potato bar is in the works.

Business - - - - Help needed - - - - We need a few new volunteers for activities in the park. 9th street is in need of a block captain. Someone to distribute the voice and make calls to neighbors in the event of park emergencies (such as water shut offs and even storm info) We also need a new chairperson for pot luck, and folks to assist with coffee clean-up. If you can help out – give us a call

Meanwhile everyone enjoy the wonderful summer months. And the continuing fellowship with friends here in Lincolnshire.

**A Complete Listing of Resident Services  
can be found on the page before your calendar**

## ROARING 20'S PARTY

*BY: Harold Wurtz*

**J**oin us on Saturday June 22 at the TIPSY SPEAKEASY AND CABARET For dinner and a show. Come back in time with us as we visit the ROARING 20's. Enjoy foods of the time and of course the music of the day. Featuring the "BEES KNEES" performers as they teach you how the Charleston should be danced – yes there is audience participation!! Feel free to dress for the occasion – it's gangster time and flapper girls - - feathers, fringe, beads, and boas – pin stripes and tails. Lots of reds – gold – silver. Tickets on sale at coffee hour for only \$7.00. Dinner will include a carving station with bourbon glazed ham (what else could it be for prohibition days?) and lots of finger foods popular in those days. Doors open at 5:00 PM for cocktail hour (bring your own) with dinner at 5:30 and show to follow.

## How do you get to Carnegie Hall?

By: Sara Davis (#159....530-598-3210)

---

### Venture to Carnegie

When I was about 6 years old my mother praised my singing and would have me sing to others and participate in church and community choirs. She saw something I didn't and continued to fan the flame. At 10 I took lessons from a wonderful Italian woman in Tampa and would do my lessons in a home filled with the culinary aromas of Italy. I participated in an operetta, and had a dance part. But as a young adult, I totally dropped out of the musical game, and lately at the age of 40, I decided not to let those early efforts lay dormant. Again I participated in holiday musicals

Several years ago I started singing in a community choir and combined efforts of several choirs in Scott Valley California, singing anthems composed by Pepper Choplin, a vast contemporary composer who applies Appalachian twang, and African drums to his musical genius. He can be found on you tube – look him up & enjoy.

Meanwhile there were scouts looking for choirs that sang Choplin compositions – we qualified and were invited to sing at Carnegie Hall on May 26th for a Memorial Day tribute. As you read this, we will have already performed at the famous Carnegie Hall with over 300 people from all over the world harmonizing, clapping hands, and singing glorious anthems for all to enjoy.

I hope to send video to Lincolnshire, or at least let everyone know the You-Tube site to view the concert.

Happy trails!

## Shiraoke is back

By: Harmony Hal.....(lot 938.....727-459-0394)

---

Summer time....and the livin' is easy. Good Golly miss Molly - If you have the summertime blues, Its time to sing out! Join us on June 8 at 6 PM for "Shiraoke." When the Thunder rolls, you can be singing in the rain because you've got a friend here at Lincolnshire and they will be happy to share a little piece of heaven in the clubhouse. Hey Jude - I got a feeling you will have a great time when you are on stage with those Betty Davis eyes. You can sing silly love songs, perhaps tonight's the night.

I love rock and roll, and you can sing or just listen to the falling rain or maybe listen to your friends play the funky music. Are you lonesome tonight? Come to Shiraoke and because I heard it through the grapevine that it might go all night long. It's a family affair and I'll be missing you if you are not there. Bring your red red wine or other beverage of choice and your snacks

See you there because that's what friends are for.

## Welcome to Lincolnshire Estates

By: Vicki Marentette (lot 950) and Donna Wurtz (lot 938) 727-281-2382 - - 727-509-1182

---

**O**ur last information session was held on April 14th. Thanks to fellow committee members for their help with the presentations.

Our next session will be held in June 9 at 1pm in the clubhouse. Please make note of date and time. We hope to see all newcomers there. You will receive lots of information about our community and the surrounding area. Of course, existing residents are always welcome to attend. You may learn something new. Again, we are asking everyone's help in informing us of any new residents. That way we can extend a personal invitation when possible.

Hope to see you there.

## Dial Directory and Database

By Donna Wurtz (#938.....509-1182... momshse@aol.com)

---

**W**e have many new faces here at Lincolnshire, and some have asked about the yellow book. If there are still a few of them around in the office, it may be possible to still pick one up, but at this time of the year the new one (dial directory for Lincolnshire Residents) is at the publisher. If you are new to the park, you will receive the new directory as soon as it is printed if you are here during the summer, or if you are a part time resident, it will be available on your return in the fall.

As always, the success of the book is in the hands of the residents. We are already in the process of gathering information for the next book. For the book to be accurate, and for you to be listed, we need your input. The edition that is being printed is already out of date and partially incomplete because residents have not shared new information in a timely manner. If you are new to the park, or if you have changed your phone number, please submit an input sheet to Donna (phone & e-mail above). We will now also allow entrees via e-mail sent to the above address. E-mails will be copied & filed as permission for the listing to be published. If you choose the e-mail method, please include birthdays, anniversaries, and home state or province so you can be recognized in the voice publication. Please note, we cannot accept little scribbled papers with your number as permission to publish your new number. It must be either on the form with signature, or in the form of an e-mail. Also remember we cannot accept numbers for publication submitted by third parties. If you know of someone who needs to have their name added to the book, please contact them. In the event that you are new in the park, but do not want to have your number published, please still provide it to Donna with the note to leave it unlisted, so that the block captain will have it for emergency use.

*Continued on page 16*

If you did not provide us with your new numbers and **permission to publish them**, your number will not be listed in the directory. Over the past few years we have received complaints from residents whose numbers are not listed. Almost every time it is someone who gave us information too late for publication, or gave us a paper with a number not containing the required permission to publish. Please note that if we do not have a signed permission to publish your number, or an e-mail, **it will take another year before you will be listed in the book.**

**New owners: If you are not listed in the directory, please note that an input sheet was provided by the office along with your copy of the park rules.** Please look to see if you have this form – fill it out – and return it to Donna at lot 938.

Remember, the Dial directory is only published **once** each year. **The directory is not produced by the office.** It is a resident's club function, so **don't expect the office to update your information for you.** If you do not wish to have your birthday or anniversary listed in the Voice, please let us know

## LINCOLNSHIRE BULLETIN BOARD

---

### **EASTER DINNER-Joanne and Jim Power**

With Easter being late this year we were a little worried attendance would be low, but the community came together and made this another successful event with 150 attending.

Many thanks to Harold and Donna for everything from soup to nuts (not literally); the “Shistas” for persevering in the making of the bunny decorations; the table hostesses Marina, Lois, Bren, Donna, Brenda, Pam, Frances, Donna, Sally, Lori, Sharon and Shirley.

### **COOKBOOK UPDATE-from Betsy Miozzi & Donna Wurtz**

GREAT NEWS! The cookbook is in it's final stages! Orders are still being taken and money collected. Still \$10.00 a book! We will send in the book for printing June 1st. Please see Donna or Betsy or call them at 727-509-1182 and 727-420-8911 respectively.

### **THANK YOU- from Terry J. Lapierre-McGuire #671**

Lincolnshire Owners, Residents: Thank You!! For allowing me to serve our Community. Forgive me!!, where I've failed. Continue to be a blessing to one another. “Love and be Loved”

## Lincolnshire Facebook Page

By: Harold Wurtz

(#938.....727-459-0394....email at bigchees99@aol.com)

Once again we are adding to our Facebook page. We are getting closer. Our “likes” are up to 378 – let’s see if we can get up to 400!! Families and friends are “liking” the page & use it to see what is going on here in Lincolnshire. Feel free to send us photos and articles. We thank all of those residents who contribute to the page, especially those who forward photos and videos. To make it easier to post your thoughts, photos, and videos, you can simply send them directly to the above e-mail address for complete front page posting. Posting as a visitor to the page may take a little time to get “front & center.” All posts are approved for final posting, and negative posts and political posts may not be shared. The page can be found at [www.facebook.com/LincolnshireResidentsClub](http://www.facebook.com/LincolnshireResidentsClub).

Let’s keep it rolling. Tell your friends, and make sure to leave comments or just a “like” on the posts.

## LINCOLNSHIRE HOMEOWNERS’ ASSOCIATION, Inc.

P.O Box 1882, Largo, FL 33779

### DID YOU KNOW?

Our homeowner’s association was incorporated in Florida on February 16th, 1995. 24 years ago. This action resulted from very hard work by a few of very forward thinking residents of Lincolnshire. Considerable hours went into getting residents to join hands and commit to ensuring they were represented by a corporation that would function under Florida statutes. Our HOA consistently follows its bylaws which are filed in the county along with following well recognized policies and procedures for a corporation.

The Directors and Officers ensure our compliance and spend many hours working on our behalf. They are all volunteers and some have considerable experience in matters residents and seniors face in mobile home housing. Show your support by maintaining membership and attending Member meetings during the season.

The following is a little history on associations. When individuals come together to discuss mutual concerns, no matter what the common element is, the nucleus of an association is formed. There is evidence that associations existed in Canada even earlier than they did in the United States. Samuel de Champlain is credited with founding the first association in Canada in 1604.

As our country was founded, American citizens began to expand and formalize guilds into what we identify as an association today. Citizens of the United States began exercising their first amendment freedoms of speech, assembly and the press. New laws were developed to support and define these new groups.

The number of community associations in the U.S. is hundreds of thousands (Florida has over 47,000). Florida has over 5,000 mobile home parks and 50 of those are in Pinellas County.

*...continued on page 20*

As a result of that long history, we can have confidence they will continue to form and exist in today's society. Almost every facet of life is represented in some form or fashion by an association. The challenges they face have never been greater and the new opportunities they have are just as great.

Ever wonder why associations exist, what purposes they serve and why people join them? A sense of community is at the heart of associations. People voluntarily join associations because they want to work together on a common cause or interest. Associations empower people to get involved in issues that affect their personal and professional communities and their quality of life.

Homeowner Associations (HOA) started in the mid-19th century in the United States. During this period of time, the United States was transforming from an agricultural society into an industrial society.

The number of associations was limited until the 1960's. The federal government was a major player in the expansion of HOA's. The Federal Housing Authority and the Urban Land Institute pushed for large residential developments. There was an increasing preference for architectural uniformity, available land was decreasing, construction costs were increasing and federal mortgage insurance rules were modified to include homeowner associations.

In the United States most HOA's are incorporated, and are subject to state statutes that govern homeowner associations. State oversight of homeowner associations ranges from very strict to minimal, and varies from state to state. Florida have a large body of homeowner association law and a variety of statutes to cover the various forms that exist. Your LHOA is a member of an association that supports residents of mobile home parks the FMO (Federation of Manufactured Home Owners of Florida.)

## LINCOLNSHIRE PET KREWE

By Ann Curry {Lot 1015....727-420-6518....acuria10@gmail.com}

### Tips for Your Pet's skin irritations.

Summer is upon us here in Florida and with that comes skin issues. Sadie came with a few and so I was warned that I could possibly be looking at giving her pills and shots. I've so far, knock wood, been able to avoid that. I wipe her belly, ears and paws daily after she's been outside. I have also been giving her baths about every 10 days. Now she is a hair dog and seems to tolerate frequent baths well. Fur dogs shouldn't get bathed as frequently, as they can get dry skin. But try these over the counter things for your pet. It just might do the thing.

1. **Vitamin E-** Liquid vitamin E rubbed on your dog's skin can relieve dryness and itching.
2. **Chamomile** or herbal tea soak can be very soothing.
3. **Oatmeal Bath.** You can purchase an oatmeal based shampoo that is soothing.

4. **Epsom Salt soak-** Epsom salts has anti-inflammatory properties which most who have worked a hard day and enjoy a good soak for sore muscles will appreciate. It also reduces inflamed skin.
5. **Baking Soda-** can either be added to your dog's bath water or mixed with water into a paste and left on for 20 minutes.
6. **Apple Cider Vinegar.** Mix 50/50 with water and spray on area.
7. **Probiotics.** It's not just for your digestive system but will provide overall health benefits, such as helping prevent a yeast infection, a leading cause of skin irritation.
8. **Supplements.** Omega 3 fatty acid supplement will help your dog or Cat lock in moisture and reduce inflammation-thereby reducing irritation. Omega 3 supplements plus calcium, chondroitin and glucosamine also help lubricate joints.

## LINCOLNSHIRE TRAVEL CLUB

By; Donna Wurtz.....(#938.....459-0394)

**S**ome great new trips are in the works for those who would like to join us. We know December is a busy month for many people, but taking a short travel break can minimize the stress of the season. December 14 we have a day trip to Orlando for the "Singing Christmas tree." This is a very popular program in Florida, and is a sell out every year. We have limited space reserved for Lincolnshire. Trip includes motor coach, tickets to the show, buffet lunch, gratuities, and it is fully escorted. Price is \$105/person. Sign up early – we already have a few residents going.

By request we have another opportunity for a great Key West trip. January 13 – 16, 2020. We will spend the first night at the Miccosukee Resort & Casino, and 2 nights at the Fairfield Inn & Suites in Key West. Two full nights in Key West gives you the opportunity to visit all the sights you would see while using the convenience of your "hop on hop off" trolley tickets. On the way home, we will visit Everglades Safari Park, where we will enjoy the Everglades number one airboat ride. Also while in Key West you will enjoy a guided tour of the island, hotel shuttle to downtown and beaches, 1 dinner, and 3 breakfasts. This trip requires a \$100 deposit with reservation, and payment due by November 7, 2019. A very popular trip.

Don't forget about the annual cancer cruise on the Mariner of the Seas Dec. 2nd – 6th, 2019. This ship has just undergone a multimillion dollar upgrade, and the trip goes to the newly redone Coco Cay – look for it on line to see all there is at CocoCay – it's all brand new.

Another new cruise looking ahead to 2020 – for those who enjoy the longer trips –(and some have already signed up) - ask us about the 15 night Transatlantic Cruise May 2 – 17 2020 sailing from TAMPA to Bermuda, Azores, 2 ports in Ireland and ending in Amsterdam. Price includes all transfers, cruise, port taxes, gov't fees, AIRFARE, and travel insurance.

## A Nurse's Toolbox #12

Allyn Webert, RN. Lot 1438

The 2018 hurricane season was kinder to us than September 2017 in Lincolnshire. Not so in the panhandle of Florida where Michael struck. So many stories of people leaving their homes, mobile or not, immediately to safer ground. So many without their medications, medical equipment, medical records and oxygen needs. It took on average 5-6 days before enough emergency medical teams and supplies got there.

The Atlantic hurricane season usually runs from June 1st through November 30th. Whether you believe in climate change or not the “usually” may not always prevail. For year-rounders like myself this is our storm season. Seasonal residents also have their own storm season whether tornadoes, strong rain, flooding and snow storms including remnants of our Florida hurricanes (we like to share.) Horrific weather can find us and often does. The bottom line is be prepared wherever we live.

Without being specific to any chronic condition let's say that you must have certain medications, oxygen, nursing services, dialysis, just had major surgery, batteries for equipment vital to your survival that require replenishment within 10 days. Why 10 days? In a major weather event or disaster the supply of what you absolutely need to live isn't around the corner anymore plus the supply lines to vendors, pharmacies, hospitals, clinics, home health can be threatened. We live in a new supply world where large expensive reserves of almost everything are no longer kept close. Dependence on UPS and FedEx is pervasive. Ever need a part for something and it takes 2 weeks to get it? It is the same with medical supplies. Inventories are expensive to maintain. We are somewhat fortunate in we live in a location where supplies most seniors need are more plentiful but not endless.

As an RN in Florida's Disaster response team, we start when to actually prepare. **TODAY!** Preparing isn't as hard as we think. Take it one step at a time. Starting now means you won't rush and forget something vital.

The first is life sustaining equipment. Oxygen and the equipment required to deliver is #1. Find an invoice from the vendor who brings the oxygen and maintains the devices. Put the invoice in an envelope that you will fill with other information. Take a picture with your phone too. If you have a second portable unit always ensure the other one is always full and ready to use. If you have large oxygen canisters they will be hard to transport. Oxygen concentrators can be heavy though newer versions are much lighter. You can't expect every shelter will have unlimited oxygen available. Always register early with the shelters. Also shelters may not have consistent electricity to power equipment. If your equipment has rechargeable batteries then keep them charged. Pinellas County Disaster management can help you know where the best shelter for you! Staying at home may not be an option and can be deadly. Also extremely unfair to first responders!!!

The second pretty obvious thing is medications. If you don't have a current list of your

Where the Plumbing Bird says...  
**"Cheap Cheap"**

medications then you can write down your own or better have you pharmacy print yours list. Medication organizers are a must to have. Also reminds me what day it is! However the downside is that someone else has no idea what each pill is. Believe me. So, keep your back up supply of medications in their original container from the pharmacy. Have at least one pill etc. in the prescription container from the pharmacy. Do not ever wait until the last minute to have your medications including syringes refilled. Remember, shelters don't have pharmacies and getting some vital medications in a disaster can be very difficult if not impossible. Get a plastic container with a locking lid to store all of your medications. Put your full name on the container.

Some liquid medications require refrigeration. Often they come in a Styrofoam container. Keep one, always! Don't toss the frozen ice bag either. Store it in your freezer. Always assume the shelter doesn't have refrigeration or the ability to keep it cool. Oh, and, write your name on the cooler! I once had someone say that their insulin is in the white one. There were 20 white ones.

Lastly, when bad weather is coming don't jump around to all the TV channels for weather news. Stick with your favorite. Anxiety can get out of hand when there is too much seemingly differing information. Get ready and start today.

## VETERAN'S CORNER

By Robert Behm, Retired Army (Lot 775....401-207-9317)

**F**lying Space A—Did you know if you are a Military Retiree with 20 years that you and your dependent can fly Space A and you would fall into a (Category VI). MacDill for example has 15 seats to England every 3 weeks. You must be flexible since you are a CAT VI. In 2019 service connected 100 percent disabled veterans were also added to Category VI, although they are not permitted to fly with dependents. You must know where you want to go. Flights are tentatively announced 72 hours ahead of time, even for regularly scheduled flights. Download the Take-a-Hop app on your smartphone (\$6.99), which lists all AMC terminals and their con-tact information. Then, start calling the information lines of any terminals you plan to fly out of. Interested in Asia? Look into the Patriot Express, a regular shuttle from the West Coast. Europe more your style? Check flight times on the Rotator from the East Coast. Or skip the jet lag and try to hop a flight to Key West! **Do you have all your paperwork?** You must have your military ID card. You must have a passport if you are traveling overseas. Again, flexibility is the Key.

I hope you join us for the Memorial Day celebration at Lincolnshire at 11am on 27 May which I will be hosting. I have also been working with Largo City Hall to help them plan their Memorial Celebration as the President of MOAA. Please join us at 7pm on May 27th in Largo Central Park for a wonderful tribute honoring our Deceased Veteran's.

The Selective Service System is an "inexpensive insurance policy" against a national emergency and should be modified to include women, a senior Defense Department official

implied Wednesday during a hearing on the future of draft registration in the U.S. Asked whether requiring women to register for a potential draft would "result in a more lethal military," Assistant Secretary of Defense for Manpower and Reserve Affairs James Stewart avoided answering the question directly, instead pointing out that all military occupations are now open to men and women and the military basically looks "for standards." "As long as those individuals meet standards, we are open to them," Stewart said. But when Jeanette James, a member of a federal commission studying the future of the draft and a former professional House Armed Services Committee staff member, pressed Stewart, pointedly asking, "So am I hearing, 'Yes, it would lead to increased lethality in the military?'" Stewart replied without hesitation: "It is, already." Until now, the Defense Department has stayed silent on the proceedings of the National Commission on Military, National and Public Service, which is conducting a three-year review of public service in America, considering whether the U.S. needs the Selective Service System and if women should be required to register. "The full and equal participation of women throughout the military, including the selective service system, should be recognized as an imperative," The ongoing implementation of a **ban excluding, even discharging, transgender service members** not only is wrong, it wrongly deprives the U.S. military of their talent and dedication to service."

LINCOLNSHIRE VOICE JUNE, 2019 E

## Early birds versus night owls—who's better off?

---

The early bird gets the worm, and early risers enjoy other benefits, according to a story on the *New York Post* website. A survey of sleep habits involving 2,000 people found that, among other things, self-identified early birds have more sex on a weekly basis than their night owl counterparts.

The survey also found that early birds generally make more money, are more likely to work in an office setting, and describe themselves as happy. They're also more likely to be married with children in their home. On the other hand, night owls are typically shy and sarcastic, likely to believe in ghosts and cryptids, and more often single.

They tend to sleep about the same amount—seven hours a night for early birds and six hours for night owls. However, early birds are light sleepers, and they feel more well-rested when they get up than night owls.

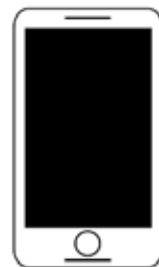

## Disconnecting may not lead to the benefits you're looking for

---

Ever feel the need to disconnect from your devices for a “digital detox”? The Yahoo Finance website reported on a survey by Mojo Vision (Saratoga, California), which found that people tend to use technology as much, if not more, after distancing themselves from their smartphones and tablets for a while.

The survey of 1,000 Americans found that 67 percent agree that technology makes life easier, but 55 percent believe that all that tech is a distraction, with one-third worrying that it hurts people's ability to connect with one another. Still, 54 percent said that abstaining from their devices didn't produce the positive benefits they'd hoped for—or at least were unsure whether it had a beneficial impact.

The most common strategies for “subtracting” tech are setting devices to send fewer notifications, putting them on a “Do Not Disturb” setting, scheduling times to not use their devices, or simply turning them off for a period of time.

***A good decision is based on knowledge, and not on numbers.***

**—Plato**

## Flower power

---

A dairy farmer in Japan, Toshiyuki Kuroki, found a novel way to help his wife, Yasuko, cope with her failing health. When complications from diabetes robbed her of her vision, he began planting shibazakura around their farm. It's a species of phlox and a hearty groundcover that blossoms March and April.

Though he knew his wife of 30 years would no longer be able to see the beautiful fuchsia-colored petals, he hoped the sweet fragrance of the flowers would lure her outdoors and out of her deepening depression. It didn't, for a while, and then something pretty wonderful happened.

As the farmer continued to plant more flowers, they thrived and spread across the farmland. People from surrounding areas, even tourists, began to visit the farm. Everyone wanted to see the beautiful pink fields and walk among the spring flowers. With so many new and different people showing up on their land, the farmer's wife began to wander outside and interact with the visitors. She was happy again.

For the past 25 years, the shibazakura fields that surround the home of Toshiyuki and Yasuko Kuroki have sparked joy and wonder in the hearts of many. The Kurokis receive about 7,000 visitors a year at the farm during March and April, and they no longer raise dairy cows.

Their story is a reminder that love and flowers are a powerful healing force.

## That's what friends do

---

A story recently went viral on social media that attracted the attention of national news outlets:

A teenager from a small town in Arkansas saved two years of earnings from his part-time job to buy a motorized wheelchair for his best friend and fellow high school classmate. It was a selfless act that speaks volumes about friendship and goodwill while serving as an example of how each of us can do and give more to contribute to the greater good.

**A flower cannot blossom without sunshine. A man cannot live without love.**
