# ON THE COVER: FLORIDA GARDENING IN THE SUMMER

By Lori Wagner

Seems like as long as I can remember I've had the gardening bug! Growing up in California I started Avocado plants in my room. Moved to Texas at 22 and couldn't wait to have chickens and a garden, which I did. I've taken classes, lectures, worked in a nursery and even designed a few yards! Yes, I definitely have the bug!

## FROM THE DESK of the PRESIDENT

By: Harold Wurtz (lot 938.....459-0394)

Well here we are – not even in the middle of August, and we have to guess what will be happening as you read this article in September. Here in Lincolnshire we just keep hoping that our northern friends are staying safe and will be joining us again in the fall when this crazy COVID stuff slows down. We know that many Canadians will not be coming to Florida at their usual times – but we will be here to enjoy your company when you finally are able to come down.

Meanwhile the Residents Club will remain on hiatus as previously announced until at least October. We will not try to organize any of our usual gatherings, including coffee hour, until then. It is still much too difficult to make these plans. From one day to the next we cannot tell what county rules will be in effect. There was talk that we are ready to start college football, and today they are cancelling that. Baseball teams are having difficulty completing a shortened schedule even without fans in the stands, schools are still debating opening on-line or actual openings. Now there is talk that larger halls (like the size of our clubhouse) are suspect that there is not enough ventilation & filtration to safely open. Lincolnshire has been a safe place with regard to the COVID, and we would like it to stay that way. The entertainment committee is also trying hard to figure out how to organize entertainment. We are still not permitted to have more than 50 people in the clubhouse at one time – count the people who are part of organizing an activity and add the entertainers and there is not much room for any additional residents to enjoy a program. When things do finally resume it will be in a much different way. Buffet meals will be gone, everyone will be required to wear a mask indoors, and may even need to take temperatures at the door. We will see....

Meanwhile there are actually things that the Residents Club continues to work on. See the

*Continued on page 6*

separate article about helping out Largo Middle School. Thank you Linda Casey for keeping our promise to these great kids. Hopefully we will be able to make this a regular program along with the food pantry donations, and the first responder lunch. Yes! Lincolnshire has heart, and we always show it.

See you all when we get back to normal – stay safe!

Harold

## FROM THE EDITOR

BY ANN CURRY (LOT 1015.....727-420-6518.....ACURIA10@GMAIL.COM)

---

Summer is going to be coming to a close eventually, ( in a month Florida time),and we still haven't had very decent rains to speak of this summer in Lincolnshire! Not to say it hasn't been raining around us, but we seem to be in the donut hole again. Wish I could say the same for the heat. Whew!! The poor dogs are dancing down the street when we walk them! Central Park and the dog parks are a good idea right now!

It'd been a quiet time with planned activities around here, but that doesn't mean that some of us aren't keeping busy. There is lots of exercising going on every day. There are people out walking, biking and triking, gardening and some using the gym again. We have a group using the pool 4 days a week for exercise and others who do laps, and a small group learning line dancing on Wednesdays thanks to Lulu Roemer. I have seen a few pickup corn hole games too. They look pretty serious at times! Then there are always those that get together indoors for card games and Mexican train.

Oh and I don't mean to not mention the golfing diehards. I don't know how you guys do it in this heat of the summer! Let's see, there's Bill and Judy Dunn, Penny Coyle, Joe Thompson and Dick Ulring. I know I'm not telling all but just look for those deep tans!!

I hear the Park is going to have an indoor picnic for us this month. I guess we will eat in shifts since only 50 are allowed inside at a time. Looking forward to that.

Some people have found ways to get away safely. Some have flown for quick trips north successfully. Some have gone on driving trips. There have been a few that have flown down to the park for a quick vacation from areas where there is less to do. Geri Dare and her husband Mark (251) bought a travel trailer and went visiting and site seeing for 3 weeks. Had a great and safe time.

So even though we are in a tense and dangerous time, there are still things to do and places to go. Take precautions, but also use common sense and please show respect for all. We all Matter.

## TO ALL BLOCK CAPTAINS

Thanks to all for delivering the Voice each month. We couldn't continue without your help. Please let Betsy know the number of copies you need each month. With COVID and people moving in and out, it's truly difficult to not short or over shoot the total issues needed each month. Monthly Media, which produces our Voice will produce only what is needed. The summer and winter totals usually varies by over 120 copies, but this year we have often been shorted, probably because some residents have stayed longer or didn't go back north.

Again, thanks for your help with this.

## Dial Directory and Database

By Donna Wurtz (#938 509-1182.....e-mail to: momshse@aol.com)

Thanks to everyone who gave us phone numbers and information for this year's edition of the "YELLOW BOOK." The book has been distributed to the block captains, and should be in your hands if you are here in the park. Please contact your block captain for your copy if you have not received it. If you are new to the park, the office should be giving you a copy when you sign for your park rules.

Remember, the Dial directory is only published once each year. The next directory is already in the works. The directory is not produced by the office. It is a resident's club function, so don't expect the office to update your information for you. If you do not wish to have your birthday or anniversary listed in the Voice, please let us know.

A few more changes for you to add to your new book:

Please correct Butch & Kim MacDonald to: 419-571-7737

Lot #212 new residents Paul & Katherine Kirschke: 501-2018

For those who are new, please address any questions directly to Donna Wurtz at lot # 938, (phone number above)

Thank you for your cooperation.

## Lincolnshire Facebook Page

By: Harold Wurtz (#938...727-459-0394...email at bigchees99@aol.com)

Welcome to all of our new owners, and to those who are new to Facebook. We have 10 new likes on our page, putting us up to 447 people who “liked” the Lincolnshire Residents Club page.

Now that we are up to this many likes, it’s time to get more involved. Remember the rules below, but please help us to get more fun things posted.

In these times of not getting our usual fun events going in the clubhouse, we can use your posts of your own events to share with the rest of Lincolnshire.

All Lincolnshire Estates Residents are invited to post their events and pictures to share. This page is designed to follow the objectives of the LINCOLNSHIRE RESIDENTS' CLUB" as follows:

A: "To promote the social, educational and recreational activities and to encourage participation by all residents"

B: "The club shall be non-political and shall endorse no candidates for public office"

C: The page has no affiliation with Rickert Properties and shall in no way endorse or demean any policies rules or decisions of park management.

When posting or commenting please follow the following guidelines:

1. Be Kind and Courteous

We're all in this together to create a welcoming environment. Let's treat everyone with respect. kindness is required.

2. No Hate Speech or Bullying

Make sure everyone feels safe. Bullying of any kind isn't allowed, and degrading comments about things like race, religion, culture, sexual orientation, gender or identity will not be tolerated.

3. No Promotions or Spam

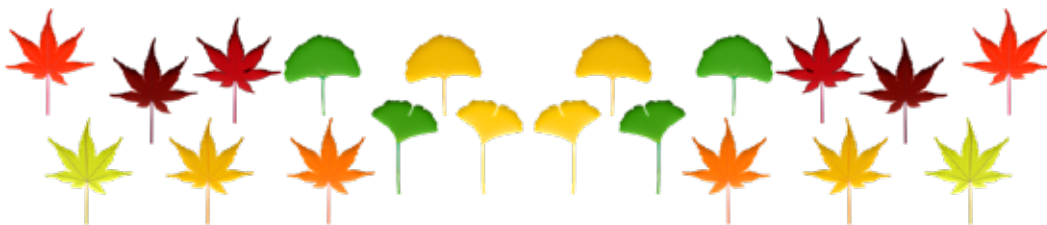

Give more than you take to this group. Self-promotion, spam and irrelevant links aren't allowed.

4. Respect Everyone's Privacy

Being part of this group requires mutual trust. Authentic, expressive discussions make groups great, but may also be sensitive and private. What's shared in the group should stay in the group.

Let's keep it rolling. Tell your friends, and make sure to leave comments or just a "like" on the posts.

With many more new owners in the park we should reach even more in the near future. Spread the word to your friends. It's a good way to spread news in the park. The page can be found at: [www.facebook.com/LincolnshireResidentsClub](http://www.facebook.com/LincolnshireResidentsClub). Remember this is not a vehicle for management to provide information – it is for residents' activities.

**A Complete Listing of Resident Services  
can be found on the page before your calendar**

## DEFEATING THE HEEBIE-JEEBIES

By Ann Curry (Lot 1015....acuria10@gmail.com....727-420-6518)

INFO TAKEN IN PART FROM ARTICLE BY Bob Driver

---

**F**ear takes many forms. One of the most common is worry. Worry means using your imagination to picture the bad things that may happen in the future. But the future does not exist. Therefore, the genuine enemy is our minds, and the thoughts that we allow to inhabit our imaginations.

And that's just what the heebie-jeebies need to launch their attack. They are patient and crafty. A favorite attack point is at 5 or 6 am, when you are flat on your back in bed. You are dressed in night clothes or less. Defenseless. Vulnerable.

Then the heebie-jeebies press the ON button. Here comes the worries. They have names. One is money, your retirement investments. Another is health. COVID-19. Children. Spouse. The upcoming elections. Riots. Bad neighbor. Hurricanes. A persistent pain, a new wrinkle. A new noise in your car.

Many defenses against heebie-jeebies exist, but what the heebies really fear is action. Almost any kind of action. Fear thrives on our inaction. Such as lying there trembling. Victory begins with even the simplest step, such as brushing your teeth, feeding your pet and yourself.

Then you can really get going. Write down every heebie-jeebie you can think of in a notebook. Cross off the ones you've defeated in the past. Pin point those fears, in detail. Then try a trick that they loathe, the total relaxation of their intended victim. Loosen every muscle and brain cell you own.

Then call your heavy troops: the blessings that have defeated the heebie-jeebies in the past. Most of these troops are the people in your life, faith, family, friends, and neighbors. Others include books that have been written by anti-heebie-jeebie veterans. One of them is "How to Stop Worrying and Start Living" by Dale Carnegie. It contains dozens of accounts of people who were saved by taking a simple but powerful step-changing their thinking.

COVID-19 has given fresh territory for the heebie-jeebies to invade. One reason for that is because we know so little about the virus. Fear thrives on ignorance and uncertainty. There's plenty of that to go around these days. But I believe that will diminish as the voices of the scientists slowly drown the cacophony of vote-seeking politicians.

The state of the country and the elections is another big worry right now. Again, don't let inaction and uncertainty take over. Become involved, read about the candidates from multiple sources. Then remember to vote. Also, try to discover why these riots are happening in the big cities. There are multiple sources why children should be going to school, and not staying home on a computer or getting into trouble. Get active.

Then a final suggestion. Once a year, take that notebook, have a party where you review the fears of the past year. You'll be amazed how few actually come to pass.

# LINCOLNSHIRE HOMEOWNERS' ASSOCIATION, INC.

## P.O Box 1822, Largo, FL 33779

BY Allyn Webert, Secretary, Treasurer LHOA (Lot1438.....847-975-1043)

### YOU NEED TO KNOW!

### YOU WANT TO KNOW? Responsibilities of a home owner.

All homeowners have received the 90 day notice from the park owner concerning rent increase, compactor fee and the property tax pass-on charge. The property tax pass-on is allowed by Florida statutes for rental mobile home parks like Lincolnshire. This has been in existence for several years. Each homeowner is responsible for 1/464th of the total difference in the property tax paid from the basis year of 2006 to 2018. Our park owner makes the charge to each homeowner once a year along with the rental increases. Other park owners may blend it into the rental increase or have 12 month installments. Property taxes are based on the value of the property (including the land) owned and is assessed by local or municipal governments. Resident owned parks also see increases and those charges are seen in increased maintenance fees. The Board is consistently surprised by the number of new homeowners who have no knowledge of this pass-on tax until they receive the notice. Unlike when we purchased a home with the land all the taxes, fees etc. are disclosed at the “closing.” Your Board of Directors ensures that this pass-through is calculated correctly each year by obtaining the tax record from Pinellas County of what amount was assessed and the tax paid.

Certainly disconcerting to a new owner finding out they are paying a pass-on tax from the previous year. The seller should make the new owner aware of this tax plus give the new owner the “Prospectus” which is the contract by which we live here.

The Board will also exercise the right by Florida statute to schedule a meeting with the park owner or his representative concerning the rental increase notice and other issues deemed important to affected homeowners. This meeting must occur before the rental increase takes effect.

The Board of Directors has an opening for a Director. This is an excellent way to serve your community and appreciated by the Members. Please speak to a Director for more information. Training is a requirement and paid for.

If you are reading this and are not a Member please take the opportunity to join. Ensure your voice can be heard and also have a vote. The 2021 membership drive starts October 1st and ends on December 31st for the next year. Dues are \$15 The Association’s strength is in its membership and let’s always maintain that.

Board meetings do occur monthly though due to the Covid virus they are not available to members due to very limited seating. Board and Member meetings will be held when safety can be assured. If you have an issue please call a Director or the President to discuss. Contact information is in the front of this Voice. As a reminder LHOA is a tenet association and doesn’t own or manage the park.

## **LET'S Make a DEAL**

*Author Unknown*

---

**J**ust my opinion...Leave it alone.

If you are offended by something then leave it alone. Cracker Barrel offends you, then eat somewhere else, but I like it so leave it alone.

A statue offends you, then don't go see it, but I like to see them as my history, so leave them alone.

Don't like *Gone with the Wind*, then don't watch it or read the book, but I like them, so leave them alone.

I like worshipping and singing to God, but you are offended, so don't go to church, but let me go. I read the Bible, but you are an atheist and want the Bibles banned. So don't read it, but don't say I can't.

You don't like the names of military bases, but I do, so leave them alone and stay away from them.

You don't like the police force, then don't call them when you are in trouble, but leave them alone so I feel safer having them.

Why are the things you want so much more important than what I want? Are your demands greater than my likes? Is it because you use intimidation, blackmail and force to get your way..

Let's make a deal.

I will leave what you like alone and you leave what I like alone and the world will be a better place for everyone.

## **THE LIBRARY**

## A Nurse's Self Care Toolbox #27

Allyn Webert, RN. (Lot 1438, [allynwebert@gmail.com](mailto:allynwebert@gmail.com))

Last month we took a look at the basics of skin cancer. This month, a quick look at the longer range issues that skin cancer can cause.

Why be so concerned about skin cancer. Our skin is our most protective outer organ, yes it is an organ. The skin's responsibility is defensive and holds us together. Our outer skin cells fall off and the layers underneath move out. Happens 24/7/365 non-stop. Much like the cells of our gastrointestinal track.

As we age and have exposure to nature's elements like the sun and other chemicals, some of our skin cells begin to get confused or out of control. Why we get more dry skin, skin tags and those ugly barnacles. When those cells begin to alter their structure and reproduce rapidly then cancer is a primary cause. These cancerous cells can also travel to other areas of our bodies both in the skin and internally. Our body is a vast network of turnpikes, freeways and back roads.

So, our primary doctor doesn't like what they see and send us to a dermatologist. They will decide if a biopsy is needed or topical medications are wanted first. There are creams that are also chemotherapeutics that can destroy the abnormal skin cells. Usually these can be done by us twice a day or once using a "blue light" to activate them. Our skin gets a bit irritated by these chemo creams so know it may itch etc. Creams are only used if the abnormal skin cells are on the surface. There are also creams that simply dry up the skin cells within a week.

When the Dermatologist recommends a biopsy of the area or definitely is concerned they will recommend a biopsy, either small or include an area well outside the lesion. If the biopsy finds cancerous cells the repeat surgery will be much wider attempting to remove all cancer cells. Often those cancer cells will migrate. Cancer cells don't ask permission to travel.

Simply be prepared to have a larger area removed than you can see!

Cancer cells can migrate and hitch a ride almost anywhere in the body. Chemotherapy/radiation may be required if there are multiple internal and external areas affected. "Staging" of the cancer is simply where it is and the effect on our body.

My simple message is this: exam your skin with help from a partner, spouse or friend.

*Continued on page 29*

# FLORIDA ANCHOR AND BARRIER COMPANY

To our valued customers:

During the current times we wanted to let you know that we are taking as many precautions as we can to ensure not only our workers safety but yours as well. We check workers' temperatures each morning and have limited the amount of contact our crews have with each other. Our crews work in Tyvek suits with respirators which helps to ensure your safety as well as theirs.

As a company, we want your business and there is no need for any contact if you so choose. Our business is deemed an "Essential Business" and we are here for you when you need us. You can schedule your inspection by calling 1-800-681-3772.

Wishing you good health and safety,

Examine front and back. A spot is irritating and not going away, see your primary physician. Don't have a primary physician, get one today. I did say "today." Most skin cancer or lesions if treated early don't diminish our lives.

## Resident's Club Outreach

*BY: Your club board*

**D**uring past seasons of the residents' club activities we continued in our tradition of supporting the local community. We had our semi-annual food drive to help with the local food bank, collected for toys for tots, collected for hurricane relief, and hosted lunch for first responders. Keeping in that tradition of giving, the residents' club voted last season to help with the children in the middle school in the neighborhood. Largo Middle School is a Title I School, with over 1000 children attending. Teachers provide a great deal of help to these students. Linda Casey has led the charge to help these neighboring children by donating provided by the proceeds of Lincolnshire's entertainment committee funds. The vote by the board to use these funds to help was unanimous. Now that school is about to begin, Linda spent time with the principal to find what the most needed items are to help. We were told that many of these students end up with most of their nutrition from the school as well as their education. Teachers often provide classroom snacks from their own pockets and are even in need of plates & supplies to help in that area as well as the basic needs in the classroom. Linda and John used the funds to purchase a large amount of supplies to help them out and went to the school to deliver products to the principal.

Thank you, Linda for getting this one started, and we hope that Lincolnshire will continue to support the surrounding neighborhood.

***School Donations done by  
John & Linda***

# LINCOLNSHIRE PET KREWE

Ann Curry & Sadie {Lot 1015....727-420-6518....acuria10@gmail.com}

Last month we met some of our neighbors in the park, dogs, cats, even fish. This month, I'd like to continue that. The summer weather is at that point where all of us, dogs, cats and humans are just trying to stay as cool as possible. Please remember to stay out of the sun for long periods, drink plenty of fluids and use a cool pad or fan to help us cool down after being outside. We dogs can overheat very easily. And that goes for cats, birds and humans too.

## SUNSHINE AND SYMPATHY

Frances Byrnes has resigned as head of this department with the Residents Club and the Voice. Thank you for your service with this. Now we are in need of someone or someones to take this up.

I say one or more because it can be a busy task. You need to be on top of what is going on and do ones best to visit or call to get up to date and correct info. I've recently been given some old issues of the Voice(2004-2008) and was amazed at the detailed information about all the people who would be sick, in hospital, rehab or passed away!! Also amazed at the number of people from 12-16 years ago whom I'd never known. I've been here 9 years! We Seniors certainly are a fluid bunch!

So please let myself or Harold or Donna Wurtz know if you'd be interested in taking this on. Many Thanks.

## VETERAN'S CORNER

By Robert Behm, LTC retired Army (Lot 775....401-207=9317)

The Senate overwhelmingly approved an addition to its defense policy bill to expand the Department of Veterans Affairs' list of diseases considered related to exposure to Agent Orange, adding bladder cancer, hypothyroidism and Parkinsonism. The measure's passage sets up a debate between the House and Senate over the issue when the two chambers reconcile the differences in their respective versions of the defense bill. In last-minute discussions this week, a similar provision was omitted from the House bill. The Senate passed the amendment 94-6. Members are set to vote on the entire bill later this week. Sen. Jon Tester of Montana, the ranking Democrat on the Senate Armed Services Committee who sponsored the bill, said Tuesday that justice for these veterans "was long overdue." "Our sacred duty is to care for those who are wounded. We have refused to cover illnesses such as bladder cancer, hypothyroidism and Parkinsonism. [The VA] doesn't seem to think that exposure to these toxic chemicals in Vietnam is a cost of war. Let me tell you, they are wrong," he said in a speech on the Senate floor before the vote. If signed into law, the provision would expand VA health care eligibility and disability benefits to roughly 22,000 affected veterans. Former service members with these illnesses have been waiting since 2016 for a decision from the VA on whether the department would expand its list of 14 conditions to include the three new ones. That year, the National Academies of Sciences, Engineering and Medicine found that there is suggestive or sufficient

...continued on page 34

evidence that the three diseases are associated with exposure to herbicides used during the Vietnam War.

In 2018, the Academies concluded that "sufficient evidence" also exists linking hypertension and related illnesses in veterans to Agent Orange and other defoliants. The proposal that passed the Senate did not include hypertension, however. The condition is common among the elderly and, if it had been included, may have added more than two million veterans to VA disability rolls in the next 10 years, at an estimated cost of \$11.2 billion to \$15.2 billion, according to the VA. The decision not to include hypertension in the legislation this time was a compromise, and lawmakers and advocacy groups have pledged to keep pushing for it to be included. In 2017, then-VA Secretary David Shulkin expressed support for including bladder cancer, hypothyroidism and Parkinsonism on the list of presumptive diseases, but he never formally announced his decision. According to internal VA documents, Shulkin had been on the verge of including the three conditions when the Office of Management and Budget and other White House officials objected, citing what they called "limited scientific evidence" and cost. Meanwhile, thousands of veterans have waited. "The fact of the matter is that this administration -- the Trump administration -- has refused to expand the list of presumptive health conditions associated with Agent Orange," Tester said. He sponsored the legislation in the Senate. On the House side, the amendment was promoted by Rep. Joshua Harder, D-California. It passed the House Armed Services Committee but was struck from the bill by the House Rules Committee, which decided that it did not include a requisite way to cover its cost, called a "pay-for." A source close to the process said that the Congressional Budget Office provided an informal assessment of the cost of Harder's amendment that was in the "tens of billions," while the assessment given to Tester's office was "\$10 billion." The source questioned the \$10 billion price tag. "The cost is not going to increase. We are losing these people every day. There may be some spousal benefits, but the sad thing is, they also are of an age where they are going too," said the source, who spoke on background as he was not authorized to discuss the issue.

VA Secretary Robert Wilkie told lawmakers late last year he wants the results of two studies -- the Vietnam Era Health Retrospective Observational Study, or VE-HEROES, and the Vietnam Era Mortality Study -- to be reviewed for publication before announcing a decision on whether to broaden the presumptive list. The VA began recognizing diseases associated with herbicide exposure in Vietnam in 1991, naming 14 diseases as presumed to be linked to exposure, including Hodgkin's disease, multiple myeloma, non-Hodgkin's lymphoma, early-onset peripheral neuropathy, porphyria cutanea tarda, prostate cancer, respiratory cancers, soft-tissue sarcoma, chloracne, type-2 diabetes mellitus, light chain amyloidosis, ischemic heart disease, chronic B-cell leukemias, Parkinson's disease.

Robert Behm, LTC (RET) US Army

# WELCOME TO LINCOLNSHIRE

By Vicki Marentette (Lot 950...281-2382) Donna Wurtz (Lot 938...459-0394)

Hello from Canada and sweltering heat. Scheduled activities by the Residents Club are still on hold in the Park. So we are putting our meetings on hold for the foreseeable future. Those of you who are new to the park, please give Donna a call. She can answer any questions that you have and also provide you with our new homeowner information folders.

Also, if anyone knows of new residents, please let Donna know. She is on duty now that I am up north.

In this time of rising cases of the virus, please practice social distancing and wear a mask. It is your best protection.

Stay safe.

# Precision Vapor Barriers

Have You Looked **UNDER** **PROTECT**  
Your Home Lately? **YOUR HOME**

**Fix Small Problems Today**  
**Before They Cause Serious Damage!**

We will inspect and photograph any issues, showing you pictures of the underside of your home. Damaged & worn vapor barriers can create high energy costs and allow mold & mildew to grow and weaken your sub floor creating "Soft Spots". Keep Mold, Moisture & Animals out of your Home.

Repairs will be made quickly and include a  
**20 Year Transferable Warranty!**

**10%**  
**MILITARY**  
**DISCOUNT**
