FROM THE EDITOR

By Ann Curry (Lot 1015....acuria10@gmail.com....727-420-6518)

Greetings from yours truly. I have been the Voice Editor for 3 years now. It's a lot of work every month, trying to keep our little news magazine interesting. Since March, I've found myself in a stranger and stranger situation. With everything shut down because of the Virus, I've had to call on myself and my writers every month to keep it interesting with extra or especially pertinent information. Now we're told

there definitely won't be anything scheduled for the next 3 months. I guess that kinda wraps up 2020. But that is what is going on everywhere isn't it? The Voice is part of the Residents Club, but the Resident's Club is not doing too much these days, so this has become our only way of communicating other than by Facebook or the rumor mill.

I know how fun it is to listen to the rumor mill. But you know that by the time it's gone to even the 3rd person, facts have changed. Gossip hurts, and that's more than feelings. These days rumors about people being sick with, or exposed to Covid are dangerous, so please stop. Remember that little thing called HIPPA we all sign when going to the doctor? It applies here too.

Thanks to Rickert Properties, our little community has its club house, fitness room, shuffleboard and pool open. **If** we respect each other's space, and follow the guideline with masks and sanitizing, we **should** be Ok. Please remember to wipe down the fitness room equipment before and after use. Do the same with billiards and shuffleboard. Remember to follow current guidelines with 50 people max assembling inside 6 feet apart. We are on our own, more or less, so let's all be smart about this. We can have fun but you need to be cautious, because you never know if the last person also was. I hate masks, and personally don't like wearing them outside because **I** don't think it's necessary, but I respect your choice in this.

Last, I've been surprised at the number of people that didn't get the email from Rickert Properties and also didn't see the posting on Facebook from the Residents Club about activities. Please double check with office to see that they have your email address. They also post a monthly newsletter from the Manager. And if you want to hear about things on Facebook, you must have an account on Facebook and then find Lincolnshire Residents club under groups and "like". You will then get postings on your Facebook page. You don't have to post or like, just look.

- *This information is the viewpoint of the Editor. If you'd like to write an opinion, or article, call me at 727-420-6518 or send it to acuria10@gmail.com, usually before the 12th of the month for publication.*

FROM THE DESK of the PRESIDENT

By: Harold Wurtz (lot 938.....459-0394)

August – the middle of the hot summer months here in Florida. As of this writing we are just beginning to see the regular timing of afternoon storms coming in from the Gulf. June was a change this year, and in the first few weeks we were rather wet, making up mostly all of the year's lack of rain in only 1 week. But that was the end. The next 5 weeks were very dry, and we have seen many lawns in the community turn brown for lack of rain. Hoping that we will now see those afternoon storms bring in more rain without any damaging winds. These showers are the reason that we have never reached a temperature of 100° F. here in Pinellas County. (heat index maybe, but not actual)

August is also the month that we have historically not have scheduled programs in the clubhouse. (there were a few last year, but they were new additions). This year it is good that no special functions were scheduled, as the Pandemic is still running strong, and it is impossible to figure out exactly what would be necessary to be able to hold a function. The clubhouse is officially open – but how can we hold a function with a maximum of only 50 people allowed in as of now, and even then, all would have masks required, social distancing enforced, etc. Possibly even temperature checks? Buffet service would be impossible for any food that might be involved, and 50 people would not be able to pay for any kind of entertainment. We hope we will be getting back close to what we are used to, as an active community, but it looks like it will take a while longer. The main concern right now is keeping everyone safe. I am hopeful that everyone has that same concern, especially now that COVID19 has actually been confirmed in the park.

I hope our Canadian friends and other northerners are faring well through this. I understand some might not be able to return this winter as early as usual if at all. My hope is that we will all be together again soon. Let's all just take some time to think of others, and pray that we will all be well through this whole

RESIDENTS' CLUB SCHEDULED ACTIVITIES

A message from the Residents' Club Board of Directors:
For many years the Lincolnshire Residents' Club has successfully met our mandate to provide you with fun and entertainment. Who could have foreseen the impact COVID 19 would have on 2020.

We have had challenges before, hurricanes, tropical storms and a full renovation of the clubhouse that curtailed our activities. We have always gone through these tough times together but today we are dealing with too many unknowns and factors beyond our control.

After a virtual meeting of the Board of Directors we have voted unanimously to put the Lincolnshire Residents' Club (and all its activities) officially on Hiatus.

What does this mean?

There will be no planned activities or meetings of any kind for the next three months. In October the Board will virtually meet again to determine the next steps.

Our priority now is to ensure the health and safety of all members.

If you wish to address any issues or concerns, please submit them in writing to the Secretary and they will be addressed at our next meeting.

We wish you all good health and a safe summer.

Your Board of Directors

WHEN TREATING A HEART ATTACK OR STROKE, TIME IS OF THE ESSENCE. EVEN DURING THESE TIMES.

Don't hesitate when it comes to getting emergency treatment.

Even during a pandemic, you still need to be treated immediately if you have an emergency. Debating whether or not to risk going to an emergency room during a heart attack, stroke or other health emergency—waiting even a few extra minutes—could be harmful. That's why in all BayCare hospital emergency rooms, patients who have symptoms of COVID-19 are isolated from other patients. This helps keep emergency room patients and our team members safe. So if it's an emergency, don't wait. **For more information: [BayCareEmergencyCare.org](https://www.baycare.org/emergency)**

THE LIBRARY

By Cynthia Varga (Lot 163.....icvar@aol.com)

Now that the clubhouse is accessible again, I was able to go in and straighten out the shelves. All the old books from March have been removed and the shelves are fairly bare. We have room for new additions. **BUT PLEASE USE THE BOOK CABINET BETWEEN THE SHELVES TO RETURN OR DONATE BOOKS AND PUZZLES!!** Or you can bring them to my coach. Don't put the return books in the shelves. I have a marking system to keep it in order. I rotate and check the books for wear, so you putting them back on the shelf truly messes it up. If you want a neat and organized library, I can't do it without your help.

Yes, we also have jig saw puzzles and videos. Several boxes full of them were donated to us. Look in the draws in the BUREAUS around the room for videos. The puzzles are in the cabinets under the book shelves. This is all done on the honor system, so keep them in as good a condition as possible.

Thanks for your interest and help.

Cynthia Varga, your Librarian and Notary

To our valued customers:

During the current times we wanted to let you know that we are taking as many precautions as we can to ensure not only our workers safety but yours as well. We check workers' temperatures each morning and have limited the amount of contact our crews have with each other. Our crews work in Tyvek suits with respirators which helps to ensure your safety as well as theirs.

As a company, we want your business and there is no need for any contact if you so choose. Our business is deemed an "Essential Business" and we are here for you when you need us. You can schedule your inspection by calling 1-800-681-3772.

Dial Directory and Database

By Donna Wurtz (#938..... 509-1182..... momshse@aol.com)

Thanks to everyone who gave us phone numbers and information for this year's edition of the "YELLOW BOOK." The book has been distributed to the block captains, and should be in your hands if you are here in the park. If you are a part time resident, call your **block captain** when you return to receive your copy. We apologize for the delay in printing, but like everything else, the COVID crisis has slowed things down. If you are new since February, and haven't turned in your information to **me**, you will find that you are not listed in this year's edition.

Remember, the Dial directory is only published **once** each year. The next directory is already in the works. The directory is **not** produced by the office. It is a resident's club function, so **don't expect the office to update your information for you.** If you do not wish to have your birthday or anniversary listed in the Voice, please let us know.

There are already a number of changes to be added as they were not available at the time of publication. Please make these changes to your book:

Lot #204	Angie Faust	832-455-1694
Lot #217	Eric & Mary Salaby	238-3852 (delete Hanshu)

ANOTHER PASTIME-GARDENING

Some of us have green thumbs and some think we do. Myself, I'm kinda hit and miss. I know of at least 3 people that really enjoy it and seem to have the knack down in spite of the treacheries of growing things in the Florida summer. I was out riding with a friend, Ginny Peterson, the other night and was amazed at her plants. Here are some of her successes.

YOU NEED TO KNOW!

YOU WANT TO KNOW? Responsibilities of a home owner.

The Board of Directors repeats this article every year. Why? Just as we all had or still have state, county, city or town rules to abide by they also exist here. Regardless if a vacation 2nd home or full time Florida resident. In another article we also address the obligations of park owners.

Florida Statute Chapter 723.023 provides for the Mobile Home Owner's General Obligations. It exists under Title XL and covers "REAL AND PERSONAL PROPERTY MOBILE HOME *TENANCIES". It **723.023 Mobile home owner's general obligations.**—A mobile home owner shall at all times:

(1) Comply with all obligations imposed on mobile home owners by applicable provisions of building, housing, and health codes, including compliance with all building permits and construction requirements for construction on the mobile home and lot. The home owner is responsible for all fines imposed by the local government for noncompliance with any local codes.

(2) Keep the mobile home lot which he or she occupies clean, neat, and sanitary, and maintained in compliance with all local codes.

(3) Comply with **properly promulgated park rules and regulations and require other persons on the premises with his or her consent to comply with such rules and to conduct themselves, and other persons on the premises with his or her consent, in a manner that does not unreasonably disturb other residents of the park or constitute a breach of the peace.

History.—s. 1, Ch. 84-80; s. 918, Ch. 97-102; s. 4, Ch. 2015-90.

* The right to use land or live in a building in exchange for rent.

**"Properly Promulgated Park Rules" means those "Rules" that have been submitted to the State of Florida and have been approved, by the state. Any other "Rule" is known as a "Defacto" Rule and is NOT enforceable as a matter of law.

Fifty Five years ago, while many of our current full time park residents throughout the state and others were fighting in Vietnam or pioneering our race to the moon, the Supreme Court of Florida affirmed the right of cities and counties to tax mobile homes as real property. A hue & cry was heard across the state and on Nov 2, 1965 Amendment 5 to the Florida Constitution was passed. The Florida Constitution, Article VII, Section 1(b) states: "Motor vehicles, boats,

airplanes, trailers, trailer coaches and mobile homes, as defined by law, shall be subject to a license tax for their operation in the amounts and for the purposes prescribed by law, but shall not be subject to ad valorem taxes” Otherwise our mobile homes would be taxed as a regular home. We do, however, pay a DMV registration yearly as cars, boats etc. Our property tax pass-on is discussed in other articles. This pass-on is a Florida law of several years.

A Nurse's Self Care Toolbox

Allyn Webert, RN. (Lot 1438, allynwebert@gmail.com)

Last month we took a look at the dry skin conditions of aging. Now, the more we know about skin cancer and the precancerous warning signs the better prevention and actions needed if we notice something suspicious on our skin.

Some background first. Skin cancer begins in the cells that make up the outer layer (epidermis) of our skin. Skin cancer is the abnormal growth of skin cells most often develops on skin exposed to the sun. Though some groups of us are more susceptible.

Melanoma (our focus here), basal cell skin cancer and squamous cell skin cancer are the most common types in seniors. Melanoma is a disease in which malignant cells form in the skin cells called melanocytes which gives us our skin color. When skin is exposed to the sun, melanocytes make more pigment, causing the skin to tan, or darken. When melanoma starts in the skin, the disease is called cutaneous melanoma and can occur anywhere on the body. Risk factors for Melanoma are unusual moles, exposure to natural sunlight (even inside our homes, sunlight still invades around curtains and blinds), exposure to artificial ultraviolet light (tanning booths), history in the family, Caucasian, being an adult, certain features like blond or red hair, light skin and freckles too.

What do we look for and how often. Checking for moles, new or already there twice a year looking for a difference in how it looks, getting larger, changing shape or color. Does it itch or bleed often. Seeing smaller and similar moles around the larger suspicious mole.

I cannot stress enough that we are the first line of defense with noticing problems with our skin that is bothersome. We so often see our medical team where a more thorough skin examination seems to take second or third place if at all. Ask for a skin examination and especially if you are concerned. Ask a friend to look at your back too. You do their back. Take a phone picture if

you can. Most people can't escape getting a skin exam if they are seeing a dermatologist. Hold still as it won't hurt!

What is the next step if our medical team is concerned about a spot, mole or lesion on our skin? Most often a referral to a dermatologist. If there is concern on whether it is an abnormal skin growth or even in a high probability area they will typically do a biopsy. After numbing up the skin area they will do a local excision to remove as much of the suspicious mole or lesion as possible. A pathologist then looks at the tissue under a microscope to check for cancer cells. Melanoma can be hard to diagnose which can mean another biopsy or additional office visit. We should not shave off or clip off suspicious looking areas as this can delay identification if cancerous and in some cases increase the spread. Be smart and call your medical team.

I will cover more on skin cancer next month regardless of we are seasonal or full time residents. I have been told the sun shines in Newfoundland. Please wear sunscreen every day! Whether you seldom go outside or frequently. Often Medicare Advantage or government plans offer no cost over the counter benefits that include sunscreen. Get it and use it. Be safe, wear a mask when away from home and wash our hands. Tally ho.

Lincolnshire Travel Club

By: Harold Wurtz

(#938.....727-459-0394.....email bigchees99@aol.com)

This will be the last article for the Lincolnshire Travel Club. Perhaps some time in the future someone will again start up a club of likeminded residents who would like to travel together locally or around the world, but with all that is going on relating to the pandemic, we do not see any future trips possible for our group. Our travel agent is no longer in business because of it, and our search for a new one that would be able to handle our type of group has come up with zero results. Bus trips cannot happen, even the bus companies are teetering on the edge of bankruptcy, as they cannot fill buses. If a trip were able to go anywhere, the price would be double because the bus would need to be at 50% capacity. For this reason, we are discontinuing the travel club as a unit. Hopefully those of you who enjoy cruises will be able to find voyages that you can book on your own, or with a few friends. Other trips and vacation destinations will probably be advertised again in the future by AAA or other agencies. It has been fun, but it is time for our current system to come to a close. We hope that some of you are still booked for the cancer cruise in January. It is still scheduled at this time, and we hope to see you on board. If you have any concerns regarding this cruise, you can call Hilda at 813-634-3318.

Thanks for travelling with us There are lots of good memories.

LINCOLNSHIRE PET KREWE

Ann Curry & Sadie {Lot 1015....727-420-6518....acuria10@gmail.com}

Hello, Sadie here. I am so glad we got that rain storm last night. Even though, that thunder and lightning was pretty loud and I went under the table where Mom was, it made the outside so much nicer to pee on this morning! Less dust and bugs to make me itch, at least for a little while. I know it will get hot again, but it sure is nice after a good thunderstorm. It's like the earth is smiling cause it got a drink!! By the way, don't forget to give us a cool drink after we go outside, and wipe out paws off too. You know we sweat through our paws too. We get hot down there on the ground!

Mom took some pictures of some of my friends this month. Enjoy.

Pets are a great comfort to humans. We draw great happiness, comfort, love and fun from our pets. I'm not going into all the things written about interaction between humans and their pets. Look at what's happened since the virus and how many people have adopted pets to keep them company while they're cooped up at home wondering when this will end. The variety of animals is endless...

VETERAN'S CORNER

By Robert Behm, LTC retired Army (Lot 775.....401-207=9317)

1. This year it is very important for Veterans to contact their Congressional members asking them to include language in the 2021 NDAA to halt the downsizing of military treatment facilities and the reduction of DOD medical personnel until a full analyzes of the COVID-19 response has been conducted.
 - Stop military treatment facility restructuring codified in the FY17 NDAA and medical billet cuts included in the FY21 budget.
 - Initiate a comprehensive review of the lessons learned this year during COVID-19.
 - Apply the lessons learned going forward on strengthening interoperability of our national health care systems, which include the DOD.
2. It will take an act of Congress to halt the above military reforms noted above. Preparing our nation for a steady state or surge demand as demonstrated in COVID-19 demonstrated that we need a strong medical team for the sake of our national well-being and national security.
3. **So, I urge you to contact Congress and ask them to halt military treatment facility restructuring and medical billet reductions and ensure we have an updated analysis of the capabilities and capacities needed in DOD'S and America's health systems.**
4. The Senate will vote on an amendment to the FY 2021 National Defense Authorization Act (NDAA) that would expand VA benefits available to Vietnam veterans exposed to herbicides such as Agent Orange, adding conditions scientifically linked to such exposure. The amendment, put forward by Sen. Jon Tester (D-Mont.), would add bladder cancer, hypothyroidism, and Parkinson's-like symptoms to the list of veterans' diseases associated with Agent Orange. Tester's office announced the amendment in a press release just before Independence Day. The amendment mirrors the Fair Care for Vietnam Veterans Act of 2020 (S. 3444), a bill Tester introduced in March that included the three conditions above as well as hypertension. This condition likely was eliminated as part of a compromise to reduce the cost and allow the amendment to be put forward for a vote. The amendment has 40 cosponsors, showing interest for inclusion in this year's NDAA. Votes are planned when the Senate returns from recess July 20, but there is limited time to gain the support required to get the provision passed the chamber. The amendment making the short list is a promising sign, but it does not guarantee inclusion. **So, ask your Senators to take**

...continued on page 34

action to back this amendment.

5. If passed by the Senate and adopted in the final version of the NDAA, tens of thousands of veterans suffering from these conditions would be able to connect their illnesses to their service in Vietnam. While the scientific analysis by the National Academies of Sciences, Engineering, and Medicine is associated at the standards required to add the conditions to the list of presumptives, VA contests the results and wants to wait for additional studies that are due later this year before making a final decision.

Bob Behm, LTC (RET) Army

By Vicki Marentette (Lot 950...281-2382) Donna Wurtz (Lot 938...459-0394)

Hello from Canada and sweltering heat. It would appear that scheduled activities in the Park are still on hold. We are putting our New Owner meetings on hold for the foreseeable future. Those of you who are new to the park, please give Donna a call. She can answer any questions that you have and also provide you with our information folders. Also, be sure to give the office your email address so you can receive the park newsletter.

If anyone knows of new residents, please let Donna know. She is on duty now that I am up north.

In this time of rising cases of the virus, please practice social distancing and wear a mask. It is your best protection.

Stay safe.

"...I am so happy with my new windows...I'd like to commend your work crew. Earbie and Larry were fantastic! I couldn't believe the clean-up EVERYDAY! The whole job took just a week even with all the rain delays. I would and WILL highly recommend your company to my friends and neighbors. Of course I won't need to say a word – the house is doing all the talking! Thank you so much for my beautiful new house."

Monthly Mania: It Pays (Up to \$100) To Patronize the Advertisers in Your Newsletter

THOUSANDS manufactured home residents have won over **\$153,800** since our contest began. It's simple to play ... when you patronize a current advertiser, ask for a Monthly Mania ticket (or a reasonable facsimile) and fill it out completely. Put the ticket in our Monthly Mania drop box in your community or **mail your paid receipt** to us at **Monthly Media • 220 Bahama St. • Venice, FL 34285**. That's all you do. At the end of the month the Publishers will pick up the tickets and hold a drawing. If your ticket is drawn, we mail you a check.

(Allow 4-6 weeks for mailing of check). **This month's cash winners are:**
