**I**t is June where has the time gone? This letter was written and posted on May 5th. I have no idea how the month of May unfolded; hopefully, everyone had a wonderful Mother's day and some of the guidelines were lifted. Looking forward to the month of June and hoping things are returning to normal. Happy Father's day to all the dads out there.

**I** hope that all the folks here who left for their "summer homes" made the trip safely. You all will be missed.

There isn't a whole lot going on these days. Hopefully, in the near future, things will pick up. Everyone seems to be following all the safety rules which is great!

If you are new to the park and/or want to join our Oakcrest/Acorn 2018-2019 website, you need to call me personally before you send a request. Our site is a closed group. Unless you live in Oakcrest/Acorn park, you cannot join. Call me at 843-457-9599.

Not much to say so you all stay safe!

**V**olunteers are still needed to fill nightly spots, we have had some inquires and I would like to answer some questions that have come up

Yes there is a Community Golf Cart that may be used, as long as the driver has personal Car Insurance.

The Cart is stored at one of the units, and can be picked up and dropped off there. Which unit number changes at times and you will be kept up to date on where it is. No, the cart can not be stored at your unit due to Maintenance using it during the day, and other volunteers using it different nights. The cart will be kept wiped down after each nightly run and wipes will be provided for the volunteers to do so after locking it up when done. Wearing gloves is encouraged.

Instructions will be given one what paperwork etc. is on the Cart. How many times you go out at night is up to you, as long as the cart is locked up back at the unit you got it from when done. More than one night can be chosen if you wish to do so,

More information can be given by calling Jim or Rebecca Hamilton at 440-533-5559 Lot 273

## June Monthly

---

**Adopt-A-Cat Month.** American Humane celebrates Adopt-A-Cat Month each June—a month that marks the height of “kitten season,” when millions of kittens are born and often end up in animal shelters. Take home a new friend (or two) to ease your social isolation today.

**National Camping Month.** June is an excellent time to pack up your gear and experience nature—while practicing social distancing, of course. Gather family and friends, don’t forget the s’mores ingredients, and go camping! Nature is calling, and there are many ways to enjoy a weekend or even longer in the outdoors.

**National Dairy Month.** Dairy products contain nine essential nutrients, such as calcium and potassium, that can help you manage your weight and reduce your risk of high blood pressure, osteoporosis, and certain cancers. Whether it’s protein to help build and repair the muscle tissue of active bodies, or vitamin A to help maintain healthy skin, dairy products such as milk and yogurt are a natural nutrient powerhouse.

**Oral Health Month.** Don’t neglect your oral health during the pandemic. Leading by example—especially when it comes to salubrious habits like brushing and flossing—can make a big difference in the health and happiness of your entire family. This year’s theme: Share More Time, Share More Smiles.

## Weekly

---

**National Nursing Assistants Week, June 11–18.** During this week, nursing assistants and direct-care workers educate the public, state, and federal government agencies, and, in particular, their elected officials about the nature of their vital work and what they need in order to do the job right.

**Animal Rights Awareness Week, June 14–20.** The goal is to help raise global awareness of animal rights by educating the public about animals’ basic needs. Animal rights awareness extends from individual pets to companion animals, farm animals, wildlife, and animals used for testing, experiments, and medical research.

**National Mosquito Control Awareness Week, June 21–27.** The current lockdowns in place to curtail the spread of coronavirus will probably not preclude essential mosquito control activities in the U.S. Despite emphasis on testing and treating COVID-19 patients, we can’t forget that other debilitating and potentially fatal diseases transmitted by mosquitoes could infect our citizens.

## June Days

---

**N**ational Cancer Survivors Day, June 7. Thousands worldwide speak up to honor cancer survivors and to show the world that life after a cancer diagnosis can be fruitful, rewarding, and even inspiring.

**World Oceans Day, June 8. For 2020,** World Oceans Day is calling on world leaders to protect 30% of our blue planet by 2030. By safeguarding at least 30% of our ocean through a network of highly protected areas, we can help ensure a healthy home for all.

**Flag Day, June 14.** Fly Old Glory proudly!

**Father’s Day, June 21.** Celebrate your father and all fathers everywhere.

**World Rainforest Day, June 22.** This global event celebrates this precious natural resource and encourages action to preserve it. Your efforts, together with those of others, will benefit rainforests and the climate worldwide.

## Fun facts about your Father’s Day gift

---

**F**ather’s Day is June 20 this year, and the 65 million fathers in the United States (give or take a few million) will bask in familial attention and be showered with gifts—mostly neckties.

The modern necktie evolved from the small, knotted neckerchiefs worn by Croatian mercenaries working for the French in the Thirty Years’ War. The word cravat derives from a combination of the French “Croate” and the Croatians’ own name for themselves, “Hrvati.”

With the rise of the business class in the 19th century, demand grew for neckwear that was durable, comfortable, and easy to tie.

In 1926, a New York tie maker named Jesse Langsdorf developed a technique that improved the tie’s elasticity, which allowed it to revert more easily to its original shape. The “Langsdorf” became the most popular form of necktie.

Since then, ties have widened as far as 4.5 inches and thinned to three inches (or skinnier) depending on the current style, but they seem to be here to stay.

Happy Father’s Day

# WHEN TREATING A HEART ATTACK OR STROKE, TIME IS OF THE ESSENCE. EVEN DURING THESE TIMES.

## Don't hesitate when it comes to getting emergency treatment.

Even during a pandemic, you still need to be treated immediately if you have an emergency. Debating whether or not to risk going to an emergency room during a heart attack, stroke or other health emergency—waiting even a few extra minutes—could be harmful. That's why in all BayCare hospital emergency rooms, patients who have symptoms of COVID-19 are screened and treated in a separate area. This helps keep emergency room patients and our team members safe. So if it's an emergency, don't wait. **For more information:** [BayCareEmergencyCare.org](https://www.baycare.org/emergency)

## Coronavirus spurs creative solutions

---

**T**he COVID-19 pandemic is scary, but if it has any upside, it's in the way the crisis has sparked innovation and creativity in business.

The BBC website reports that the Washington, D.C., public library hosts a virtual book club for readers, and chef Massimo Bottura of Italy has launched an Instagram series to teach basic recipes to homebound cooks. An art teacher in Tennessee is livestreaming classes for children who want to be creative.

Speaking of art, museums such as the Louvre in Paris have been offering virtual tours, and art lovers can view classic sculptures from the Vatican.

Small-business owners are thinking outside the box and taking steps to address the crisis, the U.S. Chamber of Commerce website reports. Cycling apparel company Kitsbow in North Carolina has shifted from making jerseys to manufacturing personal protective equipment (PPE), and it plans to produce 26,000 face shields and face masks. Similarly, Sweaty Bands, a maker of no-slip headbands for activewear, is repurposing materials into facemasks for local hospitals.

On another front, cosmetics maker Garb2Art has found a new market for a hand sanitizer it developed three years ago. Revamping the production process, the company has expanded its staff from five people to 25 and recouped its \$25,000 investment in bottles and alcohol in a single day.

## Focus on mental health while in quarantine

---

**S**taying indoors for an extended period—days, weeks, or even months—can be hard, especially when you're already stressed about COVID-19. While staying physically healthy, don't neglect your mental health. The Verywell Mind website shares these tips:

- **Stick to (or create) routines.** If you're working at home, start the day at your regular time. Shower and dress, and focus on your job. Eat meals at your usual time.
- **Stay active.** Don't sit on the couch all day. Fitness apps can remind you that it's time to get moving. Search YouTube for exercise and yoga videos. Jog through your home a couple of times.
- **Communicate.** Don't cut yourself off from the rest of the world. Spend time with family or friends who are staying with you. Reach out through social media and Skype and Zoom. Even if you're isolated physically, it doesn't mean you should withdraw entirely.
