Homeowners of Oak Crest / Acorn Residents, Inc.

By: Jenny L Naegele, Secretary

Well here we are in February 2017 already! New board ~ New start. January 30, 2017 was our Annual HOA meeting. We had a great turnout for the meeting with over 100 residents, a terrific start for the New Year!

The January Messenger contained an envelope everyone could use to pay their \$10 annual HOA membership. It turns out using the envelopes was a 'great' idea and we have received over 100 of them already! We want to thank all of you that have stepped forward so quickly.

Our agenda for the next meeting will cover:

- Bringing in vendors for 'insurance' to cover our homes
- Spectrum and Dish Network for possibility of saving money. There is strength in numbers
- Major issues in park still not taken care of
- E-mail hotline connection for residents

We will have more 'structured' meetings so everyone can have their say, as we did have a bit of chaos at the January meeting. We can use the podium which has a better microphone. With POSITIVE ENERGY we can turn our HOA into one to be proud of.

By the time you get the March Messenger, we will have had our February meeting on the 27th. We hope you will all continue to participate in these meetings.

We have an awesome park and we can all work together to keep it that way. COMMUNICATION and COOPERATION will get us there.

Remember, the Board members of the HOA are volunteers. We volunteer our time and our expertise.

Oak Crest / Acorn Residents' Club, Inc.

John Brennan, President, Lot #435, 586-365-9951

The winter months are passing us by and many of our snow birds will heading home soon. Please enjoy the remaining events that are coming up.

A quick reminder to any new residents who have free passes to any of the events. You will need to exchange the pass for a ticket. You can see Nancy or Joy for this.

The weekly corn hole game has been a great success thanks to Linda & Lou. The game takes place on Thursday's @ 1pm behind the pool by the gazebo. Cost is \$1.00. Come on out and bring a small snack to share.

Upcoming Events

- Pancake Breakfast 3-4- 2017 8:30 – 10:00am \$4.00 (last one of the season)
- Residents Club Meeting 3-6- 2017 7:00PM
- Game Night 3-16- 2017 7pm
- (Bring your nickels, beverages & snacks)
- Corn Hole Thursdays 1PM Behind Pool
- Dime Bingo Wednesdays 1PM Clubhouse
- Activity Committee

Thanks to everyone that attended the “Winter Wonderland’ Dinner/Dance. A good time was had by all 150 that attended. A special “Thanks” to John & Connie Topor and John & Terry Brennan for taking charge of this function. Great job!

Help for Severe Aortic Stenosis

Severe aortic stenosis is a narrowed aortic heart valve that doesn't open and close properly, reducing blood flow to the rest of the body.

Morton Plant Hospital is now enrolling eligible patients in the Medtronic Evolut R low-risk trial, which investigates the safety and effectiveness of a transcatheter aortic valve replacement (TAVR) system in patients with severe aortic stenosis who are at a low surgical mortality risk. TAVR is a minimally invasive alternative to open-heart surgery used to treat failing aortic heart valves in patients with severe aortic stenosis. Morton Plant Hospital was chosen as the first hospital in Tampa Bay to offer the TAVR procedure for patients with severe aortic stenosis who were at an intermediate or high surgical mortality risk. Our team has completed more than 700 TAVR procedures over the last five years.

To see if you or a loved one with severe aortic stenosis may be eligible for this trial, or for more information on the trial, call the Center for Advanced Valve and Structural Heart Care at Morton Plant Hospital at **(855) 44-VALVE (855-448-2583)** or visit **MortonPlantValveTrial.org**.

Fresh or frozen? The choice is yours

Mom may tell you over and over again to eat fruits and vegetables that are fresh, but nutrition experts say that frozen produce isn't necessarily inferior. According to *The New York Times*, most nutrients are surprisingly hardy: Iron, for example, stands up to freezing quite well, and fiber does its job whether it's frozen or fresh.

Scientists at the University of California-Davis analyzed the vitamin content in several different varieties of fresh and frozen produce, including blueberries, broccoli, carrots, spinach, and strawberries. They found no significant differences between fresh and frozen items, and even discovered that frozen broccoli contains more riboflavin—a B vitamin—than the fresh selection. Similarly, frozen blueberries have more vitamin C than fresh.

Experts recommend looking for produce frozen using the IQF process—individually quick frozen—for the highest quality.

Watch for these sources of illness while traveling

Traveling has enough hassles—check-in lines, lost luggage, bad airline food—without adding germs to the mix. Be safe by watching out for these common sources of germs and bacteria that can make you sick when you travel (from the CNN website):

- Washroom stall locks. In one test, airport stall locks were found to have an average of 70 colony-forming units (CFUs) per square inch. Use soap and water or a good hand sanitizer after touching them.
- Seatbelt buckles. Clean your hands after buckling up. Airplane belt buckles can have up to 230 CFUs per square inch.
- Lavatory flush buttons. These can get pretty nasty, containing 265 CFUs per square inch (although overhead vents and tray tables have more).
- Drinking fountains. Thirsty? Maybe buy a bottle of water instead. The buttons on airport drinking fountains have been found to hold 1,240 CFUs per square inch.

Ancient gold belt dug up in U.K.

Archeologists in the U.K. have dug up a 3,000-year-old gold belt in Cambridgeshire, and it's now on display at the British Museum in London.

The object, known as a torc, is the largest ever unearthed. Torcs were usually worn around the neck, but this one measures 49.6 inches, suggesting it was worn as a belt between 1300 and 1100 B.C., or that it was worn by a sacred animal slated for sacrifice. The torc, made of 20 karat gold, weighs 1.6 pounds.

British scientists examining the artifact have found little sign of use or wear on the links used to fasten the torc together, so its original function remains a mystery.

Astronomers discover the sky's smallest asteroid

The universe is full of objects large and small: Sharp-eyed astronomers have recently discovered a near-Earth asteroid just 6 feet in diameter.

The asteroid, named 2015 TC25, was discovered in October 2015 by scientists working with the Catalina Sky Survey. It's one of the brightest of its kind ever observed, reflecting about 60 percent of the sunlight that hits it, and it's one of the fastest spinning. Astronomers speculate 2015 TC25 was chipped off another asteroid, (44) Nysa, a large bright object in the main asteroid belt that's about 44 miles in diameter.

The small rock is about the size of many meteorites that fall to Earth, but astronomers believe there's little likelihood of 2015 TC25 dropping on our planet very soon.

New light on our oldest ancestor, Lucy

The remains of "Lucy," the name given to the oldest human ancestor yet discovered, were found 42 years ago, and ever since scientists have debated whether she spent most of her time walking on the ground or climbing through the trees. The journal PLOS One reports that new evidence suggests the three-million-year-old woman had muscular arms, indicating that she may have been a tree dweller, at least some of the time.

A CT analysis of Lucy's fossilized skeleton shows that her arms were heavily built and similar to those of chimpanzees. Scientists speculate that Lucy may have slept up in the trees to avoid predators at night, spending as much of one-third of her life above the ground. The fact that Lucy may have died from falling out of a tree adds weight to the theory.

Tough interview

Singer/songwriter and Nobel Prize winner Bob Dylan is known for his idiosyncratic and iconoclastic ways. His sometime guitar partner Bruce Langhorne tells a story of one time the two were being interviewed on a talk show in 1965.

Les Crane, the interviewer, was getting frustrated with Dylan's brief, uninformative answers to his questions. So at one point, when Dylan joked, "That's a nice tie, though," Crane pointed out that Dylan never wore neckties, and then gave the musician his tie to calm the tension.

Dylan responded by saying he liked Crane's boots. Crane didn't turn them over. Instead he said, "Hey, Bob, that's a nice harmonica." But Dylan refused to give it up.

Monthly

American Red Cross Month. For more than a century, the American Red Cross has harnessed the generosity of the American people, mobilizing the nation in the wake of disaster. The American Red Cross and its international partners have served during crises across the United States and around the world. During American Red Cross Month, Americans celebrate the nation’s humanitarian spirit and recommit to providing relief and hope in times of crisis.

Brain Injury Awareness Month. Sponsored by the Brain Injury Association of America, which conducts an awareness campaign each March. The theme for the 2017 campaign is “Not Alone,” providing a platform for educating the public about the incidence of brain injury and the needs of people with brain injuries and those in their families.

Music In Our Schools Month. An annual celebration of music educators, students, and communities nationwide, all promoting the benefits of high-quality music education programs in schools. Music In Our Schools Month began as a single statewide event in New York in 1973 and grew to become a monthlong celebration of school music in 1985.

Women’s History Month. Women’s History Month had its origins as a national celebration in 1981 when Congress requested that the president proclaim the week beginning March 7, 1982, as “Women’s History Week.” Throughout the next five years, Congress continued to pass joint resolutions designating a week in March as “Women’s History Week.” Since 1995, Presidents Clinton, Bush and Obama have issued a series of annual proclamations designating March as “Women’s History Month.”

Weekly

Professional Pet Sitters Week, March 1-7. An annual observance that honors professional pet-care providers, seeking to educate the pet-owning public about the advantages of professional in-home pet care and encourage pet-loving entrepreneurs to explore professional pet sitting as a viable career.

Dental Assistant Recognition Week, March 5-11. Dental assistants are a key part of the dental practice year-round. During Dental Assistants Recognition Week, dentists in the United States and Canada celebrate by honoring their dental assistants for the variety of duties they perform and helping them provide patients with top-quality dental care.

Women in Construction Week, March 6-12. The focus of Women in Construction Week is to highlight women as visible members of the construction industry. The National Association of Women in Construction’s thousands of members across the country raise awareness of the opportunities available for women in construction and emphasize the growing role of women in the industry.

VINYL IS FINAL

"...I am so happy with my new windows...I'd like to commend your work crew. Earbie and Larry were fantastic! I couldn't believe the clean-up EVERYDAY! The whole job took just a week even with all the rain delays. I would and WILL highly recommend your company to my friends and neighbors. Of course I won't need to say a word – the house is doing all the talking! Thank you so much for my beautiful new house."

Carol Zapiecki, Clearwater, FL

"Just a short note to express my appreciation for the work done on my mobile home. The crews that worked here...were gentlemen at all times, efficient, knowledgeable and prompt. You can be sure if I run into anybody who needs your type of work, I will surely recommend your company. It has been a very satisfying experience!"

George Lordstrom, Saint Petersburg, FL

Good insurance

A lawyer and an engineer were fishing at an expensive resort in the Caribbean.

The lawyer cast his line. “I only have the money to be here because my house burned down, and everything I owned was destroyed by the fire. Fortunately, the insurance company paid for everything.”

“What a coincidence!” The engineer cast his own line. “I’m here because my house and everything else were destroyed in an earthquake, and my insurance company also paid for everything.”

The lawyer looked confused. “How did you start an earthquake?”

Proof

A woman went to a lawyer. “My neighbor owes me \$500, and he won’t pay up. What should I do?”

“Do you have an IOU for the money?” the lawyer asked.

“No, it was just a promise.”

“Here’s what you do,” the lawyer said. “Write him a letter asking for the \$5,000 he owes you.”

“But he only owes me \$500,” the woman said.

“And when he writes you back to say that, you’ll have your proof!”

Joy in one’s heart and some laughter on one’s lips is a sign that the person down deep has a pretty good grasp of life.

—Hugh Sidey
