## EDITOR'S CORNER: July 4 – Independence Day, 2020

**O**n July 4, Independence Day, Americans reflect on the sacrifices, character and courage that propelled the 13 colonies to set aside their differences and unify to fight for a common goal – independence from Great Britain.

In honor of the nation's celebration, the Editor's Corner will reprint a story from the National Archives website describing the creation of the Declaration of Independence.

**Source: National Archives**

**THE DECLARATION OF INDEPENDENCE: HOW DID IT HAPPEN?**

**The Revolution Begins**

In the early 1770s, more and more colonists became convinced that Parliament intended to take away their freedom. In fact, the Americans saw a pattern of increasing oppression and corruption happening all around the world. Parliament was determined to bring its unruly American subjects to heel. Britain began to prepare for war in early 1775. The first fighting broke out in April in Massachusetts. In August, the King declared the colonists “in a state of open and avowed rebellion.” For the first time, many colonists began to seriously consider cutting ties with Britain. The publication of Thomas Paine's stirring pamphlet *Common Sense* in early 1776 lit a fire under this previously unthinkable idea. The movement for independence was now in full swing.

### Choosing Independence

The colonists elected delegates to attend a Continental Congress that eventually became the governing body of the union during the Revolution. Its second meeting convened in Philadelphia in 1775. The delegates to Congress adopted strict rules of secrecy to protect the cause of American liberty and their own lives. In less than a year, most of the delegates abandoned hope of reconciliation with Britain. On June 7, 1776, Richard Henry Lee introduced

a resolution “that these united colonies are and of right ought to be free and independent states.” They appointed a Committee of Five to write an announcement explaining the reasons for independence. Thomas Jefferson, who chaired the committee and had established himself as a bold and talented political writer, wrote the first draft.

### **Writing the Declaration**

On June 11, 1776, Jefferson holed up in his Philadelphia boarding house and began to write. He borrowed freely from existing documents like the Virginia Declaration of Rights and incorporated accepted ideals of the Enlightenment. Jefferson later explained that “he was not striving for originality of principal or sentiment.” Instead, he hoped his words served as an “expression of the American mind.” Less than three weeks after he’d begun, he presented his draft to Congress. He was not pleased when Congress “mangled” his composition by cutting and changing much of his carefully chosen wording. He was especially sorry they removed the part blaming King George III for the slave trade, although he knew the time wasn’t right to deal with the issue.

### **Declaring Independence**

On July 2, 1776, Congress voted to declare independence. Two days later, it ratified the text of the Declaration. John Dunlap, official printer to Congress, worked through the night to set the Declaration in type and print approximately 200 copies. These copies, known as the Dunlap Broad sides, were sent to various committees, assemblies, and commanders of the Continental troops. The Dunlap Broad sides weren’t signed, but John Hancock’s name appears in large type at the bottom. One copy crossed the Atlantic, reaching King George III months later. The official British response scolded the “misguided Americans” and “their extravagant and inadmissible Claim of Independency”.

### COOL DESTINATIONS: Myakka River State Park, Sarasota, Florida

<https://www.floridastateparks.org/parks-and-trails/myakka-river-state-park>

Address: 13208 State Road 72, Sarasota, FL 34241-9546

If you visit this wonderland of old Florida, plan to stay at least one overnight. About 55 miles or just over an hour's drive from Largo, Myakka is a vast expanse of unspoiled wetlands, prairies, hammocks and pinelands. A birding paradise, at Myakka you will see herons, pelicans, spoonbills, storks and more. The majestic Myakka River, designated as one of Florida's wild and scenic rivers, flows through 58 square miles of one of Florida's oldest and largest parks. Fishing, birding, hiking, kayaking, bicycling and climbing around a board walkway high in the tree canopy, and viewing alligators are all activities to be enjoyed. For the adventurous, a five-mile hike to the Alligator Hole promises an alligator viewing experience of a lifetime. Not all amenities are open now, so put this one on your list for fall or next winter. (A spring/May visit offers the beautiful blooming of the yellow flowers on the prairie, and seeing newborn Sandhill cranes.)

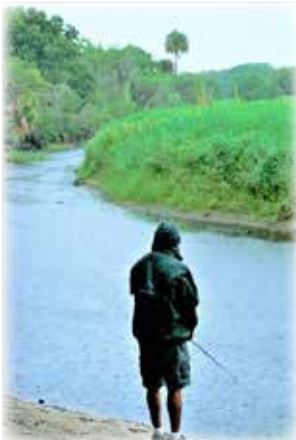

Air-conditioned cabins (built by the Civilian Conservation Corps early in the 20th century) and a campground are available. Photos are from a May 2019 visit by Palm Hillers Susan and Gary Kerr. If you are headed to an overnighter in Sarasota and don't mind a bit of roughing it, try to snag one of these cabins, it will cost you less than a Sarasota hotel and you will only be minutes from your destination.

# EVIL SPIRITS?

Facts About Florida Hurricanes

Source: <https://fcit.usf.edu/florida/lessons/hurricane/hurricane.htm> - produced in 2002, with updated info from Wikipedia.

Florida has quite a history with hurricanes. Because it is near the tropics and westerly winds blow off the African coasts along the equator, Florida is vulnerable.

## What does the word hurricane mean?

The word hurricane probably comes to us by way of the Spanish explorers. They picked up the term from the Taino Indian\* word huracan (evil spirit). The word likely came to the Taino from the Maya word Huraken (God of Storms or bad weather).

## What are hurricanes?

Hurricanes are severe tropical storms that form over warm ocean waters—usually starting as storms in the Caribbean or off the west coast of Africa. As the storms drift slowly westward, they gather heat and energy through contact with warm ocean waters. Evaporation from the seawater increases their power.

Warm, moist air moves toward the center of the storm and spirals upward. This is similar to the “dust devils” that form on a hot afternoon along a sandy beach. Hurricanes rotate in a counter-clockwise direction around an “eye.” The most violent part of a hurricane is at the edges of its eye, called the eye wall.

## How are hurricanes named?

Since 1953, Atlantic tropical storms have been named from lists produced by the National Hurricane Center. The Atlantic is assigned six lists of names, with one list used each year. Each name on the list starts with a different letter. The first hurricane of the season starts with the letter “A,” followed by “B,” and so forth alphabetically. When an unusually destructive hurricane hits, that hurricane’s name is never used again.

## How are hurricanes classified?

Hurricanes are classified into five categories, based on their wind speeds and potential to cause damage.

- Category 1: Winds 74-95 miles per hour
- Category 2: Winds 96-110 miles per hour
- Category 3: Winds 111-130 miles per hour
- Category 4: Winds 131-155 miles per hour
- Category 5: Winds greater than 155 miles per hour

## What are some of Florida's worst hurricanes?

1906

The worst hurricane in 170 years killed one hundred railroad workers in the Keys. The eye passed over Miami. At least 34 people were killed when it reached the Pensacola area.

1909, 1910, 1919

A series of bad hurricanes hit the Keys. They damaged the Seven Mile Bridge and caused major damage in Key West.

1921

The last major hurricane to hit Tampa and the Florida central west coast caused over a million dollars in damage. The storm passed across the state and exited at Jacksonville.

1926

The eye passed over Miami. Wind gusts were estimated at 150 miles per hour. Most buildings in Dade and Broward Counties were damaged or destroyed. There was major flooding of all coastal sections, downtown Miami, and downtown Ft. Lauderdale.

1928

Okeechobee Hurricane

The eye of the hurricane moved ashore near Palm Beach causing widespread destruction. Nearly 2,000 people died when the dikes broke on Lake Okeechobee, causing massive flooding.

1935

Florida Keys Labor Day Hurricane

This was the strongest storm ever to hit the United States. The winds were estimated up to 250 miles per hour. This small but intense storm (category 5) caused significant damage. Hundreds of World War I veterans who had been sent to the Keys to build the Overseas Railroad were killed. The storm surge floated an entire train away.

1960

Hurricane Donna

This hurricane had 150 mile per hour winds. It caused major damage in the Keys.

1992

Hurricane Andrew

This hurricane hit Miami. At \$27 billion in damages, it was the most costly natural disaster to hit a United States city in modern times until Katrina in 2005, which cost \$125 billion in damage.

2005

Hurricane Wilma was the most intense tropical cyclone ever recorded in the Atlantic basin, and the second-most intense tropical cyclone recorded

*Continued on page 14*

in the Western Hemisphere, after Hurricane Patricia in 2015. Wilma was part of the record-breaking 2005 Atlantic hurricane season, which included three of the ten most intense Atlantic hurricanes ever (along with #4 Rita and #7 Katrina). At least 62 deaths were attributed to Wilma, and damage totaled to \$27.4 billion, of which \$19 billion occurred in the United States.

After Wilma, no hurricane struck the state of Florida until Hurricane Hermine did so nearly 11 years later in 2016, and no major hurricane struck Florida until nearly 12 years later when Hurricane Irma made landfall in early September 2017.

2017

Hurricane Irma (\$77.2 billion in damages) caused widespread and catastrophic damage throughout its long lifetime, particularly in the northeastern Caribbean and the Florida Keys. It was also the most intense hurricane to strike the continental United States since Katrina in 2005, the first major hurricane to make landfall in Florida since Wilma (2005), and the first Category 4 hurricane to strike the state since Charley in 2004 (\$16.9 billion). The word Irmageddon was coined soon after the hurricane to describe the damage caused by the hurricane; 44 died directly from the storm, and another 85 indirectly due to circumstances surrounding the storm preparation and aftermath.

### **If you are in Palm Hill this summer:**

#### ***Reminders:***

- Hurricane Season is from June 1 through November 30.
- If an evacuation order is issued, Palm Hill is a mandatory evacuation zone as are all mobile home communities.
- Should you choose to remain in the park and need medical or emergency assistance, the authorities will not respond as they will be dealing with other emergencies and you were advised to heed the evacuation order.
- The nearest shelter is Largo High School at 410 Missouri Avenue North; this is a pet friendly shelter but will probably fill up quickly.
- The two Clubhouses here in Palm Hill are not rated as hurricane shelters and therefore cannot be used by residents as a shelter.
- Due to liability issues both Clubhouses will be locked down when an evacuation order is issued.
- Ensure that your gutters are cleaned out and any pots, chairs, planters or anything that may become airborne are stored either in the shed or inside the mobile. Maintenance is responsible for ensuring that the common areas are secured. If time allows, maintenance will pick up items that were not stored and remove them to the sanitation field.

**NEWS ABOUT CHANNEL 732**

---

**V**olunteers needed to help Palm Hill Channel 732 Communications Committee  
Here’s an opportunity to get involved with volunteering that you can perform from the privacy of your home.

Training will be provided.

The shared job involves typing information to appear on Channel 732, the community channel for Palm Hill.

The members of the committee take turns by the month putting information onto Channel 732.

The estimated commitment is that once every three months, you will be the person to upload the Palm Hill messages for that month. This consists of announcements of business meetings, messages from Park management and directors, Park news and activities in Palm Hill.

To volunteer or learn more, please email **Elaine Lantz, the Chair of the Channel 732 Committee**, at [linktopalmhill@gmail.com](mailto:linktopalmhill@gmail.com), or call the Communication Committee number at 727-386-0924 and leave your name and call back number. To check out Channel 732, punch in 732 on your TV remote. (Channel 732 does not appear on the Spectrum guide. You must punch the number to get to Channel 732.)

History: The Palm Hill Community Channel was started back in 1998-1999 with the Bright House cable supplier. Nancy Platia was the first leader and her husband Charley handled the music. Ann Tindall, who has led the Committee for the past few years, has worked as a volunteer with Channel 732 since those early days. Elaine Lantz has taken the reins from Ann. Ann is leaving Palm Hill soon to live with her son in Wisconsin.

## **GENERATIONS LIST**

*Carolyn Story: 727-585-1579*

---

**P**alm Hill continues to attract generation after generation of residents. Check the Generations List in both clubhouses -- and on the Palm Hill website -- to see how true that is. There are 81 people currently on the list, including six families of 3rd Generation and one family of 4th Generation. If you are a descendant of someone who lived in Palm Hill previously, or who is a current resident, please contact Carolyn Story at 727-585-1579. This list is updated periodically and it would be good to have you included.

## **CORONAVIRUS RESOURCES:**

---

### **Public Health and Medical Experts say:**

- If you are sick do not go to your doctor's office or the hospital.
- First, call your doctor for advice on next steps.
- Staying six feet away from others and wearing masks in public can help prevent the spread of the Coronavirus and other airborne respiratory illnesses.  
Pinellas County Citizen's Information: 727-464-4333 (Activated during emergencies or disasters. Now activated for Coronavirus pandemic.)

### **Personal Planning: As you have a Hurricane Plan, consider creating a Coronavirus Plan.**

#### **An example:**

- A one-page document can contain: Selfie of you, contact info/phone number or email for family or personal emergency contact info, your medical conditions info, your medication list, your doctor's name and number. Share with your family members.
- Insert this document in an envelope marked with large bold letters: "EMERGENCY MEDICAL INFO/RX LIST".
- Consider putting it in a conspicuous place, perhaps taped to your refrigerator door, which will make a handy grab if you have to leave your home for medical care or are ordered to evacuate your home in an emergency.
- Email the document as an attachment to your own email so you always have accessible in your cell-phone.
- (Hurricane plans would include quick access to critical documents/information that you may need for any extended relocation.)

## GOLF COMMITTEE NEWS

*Ben Brubaker, Chair: 727-585-1089*

**O**ur golf course reopened on a restricted basis. Thank you everyone for practicing social distancing.

### **2020 Fees:**

The Board of Directors voted to increase the annual golf membership 4.8 percent.

As of July 1, 2020, the fees (tax included) will be:

- Annual single membership: \$513.60, a 4.8 percent increase
- Annual couple membership: \$1,027.20
- Annual Golf Cart fee: \$58.85, no change
- Daily play fees have not changed: \$15 for 9 holes, \$18 for 18 holes.

Sign-in is required for daily play. Non-member daily players should include name, address, and number of holes played (see fees above). Take envelope and pay by cash or check. If check, note the number of holes played on your check, and make the check out to HOPH (Homeowners of Palm Hill). If cash, include name, address and note on how many holes you played. Bring your check (or cash) in envelope to the South Clubhouse. Place in drop box provided outside of the Clubhouse door. Drop box is available 8 a.m. to 4 p.m. week days.

Those with annual memberships, please include your pass number at sign-in when you play.

Annual memberships and golf cart fees, due July 1, 2020, can be paid at the Palm Hill Office.

Golf rules will be distributed with each membership and must be adhered to. Golf rules are also posted on the Pro Shop patio and can be found on the Palm Hill website – [palmhillcountryclub.net](http://palmhillcountryclub.net) – under Member/HOPH Information/Committee/Golf.

**REMINDER:** There are no bicycles or walkers allowed on the course since it is now opened for golf only.

Thank you everyone for your patience while we adjust to this new normal and reopen safely. When the Pro Shop re-opens, please welcome our new Pro Shop managers and enjoy your game of golf!

# FLORIDA ANCHOR AND BARRIER COMPANY

To our valued customers:

During the current times we wanted to let you know that we are taking as many precautions as we can to ensure not only our workers safety but yours as well. We check workers' temperatures each morning and have limited the amount of contact our crews have with each other. Our crews work in Tyvek suits with respirators which helps to ensure your safety as well as theirs.

As a company, we want your business and there is no need for any contact if you so choose. Our business is deemed an "Essential Business" and we are here for you when you need us. You can schedule your inspection by calling 1-800-681-3772.

Wishing you good health and safety,

**W**ith social distancing and the clubhouses being closed, we were not able to do the April 2020 book discussion on “Eleanor Oliphant Is Completely Fine”. It will be worked into the schedule listed below, or the book and discussion will be substituted for one of the dates listed.

We are listing these for next season with the great hope they will give you reading enjoyment during your extra time in social distancing as long as it lasts, and that things will be back to normal by the time this schedule goes into effect in November. You can get these books free from the Largo Library as an e-book with a free app on your smart phone or tablet and a library card.

## **HELPING SERVICES AT PALM HILL**

**GEORGEANNE’S HELPING HANDS**  
*Ted Silva, 508-965-6072*

**G**eorgeanne’s Helping Hands will be slowly trying to resume some medical transport services to Palm Hill residents.

That means if you require transportation to a medical appointment, we will attempt to offer transportation if needed. Call 508-965-6072. Unfortunately, there are no guarantees that we will be able to provide it. We need to know as early as possible before the appointment so that we can alert you well in advance if no one is available.

Many of our usual volunteers are up north, basking in the less than 95-degree temperatures. Many of the other volunteers here are still very vigilant, following the CDC guidelines and restricting contact for everyone’s safety. Palm Hill is just slowly starting to open and GHH is also going to, but with extreme caution.

We are still encouraging residents who cannot get to the grocery store to shop “on-line” with home delivery either through Publix, Walmart or any other stores which offer the service. However, if you need something else please call me (Ted Silva) and we will try to find a solution that is safe.

## **SOMETHING NEW TO PALM HILL: PRAYER TEAM**

With the significant restrictions on religious services and church attendance (and thanks to our volunteers) Georgeanne’s Helping Hands is pleased to be able to offer a new service: PRAYER TEAM. If you have a need, we have individual volunteers in the park offering to pray with you. The Prayer Team in Palm Hill is Claudia Hartz, Maureen Livers and Bonnie Swanson. Please call Claudia at 315-368-8166 if you have any questions. All social distancing guidelines will be followed.

“PALM HILL CALLING” is now in full operation. Special Thanks to Hope Barina who will oversee this venture for the next few months. The purpose of the project is to make sure that everyone has contact with someone at least once a day. Most people have friends or neighbors and they routinely check on each other. But, with the snowbirds all gone there are a lot of people in this park that don’t have that security during the summer. We now have at least forty “clients” who receive a call from a Palm Hill volunteer. Palm Hill Calling is available to anyone interested in having this service whether you are a shareholder or renter, full time or seasonal. If you would like to be on our call list and have someone check on you once each day please call Hope at 727-475-7574.

There is no charge for any services from the Helping Hands volunteers, and we do not accept any monetary “tips.” If we can help you, or you can help Helping Hands, please call Ted Silva at 508-965-6072.

## **MESCO – SERVICES CLOSED**

*Linda Simon, 727-559-0164*

---

If you need to return an item or need equipment please call 559-0164.  
Hopefully by August we can return to normal and have our volunteers helping.

## **RSC Food Drive News**

*Charlotte Ernest, 727-585-5845*

---

Anna Church sent a gracious "Thank You" to Palm Hill for our participation in their RCS Food Drive held at the church in May. Our contributions from Palm Hill helped them achieve their goal of OVER 14 tons of food which RCS will distribute throughout Pinellas County.

Whenever it is safe to reopen the Clubhouses, they will be posted in both the North and South for everyone to see.

Stay home, stay safe, take care.

For the benefit of those who may not know: RCS stands for the Religious Community Services of Pinellas County. It was founded by several churches many years ago to help feed the needy. Former Palm Hill residents Ellen Jensen and her husband organized the collection in our community.

## **NEIGHBORHOOD WATCH**

*Peggy Novara, 716-903-2844 and 727-581-6739*

---

**C**all Largo Police at **727-587-6730** to report suspicious activity. **Dial 911** for an emergency or a crime in progress.

Largo Police Department Crime Prevention Officer Vu Tran said there were several other communities near Palm Hill that had incidents around the same time period in April that Palm Hill had crime incidents. He said one community had 3x more “crimes of opportunity” in two weeks.

A crime of opportunity is a crime that is committed because the perpetrator sees they have the chance to commit a crime, such as: dark surroundings, unlocked cars, carts, bikes, homes. Largo Police Department advises all residents to be vigilant.

Leave outdoor lights on at night, keep doors and cars locked at all times and always be alert.

## **MORTON PLANT TRANSPORTATION SERVICE –**

*During the pandemic, volunteer services were suspended.*

---

**F**or the following services or a special circumstance, call the reservation line and leave a message at 727-461-8548: chemo infusion, radiation therapy or active wound therapy.

When the service resumes: Morton Plant's free Care Van Services Mondays through Fridays 8 a.m. to 3 p.m. is available to Palm Hill residents.

No charge for transportation to the following Morton Plant-related medical facilities:

Axelrod Pavilion, BayCare Laboratories, Cheek-Powell Heart and Vascular Institute, Morton Plant Hospital Campus, Ptak Orthopaedic and Neuroscience Institute, Turley Family Health Center.
