Managers Message

Dear Park Royale Residents:

I am so pleased to announce that as states and municipalities begin to lift restrictions related to the COVID-19 crisis, we have been preparing to re-open amenities in our community. Our primary focus throughout this process is the health and well-being of our residents and team members.

To ensure your safety, we have developed a phased approach. We have been working diligently behind the scenes to secure the proper protective equipment, signage, and cleaning supplies, we will move into phase one on **Monday, May 4th**, as detailed below.

Phase One: Restricted Operations

This phase will be focused on opening our outdoor amenities; however, restrictions and/or operational modifications may still apply in some amenities and common areas. You will also notice social distancing signage, sanitizer dispensers and enhanced cleaning protocols throughout the community.

Please know the above is subject to change in accordance with State and local guidelines.

Health & Safety Protocols

We take standards for hygiene and cleanliness very seriously and are taking additional steps to ensure the safety of our residents and team members.

- Real-time monitoring of information related to COVID-19.
- Posting signage reminding of CDC guidelines and handwashing procedures
- Defined cycles and procedures for frequent cleaning and disinfection of high-touch areas.
- Distribution of EPA-registered disinfectant products to all locations.

The Book Watchers Club

We are still reading the novels our members have chosen and hopefully with some restrictions starting to be lifted we will be able to safely resume meeting so we can view the movie and discuss both the novels and comparison to the movie!

Our book choices have been from several best selling genres. Our first novel and movie was *Midnight in the Garden of Good and Evil*. Followed by *The Secret Life of Bees*, *The Grapes of Wrath*, *The Sign of the Rose*, and *The Inferno*. June's novel is *Abraham Lincoln: Vampire Hunter*.

June's novel is by Seth Graham-Smith and is about a young grieving Abe learning that his mother's fatal affliction was actually the work of a vampire. While Abraham Lincoln is widely lauded for saving a Union and freeing millions of slaves, his valiant fight against the forces of

PARK ROYALE POST JUNE, 2020 C

WHEN TREATING A HEART ATTACK OR STROKE, TIME IS OF THE ESSENCE. EVEN DURING THESE TIMES.

Don't hesitate when it comes to getting emergency treatment.

Even during a pandemic, you still need to be treated immediately if you have an emergency. Debating whether or not to risk going to an emergency room during a heart attack, stroke or other health emergency—waiting even a few extra minutes—could be harmful. That's why in all BayCare hospital emergency rooms, patients who have symptoms of COVID-19 are screened and treated in a separate area. This helps keep emergency room patients and our team members safe. So if it's an emergency, don't wait. **For more information:** [BayCareEmergency.org](https://www.baycareemergency.org)

the undead has remained in the shadows for hundreds of years. That is, until Seth Grahame-Smith stumbled upon the Secret Journal of Abraham Lincoln, and became the first living person to lay eyes on it in more than 140 years.

Using the journal as his guide and writing in the grand biographical style of Doris Kerns Goodwin and David McCullough, Seth has reconstructed the true life story of our greatest president for the first time—all while revealing the hidden history behind the Civil War and uncovering the role vampires played in the birth, growth, and near-death of our nation.

Also, remember to bring your coffee cups.

The Royalites monthly meetings follow Debby's Coffee & Donuts meeting. Please stay to hear updates on upcoming activities and events. We value your opinions and want you to share your thoughts with us as well! This is scheduled for the second Thursday of each month at 9:30 AM.

Neighborhood Watch

Submitted by Vicki Miller

1. If residents hear a loud argument in a home call 911. Officer Leeks stated that a residential call may turn violent. It is better to have officers intervene before this happens.
2. There has been no real increase in violent crimes in our area.
3. There has been a new bus stop at Walmart on 19 and at the Park Mall on Park Blvd. This is being monitored by the police because of the increase of the homeless.
4. In addressing the increase in the homeless, there is a current interest in getting the Nuisance Abatement rule reinstated. This would provide the police the ability to encourage these homeless people to move along or go to shelters or Progress Hope. According to Officer Leeks, Progress Hope helps the homeless to prepare for the future.

All in all, Officer Leeks reported our area is in good shape. The next meeting of the Neighborhood Watch will be posted on the board at the Clubhouse.

The rule is “if you see something, say something” still stands. The Pinellas Park police force is always ready to respond to our needs.

Pickleball

All Park members are invited to come to the courts to try the game. There are extra paddles for anyone to try out the sport.

Anyone who wants to play pickleball from outside the park must sign an insurance waiver before playing.

Veteran's Corner

by Anthony Suglia arsuglia@gmail.com

These stressful times have interrupted many of our normal routines, and we have all had to readjust. That has been especially difficult for those of us who count on others for support. No one stands alone, though - especially not Veterans. Through your service, you earned a place in our community. We have never forgotten that.

We would like to tell you that VA continues to partner with an online program called VetsPrevail—it allows you to connect with other Veterans anonymously, anytime, anywhere. They have been trained by the VA to help guide people through these types of stresses. You can chat online at no cost whatsoever. VetsPrevail also offers online communities - sort of like message boards or Facebook groups - exclusively for Veterans. VetsPrevail also provides education and skill development activities that you can do by yourself, at home, at your own pace. Research has shown that these skills improve how people cope with stress and challenges, and support well-being.

VetsPrevail is built by vets, run by vets, and serves vets. There is no gimmick, no catch, and no up-sell.

We hope you will check it out, the community will be happy to hear from you!

Visit the following websites to get more information about Agent Orange and Health Clinic closings.

VA's 3-Part Plan to Resume Full Services for Veterans

The first phase, to occur within the next month, will largely consist of assessments by VA facilities to determine the risks and impact of increasing operations, such as non-emergency procedures like clinical visits and lab tests and admissions to spinal cord injury units. Officials will also explore the capacity for community health care providers to resume seeing veteran patients.

In this phase, the Veterans Benefits Administration will increase virtual hearings and formulate plans to resume face-to-face compensation and pension exams, while the National Cemetery Administration will prepare for resuming memorial services and burials that will be held later.

Phase 2 will include expanding non-emergency procedures and medical visits to hospitals and clinics; reopening the department's Fisher Houses; resuming memorial services and burials with military honors, with limited attendance based on local conditions; and in-person services at VBA regional offices, by appointment.

The final phase will build on the others: resuming visitor access to all VA health facilities, including nursing homes, expanding services at VHA and VBA locations, and resuming all other normal operations.

Women's Cards

Suspended until the Clubhouse opens

Shirley Weller

This article is to let the residents know that Shirley Weller has passed away.

Shirley was a well-known resident here in the park for many years. She was an avid quilter and card player. She volunteered at the St. Petersburg hospital 5 days a week up until an illness forced her to move into a facility in PA to be near family.

She is greatly missed by the ladies' card group that continue to gather every Tuesday afternoon and Thursday evening. We still miss her and many others that have left our group. Newcomers joining the group keep the good times rolling. When Shirley passed most of her quilting material was passed onto our friend, Jane Stratton, also one of our card players and a quilter. Unfortunately, Jane also passed away before the material could be used.

However, when our mask makers found out about this they reached out to Jane's husband, Peter who still had all of this material, so it was used to make a lot of masks that was given free to all residents here in the park.

What a wonderful thing.

A big thank you to all of our mask makers. What a wonderful bunch of ladies.

- 1 tablespoon baking soda
- 1 tablespoon dish detergent
- 1 cup water
- 1 piece aluminum foil

Directions:

1. Heat water in microwave for 1-2 minutes
2. Cut a piece of aluminum foil that roughly covers the bottom of a small bowl such as a cereal bowl.
3. Pour hot water into bowl. Place salt, soda and dishwashing liquid into bowl. Place jewelry on top of the foil and let it sit for 5-10 minutes. Rinse jewelry in cool water and dry completely with soft cloth. Discard solution after use and make a new batch next time.

Yummy Cobbler

- Frozen berries, dry cake mix and 1 can of Sprite or Sierra Mist.
2 12 oz bags of frozen mixed berries
1 box white cake mix (not pudding)
1 can of diet 7-Up, Sprite or Sierra Mist

Directions:

Place frozen fruit in a 9 x 13 baking dish. Add dry cake mix over the top. Pour soda slowly over cake mix. DO NOT STIR the cake mix and the pop – this will give you a “crust”. If you stir the two, you will have a cake-like topping.

How to make your own hand sanitizer:

Here is what you will need:

- 1 part aloe vera gel or glycerin
- 2 parts isopropyl alcohol (rubbing alcohol) with a concentration of 92%
- Essential oil, such as lemon or lavender (this is an optional ingredient for scent).
- Clean containers for mixing and an air-tight container for storage.
- Spoon or whisk for mixing.

Steps

1. Combine the aloe vera gel or glycerin with the isopropyl alcohol in a clean container. To get one cup of sanitizer, combine 1/3 cup of gel or glycerin with 2/3 cup of rubbing alcohol.
2. Mix thoroughly with your spoon or whisk to ensure that the alcohol is evenly distributed throughout the gel.
3. Stir in five drops of essential oil if you are using it. This is entirely optional and is only meant to improve the scent of the sanitizer.
4. Store the sanitizer in an air-tight container. Alcohol evaporates with time, so an air-tight container will keep your sanitizer effective for longer. A pump or squeeze bottle can minimize evaporation while keeping your sanitizer container for your sanitizer is clean and airtight.

What is the difference between a Tornado Watch and a Tornado Warning??

Watch: the conditions are favorable for the development of a tornado.

Warning: a tornado has been spotted by a trained weather spotter.

DECLARATION OF HOMESTEAD AND/OR DOMICILE

The Declaration of Homestead and the **Declaration of Domicile** are two very important documents every owner of a manufactured or mobile home need to know about.

In the State of Florida, a manufactured or mobile home is considered a motor vehicle.

The filing of a **Declaration of Homestead** provides you with legal protection against the forced sale of your home such as bankruptcy or lawsuits. It doesn't protect you from the payment of taxes.

...continued on page 32

The **Declaration of Homestead** is filed with the Clerk of the Courts for the county where you live.

The Filing of a **Declaration of Domicile** provides you with a permanent resident in Florida even though you may have another residence in another state or jurisdiction. A residence designation will provide you with access to location specific social services in addition to fun parks.

Park Royale Resident's Information Committee Meetings

Author Scott Drury

Many Park Residents have expressed concern and interest in some better means of communication amongst all residents within our community. As our old normal is being changed daily many businesses and organizations have adopted remote communication technologies. Why can't we do the same? We can and we will.

The Information Committee is a non HOA committee, open to all residents to attend remotely using the ZOOM application. Zoom is being widely accepted as the standard in video conferences and meetings. Very similar to facetime and skype, only Zoom has features designed to facilitate groups.

The Park Royale Information Committee is for all residents in the park to engage in a civil, organized discussion, no gossip or grievances, just honest facts on topics attendees suggest. The committee will be moderated each month by a different volunteer and all topics of discussion will come from the floor of every meeting. Designed to be a democratic discussion with the goal to educate and inform our residents on topics of interest or concern. The committee will adhere to Robert's Rules of Order, maybe that should be our first topic or how to use Zoom.

We hope you find the committee interesting and want to attend. To sign up for the meeting we have created an email account just for this. Simply send an email, using the email account you will be using, to prinfo.com@gmail.com. Even if you'd like to ask more questions, drop us a note. We'll send out meeting ID's to your email address, to attend. All you'll need to do is click on the meeting address and you're in. There's a wealth of you tube videos on Zoom usage so please check them out before the meeting.

The first meeting will be Monday June 22nd 2020. Hope to see you there.

June Monthly

Adopt-A-Cat Month. American Humane celebrates Adopt-A-Cat Month each June—a month that marks the height of “kitten season,” when millions of kittens are born and often end up in animal shelters. Take home a new friend (or two) to ease your social isolation today.

National Camping Month. June is an excellent time to pack up your gear and experience nature—while practicing social distancing, of course. Gather family and friends, don’t forget the s’mores ingredients, and go camping! Nature is calling, and there are many ways to enjoy a weekend or even longer in the outdoors.

National Dairy Month. Dairy products contain nine essential nutrients, such as calcium and potassium, that can help you manage your weight and reduce your risk of high blood pressure, osteoporosis, and certain cancers. Whether it’s protein to help build and repair the muscle tissue of active bodies, or vitamin A to help maintain healthy skin, dairy products such as milk and yogurt are a natural nutrient powerhouse.

Oral Health Month. Don’t neglect your oral health during the pandemic. Leading by example—especially when it comes to salubrious habits like brushing and flossing—can make a big difference in the health and happiness of your entire family. This year’s theme: Share More Time, Share More Smiles.

Weekly

National Nursing Assistants Week, June 11–18. During this week, nursing assistants and direct-care workers educate the public, state, and federal government agencies, and, in particular, their elected officials about the nature of their vital work and what they need in order to do the job right.

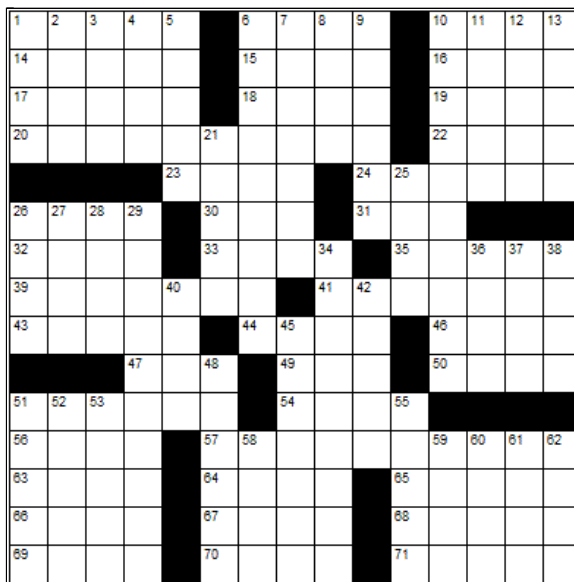

Animal Rights Awareness Week, June 14–20. The goal is to help raise global awareness of animal rights by educating the public about animals’ basic needs. Animal rights awareness extends from individual pets to companion animals, farm animals, wildlife, and animals used for testing, experiments, and medical research.

National Mosquito Control Awareness Week, June 21–27. The current lockdowns in place to curtail the spread of coronavirus will probably not preclude essential mosquito control activities in the U.S. Despite emphasis on testing and treating COVID-19 patients, we can’t forget that other debilitating and potentially fatal diseases transmitted by mosquitoes could infect our citizens.
