General Community Manager

Hello Everyone,
Thank you for the great response of using the recycle bin. It is good to see how everyone is interested in preserving our environment.

Last month, we got to meet our new Community Police Officer Dan Sosa-Jones. He has a lot of good new ideas for the community. To start with, there is a Neighborhood Watch Meeting scheduled for Friday, June 3rd at 10 AM. I believe it will be interesting and he will teach us a lot of new information on how to have a system in tact. If you can make it, please put it on your calendars.

Have a great and cool June.
Our emergency number is 877-786-6048, if necessary. A service is hired by Sun Communities, and when they receive a call, they call me directly first, then Mike Milleman, maintenance second.

I thank you all for being here at Park Royale, and for all of your support. We appreciate you.
Terry Bulava, Community Manager

From the H.O. A. Director – Bill Hill

Bill Hill

Come to the HOA meeting this fall to see what we are all about; you don't have to be a member to attend. We look forward to seeing you there. The cost to join is just $20.00 per household per year. We, the directors of the HOA and members, support you, why don't you support us!

HOA Membership cards are available at each HOA meeting! Let's go for 100 % Membership in 2016/17!

The Welcoming Lady

Linda Holm and Debbie Arntz will be sharing this responsibility this summer. If you have not been contacted, please let either one know.

From the Media Editor:

Hi,

The Media is the best way to keep residents informed of the events throughout the year! Even though there are fewer activities during the summer months, it is a terrific time to start small group activities, share ideas and/or try something new. Recently I heard that residents were interested in Bridge, Golf, and additional card games. If you are willing to start an activity, there are sheets posted on the bulletin board that spell out the information that is needed. Also, let Vicki Miller or Lynn Conlen know as they could help you get organized.

All Media materials and monthly public relations reports must be submitted by the 10th of the month! Any questions????? Again, many thanks to those who submit articles, jokes or stories to the Media. Special thanks to Lil Papelian who has provided the Media with a wealth of information each month.

Note: Sign-up sheets will now be posted in the brand new cases in the hallway of the clubhouse. Be sure to sign up for your favorite activities. We don't want you to miss out on any of our fun events!

Be sure to check the outside bulletin board regularly for additions or corrections to any of the activities as some changes are unavoidable.

Our Library at Park Royale

Oh, the library is being organized again. Thanks to those individuals who continually straighten up the library. Look for more signs and bookcases in the future.

Fake Service Dogs - An Epidemic?

An opinion Piece by Jay Johnson

Some people claim to have a "service dog", a "companion dog" or a "therapy dog" in order to gain residence in pet regulated housing. The American Disability Act (ADA) makes it clear that withholding housing from individuals with a genuine disability who use service dogs is a crime. Because of this law, individuals are "playing the system" in order to move into housing where dogs are not usually allowed, like akitas, bull dogs and pit bulls.

In some cases multiple dogs, a number increased over what is normally allowed in some projects, are housed because of claims that a high number of dogs is needed to provide the home owner with services or comfort. Many of these dogs are simply pets, but are passed-off as something more.

How can one know if a dog is a real service dog or a genuine comfort dog or a legitimate therapy dog? In a word, ask the dog.

Service dogs, comfort dogs and therapy dogs are expressly well behaved. They do not threaten other dogs or people; they do not bark or growl at other dogs or strangers; they do not defecate or urinate in inappropriate places or times. The training for these dogs can be extensive and cost thousands of dollars.

If you think a dog in your community is not a legitimate service, comfort or therapy dog because of its poor behavior, report your concerns to your housing manager, talk to your HOA officers, or communicate with our local pet club. To allow this scam to continue only makes it more difficult for individuals who really need these wonderful animals to have them and use them successfully.

More importantly, IT IS A CRIME!

Remember that it is an honor to have and enjoy the life of your pet. Honor it, don't use it or abuse it to gain an advantage in the housing system or airlines.

As always we would like to thank all those who have volunteered their time and talents to make all of our events successful and fun. Please remember that we will welcome any and all new comers and new volunteers – the Royalites are the social club of the park and all residents of the park are members and Royalites! All are invited to all events and all new ideas are embraced! What would you like to do this summer?

Park Royale Art and Craft Sale

The annual Art and Craft Sale will be held in November. These shows have been such a success that the tables go quickly. Please give Carol Molter a call (727-545-5430) to make your reservation. Tables are only $15.00. Breakfast and lunch will be available. And if you like to bake, here is an opportunity to make your favorite cookies and share them with the Park Royale residents. Cookies, cupcakes, snacks and more will be sold throughout the day. Package your treats with prices and help make this sale the best ever.

We look forward to the Shuffle Club Pancake Breakfasts in the fall!

Come and enjoy a good healthy breakfast with friends and neighbors. This favorite fundraiser is sponsored by the Shuffle Club and will be offered at least twice a year. Be sure to bring your dish, cup and silverware.

Coffee and Donuts

Every second Thursday of the month come to the Clubhouse to hear speakers, Park Royale updates or just visit with friends from 9:00 AM to 10:00 AM. Sign up on the information sheet in the clubhouse so we will have enough donuts!

Each month Terry provides an update on the Park's progress or has a speaker lined up for our learning enjoyment. Come along and see what or who is on the agenda. Bring your suggestions, questions and comments. The next meeting will be Thursday, June 9 at 9:00 AM. Don't forget your coffee cup!

White Vinegar: It is not just for cooking!

1. Prolong the life of your bouquet by adding 2 Tbsp. of white vinegar and 2 Tbsp. sugar to the water. Change this mixture every couple of days to help provide the nourishment that cut that blooms need.
2. Buff leather furniture. Rejuvenate worn sofas and chairs with a DIY hydrating conditioner. Shake together equal parts white vinegar and boiled linseed oil (available at the hardware store) then dab onto a soft cloth and apply to leather in a circular motion. After 10 minutes, rub away with clean, dry cloth.
3. Clean paintbrushes. Loosen dried, caked on paint with this simple trick. Bring vinegar to a boil, remove from heat and soak the brushes in it until the paint starts to release, about 20 minutes. Rinse bristles in cool water and use your fingers to remove any flakes left behind.

Pennies are Priceless. Why?

Submitted by Lil Papelian

1. If you care to extend the life of a fresh flower arrangement, drop a penny stamped with a date prior to 1982 into the vase. The copper found in these older coins acts as a natural antibacterial agent to help your flower stay perky. If your pup barks at everything from the mail man to the wind, try this:
2. Add a handful of pennies into a soda can, then use a duct tape to seal it. When he barks, shake the can. The noise will startle him and he'll stop barking. Soon he'll realize the sound of clanking coins is a negative outcome of barking and he'll learn to stay quiet.
3. Argh! No matter how much you try, the lid on a jar of spaghetti sauce just won't budge. The solution : Hold a penny on an angle and carefully wedge it between the lid and the top of the glass jar, then press up and down. This allows a bit of air to get into the vacuum sealed jar making the lid easy to twist off.
4. Stop flies form invading your picnic. To deter tem, fill a resealable, clear plastic bag with water, then drop a few pennies inside. Attach a string to the bag and it to a nearby tree. The light reflecting off the pennies will be bothersome to flies and bugs so they will buzz off, allowing you and yours to enjoy a pest free afternoon.
5. The leg on your coffee table is wobbling, and you can't find your flat head screwdriver to tighten it. The in-a-pinch substitute? A penny! Simply insert the coin into the slot on top of the screw, press down and twist clockwise. A penny fits perfectly into the slot of the medium and large flat head screws.

Meet Your Neighbor, Vicki Miller

By Debbie Arntz

The first thing that you can say about Vicki is that she seldom sits down and relaxes! As this is not done frequently, I was glad that I caught up with her when she appeared to be relaxed.

Vicki grew up in East Liverpool, Ohio. She was the oldest of two. Vicki was a quiet girl and often missed school due to illness, but she had a mission to serve in the health care field one day, After high school, Vicki continued her education at the East Liverpool City Hospital where she became a Certified Lab technician. Even though she was following her dream, she married and worked to care for others. The birth of her daughter, Michelle, did not even interrupt her dream to obtain a solid nursing education. With an infant at home and a range of part time work which included being a Go-Go dancer (like Goldie Hawn) she managed to graduate magna cum laude from Oakland Community College.

But the marriage didn't work out and Vicki was back on track to obtain more education. She enrolled in Wayne State College but had to drop out her senior year due to illness. Once stronger, Vicki moved to Michigan and remarried. She and her husband became the proud parents of two sons, Michael and Marc.

After a few years the marriage collapsed and Vicki returned home with three small children. But getting that nursing degree was always on her mind so she applied to Kent State College in Ohio. There were over 400 applicants who applied for the RN program, and Vicki was one of the 14 accepted.

When everything seemed to be settled back in Ohio, Vicki met Steve Miller and at the end of 17 days, they were married. Both Vicki and Steve quickly decided that they wanted to get out of the Ohio cold and moved to Seminole, Florida. Vicki got a job at the Terra Pines Nursing Home and then on to East Bay Nursing Care. Vicki's boss was so impressed with her work that he hired her to oversee his NH facilities by monitoring and bringing his nursing homes up to code for state surveys. This led to a position of staff development and teaching. It was here where Vicki found her niche and truly enjoyed her job.

But unfortunately there was a car accident and Vicki ended up with a herniated disk in her neck which prevented her from working.

When Vicki retired due to the injury in 2012, she and Steve had settled in Park Royale. As soon as they were settled, Vicki was back multi-tasking again. Vicki had made crochet and craft items at an early age which supplemented her income during the lean times. Her grandmother taught her how to knit and crochet which was difficult as Vicki is left handed but Vicki persisted. For the last few years Vicki has been the creator of our Holiday table decorations, a task that takes months to complete. She has also been the Director of the Royalites and has served on multiple committees over the years.

Along with the beautiful crafts that she made for the Royalites events, she made gifts for her family, participated in Park craft fairs and encouraged others to be creative. As mentioned, Vicki is always busy, nursing on occasion, but most of all being a friend to many. So we say, thank you Vicki for the endless gifts that you have provided to Park Royale.

A Name for What I Have

Finally they have come up with a name for what I surely have!!!

I just wanted to let you know that I have recently been diagnosed with AAADD - Age-Activated Attention Deficit Disorder. This is how it goes...

I decide to do the laundry, start down the hall and notice the newspaper on the table. OK, I'm going to do the laundry...

BUT FIRST I'm going to read the newspaper. After that, I notice the mail on the table. OK, I'll just put the newspaper in the recycle stack...

BUT FIRST I'll look through the pile of mail and see if there are any bills to be paid.

Yes. Now where is the check book? Oops..there's the empty glass from yesterday on the coffee table, I'm going to look for that checkbook...

BUT FIRST I need to put the glass in the sink. I head for the kitchen, look out the window, notice my poor flowers need a drink of water, I put the glass in the sink and there is the remote for the TV on the kitchen counter. What's it doing here? I'll just put it away.

BUT FIRST need to water those plants. I head for the door and...Aaaagh! stepped on the cat. Cat needs to be fed. Okay, I'll put the remote away and water the plants.

BUT FIRST I need to feed the cat.

END OF DAY: Laundry is not done, newspapers are still on the floor, glass is still in the sink, bills are not paid, checkbook is still lost, and the cat ate the remote control....And, when I try to figure out how come nothing got done today, I'm baffled because...I KNOW I WAS BUSY ALL DAY!

I realize this condition is serious...I'd get help... BUT FIRST...I think I'll check my e-mail.

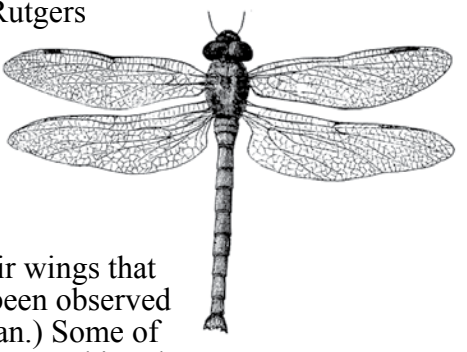
Dragonfly breaks record for longest flight

Birds may fly great distances, but the world's leading long-distance flyer is a dragonfly an inch and a half long, according to biologists at Rutgers University-Newark. A species of dragonfly known as Pantala flavescens can be found in areas as far apart as eastern Canada, Texas, Japan, and India. Their work found that dragonflies in all these locations share a common gene pool, showing that they were able to travel vast distances to intermingle with local species.



The dragonflies have an increased surface area on their wings that lets wind carry them across oceans. (Some have already been observed migrating between Asia and Africa across the Indian Ocean.) Some of them may actually make the long journey without stopping, stroking the air and then gliding for extended periods to conserve their energy.

Monarch butterflies were previously thought to migrate the farthest distance of any creature—2,500 miles—but if the Rutgers biologists are correct, the dragonflies have set a new record.

The Internet spreads across the globe

Access to the Internet has expanded around the world, according to the Pew Research Center. A global survey found that 54 percent of people in the developing world consider themselves "Internet users" in 2015, up from 45 percent just two years earlier. Those users include 37 percent of survey respondents who said they own a smartphone, an increase from 21 percent in 2013.

Still, growth is slow in some parts of the world. In Africa, the countries Burkina Faso, Uganda, and Ethiopia have Internet use rates below 20 percent. The rate is 42 percent in South Africa and 39 percent of Nigeria, two of Africa's largest economies.

Meanwhile, advanced economies have much higher rates—94 percent in South Korea, 93 percent in Australia, 90 percent in Canada, 89 percent in the United States, and 89 percent in the United Kingdom.

Coffee may keep you healthy

Is drinking coffee good for you? A recent article on The New York Times website linked to a number of different studies touting the positive effects of caffeine on several different health problems. They include:

- Liver damage. A review of data collected by studies of more than 430,000 people found that coffee may lower the risk of cirrhosis of the liver, a disease associated with overindulgence in alcohol (among other causes).
- Tinnitus. Researchers kept track of more than 65,000 women and found that those who drank more than one 8-ounce cup of coffee a day were less likely to suffer from tinnitus, that persistent ringing or buzzing in your ears.
- Auto crashes. A study of truck drivers who routinely work on long hauls found that coffee drinkers (or consumers of other caffeinated drinks) seem 63 percent less likely to be involved in crashes while driving.
- Melanoma. An analysis of health and dietary data involving more than 400,000 people ages 50-71 found that those who drank four or more cups of coffee a day were 20 percent less likely to develop skin cancer. (The researchers cautioned that avoiding exposure to the sun's ultraviolet rays is still the most important way to avoid melanoma.)

State of health: What's the best place for you to live?

Where you live may affect your health, at least according to the Gallup/Healthways Well-Being Index. Their most recent report (using data from 2014) ranked all 50 states in order of health. The top 10 healthiest states?

- Alaska
- Hawaii
- South Dakota
- Wyoming
- Montana
- Colorado
- Nebraska
- Utah
- New Mexico
- Texas

The least healthy state, according to the Index, was West Virginia. The Index looks at a variety of factors, including purpose, social relationships, financial stability, community, and physical health.
