The rest is history

This is the time of year we dream big, vow to make changes, create goals, and promise to transform into a new and improved version of ourselves. Then we allow life and other responsibilities, naysayers, doubt, and fear to veer us of course.

As you follow your bliss and explore your passions, draw inspiration from the following individuals who found success in spite of the odds against them:

- **Fred Astaire.** He sang and danced his way into our hearts on the silver screen, but his first audition for a major studio was a bomb. The executives were underwhelmed by his performance and offered this critique of Astaire: “Can’t act. Can’t sing. Slightly bald. Can dance a little.”
- **Wayne Gretzky.** Widely regarded as one of the greatest pro hockey players, Gretzky was considered too slow and too small at the start of his career. The popular opinion was he’d never be a success in the NHL.
- **Sir John Gurdon.** He is a pioneer in the fields of nuclear medicine, cloning, and cellular development. Among his many honors are a cancer research facility named in his honor and a Nobel Prize. Yet Gurdon finished last in his prep school biology class because his ideas about science were not aligned with the curriculum of that time.
- **Im Dong-Hyen.** This South Korean archer has won medals and set records. He even competed in the 2004, 2008, and 2012 Olympics—despite being legally blind.
- **George Lucas.** There wasn’t a single studio in Hollywood interested in Lucas’ script for Star Wars. He endured four years of rejection before an executive at 20th Century Fox decided to give Lucas a chance—not because he liked the script, but because he liked Lucas’s film American Graffiti.

What you know

A CEO was asked by a new hire for any words of wisdom that would be helpful in developing a successful career. “Never lose your sense of curiosity, and always be on the quest to learn something new,” was the executive’s reply.

“When I first started here,” the executive continued, “I never imagined that I would one day become the CEO. In fact, I wasn’t sure if the job I had was a good fit, so I worked in different departments over the course of a few years. Then I became curious, and everything I learned led me on a quest to learn more.

“I talked with the salespeople and learned about the market for our products. I toured the factories and saw how the products were assembled. I even traveled around the world to visit different vendors who supplied materials for everything we manufacture.

“Being successful,” the executive said, “is not about what you study or what you read or what you think. It’s about what you know.”

"...I am so happy with my new windows...I'd like to commend your work crew. Earbie and Larry were fantastic! I couldn't believe the clean-up EVERYDAY! The whole job took just a week even with all the rain delays. I would and WILL highly recommend your company to my friends and neighbors. Of course I won't need to say a word – the house is doing all the talking! Thank you so much for my beautiful new house."

Carol Zapiecki, Clearwater, FL

"Just a short note to express my appreciation for the work done on my mobile home. The crews that worked here...were gentlemen at all times, efficient, knowledgeable and prompt. You can be sure if I run into anybody who needs your type of work, I will surely recommend your company. It has been a very satisfying experience!"

Monthly

Financial Wellness Month. Are you saving enough for retirement? Are you saving at all? Will you owe the IRS money this year toward your 2018 taxes? What are your financial goals for 2019? These are just a few of the questions to ask yourself while you review your spending habits and determine your preparedness for any "rainy days" ahead.

Get a Balanced Life Month. It's the start of a new year. Use this new beginning as time to review, reconsider, streamline—and maybe even eliminate—the unnecessary commitments, responsibilities, and activities that fill your days.

Get Organized Month. It's cold outside, and more than likely you're spending more time indoors fretting that there's nothing to do. Here's an idea: Don't wait for spring to purge your work and living spaces of unnecessary clutter and unused or unwanted items. There's no better time than the present to restore a sense of order to your life.

Learn to Ski and Snowboard Month. If saying "yes" to new adventures tops your to-do list this year, why not start things off right by developing your ski legs? Go online to learntoskiandsnowboard.org to find information on destinations, deals, and other considerations.

Weekly

Someday We'll Laugh About This Week, Jan. 2-8. Don't let the failures and embarrassments of the past continue to cast a shadow over you. Laugh and get over it. Let someday be now.

Sugar Awareness Week, Jan. 14-18. Has your daily consumption of sugar gotten out of control? Are you ready to do something about it? Take the challenge and give up sugar for five days. To learn more, visit <http://sugarawareness.com/>

No Name Calling Week, Jan. 21-25. Educators and students in K-12 schools, along with nonprofit partner organizations, focus on themes of inclusion, anti-bullying, and anti-discrimination this week to promote kindness as the guide of actions and conversations with peers. To learn more, go to <https://www.glsen.org/no-name-calling-week>

Hunt for Happiness Week, Jan. 20-26. The Secret Society of Happy People wants you to find your joy and be on the lookout for others doing the same this third full week of January. Visit <https://sohp.com/> for ideas and challenges that will help you get happy.

A New Year's resolution for fiscal fitness

Most New Year's resolutions revolve around getting fit. Although that frequently means losing weight, one area you want to fatten up is your money supply. Here are some simple resolutions for adding some healthy heft to your overall financial profile:

- **Pay down your mortgage.** You can save more than \$63,000 on a 30-year, \$200,000 mortgage by paying just \$100 more a month.
- **Save 10 percent.** Put aside 10 percent of your income for long-term investments and retirement savings before paying any bills.
- **Track your expenses.** Record every dollar you spend, for at least one week. You'll get a clearer idea of where the money goes and what you can cut back on.
- **Energize your house.** Look for ways to make your house more energy efficient. You'll save on heating and cooling costs and help the environment.
- **Stay home.** Resist the temptation to eat out. Cook more meals at home. Instead of going to the movies, stream a video, read a book, or play a game with your whole family.
- **Don't rely on credit cards.** Credit card debt can eat up your savings and your future. Start reducing your debt, and don't buy anything on credit if you don't have the money to pay the bill off promptly.

Save money at the grocery store

You have to eat—there's no getting around it for long. You don't have to sink all your money into your next trip to the grocery store, though. The Reader's Digest website shares these tips for saving money on groceries:

- **Know your store's coupon policies.** Many stores offer their own printable coupons on their websites. Some allow you to use that coupon with a manufacturer's coupon (that's called "stacking"). Ask your store what it allows and what's off-limits.
- **Join loyalty programs.** You can get discounts and money back on your purchases through your store's loyalty program. Sign up and check all the rules so you get maximum value from it.
- **Look for final markdowns and clearances.** Many grocery stores place clearance items in a designated area, or use special stickers to help shoppers identify them. Find out what your store does, and keep an eye open for food you can use.
- **Be careful with multiples.** They can trick you into spending more than you want. For example, if a sign on a bag of chips says "Two for \$5," and a single bag of chips is \$3.29, you're getting a good deal (if you want chips). On the other hand, a sign that promises "10 for \$10" for ramen noodles when they're individually priced at \$1 apiece isn't offering any savings. Do the math, and be choosy.

Many folks think they aren't good at earning money, when what they don't know is how to use it.

—Frank A. Clark
