AQUACISE AND EXERCISE

Jeannie Bovee will be having knee surgery on May 13th, 2019. So hopefully, she will find someone to sub for her while she is out. Also, after she heals, the aquacise will be at 9am during the rest of the summer.

SAFE TRAVELS! HURRY BACK!

Another “season” has come and gone at Pointe West. No one could say it was less than a success! From holiday celebrations to potluck dinners, some residents were busy almost every single night. Let’s see if I can remember to list everything: KK, ladies’ luncheons, card games, darts, indoor shuffle, outdoor shuffle, arts and crafts, aquacise, dances, dinners, concerts, holiday celebrations, line and ballroom dancing, trips, yoga, bingo, plus Pointe West picnic and bazaar. Last, but not least, come every Friday, “Music for Fun”, which has become a huge success! Looked forward to by everyone.

So now is the perfect time to thank all of the people who are most responsible for the incredible life we enjoy at Pointe West. You see many of them at every event, and many more are working behind the scenes. There is always the need for those who can organize, support, and run our activities. We appreciate all of our volunteers more than they know. There are many we count on who willingly show up time after time. You know who you are. If you haven’t yet been involved here at Pointe West, we invite you to make it a point to step up next year. You will make some wonderful friends and find yourself having a great time!

We are looking forward to another fabulous season next year. Until then, stay safe and healthy. See you in the Fall!

Joanne Kiefer
President, Pointe West Recreation Association

Arts and Crafts

If you would like to share a talent with others in our park, all you need to do to start the process is: Contact either Judy Master (708) 602-4144 or Sandy Swartz (317) 498-3325, to choose the date you wish to teach your item. If you have questions, please feel free to contact either lady.

We are tentatively reserving Mondays from 10am – 12 noon for arts and crafts (water color is 9am – 12 noon) in the clubhouse. It is important that you contact one of the ladies to set a date so as to avoid scheduling conflicts.

Is Your Doctor Living Up to Your Expectations?

No? It may be time to switch.

We are your neighborhood doctor, right around the corner.

Our talented and innovative physicians are there for you every step of the way.

Health tips for the 60+ crowd

Maintaining good health is a lifelong activity, but it can get more difficult as we age. The NBC News website offers this healthy advice for people over 60:

- **Buy good sneakers.** Look for top-quality sneakers specifically designed for walking. Start slowly, then increase your walks as time goes on. Good shoes will protect your feet, giving you more motivation to get moving.
- **Practice your balance.** Falls are a big hazard for seniors. Try standing on one leg for 30 seconds a day to get a handle on your equilibrium.
- **Eat a healthy breakfast.** Skip the sweet rolls and sugary cereals. Start your day with fruit, yogurt, and whole grains.
- **Practice getting up.** On a regular basis, practice getting down on the floor and standing up again. More practice will improve your ability to get up if you fall.

Women's brains age more slowly than those of men

Good news for women: Your brains age more slowly than males'. According to an article on the NPR website, researchers have found that the metabolism of women's brains remains healthier and more youthful than that of their male counterparts, making women better equipped to be creative during the later years of their lives.

The findings come from a study of 205 brain scans of people ages 20–82. At first scientists studied brain metabolisms to determine a person's age. Then they observed a significant difference between the age of some people's brains and their chronological ages, leading to the discovery that older women's brains, on average, were about four years younger in terms of metabolism than men's brains. The reason is unknown, but the scientists say a higher brain metabolism may give women an advantage in learning and creativity as they age.

A vigorous five-mile walk will do more good for an unhappy but otherwise healthy adult than all the medicine and psychology in the world.

Monthly

Better Hearing and Speech Month. The American Speech-Language-Hearing Association uses this month to raise public awareness of communication disorders and the treatments and strategies necessary to overcome them. The 2019 theme is “Communication Across the Lifespan.” To learn more, visit <https://www.asha.org/bhsm/>

Clean Air Month. The quality of the air we breathe affects our general health, well-being, and ability to function daily. Are there hidden toxics lurking in your home, community, or workplace? If so, what can be done about it? Visit the American Lung Association website to learn more and read its annual State of the Air report.

Gardening for Wildlife Month. If you’re planting a garden this year, make sure to include plenty of native flora. Restore the balance of nature by creating a thriving ecosystem that will attract and sustain insects, birds, and other animals. Locate resources and other ideas on the National Wildlife Federation website.

Get Caught Reading Month. Librarians, teachers, and other advocates will take up the charge launched by the Association of American Publishers 30 years ago. Read for pleasure, read for fun, read to your children, and encourage them to read and grow intellectually and linguistically. If you’re going to get caught doing something this month, let it be reading.

Weekly

National Hurricane Preparedness Week, May 11–19. Hurricane season typically runs July through October, but it’s not too early to plan for disaster if you live in an area where these storms are common. Visit the Department of Homeland Security at <https://www.ready.gov/hurricane-toolkit> for safety tips and tools, and bookmark the National Weather service site at <https://www.weather.gov/wrn/hurricanepreparedness> for even more information.

National Women’s Health Week, May 12–18. Women’s health needs change as they age. Visit <https://www.womenshealth.gov/nwhw/to> take a quiz, get your health score, and find out where to focus your efforts to maintain your optimal health.

National Bike to Work Week, May 13–19. Who needs cars, buses, and trains? If you have the wheels and a safe and manageable route to your workplace, pedal it out. It’s great exercise that will get you pumped up at the start of your workday and help you wind down in the evening. It benefits the environment, too. Go to <https://bikeleague.org/> for more information.

National African Violet Week, May 26–June 2. Serious gardeners take note: If you want to learn more about growing, caring for, and showing these beauties, pack your bags and get to Houston, where the African Violet Society of America will host its 73rd annual convention and exhibition. “Violet Fun in the Texas Sun” is the theme for this year’s event.

Stay safe during boating season

Here are some basic do's and don'ts for boating safety this summer. Follow these tips for fun, safe boating with your friends and family:

- Wear your life jacket. It floats; you don't.
- Never mix alcohol and boating.
- Know and follow nautical rules.
- Never stand in a small boat.
- Check the weather forecast before you get underway.
- Never overload your boat.
- Always keep a good lookout.

If you do go out in a boat and bad weather unexpectedly occurs, here's what you should do:

- Put your life jacket on, and prepare for rough seas.
- Get below deck, and stay there if possible.
- Keep away from metal objects that are not grounded in the boat's protection system.
- Do not touch more than one grounded object at a time, or you could become the short-cut for electrical surges passing through the protection system.

**The one permanent emotion of the inferior man is fear—
fear of the unknown, the complex, the inexplicable. What he
wants above everything else is safety.**
