CAN RECYLING

Doris Myers

Are you contributing to REC Association general fund??? This fund helps finance all the fun activities provided by REC Association, such as; dances, dinners, needed supplies, luncheons, holiday activities, etc. If you put them in your blue recycling bin; you are giving away this money.

Please remember to bring your rinsed and drained aluminum cans to 3-I. Rinse them and remove tabs, if possible. Turn them in separately. Tabs are given to Ronald McDonald House.

Drop of at 3-I., even through the summer months. Thank you to all who help.

2016 BAZAAR REMINDER:

It's never too early to remind yourself of our Annual Bazaar being held this January, 2016. Time to cleanse your jewelry box, Ladies?? Go through your cupboards?? Albertson's offering Knives and Cutting Boards as their promotion this fall. Please save stickers for Joyce Mistovich (11-0) to use in her Chinese Auction baskets. Give them to her at KK or drop off at coach. Thanks. New or re-gifting are also good ideas for these basket donations. Joyce and her crew does a beautiful job preparing these baskets which are real money maker for Bazaar.

Thanksgiving Host & Hostess Dinner

Melanie Pangburn

Please contact Melanie to Host a table for Thanksgiving Dinner Thursday, November 26, 2015. She has sign-up sheets ready to distribute. The Host responsibilities are available, too. It's a good way to share with fellow residents. Dinner time will be announced at KK.

Invitation to Flag Retirement Ceremony

Janice Thiede & Joyce Fosdick (Four Season's)

All residents are invited to participate in a Flag Retirement Ceremony at Four Season's Estates on November 7, 2015 at 6:30 p.m. The flag burning is being conducted by Boy Scout Troop 340. It is part of requirement for a merit badge,

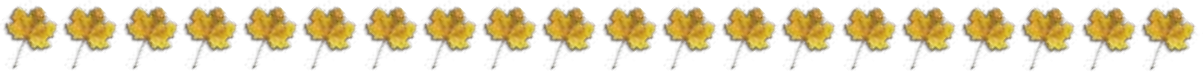

If you wish to have flags retired, please drop them at Janice Thiede's 12-0. She will see they are brought to the ceremony

Get well:

Bud Lowell (1-N) has been having therapy at Palm Gardens of Pinellas for gaining strength. We hope living arrangements can be arranged for easier living. His daughter from Jacksonville has been traveling to visit most weekends.

Ed McGuire (22-M) experienced a heart attack in October which required an ambulance trip to Largo Medical Hospital. He was there for a week and is now receiving therapy and medication at Freedom Square. His two sons were visiting but have now returned north. Card was sent to coach so Kay can deliver. We wish him good recovery.

Thinking of You:

Barb Miller (3-I) former resident celebrated her 90th birthday last month. Her friends sent a birthday greeting to Palm Gardens of Largo to wish her well.

Please don't forget to send word of residents who are ill or grieving for a loved one. All it takes is a call or send an email. Thanks.

We have many friends in need of prayers for various serious medical conditions. Continue to pray for them all.

Send all news to Jane McHugh (14-H), 581-2664 or TJMAC39@aol.com. Weekly KK News is sent via email. Send note to the email address with **KK NEWS** in subject line. Your address will be added. Send email, IF you do not receiving this on Wednesdays let me know.

Veterans' Projects

Gil Himes, Ed Palka

Gil Himes (15-I) collects articles for our veterans at Bay Pines Hospital in St. Petersburg. Toiletries, gently used books and magazine, playing cards, puzzles, dominos, hard candy and lap robes are some of possible donations. Packages of new socks and t-shirts are needed in sizes L, XL, and 2X. Even hotel toiletries are welcome. Let's remember our hospitalized servicemen and women. Thanks for your support.

Ed Palka (11-N) collects any **MANUFACRUERERS' COUPONS**. These are usually in Sunday's St. Petersburg Times, Largo Leader and various magazines. All coupons are taken to Largo Elks Lodge, #2159 for distribution to our troops stationed in Germany. Any coupons for baby products or items useful to new mothers are sent to Ramstein Hospital, Landstuhl, Germany. Drop off the sheets, clipped or unclipped. Please continue to support this cause. Largo Elks Lodge 2159. Ed also takes American and Canadian flags that need proper disposal. Ed will find new home for hearing aids and eye glasses, too. There is a blue plastic bin in carport at 11-N.

These activities continue throughout the summer.

November Is...

Military Family Appreciation Month. Throughout November, military families serving around the world are honored through a variety of observances and recognized for their commitment and the many contributions they make every day in support of the military and our nation.

National Epilepsy Awareness Month. The Epilepsy Foundation estimates that 65 million people around the world, and 2 million in the U.S., have epilepsy—a neurological condition in which disturbances in the electrical activity of the brain cause seizures. National Epilepsy Awareness Month seeks to break down barriers stopping people with epilepsy from reaching their fullest potential.

National Peanut Butter Lover's Month. Celebrate your love of peanut butter this month by sharing these facts with your friends: One 12-ounce jar of peanut butter contains about 540 peanuts; one acre of peanuts can produce enough peanut butter for 30,000 sandwiches; and peanuts contribute more than \$4 billion to the U.S. economy every year.

Native American Heritage Month. Beginning as a single day of recognition for the contributions the first Americans have made to the establishment and growth of the U.S., Native American Heritage Month was designated in 1990 by President George H. W. Bush.

Week to Week in November

National Animal Shelter Appreciation Week, Nov. 2-8. Approximately 3,500 animal shelters across the United States serve the estimated 6-8 million homeless animals in need of refuge each year. Show them some love and support.

National Hunger & Homelessness Awareness Week, Nov. 14-22. Held each year the week before Thanksgiving to give Americans a time to show compassion for people experiencing hunger and homelessness.

Geography Awareness Week, Nov. 15-21. Spatial thinking through maps is one of the most important skills that students can develop as they learn geography, Earth and environmental sciences, and so much more. Celebrate and explore the power of maps!

American Education Week, Nov. 16-20. Take this opportunity to celebrate public education and honor individuals who are making a difference in ensuring that every child receives a quality education.

Stay healthy when you travel

Can your hotel room make you sick? Whether you're on vacation or traveling for work, you don't want your accommodations to create health issues. Try these tips to stay healthy wherever you crash:

- Get a smoke-free room. Avoid exposure to leftover smoke and nicotine by requesting a smoke-free floor when you make your reservations, or at least a nonsmoking room.
- Resist the minibar. Decline a minibar key when you check in. You'll be free of temptation to indulge in unhealthy (and expensive) drinks and snacks.
- Ditch the bed cover. Bed covers can be hiding places for bugs and other pests. Store it in a dresser or a corner of your room before going to bed.
- Bring your own disinfectant. Wipe down the phone, TV remote, and other devices with an antibacterial spray or wipe before using them to get rid of any harmful bacteria and germs from previous guests.
- Use fresh cups. Don't drink from reusable glasses and cups. Stick with your own water bottle, or plastic disposable cups wrapped in plastic.

Don't sabotage your diet during the long afternoon

You can eat a healthful breakfast and a nutritious lunch, yet still undercut your efforts to stay fit if you slack off in the afternoon. Watch out for these post-lunchtime habits that can add on extra pounds (from the Health Magazine website):

- Heavy snacks. A mid-afternoon snack can turn into a second lunch if you're not careful. Don't overdo it. Limit your snacking to 150 calories or fewer.
- Avoiding the gym. Schedule time for exercise; don't skip it just because you're busy or tired. Burning calories is important to staying in shape.
- The coffee shop. If you need a dose of caffeine, don't overload on extra sugar and cream, and resist the scones and muffins. Have a cup of coffee or tea at work, or ask a friend to pick up something salubrious for you so you don't face the temptation.
- Workplace celebrations. Birthdays, showers, good-bye parties and the like usually feature treats that can pack on the pounds. Share your good wishes, but don't go overboard on the goodies.

Have a nice flight (if you can)

Flying may be the fastest and safest way to travel, but we all have our own preferences and quirks when traveling by air. A survey of more than 1,100 family travelers by ExpertFlyer looked at passenger habits. Their findings included:

- **Airline choice.** United? American? Southwest? Forty-five percent of participants said that airline mile redemption was a factor in choosing which airline to fly on.
- **Storage space.** Space is at a premium on most airplanes. Seventy-five percent admitted to “stealing” overhead bin space beyond their authorized allotment.
- **Food.** In-flight meals aren’t the only option if you’re hungry. More than one-third of passengers said they bring their own food to eat during flight.
- **Complaints.** Flying can be stressful. The top complaint: A bad seat or a seat not near companions (35 percent), followed by delays (25 percent), and general discomfort (24 percent).
- **Worries.** Lost luggage is one thing, but 21 percent of survey participants said that terrorism is their biggest concern when traveling with their families. That was followed by getting lost or separated (19 percent) and crime (19 percent).

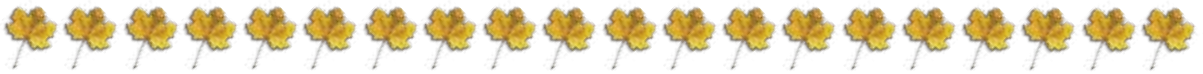

Who’s drinking all the coffee?

Lots of people depend on coffee to get them through the day. According to figures from Gallup, 64 percent of U.S. adults drink at least one cup a day. Some drink more:

- One cup 26 percent
- Two cups 19 percent
- Three cups 8 percent
- Four or more 11 percent
- None 36 percent

Coffee is somewhat more popular with the older generation, with 74 percent of people 55 or older drinking it daily, a habit shared by just 50 percent of the 18-34 crowd. Women drink a little more than men: Sixty-six percent of women report having one or more cups per day, while 62 percent of men say the same. And Caucasians drink more than African-Americans—67 percent to 59 percent.

Moo! Cows may be smarter than you think

What's the smartest animal you can think of? Dolphins and chimpanzees may spring to mind quickly, but don't neglect one often-overlooked farm animal: the cow.

College students at the University of Sydney (as reported by the Huffington Post) conducted experiments with dairy cows and found that our bovine friends are capable of quickly mastering a maze to find food, and thus may possess better problem-solving skills than previously known.

The cows were tested in a T-shaped maze similar to those used with mice and rats. They learned to follow a sound through the maze to get to their food, with one of them reaching its goals within the first 20 seconds of the test.

The results suggest that cattle farmers could train cows to obey specific sound signals to come in for milking, producing greater efficiency on dairy farms.

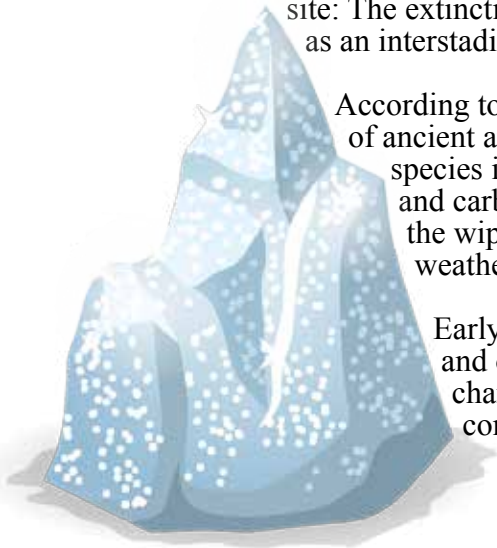

Global warming, not Ice Age, may have killed mammoths

Giant woolly mammoths roamed the Earth until about 11,000 years ago, when they abruptly went extinct. For years, scientists theorized that they were killed by the cold temperatures of the last Ice Age. Now some believe the explanation is just the opposite: The extinction event was caused by a sudden warming event known as an interstadial.

According to research published in the journal *Science*, DNA studies of ancient animals point to the sudden extinction of many large species in past ages. As more DNA from fossils became available, and carbon dating methods improved, scientists discovered that the wipeouts didn't correspond to the rise of glaciers and cold weather, but rather to periods of rapid global warming.

Early humans also contributed to the demise of the mammoths and other large beasts, but the evidence suggests that climate change was a major factor in their extinction—raising concerns about the future of our present environment.

A True Friend

A ship was wrecked during a storm at sea, and only two sailors survived. They reached a small, deserted island.

The two sailors were good friends, but they agreed that they should separate to avoid fighting with each other over food and shelter. They split up and lived on opposite sides of the island.

The first sailor prayed to God for food. The next morning he discovered a tree bearing fruit on his side of the island. From a hill, he saw his friend still scrambling to find something to eat. "God must have heard my prayers, but not his," he thought.

That night he prayed for fresh water, and the next day he found a spring. The other sailor had to ration his own water and wait for rain.

Lonely, the sailor prayed for a companion, and soon after a small dog came swimming up to the beach, the survivor of another shipwreck. But the second sailor was still alone.

And so it went. The first sailor got everything he prayed for, while the second one struggled to survive.

One night the sailor prayed for rescue. And the very next day a ship sailed into sight on his side of the island. He jumped and waved, and soon a boat was sent to shore. The sailor and his dog eagerly jumped in, and the rescuers started rowing back to the ship.

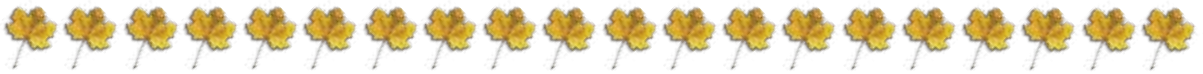

Then a voice came into his head. "What about your friend?" the voice asked.

Believing he was hearing God, the sailor said, "We both prayed, but only my prayers were answered. Why should I do anything for him?"

"You both prayed," the voice agreed. "But while you prayed only for yourself, your friend asked that your prayers should be answered."

Realizing the truth, the sailor immediately had the boat turn around to rescue his generous friend.

Thoughts to ponder

These “words of wisdom” may not be so wise, but they just might tickle your funny bone:

- For every action, there is an equal and opposite criticism.
- Never do card tricks for the group you play poker with.
- You never really learn to swear until you learn to drive.
- The problem with the gene pool is that it doesn’t have a lifeguard.
- Support bacteria—they’re the only culture some people have.
- The only substitute for good manners is fast reflexes.
- I drive way too fast to worry about cholesterol.
- The sooner you fall behind, the more time you’ll have to catch up.
- A conclusion is the place where most people get tired of thinking.

No loitering

The foreman at a construction site noticed a man lying on the sidewalk, unconscious. “Hey, you!” he shouted. “No loitering! Wake up and get out of here!”

The man didn’t move.

The foreman walked over. “I told you to leave,” he snapped. “This is a construction site. Now move!”

The man rolled over but still didn’t get up.

“All right, that’s it.” The foreman pulled out his cell phone. “I’m calling the police. Where are you from?”

The man pointed up. “The top floor.”
