Bad Food

Ginger Cutright from the Internet

A doctor addressing a large audience in Oxford -
The material we put into our stomachs should have killed most of us sitting here years ago. Red meat is full of steroids and dye. Soft drinks corrode your stomach lining. Chinese food is loaded with MSG. High trans-fat can be disastrous. None of us realizes the long-term harm caused by germs in our drinking water. But, there is one thing that is the most dangerous of all and most of us have, or will eat it.

Can anyone here tell me what food it is that causes the most grief and suffering for years after eating it?

After several seconds of quiet, a 70 year old man in the front row raised his hand, and softly said, "Wedding Cake?"

Five Card Drawer Poker Tournaments

Tom Stevens – Outside Social

We plan to have 3 tables with 6 players each, plus the dealer, buy-in is \$10.00. (If we have more we will add another table.) The game is five card drawer poker. You will be dealt 5 cards and can discard up to 3 cards, giving discards to the dealer.

Everyone will ante on each deal, if you are unable to cover the ante, you are no longer in the game. The minimum and maximum bets will be posted. These amounts will change as players are eliminated or as time passes. It is OK to check and raise, and there is no limit to the number of raises. You may open on anything.

You will receive \$10,000.00 in chips and will be unable to buy more. There will be no “combining” of tables. This is a winner take all and there will be one \$50.00 winner at each table. Your \$10.00 entry fee should be paid by the end of the month before the next tournament. Call Tom Stevens to find out when the tournaments will be held, they will be usually the second Saturday of the month except in April. The next one is scheduled for Sat., March 12th at 6 pm. Check the Club House bulletin board. Come and enjoy a night of cards!

Just One Word

Ann Johnson from the Internet

Two sisters, one blonde and one brunette, inherit the family ranch. Unfortunately, after just a few years, they are in financial trouble. In order to keep the bank from repossessing the ranch, they need to purchase a bull from the stockyard in a far town so that they can breed their own stock. They only have \$600 left. Upon leaving, the brunette tells her sister, "When I get there, if I decide to buy the bull, I'll contact you to drive out after me and haul it home." The brunette arrives at the stockyard, inspects the bull, and decides she wants to buy it. The man tells her that he will sell it for \$599, no less. After paying him, she drives to the nearest town to send her sister a telegram to tell her the news. She walks into the telegraph office and says, "I want to send a telegram to my sister telling her that I've bought a bull for our ranch. I need her to hitch the trailer to our pickup truck and drive out here so we can haul it home." The telegraph operator explains that he'll be glad to help her, then adds, "It's just 99 cents a word." Well, after paying for the bull, the brunette only has \$1 left. She realizes that she'll only be able to send her sister one word. After a few minutes of thinking, she nods and says, "I want you to send her one word: comfortable." The operator shakes his head. "How is she ever going to know that you want her to hitch the trailer to your pickup truck and drive out here to haul that bull back to your ranch if you send her just the word "comfortable?" The brunette explains, "My sister's blonde. The word's big. She'll read it very slowly ... com-for-da-bull."

Choking – Redneck Joke

Jay Landry from the Internet

Dearest Redneck Son,

I'm writing this slow because I know you can't read fast. We don't live where we did when you left home. Your dad read in the newspaper that most accidents happen within 20 miles of your home, so we moved. I won't be able to send you the address because the last West Virginia family that lived here took the house numbers when they moved so they wouldn't have to change their address. This place is really nice. It even has a washing machine. I'm not sure about it. I put a load of clothes in and pulled the chain. We haven't seen them since.

The weather isn't bad here. It only rained twice last week; the first time for three days and the second time for four days. About that coat you wanted me to send; your Uncle Billy Bob said it would be too heavy to send in the mail with the buttons on, so we cut them off and put them in the pockets.

Bubba locked his keys in the car yesterday. We were really worried because it took him two hours to get me and your father out.

Your sister had a baby this morning, but I haven't found out what it is yet so I don't know if you are an aunt or uncle. The baby looks just like your brother.

Uncle Bobby Ray fell into a whiskey vat last week. Some men tried to pull him out but he fought them off and drowned. We had him cremated, he burned for three days.

Three of your friends went off a bridge in a pickup truck. Butch was driving. He rolled down the window and swam to safety. Your other two friends were in the back. They drowned because they couldn't get the tailgate down!

There isn't much more news at this time. Nothing much out of the normal has happened.

Your Favorite Aunt,

Mom

Founded in 1916.

Caring Ever Since.

From our family to your family

Morton Plant Hospital got its start in 1914 when several local women asked railroad magnate Morton F. Plant to fund a hospital. He agreed, if the community would also make a substantial contribution. They took the challenge and the hospital opened in 1916. Throughout the years, the hospital served the community, and the community gave back, ensuring that generations of families would be able to count on the compassionate, quality care provided by Morton Plant Hospital.

One of the most noteworthy hospitals in the nation, Morton Plant Hospital was founded because a community cared. And 100 years later, one thing remains the same — our commitment to caring for your family.

The new Doyle Tower at Morton Plant Hospital, scheduled to be completed in 2016. Another example of how the community gave back.

God and Seniors

Jay Landry from the Internet

And God Looked Down...

Most seniors never get enough exercise. In His wisdom God decreed that seniors become forgetful so they would have to search for their glasses, keys and other things thus doing more walking.

And God looked down and saw that it was good.

Then God saw there was another need. In His wisdom He made seniors lose coordination so they would drop things requiring them to bend, reach & stretch.

And God looked down and saw that it was good.

Then God considered the function of bladders and decided seniors would have additional calls of nature requiring more trips to the bathroom, thus providing more exercise.

God looked down and saw that it was good.

So if you find as you age, you are getting up and down more, remember it's Gods will. It is all in your best interest even though you mutter under your breath.

“Fun Day” – Wed. March 30th

Club Council

On the last Wednesday in March, namely March 30th, we will be having “Fund Day”. For all of you new residents who may not be familiar with this day, it begins with our Coffee Hour at 9:00 AM in the Regency Club. At this Coffee Hour there will be clowns to serve you and participants come in costume for which prizes are awarded. We will be de-frocking our current King and Queen of Regency and installing our new King and Queen.

The election of the new King and Queen will take place on the previous Coffee Hour, Wednesday, March 23rd. We vote or elect our King and Queen each year based on their history of helpfulness in the Park and to their fellow residents. We will have the names of the past Kings and Queens posted at each table, so as not to use those names again (although many are deserving!).

There will be prizes also for the best decorated golf carts and bikes. After Coffee Hour the day continues with various games throughout the Park for your participation and for which prizes again will be awarded.

Finally, there will be strawberry shortcake in the evening, cost is \$3.00, served in the Regency Club at or about 5:00 or 6:00 PM, final time to be determined and posted, this will be followed by entertainment.

Please contact me if you are willing to help. Thanks, Ansley Cummins 727-797-6384.

Thank You

Lee Mead

Thank you for the cards, prayers and everything else re daughter Kathleen's passing. Much appreciated; it's been rough ! Sincerely, Lee Mead, #334.

Keep Those Old Eyeglasses Coming

Lion - Dave Barry #471

The Lions Club wants to thank everyone for their contributions to their eyeglass drive. Keep them coming, there is still a great need for them. If you have any, please bring them to the Clubhouse. The box for the used eyeglasses is on the counter by the library. The Lions Club will clean and fix them for reuse. We thank you for your participation.

March Is...

American Red Cross Month. The American Red Cross was founded by Clara Barton in 1881. Today its supporters, volunteers, and employees provide compassionate care in five vital areas: People affected by disasters in America; support for members of the military and their families; blood collection, processing, and distribution; health and safety education and training; and international relief and development.

Music In Our Schools Month. An annual celebration sponsored by the National Association for Music Education, Music In Our Schools Month engages music educators, students, and communities from around the country in promoting the benefits of high-quality music education programs in schools.

Social Work Month. The goal of Social Work Month is to educate the public about how social workers bring about positive social change and improve the lives of individuals and families. It's sponsored by the National Association of Social Workers, which works to enhance the professional growth and development of its 132,000 members, to create and maintain professional standards, and to advance sound social policies.

Women's History Month. Women's History Month has its origins as a national celebration in 1981 when Congress authorized the president to proclaim the week beginning March 7, 1982, as "Women's History Week." Since 1995, Presidents Clinton, Bush, and Obama have issued a series of annual proclamations designating March as "Women's History Month."

Weekly

National Cheerleading Week, March 1-7. National Cheerleading Week recognizes cheerleading athletes around the world. Its goal is to build a more positive image of cheerleading by engaging in group activities, community service, and fundraising projects.

NO MORE Week, March 6-12. NO MORE is a movement to raise public awareness around ending domestic violence and sexual assault. NO MORE Week is a national effort to engage individuals and organizations to say "No more" to abuse, and to make domestic violence and sexual assault awareness and prevention a priority year-round.

Brain Awareness Week, March 14-20. A global campaign to increase public awareness of the progress and benefits of brain research, Brain Awareness Week unites the efforts of partner organizations worldwide in a celebration of the brain for people of all ages. Activities include open days at neuroscience labs, exhibitions about the brain, and more.

Keep the speed up when you walk

A brisk walk is good for your health, especially as you grow older. A study reported on the LiveScience website found that older adults who maintain a speed of 3 miles per hour when they walk have a 50 percent lower risk of heart disease than people with a pace of two miles per hour or slower. And folks who walk an average of seven blocks a day have a 47 percent lower chance of developing heart disease than those whose walks add up to just five blocks a day or less. So put your shoes on and get walking.

Help your brain stay healthy

Feeding and stimulating your brain well can keep it healthy throughout your life. The American Academy of Family Physicians offers these tips for keeping your mind in tip-top shape:

- Eat a healthy diet. Choose nutritious foods like antioxidant-rich vegetables, fruits, and whole grains, and omega-3 fatty acids, and cut out saturated fats. Avoid fad diets that offer only short-term results.
- Watch your weight. Maintain a healthy weight and pay attention to your blood pressure, cholesterol, and blood sugar, which are all associated with an increased risk of dementia.
- Exercise your brain. Keep learning new things all the time. Puzzles and games that stretch your mind can help you maintain good brain health. So can staying active socially, so keep up your friendships and strive to meet new people.

Mission to gravity: Space probe searches for waves

A European space probe will try to confirm a theory about gravity developed by Albert Einstein, according to the Reuters website. Launched late last year, the LISA (Laser Interferometer Space Antenna) Pathfinder will assume an orbit between the Earth and our sun, collecting data about gravity waves.

Einstein predicted the existence of ripples of gravity that bend space and time some 100 years ago, but finding those ripples on Earth has been impossible. The space-based experiment will monitor two cubes of a gold-platinum alloy to determine whether they maintain their distance from each other in free fall. The results will allow scientists to observe minute oscillations caused by gravity waves.

Going the store? Why leave the house?

Shopping online has exploded in recent years. One example: A survey conducted by 72 Point Inc. and commissioned by Door to Door Organics, an online organic grocer, found that shoppers increased their online grocery purchases by an average of 29 percent in the past year, and those shoppers do about 19 percent of their weekly grocery shopping via the Internet.

Extra sleep may not lead to longer life

Most of us look forward to sleeping late on the weekend. After a hard week of work, we deserve a few extra hours, right? But a study from the *Journal of Clinical Endocrinology & Metabolism* suggests that sleeping in may contribute to a higher risk of diabetes and heart disease.

Researchers tracked more than men and women age 30-54, using devices that recorded their movement to determine when they fell asleep and woke up for a one-week period. Close to 85 percent went to bed later and got up later on their days off from work, and those people tended to experience lower levels of HDL cholesterol (the good kind) along with higher triglycerides, greater resistance to insulin, and a higher body mass index, even after controlling for factors like physical activity, calorie consumption, and alcohol use.

The implications are clear: Maintaining a consistent sleep schedule, even on weekends, is better for everyone's long-term health.

Aspirin prevents skin cancer?

Aspirin is known to cure our aches and pains and improve heart health. It may also be useful in preventing certain kinds of skin cancer, according to an article on the *Discover* magazine website.

Non-steroidal anti-inflammatory drugs (NSAIDs) like aspirin and ibuprofen are already known to help prevent cancers in the colon, lungs, prostate, and breasts. A meta-analysis of studies, some previously unavailable to researchers, turned up evidence that non-aspirin NSAIDs can reduce the risk of developing squamous cell carcinoma by 15 percent, and that when aspirin is added to the mix, the risk drops to 18 percent. NSAIDs are known to inhibit COX-2, an enzyme produced by skin cells in response to ultraviolet light.

Talk to your dermatologist about aspirin, and otherwise limit your exposure to UV light to stay safe from skin cancer all year round.
