RIVIERA ESTATES – FROM THE OFFICE

Mike Richards, Community Manager

Towing Cars: Our rulebook under section VIII. Vehicles- page 3 of the rules and regulations; A limit of two automobiles or one automobile and one small van or small pick-up truck per home will be allowed. Residents shall park their vehicles only on their own driveways or carports and not on any lawn in the community. For reasons of safety, visitors shall not park in the streets when parking space is available in the driveway.

This is not a new rule. This is your warning that a tow company will enforce- no overnight parking starting May 1.

Wash and Paint: your home every year or two or when needed. I passed out reminders last month to some who need to do some spring cleaning. I will be back to check.

Flower Box: You pay \$11.42 a month for grass cutting, edging and blow off of drive way. Our lawn guys are told to avoid your plants and any items that could be damaged. Your part is up keep of all plants and the flower box at the front. This month I am looking at weeds around the home. Thanks for taking care of your place. We have a nice looking community. Please, no fake flowers.

For Sale: Lots 57, 68, 70, 107,142 and 154. We do have 2 homes under contract. I keep a list of people who are coming by to purchase a home in our community. The home should be in great condition or priced with consideration of repairs. Most homes are sold through our office. I am glad to help you.

\$150 for You: Help me sell Lot 68. Or help me sell new homes coming to Lot 49 or 57. Tell your friend to let me know that you sent them. You will receive \$150 within 30 days after closing.

Office Hours: I am in the office Monday to Friday 8:30am-4pm. I do come in early or stay late as needed. If the sign says open then I am in the park and will be back shortly. If I am at lunch or on an errand the CLOSED sign will let you know my return time. It is a pleasure for me to serve this community. Let me know how I can help.

It is my pleasure to serve as the manager at Riviera Estates. Let me know if I can help.

FROM THE EDITOR'S DESK

Debbie Girard

Girard1725@icloud.com

I am writing the Monthly Media from Canada so please keep me posted on events going on in the Park.

Please email with your submissions to the newsletter, subject line MONTHLY MEDIA by the 12th of each month. Photo's are welcome.

RIVIERA ESTATES HOMEOWNER'S ASSOCIATION (HOA)

Dave Shiner, President

Meetings held in clubhouse first Thursday of the month at 7:00 pm

We are a group of five volunteers comprised of three full time residents and two Canadians that return home for the summer.

Our responsibility to all the homeowners in our park is to communicate and work with management to insure that all residents are treated fairly and equally and that our investments in our homes and services for rents paid are maintained.

Complaints and comments from you will be forwarded and discussed with park management as received in writing. Please use forms available on the bulletin board at the clubhouse for this purpose.

As previously mentioned, our HOA email list will be a huge asset in keeping you informed and up-to-date in all that is happening in our small community. In my opinion, in the electronic age of communication, it is unfair to deny yourself the opportunity to be kept informed.

If you wish to be added to our growing list please send an email to our secretary Hank at fishingguru721@aol.com.

My best regards

Dave Shiner/President HOA 2019

Three steps to motivate your imagination

Motivating yourself—or others—to be creative can be a challenge. Here are few ways (from the DMN website) for kicking creativity into gear:

- **Shake up your process.** Don't do the same things the same way all the time. Even simple changes can help you see the world in a different light. For example, instead of starting your day by checking your email, sit down with a colleague to brainstorm ideas.
- **Look for the unfamiliar.** Ditch the same-old-same-old. Take a class, or work in a different department for a few days. Talk to new people. Take on fresh challenges that force you to learn something new.
- **Don't be afraid of "bad" ideas.** No idea is bad if it leads to something good. Open your mind to the wild possibilities. They may be unusable, but sometimes they stimulate your thinking and suggest a practical solution to a problem.

Don't believe you can't be creative

All people are born with a great core of creativity at our center, says Elaine St. James in her book, *Inner Simplicity*. If you grew up believing that you were not creative, it is time that you abandoned that belief. Believing you are not creative is often an excuse for not using your creative abilities. Believing that you have no talent holds you back from using what you do have.

If you've ever taken a class in, say, creative writing, and you've dropped out because you felt that you were the only one who couldn't write, you might believe you were born without talent. Julia Cameron, the author of *The Artist's Way*, says this is the equivalent of dropping out of a foreign-language class because you can't already speak the language.

You can develop your talents, and you should, because it will give you the inner peace that will give your life meaning.

VULNERABILITY IS THE BIRTHPLACE OF INNOVATION, CREATIVITY, AND CHANGE.

—BRENÉ BROWN

Watch for these hidden causes of high blood pressure

Many factors affect your blood pressure, including genetics, diet, and even your sleeping patterns. The Healthline website advises you to be mindful of these possible contributors to high blood pressure, as well:

- **Over-the-counter medications.** Common medications used to address everyday aches and pains can increase one's blood pressure. These include anti-inflammatory drugs like Aleve, Advil, and Tylenol, as well as decongestants. You don't have to stop taking them, but check with your doctor.
- **Caffeine and alcohol.** Both of these can heighten your blood pressure. Limit yourself to less than 300 milligrams of caffeine a day—two to three cups of coffee—and one alcoholic beverage a day for women and two for men.
- **Food ingredients and supplements.** Some herbal supplements, for example, use licorice, which can raise blood pressure. In addition, some cheeses, cured meats, and also soy products contain high levels of tyramine, which can interact with medications like antidepressants, causing a spike in blood pressure.

Pill offers an alternative to insulin injection

People with type 2 diabetes may have a new alternative to insulin injections, according to the Science Daily website. A research team at MIT has developed a capsule that patients can take orally to receive their insulin through the stomach.

The blueberry-size pill contains a tiny needle filled with compressed, freeze-dried insulin. The needle itself is made of a biodegradable substance and is attached to a compressed spring held in place by a disk of sugar. The capsule is designed to orient itself so the needle can contact the lining of the stomach. When the needle is injected, the insulin dissolves at a controlled rate and then passes harmlessly through the digestive system.

Tests in animals found that the device can deliver sufficient insulin to lower blood sugar at a rate comparable to injections through the skin. The device can also be adapted to deliver other medications.

*Calm mind brings inner strength and self-confidence,
so that's very important for good health.*

Follow these steps to achievement

Ever feel stuck in life? You can dig yourself out of the hole with the proper attitude. Try these tips from the *Success* magazine website:

- **Focus on commitment.** Are you really committed to your goal? If not, you won't be motivated to pursue it.
- **Concentrate on gaining knowledge.** Don't expect instant results. Instead, work on accumulating the knowledge you need to get to where you want to go.
- **Have some fun.** Don't make the work all drudgery. Set a goal you'll enjoy working toward, and look for opportunities to have fun along the way.
- **Monitor your thoughts.** Don't fall into defeatist thinking. Get rid of negative thoughts that sap your self-confidence.
- **Spark your imagination.** Be open to anything, no matter how wild it seems at first. Generate ideas through brainstorming with others, exploring the world around you, and seeking opportunities to learn new things.
- **Challenge yourself.** Don't wait for the perfect moment to take action. Take chances, get out of your comfort zone, and be realistic about your mistakes and the causes of your failures.
- **Eliminate distractions.** Focus on what's most important without letting nonessential tasks get in your way.
- **Rely on yourself first.** You'll have to ask others for advice, assistance, and support, but remember that in the end, your success is your responsibility alone.
- **Have a plan.** Don't go off in all directions at once. Work out a solid, detailed plan for getting from your starting point to the result you want.
- **Avoid burnout.** Don't work too hard. Take care of your health, and give yourself permission to take a break—from a few minutes to a few days—if you start to feel yourself wearing down physically or mentally.

I know the price of success: dedication, hard work, and an unremitting devotion to the things you want to see happen.

An educated guess

The students in a zoology class were shown a series of slides. Each picture framed only the legs of a rare and exotic bird. Correctly identifying each species was how the students would earn their final exam grade.

“This is ridiculous!” one student shouted as he marched up to the front of the room, slammed his incomplete final on the professor’s desk, and headed toward the door.

The professor looked at the paper and noticed the student’s name was not on it. “Wait, what is your name?” he asked.

The student turned around, rolled up the legs of his jeans, and shouted, “You tell me!”

Reasons to get away

After a day of hiking, a group of tourists were seated around a campfire deep in the Amazon rainforest. Their guide asked the members of the group what inspired them to make this trip.

“I want to explore new places and do fun things,” said one camper.

“I write a travel blog,” volunteered another. “This is a work assignment for me.”

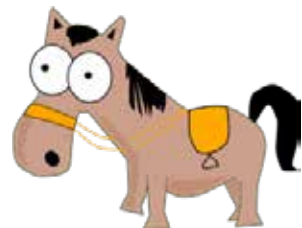

“My neighbor’s kid inspired me take this journey,” said a third man. “He’s learning to play the accordion.”

What you don’t know

A man is wandering through the desert with his horse and his dog. After several hours under the heat of the sun, the dog sits down and says: “That’s it. I’m not taking another step until I get some water.”

The man gasps and says: “I didn’t know dogs could talk.”

The horse looks at the man and says, “Me neither.”

Flower power

A dairy farmer in Japan, Toshiyuki Kuroki, found a novel way to help his wife, Yasuko, cope with her failing health. When complications from diabetes robbed her of her vision, he began planting shibazakura around their farm. It's a species of phlox and a hearty groundcover that blossoms March and April.

Though he knew his wife of 30 years would no longer be able to see the beautiful fuchsia-colored petals, he hoped the sweet fragrance of the flowers would lure her outdoors and out of her deepening depression. It didn't, for a while, and then something pretty wonderful happened.

As the farmer continued to plant more flowers, they thrived and spread across the farmland. People from surrounding areas, even tourists, began to visit the farm. Everyone wanted to see the beautiful pink fields and walk among the spring flowers. With so many new and different people showing up on their land, the farmer's wife began to wander outside and interact with the visitors. She was happy again.

For the past 25 years, the shibazakura fields that surround the home of Toshiyuki and Yasuko Kuroki have sparked joy and wonder in the hearts of many. The Kurokis receive about 7,000 visitors a year at the farm during March and April, and they no longer raise dairy cows.

Their story is a reminder that love and flowers are a powerful healing force.

That's what friends do

A story recently went viral on social media that attracted the attention of national news outlets:

A teenager from a small town in Arkansas saved two years of earnings from his part-time job to buy a motorized wheelchair for his best friend and fellow high school classmate. It was a selfless act that speaks volumes about friendship and goodwill while serving as an example of how each of us can do and give more to contribute to the greater good.

A flower cannot blossom without sunshine. A man cannot live without love.
