FROM THE EDITOR'S DESK

Terri Walls, #89
gammawtj@gmail.com

Are you ready for fall? October is here!!!! Along with it will be the beginning of the return of the snowbirds and the social activities will pick up. Please be on the lookout for sign up sheets and information for the October 31st Halloween Party the Good Neighbors are having. We are planning a lot of neat things for this party to welcome everyone back to sunny (?) Florida. The rain has been unbelievable this summer, as I sit here and it is raining as usual again today. And the forecast indicates much more heading our way.

I am not actually complaining, because it has been kind of nice to not have my plants die an agonizing death for lack of water this year. But my old arthritis sure doesn't like all the changes in the atmosphere. This weather though has just been kind of weird and unusual. I am looking forward to the snowbirds returning and hopefully they will bring the sunshine back with them.

I am saddened to report that we lost another resident last month. Tom Bilicki in coach number 45 was killed in an accident on his way to work one morning. He was on his motorcycle and I heard someone made an illegal turn and T Boned him and he did not survive. Our hearts and prayers go out to his mother and family and friends. Please be alert and watch out for motorcycle riders.

The paving of the roads is done, and the park is getting ready for winter and all the activities that we enjoy. The pool has been wonderful on those rare days that we see the sun. But those have been few and far between. They are beginning work on the clubhouse, replacing some of the vertical blinds and getting it ready to be painted inside. All those things make a nice improvement in the park.

So, what else is going on in October? October 12th is Columbus Day and Thanksgiving Day in Canada. On the 13th Al-Hijra/Muharram begins at sunset. The 16th is Bosses day. October 24th is United Nations Day, and of course the 31st is Halloween. The leaves of the trees will be beginning to change and our lucky snowbirds will see beautiful fall foliage on their way back down here. Of all the seasons that I miss living down here is fall. I always loved the colors of fall, the smells of harvesting and canning and making apple butter, and those apple cider and doughnut hayrides. My favorite time of the year that segways into my favorite holidays of Christ's birthday celebrations. I get excited about it every year, and as I age, I enjoy it more. To all our snowbirds who are going to be heading this way soon, please travel safely and enjoy the scenery. We are anxious for your return.

As ever, as I come to a close for this month, please keep an eye out for your neighbors and the residents here in the park. The summer has been a hot one and it has been difficult to get through the heat and expensive for the old electric bill. Check on your friends and neighbors and make certain they are safe and well. Pay it forward by helping them with a chore they cannot do or have difficulty doing, like weeding, or sweeping their carport, etc. You never know when the day may come when you will need some assistance. Have a good month, stay safe and healthy and as ever, keep paying it forward.

And finally, as the northerners return, and the activities will be starting up again, if you are in charge of an activity, please email me, or give me a call advising that you are starting back up so that I can get it correct in the Media.

Thanks so much.

ATTENTION PET OWNERS: Please be a responsible pet owner and a **RESPECTABLE** pet owner as well. When walking your pets, please do not allow them to "potty" in other people's yards. Some are not pet lovers as we are. Your dogs must be leashed at all times, and there are plenty of areas where your dog can go. There is a pet cleanup station in the storage field for your use. Please be sure to clean up after your pet. Also, please try to keep your pet from barking or making loud disturbing noise that can bother a neighbor. Complaints are being received by the office on a constant basis of pet problems in the park. So, at this time, our pet rule policy should be noted. Pets are allowed in park, **UP TO 20 POUNDS** weight restriction. Copies of pet inoculation certificate must be given to the office as proof the pet has been vaccinated. There is a **LIMIT OF TWO PETS PER COACH**. Fences for the pets are not allowed to be installed. All pets must be leashed at all times when outside the coach. Make certain when you leave your pet, they are not barking the entire time you are gone and bothering your neighbors. If this is the case, please make some type of arrangements that will alter this situation, such as a pet sitter, taking pet with you, or if the problem continues, and complaints continue in the office from residents being bothered by the barking, the park is forced to take steps in resolving the issue, such as requiring you to get rid of the dog, or face eviction procedures. Please be a responsible pet owner and obey the rules concerning them. It is **IMPERATIVE THAT YOU CLEAN UP AFTER YOUR PET EVERYWHERE, INCLUDING THE DOG WALKING AREA**. Please do not ignore these pet owner rules, so that we all can continue to love and enjoy our pets. But at all times we must be respectful of all the residents that live here, that they are not bothered by our pets in any way. Not by hearing them all the time, or stepping in their waste when out walking etc. Thank you for adherence to the policies and rules.

“RELIC”-(Riviera Estates Lotto International Club) by Frank Rigiero. The Lotto Club is open to all residents of Riviera Estates (renters or owners). We collect two dollars every Saturday per coach. Only one bet per coach is allowed, no matter how many are residing in each unit. Our money is pooled for quick pick tickets ONLY. On Saturday afternoon (cut off time is 2:00 pm), I go to a LOTTO agent to purchase tickets. ONLY those who pay that current week will be entered into the draw for the FLORIDA lottery. If you miss payment, you cannot collect any monies that may be won for that particular week. We are now playing both Saturday and Wednesday drawings. \$2.00 per drawing per coach. Anyone interested may attend the Koffee Klatch on Saturday morning or come to my coach prior to 2 p.m. that day. At the last Good Neighbors meeting it was decided to switch to the FLORIDA Lotto instead of Power Ball. The odds are much better, and we aren't competing with gamblers from other states as in Powerball. Lotto will be started back up in October upon Frank and Chris's return.

Starts at 9:00 a.m. sharp, and costs \$1.00 per person.

Ladie's Luncheon: Ro Moll This is held on the 3rd Thursday of every month at noon. Sign up sheet is on the bulletin board. Will be gearing up again for this month, watch for sign up sheet in clubhouse.

One important factor that can unbalance a marriage or romantic relationship is debt. A survey conducted by Harris Poll for NerdWallet determined that 35 percent of adults have brought at least some credit card debt into their romantic relationships—more than student loans, car payments, medical loans, and mortgage debt.

More men than women bring it, with 42 percent of adult men coming into relationships with credit card debt, as opposed to 29 percent of women. Whoever's behind it, though, such debt can have costs beyond interest payments: 25 percent of couples with at least one partner dealing with credit card debt reported that it had a negative impact on their relationship.

Be alert to the signs of Alzheimer's disease

More than 5 million people live with Alzheimer's disease in the U.S. It's an affliction that can't be diagnosed with a blood test or a brain scan, so doctors and patients depend on behavioral clues to determine whether someone is suffering from it. An early diagnosis can help with treatment and care, so pay attention to these warning signs from the Alzheimer's Association:

- Changes in memory that disrupt daily activities
- Difficulty solving problems or making plans
- Problems performing familiar tasks at work or at home
- Confusion over places and times
- Problems processing visual images and spatial relationships
- Growing difficulties with writing and speaking
- Losing items/getting lost outside

If you or a loved one begins exhibiting a number of these symptoms, consult with your doctor. Although Alzheimer's has no cure, many treatments can delay its onset and provide a meaningful quality of life for years.

Follow correct procedures whenever you lift a load

Lifting heavy items incorrectly can injure your back and other parts of your body. Whenever you have a heavy object to move, follow these basic rules for staying safe:

- Bend at the knees.
- Keep your head up.
- Keep your back straight.
- Lift with your legs, not your arms or back.
- Keep the object close to your body.
- Don't twist your back as you walk.
- Maintain stable footing.
- Ask for help if the load is too heavy for you to move on your own.

Strengthen your peer relationships

Getting along with your manager is important to success in any workplace, but so is a good relationship with your co-workers. You need everyone's support to get ahead. Forge strong connections by looking at these factors:

- **Expectations.** Clarify what you expect from your colleagues in the way of information, assistance, and results. Get to know each other's goals so you can provide the right kind of support.
- **Mutual trust.** Can you count on each other to follow through on commitments—or at least warn that problems are approaching? This is possible only if you both take responsibility for cooperation and communication.
- **Sociability.** Can you do more than merely tolerate each other? Go beyond common courtesy and show a genuine interest in other people's lives outside the job. Relationships grow through getting to know each other on a personal basis instead of just talking about work.
- **Communication.** This is the acid test of any working relationship: Can you tell each other what's on your mind? This isn't simply a matter of airing complaints. Delivering praise or thanks to a co-worker may feel awkward, but it's the heart of a good relationship. Be honest with the people around you, and listen to their words in the same spirit.

Spiders On The Move: Land, Air, And Water

If you're afraid of spiders, this may not be good news: Scientists have discovered that some spiders can actually walk or sail across water, allowing them to travel great distances and colonize new areas of the world.

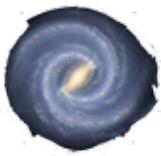

Spiders have long been known to travel by “ballooning”—climbing to the top of a plant or tree and shooting out a strand of web that catches the breeze, pulling them through the air. But what happens when they land on water? Some species of spiders have water-resistant legs that prevent them from sinking beneath the surface. With specialized “dance” routines, the spiders are able to make their way across the water. In addition, they're able to lift their legs to catch the wind, sliding on the surface as if sailing. Some spiders are also able to lift their abdomens like sails and take advantage of air currents to transport themselves.

All this helps spiders move about, allowing them to take their place as predators keeping insect populations in check. How far they can actually travel is still unclear, as is the question of whether salt water affects their mobility. Scientists are continuing to study the spiders to find out if they can literally sail across the ocean.

Black Holes: The Truth Is Out There (Just Hidden)

The universe is full of supermassive black holes, according to findings from NASA's Nuclear Spectroscopic Telescope Array (NuSTAR). But they're not always easy to locate because they're typically found at the center of galaxies, and hidden by clouds of dust and gas.

Astronomers found several of them recently them by analyzing high-energy X-rays at nine locations throughout the universe. The NuSTAR confirmed the existence of five black holes and determined that they're much more active than previously was known, consuming huge amounts of interstellar material and emitting large doses of radiation.

The NuSTAR's readings confirm theories of the presence of black holes throughout the cosmos and help to explain why many of them are obscured from view.

We can judge our progress by the courage of our questions and the depth of our answers, our willingness to embrace what is true rather than what feels good.
