## President's Corner

Terry McCall

---

Where has the time gone? In just a few months our Robert's family will start to return for the 2016-2017 season. We have a great line-up of activities for all this season. So all will need to get involved and have a great time. We had 25 residents at our June coffee and donuts and 18 at our June pot luck. We had 28 at our July coffee and donuts. Our 4TH July picnic was a great event with 54 Robert's residents and friends, I want to take this time to thank Allen Conner's and Roberts staff for the donation of PO FOLKS chicken that help to put this event over the top for all. Thanks!! So much food that all were full at the end. Keep watching your Robert's Review for more up-dates on what is going on in the park. Have a great Summer and we will look forward in see you this fall !!!!

## Alcohol in Pool Area

---

Please remember that no glass of any kind is allowed around the pool area. We are getting reports of beer bottles around the pool. If glass is broken in the pool, it can be quite expensive to clean out.

Please remember there is no alcohol in the pool area or in the pool or hot tub.

## Home Site Alterations

---

If you are making any changes or additions to your home site or the exterior of your home, please come to the office and submit a completed request (green sheet). Paint colors must be approved and a request form must be approved. Submit your written request and wait until you have received approval before proceeding with any work. Anyone other than the homeowner working on the home must be licensed and insured and we must have a copy of such on file in the office.

## Guests

---

**A**dditional guests staying overnight in the park must be registered and paid for. Cost is \$3 per person per night, \$12 per person per week and \$40 per person per month.

Residents must accompany their guests while at the pool or other locations and are responsible for the behavior of their guests. Children under 18 must be accompanied by an adult who shall assume full responsibility for their safety and conduct. No running, jumping or diving into the pool.

## Driveways

---

**W**hile backing out of your driveway, please stop and look before entering the street. There have been close calls with residents backing out and not looking.

We strongly urge residents to obey the one way arrows. We have seen many instances where someone has almost gotten hit because of someone going against the arrows.

## Mowing

---

**I**f you have any problems with the mowing, please contact the office and not the mowing crew. The office will contact the manager and get the situation resolved as quickly as possible.

**7 ★ 11590 U.S. Highway 19 North • Clearwater • FL 33764**

## Golf Carts

---

**G**olf carts are only to be driven by persons 18 years old and older with a valid driver's license.

## Hot Tubs for Adults Only

---

**N**o one under 18. Food and drink are not allowed in the pool or hot tub. The hot tub is meant for short sessions only, no longer than 15 minutes. The use of alcohol combined with the relaxing heat of the hot tub can be a dangerous combination. A person can easily slip under the water unnoticed and tragedy can strike quickly. Never swim alone. Use the buddy system for safety.

Also, for the health and wellbeing of everyone, please do not go in the hot tub or pool if you are not feeling well, have wounds or open sores.

## Stop Signs and Speed Signs

---

**P**lease stop at **ALL STOP SIGNS IN THE PARK.** Cars, bicycles and golf carts continue to roll through them and someone could easily get hurt one day. Just please pay attention.

## Dog Poo

---

**L**ately we have received many complaints about people not cleaning up after their animals, and not walking them in the pet area. Pet areas are marked on the map. If you need a copy of the map, stop in the office for one. Thank you.

## Residents

---

**W**e have been asked to advise you not to hang anything on the fire hydrants. It will hinder the fire department if they have to come into the park.

## Robert's Park has Two Organizations

---

**W**hy are there two organizations in the park? They serve different purposes:

**Robert's Recreation Association** was formed to provide social and recreational activities for all full and part-time residents of the Park. There are meetings on the first Monday of the month from November to April. Committee Chairs make their reports and the business conducted there lets residents know what is going on in the park. There are no dues and all residents are welcome to attend the meetings.

**Robert's Park Homeowners Association, Inc.** represents owners of mobile homes in the Park. It is the liaison between those owners and Park management. Membership certificates are issued upon payment of a one-time fee.

## To All Residents

---

**R**oyal Palm Cemetery is now off limits to all residents with dogs. The cemetery will be putting up "no trespassing" signs for anyone with a dog. There have been many complaints that people are taking their dogs to the cemetery for walks and not cleaning up after them.

Anyone caught on cemetery property will be prosecuted.

## Solicitors

---

**I**f you see a solicitor, please call the office. We will send someone down to tell them to leave the park. These people are very bold and brazen. Please help us stop them before they take advantage of anyone in our community. The office never gives permission to any solicitor.

## Deadlines for Robert's Review Submission

---

**A**ll articles must be received by the 7th of the month. Please email them to Carole Scott at [caroles643@gmail.com](mailto:caroles643@gmail.com). My phone number is 757-218-2909 Nov-April and 757-824-5214 May - October

## Did you know that August is also...

**Back to School Month.** As summer draws to a close, back-to-school season is in full effect. Remember to safely share the roads with school buses, pedestrians, and bicyclists, and provide children with the necessary knowledge to stay safe at school. Whether children walk, ride their bicycle, or take the bus to school, they—and the motorists around them—should remember to take proper safety precautions .

**National Black Business Month.** During August, individuals, institutions, and businesses are encouraged to visit at least one black-owned business per day. The increased sales resulting from that traffic could result in more than 40,000 additional jobs during the month and as many as 450,000 new jobs if the habit is continued over the course of a year.

**National Immunization Awareness Month.** National Immunization Awareness Month (NIAM) provides an opportunity to highlight the value of immunization across a person's lifespan. Activities focus on encouraging all people to protect their health by being vaccinated against infectious diseases.

**Clown Week, Aug. 1-7.** Celebrations take on a variety of forms, such as putting on shows in malls, child care centers, hospitals, and nursing homes, and clown appearances in parades, grand openings, and other places.

**National Fraud Awareness Week, Aug. 7-13.** Businesses and government agencies around the world lose an estimated 5 percent of their annual revenues to fraud. National Fraud Awareness Week seeks to educate everyone on the dangers of fraud and how to protect themselves from criminal activities.

**Motorcycle Week, Aug. 14-20.** For the motorcycle rider and lover, a week dedicated to the vehicle that millions of Americans enjoy. Ride, celebrate, and make new friends on the road.

**National Aviation Week, Aug. 14-20.** A celebration of flight, observed during the week of Orville Wright's birth, Aug. 18. Along with his brother Wilbur, Orville Wright built and flew the world's first successful airplane in Kitty Hawk, N.C., in 1903.

**International Beer Day, Aug. 5.** Enjoy your favorite beer, or try a new one—responsibly, of course.

**World Elephant Day, Aug. 12.** Asian and African elephants are loved, revered, and respected around the world, yet we teeter on the brink of seeing the last of these magnificent creatures.

**National Dog Day, Aug. 31.** Celebrate your dog—and dogs everywhere.

## Lost in translation

---

Henry was visiting a distant country where he didn't know the language. He managed fairly well with the help of a guide, but on Sunday he wanted to go to church, and his guide had the day off. So he found a small church in the village where he was staying and followed a friendly-looking man inside.

The man greeted him and smiled, so Henry took a seat next to him and decided to copy his every action. When his new friend rose with the congregation to sing a hymn, Henry did the same, finding the hymn by looking at the man's hymnal. When the collection plate came around, Henry put in the same amount of money as the man next to him.

Toward the end of the service, the minister made some kind of announcement. The man next to Henry stood up, so Henry did too. The congregation gasped in shock.

After the service, the minister approached Henry. So Henry's surprise, the minister spoke English. "You don't know a word of our language, do you?" the minister asked kindly.

"Uh, no." Henry was nervous. "Is it that obvious?"

"Well, when I was announcing the birth of a new child and asked the father to stand up..."

## The real problem

---

A little girl was running a high fever with a bad cough and an aching feeling throughout her body, so her father took her to see the doctor. After waiting for an hour, the doctor finally took them into her office for an examination.

"Now, Christina," she said after checking her heartbeat and looking down her throat, "What's bothering you the most?"

"My brother Sam," she replied honestly. "He breaks all my toys!"

## High stakes

---

A man walked into a bar and ordered a beer. As he drank, he noticed slabs of beef hanging from the ceiling on hooks. "What's this about?" he asked the bartender.

The bartender smiled. "Well, if you can jump up and pull one of them, we cook it up and give you free beer all night. If you miss, though, you have to put \$100 into the charity jar we keep back here for orphans. What do you say?"

The man looked up, then shook his head. "Sorry. The steaks are just too high."

## New moon discovered around distant dwarf

---

The solar system is a little bit larger these days. The Hubble Space Telescope has found a new moon orbiting the dwarf planet Makemake in a region of space beyond the planet Neptune known as the Kuiper Belt, where many other small planet like objects have been found. Makemake is slightly smaller than Pluto, another dwarf planet, and is covered by a layer of frozen methane.

According to the Sci-News website, the moon, nicknamed MK2, is approximately 100 miles around and orbits close to 13,000 miles above Makemake. Astronomers discovered it after examining observations from the Hubble made in 2015. Astronomers believe that it is the product of a collision between Makemake and another celestial object or was captured by Makemake billions of years ago.

## Wookiee alert! New species sited on Earth

---

Chewbacca has been sighted—not a long time ago in a galaxy far, far away, but in Papua New Guinea. It's the name of a newly discovered species of flightless beetle, dubbed Trigonopterus Chewbacca because of its distinctive pattern of scales.

As reported on the (e)Science News website, Chewbacca is one of four new black weevils discovered by an expedition of scientists looking for examples of the Trigonopterus beetles. The website notes that unlike its fictional namesake, this Chewbacca doesn't depend on size and brawn to scare enemies off, because it measures only 2-3 millimeters in length.

## New evidence changes theory about dinosaur extinction

---

For years scientists and dinosaur enthusiasts have accepted the theory that a giant asteroid caused the mass extinction of the dinosaurs 66 million years ago. Now that theory has undergone some tweaks, as reported on the Science News website.

The asteroid probably didn't help matters, but evidence now suggests that the dinosaurs had begun dying out long before it struck. Dinosaur species began disappearing faster than new ones evolved some 40-50 million years before the asteroid's impact—a loss in diversity that made surviving the event more difficult.

Many species of birdlike dinosaurs kept going, ultimately evolving into the birds we see today. Scientists speculate that because much of the diet of today's birds consists of seeds, earlier flying reptiles may have relied on the same food source, which can last for decades.

## Act of compassion

---

In these days of political polarization, this story about acceptance seems appropriate: When former Vice President Hubert Humphrey died, hundreds of political figures from around the world came to his funeral. One was former President Richard Nixon, who resigned from office in the wake of the Watergate scandal. Everyone wondered how the disgraced ex-president would be received.

When then-President Jimmy Carter arrived, he noticed Nixon standing alone. Instead of heading for his seat, Carter walked toward Nixon, held out his hand, and then gave Nixon a hug, saying, “Welcome home, Mr. President, welcome home!”

Despite belonging to a different political party, Carter decided to show compassion toward someone whom many ignored. It was an extraordinary gesture of acceptance.

## A life in books

---

Pulitzer Prize-winning writer Geraldine Brooks’ love of books from a young age was supported by a woman she never met. According to *The Power of Good*, by Mark McCrindle (Hybrid Publishers), Brooks’ grandfather mentioned to a friend named Althea Glasby that his granddaughter loved to read, and so every year for Christmas young Geraldine got a book signed, “To Geraldine, with love from Althea Glasby.”

“I have no idea what this woman spent so much time and thought on a child she didn’t know,” Brooks said as a grownup. “Whatever the reason, I wish I could thank her in person. I wish I could tell her how those books shored up a love for the written word that grew over time into a career and a calling. I would like to give her one of the books I’ve written, nice, hardback first edition. The signature wouldn’t be as fine and fluid as hers, but in my own pedestrian scrawl I would say thank you, for the gifts that helped to lead me to a life in books.”

## A costly game

---

Bill and Fred were playing golf one day. When they came to a hole with a large water hazard, Bill teed up and watched his ball drop into the water. He checked his golf bag and found he didn’t have any extra balls, so he asked Fred to give him one.

That ball, too, went into the water, so Fred gave him another—which also sank. After the third golf ball disappeared into the drink, Fred said, irritated, “You know, those golf balls cost \$10 a piece!”

“Hey,” Bill said, “you shouldn’t play the game if you can’t afford it.”

## Like a good neighbor . . .

---

**W**e depend on our neighbors to water our plants and walk our dogs when we're out of town—or do we? A study from the Pew Research Center found that only a little more than half of Americans—52 percent—say they trust all or most of their neighbors, and 48 percent they trust only some of their neighbors, or none at all.

The Pew Center found that among households with incomes of \$75,000 or more, 67 percent of residents trust all or most of their neighbors, but in households earning less than \$30,000, only 37 percent feel the same.

Race may also be a factor, although the connection is unclear: Sixty-two percent of white Americans say they trust their neighbors, just 31 percent of African-Americans do, and only 27 percent of Hispanics.

## The Zika virus: Protect yourself with the facts

---

**T**he Zika virus is spreading in the headlines and around the world, but you don't have to panic. The best defense is information. Here are some basic facts about the virus from the NBC News website:

- **Origins.** Zika comes from the continent of Africa. It was first observed in 1947, but didn't seem dangerous. That changed when it migrated across the South Pacific and ultimately arrived in Brazil, where immunity against the virus is low.
- **Effect.** The virus itself doesn't seem to cause major health problems in most people beyond a rash, headaches, and fever. But it can in some cases cause paralysis, nerve damage, encephalitis, and miscarriages, as well as birth defects and deaths in newborn children.
- **Transmission.** The Zika virus is mostly spread by mosquitoes native to tropical regions. It can also be sexually transmitted.
- **Reach.** Zika has already arrived in the United States, where approximately 700 people have been infected after traveling to foreign countries. Mosquitoes that carry the disease are common in many areas, even as far north as New York, so localized outbreaks could occur in several states.
- **Prevention.** Air conditioning and windows screens are both good defenses against the mosquitoes. In addition, officials advise that people wear long clothing and insect repellent when going outside.

## Brit astronaut runs marathon in space

Astronauts in the International Space Station travel thousands of miles around the Earth each day, but one man has added to that total on his own: British astronaut Tim Peake ran an actual marathon while in orbit, running 26.2 miles strapped to a treadmill as more than 37,000 runners participated in the London Marathon 250 miles below.

Running in zero gravity, Peake completed his marathon in three hours, 35 minutes and 21 seconds—an impressive figure, though about 15 minutes more than his time running an actual marathon on Earth in 1999, when he finished at 3:18:50.

## Try these tips when deadlines are tight

Being creative is hard enough when you've got time to sit and think, but when you're on a deadline, inspiration can feel impossible to summon. Don't give up, though. Try these tips for creativity when time is tight:

- **Eliminate distractions.** Find a quiet room, or put up a “Do not disturb” sign where everyone can see it. If you play music, keep it low and soothing so it doesn't disturb your concentration.
- **Don't watch the clock.** You'll only increase the pressure on yourself if you obsess about every passing second. Concentrate on your task, not on how much time you have to complete it.
- **Take a break.** Sometimes you need to let your mind relax. Take a short walk or get a cup of coffee and clear your mind by chatting with a co-worker or just thinking of a different subject.
- **Have a drink.** Of course you don't want to start drinking at work, but some studies suggest that a small amount of alcohol can loosen up your mind and help you develop new ideas. Just remember not to drink so much you can't get back to the task at hand.

*Every discovery in science is a tacit criticism of things as they are. That is why the wise man is invariably called the fool.*

—Martin H. Fischer

## Get started on your writing project today

---

If you've dreamed of writing a novel, a short story, or even a poem, but you don't know how to get started, don't worry. Most creative writers have trouble with the first page from time to time. Try these tips for charging up your imagination:

- **Try some exercises.** Instead of launching right in on your thousand-page trilogy, try writing a few short scenes to get the hang of the process. Don't be a perfectionist—just get your story down as quickly as you can until you're used to writing.
- **Keep a notebook.** Whether you use paper or a smartphone, keep a running list of observations about the people and things you encounter every day. Use it to spark your imagination when you feel low on ideas.
- **Find the right time.** Determine when you feel most creative. For many people, it's the first few hours of the morning, but some do just as well writing late at night.
- **Cut yourself some slack.** Your first attempt probably won't be perfect. Remember that you're just trying to get your ideas out on paper (or the screen). You'll have plenty of time to rewrite and revise later.
- **Have fun.** If writing is drudgery, it may not be for you. Whatever you're working on, relax and try to enjoy what you're doing. Your emotions will show through in the finished product.

## Shake up your habits to spark innovation

---

Innovation doesn't happen all by itself—you and your team have to work persistently to develop creative new ideas. Here are some strategies to kick your innovative impulses into high gear:

- Change your routine. Reschedule your day so you're doing things in a different order.
- Vary your surroundings. Rearrange your office for a different view, or switch offices with someone else if that's practical. Hold meetings off-site.
- Share data differently. Look for different ways to distribute information. For instance, write a report in rhyme, or deliver a presentation as a skit.
- Switch jobs. Spend a day doing someone else's job—inside your department or outside it.

## Monthly Mania: It Pays (Up to \$100) To Patronize the Advertisers in Your Newsletter

**THOUSANDS** manufactured home residents have won over **\$135,000** since our contest began. It's simple to play ... when you patronize a current advertiser, ask for a Monthly Mania ticket (or a reasonable facsimile) and fill it out completely. Put the ticket in our Monthly Mania drop box in your community or mail your paid receipt to us at **Monthly Media • PO Box 1023 • Venice, FL 34284**. That's all you do. At the end of the month the Publishers will pick up the tickets and hold a drawing. If your ticket is drawn, we mail you a check.

(Allow 4-6 weeks for mailing of check). **This month's cash winners are:**
