## STOP SIGNS AND SPEED SIGNS

*Jerry Mallare lot 178*

---

**P**lease stop at **ALL STOP SIGNS IN THE PARK**. Cars, bicycles and golf cart continue to roll through them; and someone could easily get hurt one day.

**THE MAXIMUM POSTED SPEED LIMIT IS 10 MPH** unless otherwise posted.

Many residents, walk, run, and ride bicycles with music in their ears. Some of us are elderly and deft let alone dizzy with grandchildren, girlfriends and boyfriends on our mind. Therefore; we wander blindly between lanes waiting for you to demolish us. “Run over us!”

Occasionally grandchildren and other youngsters visit and play near the street.

Please do your part and slow to a safe speed and obey the signs especially during the hours of darkness. **DRIVE SAFELY.**

## Security

---

**R**emember to keep your property locked, even when you are there. This applies especially to bikes and golf carts. If you want the Pinellas Park Police Department to check your property when you go back up north, call 727-369-7864 for instructions on how to set this up.

## Alcohol in Pool Area

Please remember that no glass of any kind is allowed around the pool area. We are getting reports of beer bottles around the pool. If glass is broken in the pool, it can be quite expensive to clean out.

Please remember there is no alcohol in the pool area or in the pool or hot tub.

## Home Site Alterations

---

If you are making any changes or additions to your home site or the exterior of your home, please come to the office and submit a completed request (green sheet). Paint colors must be approved and a request form must be approved. Submit your written request and wait until you have received approval before proceeding with any work. Anyone other than the homeowner working on the home must be licensed and insured and we must have a copy of such on file in the office.

## Guests

---

Additional guests staying overnight in the park must be registered and paid for. Cost is \$5 per person per night, \$20 per person per week and \$60 per person per month. Residents must accompany their guests while at the pool or other locations and are responsible for the behavior of their guests. Children under 18 must be accompanied by an adult who shall assume full responsibility for their safety and conduct. No running, jumping or diving into the pool.

## Driveways

---

While backing out of your driveway, please stop and look before entering the street. There have been close calls with residents backing out and not looking.

We strongly urge residents to obey the one way arrows. We have seen many instances where someone has almost gotten hit because of someone going against the arrows.

## Mowing

---

If you have any problems with the mowing, please contact the office and not the mowing crew. The office will contact the manager and get the situation resolved as quickly as possible.

## Golf Carts

---

**G**olf carts are only to be driven by persons 18 years old and older with a valid driver's license.

## Hot Tubs for Adults Only

---

**N**o one under 18. Food and drink are not allowed in the pool or hot tub. The hot tub is meant for short sessions only, no longer than 15 minutes. The use of alcohol combined with the relaxing heat of the hot tub can be a dangerous combination. A person can easily slip under the water unnoticed and tragedy can strike quickly. Never swim alone. Use the buddy system for safety.

Also, for the health and wellbeing of everyone, please do not go in the hot tub or pool if you are not feeling well, have wounds or open sores.

## Stop Signs and Speed Signs

---

**P**lease stop at **ALL STOP SIGNS IN THE PARK**. Cars, bicycles and golf carts continue to roll through them and someone could easily get hurt one day. Just please pay attention.

## Dog Poo

---

**L**ately we have received many complaints about people not cleaning up after their animals, and not walking them in the pet area. Pet areas are marked on the map. If you need a copy of the map, stop in the office for one. Thank you.

## Residents

---

**W**e have been asked to advise you not to hang anything on the fire hydrants. It will hinder the fire department if they have to come into the park.

## Robert's Park has Two Organizations

---

**W**hy are there two organizations in the park? They serve different purposes: **Robert's Recreation Association** was formed to provide social and recreational activities for all full and part-time residents of the Park. There are meetings on the first Monday of the month from November to April. Committee Chairs make their reports and the business conducted there lets residents know what is going on in the park. There are no dues and all residents are welcome to attend the meetings.

**Robert's Park Homeowners Association, Inc.** represents owners of mobile homes in the Park. It is the liaison between those owners and Park management. Membership certificates are issued upon payment of a \$15.00 fee. Contact Bernie McGrath lot # 173 if you wish to become a member

## To All Residents

---

**R**oyal Palm Cemetery is now off limits to all residents with dogs. The cemetery will be putting up "no trespassing" signs for anyone with a dog. There have been many complaints that people are taking their dogs to the cemetery for walks and not cleaning up after them.

Anyone caught on cemetery property will be prosecuted.

## Solicitors

---

**I**f you see a solicitor, please call the office. We will send someone down to tell them to leave the park.

These people are very bold and brazen. Please help us stop them before they take advantage of anyone in our community. The office never gives permission to any solicitor.

## Stay safe during boating season

---

**H**ere are some basic do's and don'ts for boating safety this summer. Follow these tips for fun, safe boating with your friends and family:

- Wear your life jacket. It floats; you don't.
- Never mix alcohol and boating.
- Know and follow nautical rules.
- Never stand in a small boat.
- Check the weather forecast before you get underway.
- Never overload your boat.
- Always keep a good lookout.

If you do go out in a boat and bad weather unexpectedly occurs, here's what you should do:

- Put your life jacket on, and prepare for rough seas.
- Get below deck, and stay there if possible.
- Keep away from metal objects that are not grounded in the boat's protection system.
- Do not touch more than one grounded object at a time, or you could become the short-cut for electrical surges passing through the protection system.

**The one permanent emotion of the inferior man is fear—  
fear of the unknown, the complex, the inexplicable. What he  
wants above everything else is safety.**

## Fuel from plastic? It could be coming

---

**R**ecycling to reduce waste and protect the environment isn't a new idea. However, a new process may be able to recycle up to 25 percent of our plastic waste into fuel, according to the Science Alert website. Chemists at Purdue University have been able to liquefy the polymers that make up about a quarter of plastic waste and turn it into diesel-like products that can be used as a blendstock for fuel.

The process, called hydrothermal liquefaction, involves heating water under heavy pressure to work as a solvent and catalyst for transforming the molecular makeup of polymers. With the addition of some hydrogen atoms, this converts the plastic into a fluid called naphtha.

Previous results were disappointing, but the Purdue team of chemical engineers recently converted more than 90 percent of the polypropylene used in an experiment into fuel-grade naphtha. Further analysis suggests that the process could be a more efficient and environmentally friendly way of dealing with plastic waste than burning it or recycling it.

## Mysteries of the ancient stone monuments

---

**S**tonehenge is probably the most well-known monument built by ancient humans, but it's not alone. As The New York Times reports, there are as many as 35,000 such structures in Europe, ranging from stone circles to dolmens (tablelike structures) and standing stones. Recent radiocarbon dating reveals that the earliest of these stone structures were built in France some 6,500 years ago and their construction spread to England, Ireland, and Scandinavia, as well as along the Atlantic and Mediterranean coasts over 200–300 years.

Many of the dolmens were used as tombs and could be reopened to permit additional burials. The earliest known dolmen was built in central western France between 4371 and 4262 B.C.

Sicily, Apulia and the Balearic Islands saw a wave of megaliths built between 1000 and 2000 B.C. Stonehenge was constructed sometime late in the megalithic heyday, in approximately 2500 B.C.

## Health tips for the 60+ crowd

---

**M**aintaining good health is a lifelong activity, but it can get more difficult as we age. The NBC News website offers this healthy advice for people over 60:

- **Buy good sneakers.** Look for top-quality sneakers specifically designed for walking. Start slowly, then increase your walks as time goes on. Good shoes will protect your feet, giving you more motivation to get moving.
- **Practice your balance.** Falls are a big hazard for seniors. Try standing on one leg for 30 seconds a day to get a handle on your equilibrium.
- **Eat a healthy breakfast.** Skip the sweet rolls and sugary cereals. Start your day with fruit, yogurt, and whole grains.
- **Practice getting up.** On a regular basis, practice getting down on the floor and standing up again. More practice will improve your ability to get up if you fall.

## Women's brains age more slowly than those of men

---

**G**ood news for women: Your brains age more slowly than males'. According to an article on the NPR website, researchers have found that the metabolism of women's brains remains healthier and more youthful than that of their male counterparts, making women better equipped to be creative during the later years of their lives.

The findings come from a study of 205 brain scans of people ages 20–82. At first scientists studied brain metabolisms to determine a person's age. Then they observed a significant difference between the age of some people's brains and their chronological ages, leading to the discovery that older women's brains, on average, were about four years younger in terms of metabolism than men's brains. The reason is unknown, but the scientists say a higher brain metabolism may give women an advantage in learning and creativity as they age.

**A vigorous five-mile walk will do more good for an unhappy but otherwise healthy adult than all the medicine and psychology in the world.**

## Monthly Mania: It Pays (Up to \$100) To Patronize the Advertisers in Your Newsletter

**THOUSANDS** manufactured home residents have won over **\$147,600** since our contest began. It's simple to play ... when you patronize a current advertiser, ask for a Monthly Mania ticket (or a reasonable facsimile) and fill it out completely. Put the ticket in our Monthly Mania drop box in your community or **mail your paid receipt** to us at **Monthly Media • 220 Bahama St. • Venice, FL 34285**. That's all you do. At the end of the month the Publishers will pick up the tickets and hold a drawing. If your ticket is drawn, we mail you a check.

(Allow 4-6 weeks for mailing of check). **This month's cash winners are:**
