## President's Corner

Terry McCall

---

Where has the time gone? Our 2015-2016 season is over. We had a great season and much more is planned for the 2016-2017 season. We still need volunteers for all activities. Check your **Roberts facebook page** to keep updated. The name is **"Robert's RV Community"**.

We had over 35 friends at our May 3rd Coffee and Donuts, a nice turnout of friends. Our next Coffee and Donuts will be June 7th at 9:30 am. Our next Potluck dinner will be June 18. Happy hour 4pm, dinner at 5pm.

All residents and guests are invited to participate in Robert's activities. Let's have a great summer and looking for a great 2016-2017 season. Safe trips home and back to Roberts.

## 4th of July Picnic

---

Save the Date! There will be a Fried Chicken Picnic in the pavilion (if bad weather, then the clubhouse) on July 4 at 1 pm Happy Hour, 2 pm Dinner. See Karen McCall for signup. The chicken and ice will be provided but we'd like to know what side dishes you will be bringing and how many are coming.

## St. Petersburg Free Clinic

Bernie McGrath Lot 173

---

We received \$57.00 from the Bingo Nights, Carmen gave us \$193.10 from the Rec Committee, we took this money, all \$250.10, and spent \$253.60 at Aldis, brought all of this food, 562 pounds to the Free Clinic. Expect things now to be very slow until the Fall Season, but the bucket is always out front of #173 and as food comes in we'll get it off to the Clinic. We gave over 2,000 pounds of food to them in 2015, should do even more this year, thanks to all here at Roberts

## Alcohol in Pool Area

---

**P**lease remember that no glass of any kind is allowed around the pool area. We are getting reports of beer bottles around the pool. If glass is broken in the pool, it can be quite expensive to clean out.

Please remember there is no alcohol in the pool area or in the pool or hot tub.

## Home Site Alterations

---

**I**f you are making any changes or additions to your home site or the exterior of your home, please come to the office and submit a completed request (green sheet). Paint colors must be approved and a request form must be approved. Submit your written request and wait until you have received approval before proceeding with any work. Anyone other than the homeowner working on the home must be licensed and insured and we must have a copy of such on file in the office.

## Guests

---

**A**dditional guests staying overnight in the park must be registered and paid for. Cost is \$3 per person per night, \$12 per person per week and \$40 per person per month. Residents must accompany their guests while at the pool or other locations and are responsible for the behavior of their guests. Children under 18 must be accompanied by an adult who shall assume full responsibility for their safety and conduct. No running, jumping or diving into the pool.

## Driveways

---

**W**hile backing out of your driveway, please stop and look before entering the street. There have been close calls with residents backing out and not looking.

We strongly urge residents to obey the one way arrows. We have seen many instances where someone has almost gotten hit because of someone going against the arrows.

## Mowing

---

If you have any problems with the mowing, please contact the office and not the mowing crew. The office will contact the manager and get the situation resolved as quickly as possible.

## Golf Carts

---

Golf carts are only to be driven by persons 18 years old and older with a valid driver's license.

## Hot Tubs for Adults Only

---

No one under 18. Food and drink are not allowed in the pool or hot tub. The hot tub is meant for short sessions only, no longer than 15 minutes. The use of alcohol combined with the relaxing heat of the hot tub can be a dangerous combination. A person can easily slip under the water unnoticed and tragedy can strike quickly. Never swim alone. Use the buddy system for safety.

Also, for the health and wellbeing of everyone, please do not go in the hot tub or pool if you are not feeling well, have wounds or open sores.

## Stop Signs and Speed Signs

---

Please stop at **ALL STOP SIGNS IN THE PARK**. Cars, bicycles and golf carts continue to roll through them and someone could easily get hurt one day. Just please pay attention.

## Dog Poo

---

Lately we have received many complaints about people not cleaning up after their animals, and not walking them in the pet area. Pet areas are marked on the map. If you need a copy of the map, stop in the office for one. Thank you.

## Residents

---

**W**e have been asked to advise you not to hang anything on the fire hydrants. It will hinder the fire department if they have to come into the park.

## Robert's Park has Two Organizations

---

**W**hy are there two organizations in the park? They serve different purposes:  
**Robert's Recreation Association** was formed to provide social and recreational activities for all full and part-time residents of the Park. There are meetings on the first Monday of the month from November to April. Committee Chairs make their reports and the business conducted there lets residents know what is going on in the park. There are no dues and all residents are welcome to attend the meetings.

**Robert's Park Homeowners Association, Inc.** represents owners of mobile homes in the Park. It is the liaison between those owners and Park management. Membership certificates are issued upon payment of a one-time fee.

## To All Residents

---

**R**oyal Palm Cemetery is now off limits to all residents with dogs. The cemetery will be putting up "no trespassing" signs for anyone with a dog. There have been many complaints that people are taking their dogs to the cemetery for walks and not cleaning up after them.

Anyone caught on cemetery property will be prosecuted.

## Solicitors

---

**I**f you see a solicitor, please call the office. We will send someone down to tell them to leave the park.

These people are very bold and brazen. Please help us stop them before they take advantage of anyone in our community. The office never gives permission to any solicitor.

## Deadlines for Robert’s Review Submission

All articles must be received by the 7th of the month. Please email them to Carole Scott at [caroles643@gmail.com](mailto:caroles643@gmail.com). My phone number is 757-218-2909 Nov-April and 757-824-5214 May - October

## The Internet spreads across the globe

Access to the Internet has expanded around the world, according to the Pew Research Center. A global survey found that 54 percent of people in the developing world consider themselves “Internet users” in 2015, up from 45 percent just two years earlier. Those users include 37 percent of survey respondents who said they own a smartphone, an increase from 21 percent in 2013.

Still, growth is slow in some parts of the world. In Africa, the countries Burkina Faso, Uganda, and Ethiopia have Internet use rates below 20 percent. The rate is 42 percent in South Africa and 39 percent of Nigeria, two of Africa’s largest economies.

Meanwhile, advanced economies have much higher rates—94 percent in South Korea, 93 percent in Australia, 90 percent in Canada, 89 percent in the United States, and 89 percent in the United Kingdom.

## Figuring the tip: How much to leave?

How much to tip a server depends to some extent on where you are. The national average is 18.9 percent, according to the Zagat website, but the amount fluctuates around the country:

- Boston 20 percent
- Philadelphia 19.9 percent
- Chicago 19.6 percent
- Minneapolis 18.2 percent
- Nashville 18.2 percent
- Orlando 18.1 percent
- San Antonio 17.1 percent

## The winning argument?

William Gladstone, prime minister of Great Britain for many years in the 19th century, was known as a master of argument, even within his own family. On one occasion Gladstone and his sister Mary argued over where to hang a picture in their house. A workman stood around while the argument went on and on. Mary wouldn't yield, and eventually Gladstone simply stopped talking.

The workman finally hung up the picture where Mary wanted, but when he was done he walked to the other side of the room and hammered a nail in the wall where Gladstone had wanted the picture to hang. Mary asked him what he was doing.

“Well, Miss,” the worker replied, “that’ll do to hang the picture when you come round to Master William’s opinion.”

## One act of kindness

One rainy night many years ago, an elderly gentleman and his wife entered the lobby of a small hotel in Philadelphia. The man asked the clerk if he had any rooms.

The clerk was a friendly man who prided himself on superior customer service. He said that unfortunately the hotel was completely booked. “However,” he said, “rather than send you out in the rain at 1 in the morning, I would be happy to offer you my room. It’s not a suite, but it will be comfortable for the night.”

The elderly man tried to object, but the clerk insisted. The next morning, as he paid his bill, the elderly gentleman said to the clerk: “You are the kind of manager who should be the boss of the best hotel in the United States.”

Two years passed. One day the clerk received a letter from the elderly guest, inviting him to New York for a visit with a round-trip airline ticket. When the clerk arrived in New York, the man met him and led him to the corner of Fifth Avenue and 34th Street. He pointed to a brand-new building. “There is the hotel I have built for you to manage,” said the elderly man.

“You must be joking,” said the astonished clerk.

“I can assure you that I am not,” said the old man, a smile on his lips.

The elderly gentleman was William Waldorf Astor, and the palace that he had built for the young clerk was the original Waldorf-Astoria Hotel.

The moral: You never know when kindness will come full circle.

## Coffee may keep you healthy

Is drinking coffee good for you? A recent article on The New York Times website linked to a number of different studies touting the positive effects of caffeine on several different health problems. They include:

- Liver damage. A review of data collected by studies of more than 430,000 people found that coffee may lower the risk of cirrhosis of the liver, a disease associated with overindulgence in alcohol (among other causes).
- Tinnitus. Researchers kept track of more than 65,000 women and found that those who drank more than one 8-ounce cup of coffee a day were less likely to suffer from tinnitus, that persistent ringing or buzzing in your ears.
- Auto crashes. A study of truck drivers who routinely work on long hauls found that coffee drinkers (or consumers of other caffeinated drinks) seem 63 percent less likely to be involved in crashes while driving.
- Melanoma. An analysis of health and dietary data involving more than 400,000 people ages 50-71 found that those who drank four or more cups of coffee a day were 20 percent less likely to develop skin cancer. (The researchers cautioned that avoiding exposure to the sun's ultraviolet rays is still the most important way to avoid melanoma.)

## State of health: What's the best place for you to live?

Where you live may affect your health, at least according to the Gallup/Healthways Well-Being Index. Their most recent report (using data from 2014) ranked all 50 states in order of health. The top 10 healthiest states?

- Alaska
- Hawaii
- South Dakota
- Wyoming
- Montana
- Colorado
- Nebraska
- Utah
- New Mexico
- Texas

The least healthy state, according to the Index, was West Virginia. The Index looks at a variety of factors, including purpose, social relationships, financial stability, community, and physical health.

## How fast do you want that package?

Americans tend to be an impatient bunch. A study by fulfillment software vendor Temando found that 80 percent of U.S. consumers want same-day shipping from retailers, and 61 percent want their purchases shipped out even faster, within three hours.

Retailers haven't responded, at least not yet. The study noted that only 53 percent offer same-day shipping even though 55 percent of buyers indicated they'd be willing to pay for it, and only 20 percent send products within three hours, although 31 percent said they'd be ready to pay for that.

## Watch your words when talking to doctors

Communicating with your doctor is important, but you can overdo it. From the Prevention.com website comes this lists of things doctors don't want to hear from their patients:

- "I'm sure I have \_\_\_\_." Researching your symptoms online is fine, but most doctors want to diagnose illnesses themselves. Don't walk into the doctor's office insisting you know what's wrong.
- "It's probably just stress." Writing off your problems to stress might keep you from fully describing what's going on. Be ready to tell your doctor all your symptoms so he or she can get a clear idea of your illness.
- "I'm sorry for wasting your time." You may feel that your illness isn't important, but doctors would prefer that you come in before a minor ailment turns into a serious one. You don't have to apologize for taking care of your health.
- "Haven't you heard of this new drug?" Doctors are busy people who don't have time to keep up with every new medication, no matter how hard they try. Don't insist that your doctor prescribe something you saw on TV, but do print out articles that might be helpful in treating your illness.
- "You're supposed to be the expert." Again, doctors are human, and they sometimes miss things. Have realistic expectations, and talk openly about your needs so the doctor can make an informed decision.

## Dragonfly breaks record for longest flight

**B**irds may fly great distances, but the world's leading long-distance flyer is a dragonfly an inch and a half long, according to biologists at Rutgers University-Newark. A species of dragonfly known as *Pantala flavescens* can be found in areas as far apart as eastern Canada, Texas, Japan, and India. Their work found that dragonflies in all these locations share a common gene pool, showing that they were able to travel vast distances to intermingle with local species.

The dragonflies have an increased surface area on their wings that lets wind carry them across oceans. (Some have already been observed migrating between Asia and Africa across the Indian Ocean.) Some of them may actually make the long journey without stopping, stroking the air and then gliding for extended periods to conserve their energy.

Monarch butterflies were previously thought to migrate the farthest distance of any creature—2,500 miles—but if the Rutgers biologists are correct, the dragonflies have set a new record.

## Microwaves make rubies sparkle

**W**ant to make your jewelry sparkle? Try putting it in the microwave. Actually, that may not be your best or safest bet, but scientists have discovered that a microwave treatment can improve the clarity and color of rubies, which aside from jewelry are used in high-power switches and sensors.

As reported on the Science Daily website, a research team at India's Institute of Minerals and Materials Technology (IMMT) put a series of natural, hexagonal rubies in a standard 3MW microwave furnace and heated them at 1,500 degrees Celsius. The microwaves changed the gemstones' color and structure, turning them from reddish black to bright pink and smoothing out defects and impurities by altering their atomic layout and crystal structure.

The process is promising because it's quicker than regular heating and ensures uniformity, and is also more energy efficient.

## Did Neanderthals build their own fires?

Our Neanderthal ancestors may have used chemistry to start fires, according to an article on the Scientific American website. Archeologists have found chunks of black manganese oxides in Neanderthal sites for years. Previously they believed the oxides were used for dark body paint, although other sources like ash and charcoal would have been more easily available to them.

Scientists at Leiden University in the Netherlands, though, analyzed some chunks of manganese found at a site in southern France and discovered that the blocks contained manganese dioxide, which is more flammable than other types of manganese. Groundup particles of the substances can lower the ignition temperature of wood by more than 100 degrees—suggesting that instead of relying on naturally occurring fires sparked by lightning, Neanderthals were able to build fires on their own.

## Radio bursts detected from neutron star

They're not signals from an advanced alien civilization, but they've been a mystery to astronomers for years. Fast radio bursts, or FRBs, are bursts of energy from outer space lasting just milliseconds but emitting as much energy as the sun produces in 10,000 years. Only 17 have ever been recorded, all of them apparently one-time events.

But a repeating FRB has recently been detected, according to the Sci-News website: Astronomers from McGill University using the Arecibo radio telescope in Puerto Rico have recorded a series of 10 FRBs they believe may emanate from a rotating neutron star in a distant galaxy.

This conflicts with previous theories that FRBs are caused by cataclysmic events such as supernovas or the creation of black holes. Whatever their origin, the truth is out there.

**The important thing in science is not so much to obtain new facts as to discover new ways of thinking about them.**

**—William Lawrence Bragg**

## Monthly Mania: It Pays (Up to \$100) To Patronize the Advertisers in Your Newsletter

**14,492 manufactured home residents have won over \$130,374** since our contest began. It's simple to play ... when you patronize a current advertiser, ask for a Monthly Mania ticket (or a reasonable facsimile) and fill it out completely. Put the ticket in our Monthly Mania drop box in your community or [mail your paid receipt](mailto:mail_your_paid_receipt@monthlymedia.com) to us at **Monthly Media • PO Box 1023 • Venice, FL 34284**. That's all you do. At the end of the month the Publishers will pick up the tickets and hold a drawing. If your ticket is drawn, we mail you a check.

(Allow 4-6 weeks for mailing of check). **This month's cash winners are:**
