Thank You for Another Great Season!

The 2014-2015 season is soon coming to an end and we at Monthly Media (your newsletter publisher) wanted to take a page and thank all the editors and distributors in your community who make sure you get your newsletter every month. They work tirelessly behind the scenes: **Thank You Editors and Distribution Staff!**

Meet The Monthly Media Staff

We would like to introduce our staff. Monthly Media is small, family owned & operated company. Every time you, the residents, support an advertiser from the newsletter you are in turn supporting us. We look forward to many more years bringing your monthly news to your door!

Darin - owner - Darin has a strong marketing and entrepreneurial background, with over 15 years experience in web and graphic design. He graduated from the University of Central Florida in 2001 with a Bachelor's Degree in Marketing. Darin, his wife, an elementary school teacher, and their 2 children are lifelong Floridians.

Clayton - ad sales rep/designer - Clayton has been in sales for 7 years and has an extensive graphic design background. He graduated from the University of Florida with a bachelor's degree in Economics/Entrepreneurship in 2008. Clayton and his wife, an elementary school teacher, are both proud University of Florida Gators.

Glenn - designer - Originally from Chicago, Glenn is an Air Force Veteran having served in Germany and Vietnam. He has lived in Florida for 30 years and has been working in desktop publishing for over 15 years. He and his wife have 3 grown children and 3 grandchildren with whom they love spending time.

Marcia - bookkeeper - Originally from western New York, she moved to Florida over 30 years ago. She has over 30 years office experience and enjoys spending time with her 3 grown children (including Darin) and 6 grandchildren.

Barbara - customer service - Barbara is native Floridian with over 10 years experience in customer and accounts service in the auto business and other offices. She enjoys spending time with her 2 young boys.

Manager's Corner for April 2015

Jeff Hahn, LCAM, Property Manager

- When Violation letters are sent to residents, most reference Rule # 2 of Serendipity's Rules and Regulations. Included here is the entirety of that Rule: "Each mobile home owner must keep his home, lot and driveway neat and orderly and well maintained at all times. This is to mean that homes shall be painted, with the roof and gutters cleaned. Property must be maintained by weeding, removing debris and fallen fruit. Trees and shrubs must be pruned and driveways must be maintained. Seasonal residents must make arrangements for their yard care while they are gone. No unregistered vehicles shall be parked anywhere within the park. A small table and chairs and a barbeque are permitted in the driveway. No storage is permitted under mobile homes unless the area is neatly screened from view. Screening must be approved by the park before installation. No storage is allowed on the patio or driveway. Lawn mowing and edging is included as part of the monthly rental or maintenance fee. Fertilizing, spraying, insecticide application and watering is the responsibility of the homeowner." There are a number of areas covered in this Rule as it is the most all inclusive of any of the current 36 Rule and Regulations of the Park. If you have any questions about this rule or any of the others, or would like a copy of all the Rules of the Park, please contact the Park Office. They are also posted in both of the Clubhouses.
- As you receive this, the fencing between Serendipity and Riviera should be completed. The five walk through gates that you may come across are for use only in an emergency, and are lined up with the location of the five fire hydrants on Ceylon for entrance and exit by the fire department. These are not to be opened except if needed. The main drive thru gate will continue to be opened for bingo or any other event being held where participation by both communities is apparent (such as March's Fashion Show).
- Stay alert, especially at night as there has been a coyote or two spotted in the area of the power lines.
- I am still seeing a number of homes without updated decals. If the county identifies this, a possible fine can be very costly, so please get your decal updated.
- A new home is scheduled to be placed at lot 97, and if all goes as planned, will be in the Park and set up during the third week of April.
- Both the West Clubhouse Renovation Committee and the Rules and Regulations Committee are making very good and rapid progress on their respective projects. It is anticipated that updates to the Rules and Regulations will be reviewed by the entire Board at a ROC Board meeting before summer.
- Be careful when walking, especially in the evening.
- For all of those who are heading back north in April, we hope that your stay at Serendipity was an enjoyable one, and wish you great health and wellbeing until your return in the fall.
- Have a great April everyone!

Social Association

Jo-Ann Eades, 784-1701

February 28th was our Italian dinner and dance. WOW, what a great night! It was one of the best events we have ever had. The meal was superb and special thanks go to Steve & Linda Fecura for the wonderful spaghetti sauce and also to Grace Couch for the turkey – they were both delicious. To Carol and Jim Beatty, Doris and Joe Isabelle - we cannot thank you enough for the many hours you spend planning, preparing and working in the kitchen. We are so fortunate to have the four of you who volunteer so much; you are greatly appreciated. The music was supplied by Al March who is a fantastic musician and kept the dance floor hopping all night long. All in all, this was a very successful evening. On behalf of your social committee, a sincere thanks for your support.

As we approach the end of another great season, please be advised that April 9th is our last event. Tickets for this evening will be sold on April the 4th at 10:00 a.m. in the West Clubhouse. As we snowbirds head north, we ask you to watch for upcoming summer events. Your Social committee wants to wish everyone a healthy, happy summer. Thank you for the wonderful support you have given us for the past six months. We have lots of fun things planned for the fall and look forward to seeing all of you then. Be safe. Cheers !!!!!.

Poker Run

Brandy Kral

I hate to say it again, lost again, and also I couldn't even be there. I ended up in the hospital until Sunday afternoon. I missed the whole fun day and evening. Thank God I had four friends that took over and made it all work. They were: Linda Fecura, Steve Fecura, Joe Carnevale and Noreen Carnevale. They did a great job. Thanks again guys!

The winners were:

5 Card Straight	Phyllis Messina	\$120
3 8's	Marie Blackstock	120
3 Kings	Joyce Pietrkiewicz	80
3 Jacks	Ruth Laffoloro	80
3 Queens	Sid Legg	55
3 9's	Marie Blackstock	55
3 5's	George Wagner	20
3 4's	Kathy Joney	20

I want to thank all the people who were nice to let me use their houses for the people to come and get the cards.

I'm sorry to say that this was my last time for doing the Poker Run due to going back home to Michigan. Enjoy doing it every year. I think it's been over 15 years. Not ever winning was not nice, but I still enjoyed doing it for you.

I thank Bill and Carol McDiarmid for taking it over for me. Have fun every time you play. I will be thinking of you next year, trust me. Good bye to everyone and I'll miss you all very much.

Jig Saw Puzzles

Barbara Clark, 303-0171

I'm sure just about everyone has enjoyed putting together a jigsaw puzzle. The definition of a jigsaw puzzle is that it is a tiling puzzle that requires the assembly of interlocking pieces. The pieces are usually oddly shaped. Once put together, it forms a picture.

The jigsaw puzzle was originally created by painting a picture on a flat piece of wood. It was then cut into small pieces with a jigsaw, hence the name. John Spilsbury (London cartographer/engraver) is credited with commercializing the jigsaw puzzle around 1760. They were originally on wood but later (1800s) were made of cardboard.

The variety of pictures on the puzzles is countless but castles and mountains were two of the traditional subjects. You can even order a puzzle made from your personal photograph. Some people like to glue the completed puzzle to a backing and use it as artwork.

Most modern jigsaw puzzles are made out of cardboard because it is cheaper to mass-produce. After the picture is glued to the cardboard, the board is fed into a press. The press forces a set of hardened steel blades (of the desired shape) through the board until it is fully cut. It's sort of like making cookies with a cookie cutter. A typical 1000-piece puzzle requires a press that can generate upwards of 700 tons of force to push the knives of the puzzle die through the board.

In the 1930s, jigsaw puzzles were cut using a large hydraulic press, costing in the hundreds of thousands of dollars. The cuts gave a very snug fit, but the cost limited puzzle manufacture to very large corporations. Recent roller press designs achieve the same effect at a lower cost. By the early 1960s, Tower Press was the world's largest maker of jigsaw puzzles.

Like most everything, new technology has affected the jigsaw puzzle industry. Laser-cutting has enabled puzzles to be made of acrylic or wood. With the laser, the puzzle can be custom cut to any size, shape and any number of pieces.

During the great depression, jigsaw puzzles soared in popularity because they provided a cheap form of entertainment. During this time, jigsaw puzzles became more complex and more appealing to adults.

The puzzles usually come in 300, 500, 750 or 1,000 piece sizes. The largest commercial puzzle has 32,256 pieces. There are also three-dimensional jigsaw puzzles. Some of these are made of wood or Styrofoam and the puzzle must be solved in a certain order. Puzzle boxes are also common; simple three-dimensional jigsaw puzzles with a small drawer or box in the center for storage. Another type of puzzle is the 3-D "puzzle globe." These are in a single layer but the final foam is a three-dimensional shape. These spherical shapes may be of

the earth or moon. There are even computer versions of jigsaw puzzles.

Jigsaw puzzles can be addicting! This is not a bad thing. It's better than watching inane TV shows or playing the all-pervading computer games. Besides, it's good for your brain!

Did You Know?

- More people in the U.S. enjoy jigsaw puzzles than any other table game.
- The most expensive jigsaw puzzles are made out of wood.
- A skilled craftsman can cut up to 100 pieces per hour but 25-50 pieces per hour are the usual.
- The most expensive puzzles are made by the Stave Company of America. In 1993, a Stave puzzle was sold for over \$12,000. They sell many puzzles each year for prices of over \$5,000 each.
- According to experts, the fastest way to do a jigsaw is to sort all the different colors into groups before you begin. Some experts even stand up the whole time.
- A 1,000-piece puzzle will take about 30-60 minutes to sort the pieces by colors and to separate the straight-edge pieces.
- Why does it take four times as long to do a 1,000 piece puzzle than it takes to do a 500 piece puzzle? When you double the number of pieces, you quadruple the difficulty.
- Puzzle-makers are constantly developing ways to make the puzzle more difficult. For example, putting a fake corner piece in the middle of the puzzle or "color line cutting" (a piece cut exactly along the dividing line between different colors).
- A puzzle containing 209,250 pieces holds the record for a single puzzle.

Krafty Korner Friendship Club

Brenda Davis, 205-586-9792; Kathy Jones, 727-600-8140

Come and join our craft club. We will meet every Friday from 10:00 a.m. until 3:00 p.m. in the West clubhouse. Everyone is welcome. Come join us as we all work on our individual crafts. Call Brenda or Kathy for more information.

Ladies Luncheon

Phyllis Messina, 785-3249

The ladies luncheon is held on the second Tuesday of each month. Watch the bulletin board for place.

Line Dancing

Leslie Bellinger, 729-5039

In April I am planning on having Line Dancing on April 7th, 21st and 28th. April is our last month and many of us are thinking of going north soon. If there are not many people we may cancel the last week. If you are leaving this month, I hope you have a great summer and I will see you in the fall.

Geometry Jokes

Barbara Clark, Editor, 303-0171

1. What do you call a teapot of boiling water on top of Mount Everest?... A high-pot-in-use
2. What do you call a crushed angle?... A Rectangle (wrecked angle)
3. What did the baby tree say when it looked in a mirror?... Gee-Om-A-Tree.
4. What do you get when you cross geometry with McDonalds?... A plane cheeseburger.
5. Why did I divide sin by tan?... Just cos.
6. What shape is usually waiting for you at Starbucks?... A line.
7. Why did the obtuse angle go to the beach?... because it was over 90 degrees.
8. What do you get when you cross a mountain climber and a mosquito?...
9. Nothing! You know you can't cross a scalar and a vector.
10. What did the acorn say when he grew up?... Gee, I'm A Tree!

It's better to be a coward for a minute than dead for the rest of your life.

New Pain Treatment Available in Dunedin

Dunedin, FL - Imagine forty years ago if you were told that lasers would replace scalpels in surgery or that robotic instruments would build cars; you may not have believed it. By the same token, would you believe that chiropractic treatments could be performed using a special hand-held instrument using space age NASA technology, all while you were sitting in an upright position without turning or twisting movement to your spine?

According to Dr. Drew, "This new form of computerized treatment is so gentle and effective that it amazes even the most skeptical patients. It's called the Impulse IQ and it is the latest state-of-the-art technology in existence today, and the only one in the Hernando, Citrus, Pasco & Hillsborough area."

Dr. Drew says that, "The secret to the Impulse IQ is in its ability to deliver an extremely precise adjustment." He says "Even though traditional forms of adjusting also work, people are drawn to this new technique because of how gentle it is and does not involve any twisting, especially in the neck." The Impulse IQ is FDA approved, UL listed and treatments are covered by most insurances, including Medicare.

The procedure is backed by years of scientific research, and our patients can't stop raving about their results. They are using words like "Incredible", "Amazing" and "Unbelievable." It's changing the future of pain treatment like nothing else I've seen in over 20 years of practice", says Dr. Drew. If you have any of these conditions, the Impulse IQ may be the answer you've been looking for.

Monthly Mania: It Pays (Up to \$100) To Patronize the Advertisers in Your Newsletter

14,492 manufactured home residents have won over \$124,374 since our contest began. It's simple to play ... when you patronize a current advertiser, ask for a Monthly Mania ticket (or a reasonable facsimile) and fill it out completely. Put the ticket in our Monthly Mania drop box in your community or mail your paid receipt to us at **Monthly Media • PO Box 1023 • Venice, FL 34284**. That's all you do. At the end of the month the Publishers will pick up the tickets and hold a drawing. If your ticket is drawn, we mail you a check.

(Allow 4-6 weeks for mailing of check). **This month's cash winners are:**
