Manager's Corner for June 2015

Jeff Hahn, LCAM, Property Manager

- A couple of projects that have been completed, underway or upcoming include the following: 1) The roof at the East Clubhouse has been cleaned and re-sealed by Bill and Kevin. This is preventive maintenance to keep water from the interior of the building. 2) The renovation of the West Clubhouse, which should be commencing sometime in early summer, and 3) Construction of new storage areas in the card room at the East Clubhouse, and also in the conference room in the Park Office.
- As of this writing, the new home has been placed on Lot #97 on Jasmine. By the time you read this, everything, including the electricity, the plumbing and the landscaping should be in place. Let the Park Office know if you or someone you know may have interest in purchasing this home
- Item # 3 of Serendipity's Rules and Regulations states the following: "No additions or alterations may be made to any mobile home without prior approval of the Park."
- Item # 4 coincides with #3 as it states the following: "The Park has the absolute right to correct any changes made without permission or to make any repairs or do any maintenance needed to correct exterior defects and to charge the mobile homeowner the actual cost to correct these conditions of non-compliance with the Park Rules and Regulations." There never has been a consistent format for providing this information, but by the time you receive this Monthly Media, new Alteration Request Forms should be in place. Visit the Park Office to pick up one of these forms if you are looking to do anything to your home.
- By state statute, it is mandatory that the Rules and Regulations of the Park be posted, and they are at Serendipity at the bulletin boards in each of the clubhouses. You can also visit the Park Office to get one if you don't already have it.
- Summer is here, and storms are a major part of summer in Florida. So please keep in mind that all items in your carport, screen room or around your home must be stored in a secured area if you are leaving for any period of time, OR if a major storm is being forecasted for the West Coast of Florida. Protect your residence and prevent any items from becoming projectiles that may cause damage to your home or that of your neighbor.
- Be safe and enjoy!

MANAGER

NOTICE:

Barbara Clark, 303-0171

If you know of any residents who have moved or passed away, please let me know and I'll remove their name from the birthday/anniversary list. Also, if you know of any new residents, let them know they can have their birthday or anniversary listed in the newsletter.

babsibell@wowway.com Thanks.

Did You Know About These Great Monthly Media Services?

Summer Mailings - If you are heading north for the summer but still want to receive a printed copy of your monthly newsletter, just call our office and sign up for Monthly Media's Summer Mailing Service. We will ship (USPS 1st Class) a printed copy of each month's newsletter to your northern address, for as long as you're away, the cost is \$4 per month. Dozens of residents are already taking advantage. Please see our brightly colored insert for more information.

Get Your Picture on the Cover - We select a new and interesting picture every month to be printed on the cover of your newsletter. If you or your neighbors have fun events or activities please send in a picture and we'll enter it to be selected. Please include a description of the image and a brief release allowing us to reprint the picture. Our mailing and email address are located the bottom of this page.

Emporium/Classified Listing - Do you have an event in your community such as a Bake Sale or Flea Market? An item for sale like an old set of golf clubs that needs to go? Help needed or vendors wanted for an event? Maximize the people that see your listing and use the Emporium! Your listing will be printed & delivered to over 20,000 homes in Pinellas County. See the Emporium page toward the end of the newsletter for more info.

Larger Print Newsletters - At the request of some residents we are now offering Larger Print Newsletters to those who request them. The newsletter type will be approximately 20% larger (16 pt article body type vs. 12 pt normally). There is a small service charge of \$2 per newsletter for those who request. The larger type newsletters can either be delivered to you every month like they are now or we can mail them directly to your home for an additional \$2 per issue shipping charge. Please call Monthly Media (phone number listed below) for more information.

Bird Migration

Barbara Clark, 303-0171

All across North America, one of the sure signs that spring is on the way is the return of the migratory birds. If you are familiar with the birds in your area you know that the change can be abrupt: One morning, the bushes and trees around you are suddenly filled with singing birds that were not there just the day before. They have arrived during the night, following a combination of celestial (by the stars) and magnetic cues that are part of their genetic heritage.

The most amazing part of this story is that these tiny birds may have flown thousands of miles to reach your yard, after spending the North American winter in Mexico, Central America, or South America, where the days remain warm and food is plentiful during our cold season.

Many of the birds we consider "our birds," those that appear in field guides to the United States, actually spend less than half of their lives here. They move north as the snow melts and raise young on the plentiful supplies of insects that are abundant only during the long warm days of our late spring and summer. At the end of the breeding season, usually in late summer or fall, they move south again, most of them following only their instincts to reach the traditional "winter" home of their species. This fall migration is a somewhat drawn-out process for many species, and flocks will linger and feed wherever food is available.

The spring migration, however, is urgent. For each species there is a specific, optimal time when the birds need to arrive in their breeding areas. The strongest males arrive first and stake out the prime territories, often in the same location where they nested the previous year. When females arrive, they select the males that occupy the best habitats for raising young. The pair must then construct a nest, incubate eggs, and raise their brood in the short period before it is time to start the journey back to the wintering range.

Bird migration is a fascinating time for many bird watchers. It can happen in your own backyard. Not all birds migrate. Some, like partridges, never move more than one kilometer from where they were born. These birds are called sedentary birds, but they are in the minority. Most birds will migrate. The long distance migrants, such as swallows, breed in Europe and spend the winter in Africa. At least 4,000 species of birds are regular migrants. That's about 40% of the world's total. Most songbirds migrate at 500 to 2,000 meters, but some fly as high as 6,800 meters.

More than 650 species of birds nest in North America. In far northern regions, like Canada or Scandinavia, most species migrate south to escape winter. In temperate regions, such as the UK, about half the species migrate. In tropical regions, such as the Amazon rainforest, fewer species migrate because the weather and food supply is reliable all year round.

The term migration is used to describe movements of populations of birds (or other animals). One way to look at migration is to consider the distances traveled.

- Short-distance migrants: May move only a short distance, as from higher to lower elevations on a mountainside.
- Medium-distance migrants: Some species may cover distances that span from one to

several states.

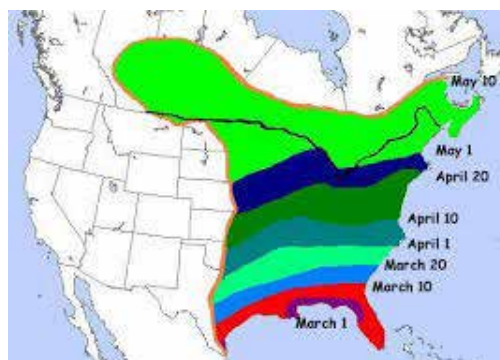

- Long-distance migrants: Birds that typically have ranges that extend from the United States and Canada in the summer to Mexico and further south in the winter.

How do birds do it? Their streamlined body shape and a lightweight skeleton composed of hollow bones minimize air resistance and reduce the amount of energy necessary to become and remain airborne. They have strong pectoral muscles that power the flapping of the wings. The feathers act as airfoils which help generate the lift necessary for flight. Birds have a large, 4-chambered heart which proportionately weighs 6 times more than a human heart. The heart of a small songbird is about 500 beats per minute; a hummingbird is about 1,000 beats per minute. The lungs of birds remain inflated at all times.

There are numerous hazards of migration. It is estimated that half of all migrants heading south for the winter will not return to breed in the spring; that's a heavy toll. Predation and bad weather are two natural causes of mortality during migration. Some birds collide with tall buildings or other structures and some are being shot by hunters. Many birds are struck by automobiles. Birds also face dilemmas during stopovers. As habitat is lost, there are fewer places for the birds to rest. Without places along the way that provide food, shelter from predators and water, these birds are probably not going to make it.

Below are a couple of migration maps. Hopefully, you can get an idea but since they are color and will be reproduced in black and white, they may not be helpful.

Residents Birthdays & Anniversaries

Serendipity and our residents wish everyone celebrating their birthday or anniversary this month a wonderful day.

If you wish, you can add your name to the birthday/anniversary list by calling Barbara Clark at 727-303-0171. It's nice to know when your neighbors are having a special day.

These names will also appear on our online website: www.serendipitymhp.com.

JUNE BIRTHDAYS

- 3 Sharon Hurd
- 10 Arlene Isenbergh
- 17 Harriet Wise, Dawn Wilson
- 21 Toni West
- 23 Mary Durina
- 26 Dawn Roberts
- 28 Marge Krause

JUNE ANNIVERSAIRES

- 6 John & Marie Clamer
- 21 John & Barbie Hinners

If you know of someone whose name appears on the birthday/anniversary list who is not living in Serendipity any longer, please notify me so I can remove their name.

Bingo

Just a reminder, Bingo is played every Thursday from 7:00 p. m. until 9:00 p. m. in the West Clubhouse. All residents are invited to join us.

Bridge

Steve Sisson, 772-5882

Bridge ended for the season on April 2 and will resume upon my return for the winter season of 2015 in the East Clubhouse on Thursdays from 7:00 p.m. to 10:00 p.m.

Bowling

Bob Jones, 638-0822

To all you bowlers and future bowlers, the Serendipity mixed bowling league will be starting one week sooner on October 2, 2015 at 9:30 a.m. Practice bowling will begin at 9:15 a.m. Try to be at the bowling lanes close to 9:00 a.m. Again, Countryside Lane management has extended this opportunity to all residents and league bowlers of Serendipity Mobile Home Park to come and see how much fun bowling can be!

...continued on page 14

On September 25, 2015 at 9:30 a.m. they invite you all to come and bowl three (3) games free. They will furnish bowling shoes, coffee and donuts free. To all, please come and have fun with your neighbors!

There will be posted in both halls two sign-up sheets for the free bowling. If you fail to sign up and you decide you like to bowl, come to the lanes. You can also find bowling information on our website: www.serendipity-55plumhdp.com.

If you have any questions, please call Bob Jones at (727) 638-0822.

Bunco

Janet Seager , 815-338-1251

Bunco is played every Saturday at 7:00 p.m. in the West Clubhouse. Come join the fun!

Cards – 65 Rummy

Cards are played every Tuesday at 6:30 p. m. in the West Clubhouse. It's easy to play. Come join us for a fun night out.

Monthly Mania: It Pays (Up to \$100) To Patronize the Advertisers in Your Newsletter

14,492 manufactured home residents have won over \$124,374 since our contest began. It's simple to play ... when you patronize a current advertiser, ask for a Monthly Mania ticket (or a reasonable facsimile) and fill it out completely. Put the ticket in our Monthly Mania drop box in your community or mail your paid receipt to us at **Monthly Media • PO Box 1023 • Venice, FL 34284**. That's all you do. At the end of the month the Publishers will pick up the tickets and hold a drawing. If your ticket is drawn, we mail you a check.

(Allow 4-6 weeks for mailing of check). **This month's cash winners are:**

Winifred Ruggeri	\$100.00	O.E. Wilson Insurance, Inc.	Ruth Willes	\$5.00	Royal Enterprise

Ladies Luncheon

Phyllis Messina, 785-3249

The Ladies Luncheon was held on May 12 at Frenchy’s Outpost Bar & Grill with 16 ladies attending. Dawn Freelove, Mae Schmidt, Mary Laiosa, and Amelia Coleman all won \$5.00 each!

The next luncheon will be on June 9 at 11:30 at the Outback restaurant.

A great deal of preparation is required to accommodate a large group. Every month we go to great lengths to provide a suitable venue. It pains me to say that if, in the future, we have the amount of “no shows – no calls” like we had in April, we will have to abandon the monthly luncheon. There were 13 “no shows” in April! If you sign up to attend, let me know as soon as possible if you are unable to make it! PLEASE do not sign up if you aren’t going... we have to give a head count and it looks BAD when we reserve for 38 and only 25 show! Thanks for your cooperation.

Phyllis Messina and Marge DeMarco

Line Dancing

Leslie Bellinger, 729-5039

Line Dancing is over for this season. We will be starting again in October. Watch this Monthly Media Newsletter for the starting date. I hope you all have a wonderful summer and I will see you in October.

Pinochle

Marge Krauser, 784-4305

Pinochle has ended for the season. See you all in the fall. Have a nice summer.

Warm thoughts like lovely flowers lighten the heart and brighten the hours.

I send Get Well or Sympathy cards to residents who are ill or the families of someone who has passed away. Let me know of anyone in these situations. Thanks.

- A Get Well card was given to Marie Clamer (#390). She is recouping from knee surgery.
- A Sympathy card was sent to Joe and Terry Alber (#102) and family in Averill PK, NY. Their son Joe, Jr. passed away.

Useless Facts

Barbara Clark, Editor, 303-0171

- Humans are the only primates that don't have pigment in the palms of their hands.
- Dogs have four toes on their hind feet and five on their front feet.
- Elephants are only mammals that can't jump.
- Many hamsters only blink one eye at a time.
- Armadillos are the only animal besides humans that can get leprosy.
- It's possible to lead a cow upstairs, but not downstairs.
- Polar bears are left handed (or pawed?).
- A pregnant goldfish is called a twit.
- A duck's quack doesn't echo, and no one knows why.
- A giraffe can clean its ears with its 21-inch tongue.
- A cockroach will live nine days without its head, before it starves to death.
- Porcupines can float in water.
- The eye of the ostrich is bigger than its brain.
- A rat can last longer without water than a camel.
- The urine of a cat will glow under a black light.
- Butterflies taste with their feet.
- Starfish don't have brains.
- Snails can sleep for three years without eating.
- The fingerprints of koala bears are virtually indistinguishable from those of humans, so much so that they could be confused at a crime scene.
- A crocodile can't stick its tongue out.
- A shrimp's heart is in its head.
- A crocodile can't move its tongue and cannot chew. Its digestive juices are so strong that it can digest a steel nail.
- A male emperor moth can smell a female emperor moth up to 7 miles away.
- Most lipstick contains fish scales.
- Horses and cows sleep while standing up.

Memory Disorders Clinic

Your CONNECTION to Memory Disorders Treatment

The Madonna Ptak Center for Alzheimer's and Memory Loss provides comprehensive care to patients with Alzheimer's and other memory loss disorders. Our multidisciplinary approach allows us to offer a variety of services with the goal of reducing the long-term impact of memory disorders and helping the patient live a better functioning life. The elements of the program include:

- A multidisciplinary clinic, including neurology and neuropsychology
- Patient and caregiver support groups
- Laboratory and imaging
- Memory Fit training course for enhancing memory ability
- DriveABLE, a driving evaluation

ATTENTION RESIDENTS!

Did you know this Emporium/ Classified listing reaches over 21,000 homes in Pinellas County? It goes into 60 community newsletters (just like this one) from Dunedin to St. Petersburg. This is a great market to sell items, advertise your next event, try and get help for a function, and many other great things. Remember to think about this the next time you're planning something.

Thanks!

- Instead of bones, sharks have a skeleton made from cartilage.
- Insects such as bees, mosquitoes and cicadas make noise by rapidly moving their wings.
- Orcas (killer whales) kill sharks by torpedoing up into the shark's stomach from underneath, causing the shark to explode.
- A shark can detect one part of blood in 100 million parts of water.
- The average housefly only lives for 2 or 3 weeks.
- Mosquitoes can be annoying insects but did you know that it's only the female mosquito that actually bites humans.
- Cats use their whiskers to check whether a space is too small for them to fit through or not.
- If NASA sent birds into space they would soon die because they need gravity to swallow.
- Certain frogs can be frozen solid, then thawed and still survive.
