*Fee may vary with complexity of case. If any service, examination or treatment is performed within 72 hours & is a direct consequence of the original advertised full-fee or discounted service, examination or treatment, a patient or any other person financially responsible has the right to refuse, cancel, or be reimbursed for payment of the resulting procedure. Offers may not be combined.

Manager's Corner for March 2015

Jeff Hahn, LCAM, Property Manager

- Just a reminder to everyone. Item#10 of the Serendipity Rules and Regulations states in part the following:

“All lot rental amounts are payable in advance the first day of every month and are delinquent if not paid by the fifth (5th) day of any month in which the lot rent is due. All lot rental amounts paid after the fifth of the month will be subject to a late fee”.

Currently the late charge fee is \$25.00

- As I go around the Park, I have come across a number of homes that do not have 2015 tags. Please keep in mind that all homeowners must have these on the front windows of your home. If your home is not registered, you are subject to fines by Pinellas County, so it is to your benefit to get them immediately and keep them updated as needed.
- A reminder to all seasonal residents that when you head back north, you are still responsible for the upkeep of your home and yard. Please make arrangements with someone to take care of this while you are gone.
- The golf balls at the golf net by the shed are provided by Serendipity, so please keep them at this area
- A committee has been appointed by ROC to review the Rules and Regulations of your community. As such, an Input sheet was previously placed at your home requesting any ideas and suggestions you may have regarding this subject. If you do not have this form, please come to the Office and one will be provided to you. The deadline to receive your suggestions is March 15th, as this Committee would like to move forward as quickly as possible to update the current Rules and Regulations now in effect. Any and all relevant ideas will be reviewed and appreciated by this Committee.
- There is some Fitness equipment in the East Clubhouse that the Park is looking to sale. If anyone is interested in any of this equipment, please let me know.
- Item #29 of your current “Rules and Regulations” states in part the following: “For Sale” signs are permitted. They must be attached to the HOME or displayed in the window and be no larger than 18 inches square”
- Just a few items of note:
 1. A black vinyl 6 foot chain link fence will be placed on the north side of Serendipity between your Park and Riviera. This project should be started within the next few weeks.
 2. Two cameras will be installed on the shed by the dumpsters on Imperial and will also be completed in the next few weeks.
 3. The ROC Board has approved the purchase of a new home to be placed on one of the empty lots. This will be a doublewide unit and should be here in the April or May timeframe.
 4. A West Clubhouse Renovation Committee has also been established and the members are working diligently to address any and all options to improve the functionality and appeal of this clubhouse.
- Here's hoping that you are having a great winter at Serendipity, and that March brings a little more pleasant weather as spring is coming!

TRASH AND TREASURE SALE

Joyce Pietrkiewicz, 784-5569

The Trash & Treasure sale was held on February 7. I just want to thank everyone who helped. They did a great job of setting up and making everything look so nice. A special thank you goes to the following wonderful volunteers who hauled furniture, etc.:

Chuck Bellinger
Bob Mailloux
Patrick Martin
Scottie McRill
Paul Mueller
Val Pietrkiewicz

Thanks also to the ladies who did the sign-up sheets, obtained gift certificates and make the gift baskets:

Leslie
Mary
Brenda
Pat
Marilyn

Last, but not least, thanks to everyone who donated items for this sale, making it a great success.

What is Pi?

Barbara Clark, 303-0171

Pi and the Pyramids!

No, not the kind of pie you eat but the mathematical pi! The number π is a mathematical constant, the ratio of a circle's circumference to its diameter, commonly approximated as 3.14159. It has been represented by the Greek letter " π " since the mid-18th century. It is also sometimes spelled out as "pi." Because pi is an irrational number, it cannot be expressed exactly as a common fraction. Consequently, its decimal representation never ends and never settles into a permanent repeating pattern. Pi is also a transcendental number, a number that is not the root of any non-zero polynomial having rational coefficients. It is impossible to solve the ancient challenge of "squaring the circle" with a compass and straightedge. Pi is found in many formulae in trigonometry and geometry. It is also used in branches of science such as cosmology, number theory, statistics, fractals, thermodynamics, mechanics and electromagnetism.

Okay, that's enough technical math for my poor brain (math was never my favorite subject)! Just remember that pi is amazing and it has been used for centuries. It was used in Indian mathematics in the 5th century CE. The first exact formula was not available until a millennium later. There is a national pi day celebrated on March 14, which is also Albert Einstein's birthday!

Interesting facts about pi:

- The ancient Babylonians knew of pi's existence nearly 4,000 years ago, found on a tablet from between 1900 and 1680 BC.
- The King James Bible gives an approximation of pi in cubits.
- The Greek mathematician Archimedes approximated the Pythagorean Theorem.
- Number enthusiasts have memorized many digits of pi. The record for the most digits of pi memorized belongs to Chao Lu, of China, who recited pi from memory to 67,890 places in 2005.
- John Taylor (publisher/writer) first proposed the idea that Egypt's Great Pyramid at Giza (built around 2589-2566 BC) was designed based on pi. Since then, others have made the link between the Great Pyramid and pi as well. He wrote a book called "The Great Pyramid: Why Was It Built? And Who Built It?" Many others have also written books about the pyramids. The Egyptian pyramids built in the 4th dynasty and still standing have precise angles between 43° and 55° .
- If a pyramid architect decided that the base should be a perfect square and that the apex should be directly above the center of the base, this would mean that the pyramid would be very symmetrical. All the faces would be isosceles triangles and slanted at the same angle. The architect would then have to choose that angle and the builders would have to be able to carry out the design with perfect precision. The ancient Egyptians certainly had advanced mathematical knowledge.
- To calculate pi, measure the circumference (or distance around the edge of a circular/curved object) and the diameter of the object.
- In the Star Trek episode "Wolf in the Fold," Spock foils the evil computer by commanding it to "compute to last digit the value of pi."
- The symbol for pi (π) has been used regularly in its mathematical sense only for the past 250 years.
- A Givenchy men's cologne named Pi is marketed as highlighting the sexual appeal of intelligent and visionary men.
- If the circumference of the earth were calculated using π rounded to only the ninth decimal place, an error of no more than one quarter of an inch in 25,000 miles would result.
- A mysterious 2008 crop circle in Britain shows a coded image representing the first 10 digits of pi.
- Pi is the secret code in Alfred Hitchcock's Torn Curtain and in The Net starring Sandra Bullock.
- Computing pi is a stress test for a computer—a kind of "digital cardiogram."
- The π symbol came into standard use in the 1700s, the Arabs invented the decimal system in A.D. 1000, and the equal sign (=) appeared in 1557.

There has been much debate in the scientific community about whether the pyramids were constructed using precise calculations or if it is purely coincidental that many of them exhibit angles that use mathematical values such as pi, phi and the Pythagoras Theorem. It is postulated that even today with our technology, advancements, computers and robots, that these monuments cannot be replicated! In the end, the pyramids are amazing structures and pi is an amazing mathematical function!

Residents Birthdays & Anniversaries

Serendipity and our residents wish everyone celebrating their birthday or anniversary this month a wonderful day.

If you wish, you can add your name to the birthday/anniversary list by calling Barbara Clark at 727-303-0171. It's nice to know when your neighbors are having a special day.

These names will also appear on our online website: www.serendipitymhp.com.

MARCH BIRTHDAYS

New Pain Treatment Available in Dunedin

Dunedin, FL - Imagine forty years ago if you were told that lasers would replace scalpels in surgery or that robotic instruments would build cars; you may not have believed it. By the same token, would you believe that chiropractic treatments could be performed using a special hand-held instrument using space age NASA technology, all while you were sitting in an upright position without turning or twisting movement to your spine?

According to Dr. Drew, "This new form of computerized treatment is so gentle and effective that it amazes even the most skeptical patients. It's called the Impulse IQ and it is the latest state-of-the-art technology in existence today, and the only one in the Hernando, Citrus, Pasco & Hillsborough area."

Dr. Drew says that, "The secret to the Impulse IQ is in its ability to deliver an extremely precise adjustment." He says "Even though traditional forms of adjusting also work, people are drawn to this new technique because of how gentle it is and does not involve any twisting, especially in the neck." The Impulse IQ is FDA approved, UL listed and treatments are covered by most insurances, including Medicare.

The procedure is backed by years of scientific research, and our patients can't stop raving about their results. They are using words like "Incredible", "Amazing" and "Unbelievable." It's changing the future of pain treatment like nothing else I've seen in over 20 years of practice", says Dr. Drew. If you have any of these conditions, the Impulse IQ may be the answer you've been looking for.

Low Back Pain
Headaches
Neck Pain
Shoulder Pain
Fibromyalgia
Elbow Pain
Sciatic Pain
Carpal Tunnel

OFFER EXPIRES 01/15/14

Golf

Linda Taylor, 418-4288

It is hard to believe that by the time you receive this MM, we will be into our last month of “league” play and planning the end-of-year banquet, which will be held at the East Clubhouse on March 30, immediately after play that day. We have averaged between eight and ten foursomes each Monday since the beginning of the year.

Just a reminder that even though “league” play will be over at the end of March, we will continue to play through the end of April or Middle of May

Krafty Korner Friendship Club

Brenda Davis, 205-586-9792, Kathy Jones, 727-600-8140

Come and join our craft club. We will meet every Friday from 10:00 a.m. until 3:00 p.m. in the West clubhouse. Everyone is welcome. Come join us as we all work on our individual crafts. Call Brenda or Kathy for more information.

Ladies Luncheon

Phyllis Messina, 785-3249

Twenty-six ladies attended the February lunch at the Lucky Dill. Money winners were: Pam Mailloux, Jan McRill, Dawn Freelove, Doris Isabelle, Barb Mudge, Shirley Cloutier, Marge DeMarco, Joanne Lantiegne, Rita Robyak, Betty Surany, Dawn Roberts, Linda Cortright, kKathleen Rhodes and Donna Currie.

There will no ladies lunch in March since there is a fashion show with lunch in the park. The ladies luncheon is held on the second Tuesday of each month. Watch the bulletin board for place.

Line Dancing

Leslie Bellinger, 729-5039

In March we will Line Dance at 10:00 a.m. on March 3rd, 17th, 24th and 31st. Get some exercise and have fun too. We will try a couple new dances with our visiting Line Dance instructor, Ginny Rush. On the 17th I will try to do a couple dances to Irish Music! See you on the dance floor!

Shuffleboard

John Barrett, 786-8638

NOTICE! I want non-club members to know that you are invited to our banquet on Sunday, March 22. The cost of the KFC boxed meal is only \$5.00. After our brief (?) awards we will have an hour (or so) of entertainment. A talented high school senior from Dade City loves to sing and entertain, but performs for only one reason: her passion is raising money for the Hope Lodge at the Moffitt Cancer center; therefore, there will be a donation collection basket. Jan and I have lived at the Hope Lodge on two occasions and can attest to how wonderful it is for anyone having extended treatments. That is how we came to know Courtney Graham. She and several members of her family performed for us. She is trying to get two to four out her family members to come with her, but at the time I had to write this, they had not yet committed.

For both members and others, there will be a sign-up sheet in both clubhouses and you **MUST** sign before MARCH 13. Meals have to be ordered ahead of time and there is no way to change that number once the order is placed. "A meal" is coleslaw, a leg and breast, whipped potato with gravy and a biscuit. If you don't like eating out of a box with plastic ware, bring your own plate and utensils along with what you want for dessert. We will have coffee available.

Both the "A" and "B" team have been doing well, and the house league continues to have fun. Watch for the tournament sign-up sheets on the SB shed bulletin board. I have also posted the rules for the Big Ten Tournament with a sign-up sheet. The Big Ten League President, Bill Osborne, has arranged for FREE pizza and soda. He has an order deadline as well, so you must be signed up by March 13. Remember, the tournament is "doubles" so sign-up with your partner and I will get that list to Oz on the next day.

See you at the courts.

Sunshine Gal

Dawn Freelove, 315-759-3206

Warm thoughts like lovely flowers lighten the heart and brighten the hours.

I send Get Well or Sympathy cards to residents who are ill or the families of someone who has passed away. Let me know of anyone in these situations. Thanks.

Get Well cards were given to Keith Gliddon (384) and Coleen Daigle (82). Sympathy cards were sent to:

Barbara Cross and Family (171) – her sister Patti passed away

Marcel and Carol Fields (218) in Canada – their daughter passed away

Charlie Carpenter and Family (248) in Ohio – his wife Jan passed away January 27

Marge Krauser and Family (89) – her son James (Jimmy) passed away January 29

Family of Doris Whelan (34) – Doris passed away

Math Riddles

Barbara Clark, Editor, 303-0171

1. What do you get when you cut a jack-o-lantern by its diameter? Pumpkin Pi!
2. What do you get when you take green cheese and divide its circumference by its diameter? Moon Pi.
3. What do you get when you take the sun and divide its circumference by its diameter? Pi in the sky.
4. Mathematician: “Pi squared” Baker:” No! Pies are round, cakes are square!
5. What do we get when we take the object and order the rim by the diameter? Pi in the sky by and by.
6. In Alaska, where it gets very cold, pi is only 3.00. As you know, everything shrinks in the cold. They call it Eskimo pi.
7. What do you get if you divide the circumference of a bowl of ice cream by its diameter? Pi ala mode.
8. 3.14% of Sailors are PI rates!
9. A mathematician, a physicist, and an engineer are all given identical rubber balls and told to find the volume. They are given anything they want to measure it, and have all the time they need. The mathematician pulls out a measuring tape and records the circumference. He then divides by two times pi to get the radius, cubes that, multiplies by pi again, and then multiplies by four-thirds and thereby calculates the volume. The physicist gets a bucket of water, places 1.00000 gallons of water in the bucket, drops in the ball, and measures the displacement to six significant figures. And the engineer? He writes down the serial number of the ball, and looks it up.
10. The roundest knight at King Arthur’s was Sir Cumference. He ate too much Pi!
11. What is the official animal of Pi Day? The PI – thon!
12. Why should you never mention the number 288 in front of anyone? Because it is too gross (2 x 144 – two gross).

13. How is the moon like a dollar? They both have 4 quarters.
14. How can you add eight 8's to get the number 1,000? (only using addition) A: $888 + 88 + 8 + 8 + 8 = 1,000$
15. How many eggs can you put in an empty basket? Only one, after that the basket is not empty.
16. Where can you buy a ruler that is 3 feet long? At a yard sale
17. When things go wrong, what can you always count on? Your fingers.
18. What coin doubles in value when half is deducted? A half dollar.
19. Why are diapers like 100 dollar bills? They need to be changed.
20. What goes up and never comes down? Your Age
21. Why is the longest human nose on record only 11 inches long? Otherwise it would be a foot.
22. Why do they never serve beer at a math party? Because you can't drink and derive...
23. Why didn't the quarter roll down the hill with the nickel? Because it had more cents.
24. Why is 6 afraid of 7? Because 7 8(ate) 9
25. What is a proof? One-half percent of alcohol.

Monthly Mania: It Pays (Up to \$100) To Patronize the Advertisers in Your Newsletter

14,492 manufactured home residents have won over \$124,374 since our contest began. It's simple to play ... when you patronize a current advertiser, ask for a Monthly Mania ticket (or a reasonable facsimile) and fill it out completely. Put the ticket in our Monthly Mania drop box in your community or [mail your paid receipt](#) to us at **Monthly Media • PO Box 1023 • Venice, FL 34284**. That's all you do. At the end of the month the Publishers will pick up the tickets and hold a drawing. If your ticket is drawn, we mail you a check.

(Allow 4-6 weeks for mailing of check). **This month's cash winners are:**

Ruth Schwanke	\$100	Shonna Bender, LMT	Mary Lou Robinson .	\$5	Buggin Out Pest Control
Evelyn Lyn Zerine	\$10	Dental Walk-In Clinic	Betty Panek	\$5	Knoblach Hearing Care
