Super Bowl 52

By Larry Byrd

The anticipated big event was held on Sunday, February 4th at 6:30 PM. As usual Larry Byrd set up a 100 square pool board which he had been selling since the teams playing were announced.

Many of the interested football fans braved the rain downpour to join their friends at the clubhouse to watch and cheer for their favorite team.

Before the game started some really great food and snacks were brought to chow down. Carol Byrd made baked beans, Greg Winter made meat balls in sauce, Linda Kolloff brought pizza, Wally Schultz cooked hot dogs on the grill to have with buns, Roberta and John O'Brien made pulled pork on rolls. For desserts we had fantastic brownies made by Joyce Cutlip. Pat Signor, her daughter, Peggy and a friend brought assortment of goodies including a Super Bowl Cake.

The pool was paid out for \$2500 each quarter and final score. The winners were:

First Quarter-Wayne Colvert

Second Quarter-Larry Byrd

Third Quarter-Rene Winter

Fourth Quarter-Dorothy DeBos

A very nice time had by all.

Birthday Party

1/27/2018

Forty four people attended a fun evening filled with gifts. We started with a coloring contest which was won by Diane Desrochers's granddaughter, Larry Byrd, and Kathy Schultz.

A delicious dinner of Meatball subs made by Kathy and Diane, potato salad by Wayne Covert, deviled eggs by Larry and Carol Byrd; dressings for the lettuce salad contributed by Linda Kohloff and dessert by "Walmart" were devoured.

50/50 split was won by Bob Vogel, 2nd prize by Wayne and third prize by Sylvia Disotell.

Followed by a birthday poem narrated by Kathy in which everyone received a gift.

The evening wasn't over yet. Larry and Wally had our 1st Karaoke, giving the new Karaoke machine a workout. (Thanks Marilyn) The singing and laughs were great. There were some who wouldn't give up the mike!

Thanks to the setup and clean up crews. We couldn't get it done without you. Thanks to all who gave me the gifts.

Toys for Boys

Every time an emergency unit is dispatched they carry with them stuffed animals to be given to children in distress. Girls love stuffed animals and so do little ones but boys, depending on age need something different. Largo Police are looking for “Matchbox style/ size” cars to be given to these boys. They do not have to be brand name “Matchbox” cars, just cars that size. There will be a box in the Clubhouse to collect these cars for donation from March 1st to April 14th. They will then be delivered to Largo Police Department. Having worked EMS I know how helpful these little gifts are to children in distress be it they are injured or the situation involves a family member this is a calming relief for these kids. Thanks for helping! Vicki

Valentine's Day Party

On Feb. 13 58 people enjoyed our Valentine's party. We served fried chicken. Baked beans, 2 kinds of cole slaw, potato salad rolls and deserts. There was a 50/50 drawing which was won by Joanne Quale (a guest). 10 door prizes donated by Diane Pelkey were given out. A big thank you to Carol Byrd , Roberta O'Brien and Joyce Cutlip for helping with the set up. They also helped with the cleanup along with Sondra Thomas and Kathy Schultz. The 2 kinds of cole slaw and the baked beans were made by Carol and Larry Byrd. The beautiful and delicious cakes were made by Roberta O'Brien. Carlo played music from 6-9 and many people got up on the dance floor. It appeared that everyone had a good time.

Pictured is Roberta O'Brien with the 3 cakes she made

Pictured are Jewel and David Mayo. Since their return to Shangri-La David had been very sick and Jewell was busy taking care of David. So it was nice to see them at the Valentine's Party dancing up a storm. So glad you are able to get out now.

Shangri-La – Great People – Great Park!

Submitted by Norma Rowe Lot #136.

I just wanted to write a letter in response to some of the negative letters being submitted to this newsletter the past couple of months.

I have lived at Shangri-La for almost five years, and although coming from a ten acre farm to such close quarters was a bit of a culture shock at first, I have always loved living here. Personally, I have some of the best neighbors I have ever had in my life. I have lived in many different homes, in several states, and really, these are some of the most caring, generous neighbors I have ever had.

I know that things get somewhat “High School” at times, but living in such close proximity to people can encourage that. My sister lives in a much bigger park, with no single wide trailers – God forbid! She has encountered some of the nastiest, unfriendly people living there. On more than one occasion she has stated how she loves coming to Shangri-La because everyone is so friendly and kind to her and call her by name, even though she doesn't even live here.

So, I guess I just wanted to say that I think we've got a great park here. With lots of great people. Some, perhaps, a little too curious as to what they're neighbors are up to, but where else are you going to live in a nice home, with helpful, caring people, at such a low rent. Compared to having an apartment or mortgage on a home, with taxes, etc. to pay, as well.

I'd rather have some of the more intrusive neighbors, than neighbors who don't even say hi or wave when you walk by. I'll take that any day

"...I am so happy with my new windows...I'd like to commend your work crew. Earbie and Larry were fantastic! I couldn't believe the clean-up EVERYDAY! Ancient fossils bolster case for life throughout the cosmos

An analysis of ancient fossil microorganisms suggests that life in the universe may indeed be commonplace, according to the Science Daily website. The microorganisms are 3.465 billion years old and were found in western Australia. Scientists studying them found that some of them performed a simple form of photosynthesis while others apparently produced methane gas, and others used the gas to build their cell walls.

Because these organisms evolved very early in Earth's history, scientists believe it unlikely that life would have formed on Earth and nowhere else in the universe. "This tells us life had to have begun substantially earlier, and it confirms that it was not difficult for primitive life to form and to evolve into more advanced microorganisms," says J. William Schopf, a professor of paleobiology in the UCLA College, and lead author of the study, written up in the journal Proceedings of the National Academy of Sciences.

Coffee may cut risk of death, studies say

Starting the day with a cup of coffee helps many of us wake up. New evidence suggests it may help us live a longer life, too.

In one study written up in the journal *Annals of Internal Medicine*, researchers at the University of Southern California's Keck School of Medicine surveyed more than 185,000 Americans for 16 years. Their results: People who drank one cup of java a day were 12 percent less likely to die than those who didn't, and people who drank two to three cups were less likely to die by 18 percent—regardless of whether the coffee was caffeinated or not.

In another study reported in the same journal, researchers analyzed data from more than half a million people across Europe, and found that higher levels of coffee drinking were associated with a decrease in the risk of death from many causes, including circulatory and digestive tract diseases.

So enjoy your cup of coffee. It may add years to your life.

Keep your muscles strong at any age

As we grow older, we often lose muscle mass. Muscle mass decline typically starts in the 40s but increases after age 50. One study of about 200 men and women ages 64-93 found that it affected 22.6 percent of the women and 26.8 percent of the men.

Take these steps to keep your muscles intact:

- **Strength training.** Lifting weights has been shown to increase muscle mass and may even reverse the most debilitating effects of muscle loss.
- **Aerobic exercise.** Healthy muscle tissue needs capillaries to infuse it with blood. Regular exercise, like a brisk half-hour walk every day, can provide this.
- **Protein.** Inadequate protein in the diet, or difficulties digesting and absorbing protein, may be a factor in susceptibility to lost muscle mass. Older adults may need to increase their consumption of protein to maintain their lean body mass.

Facts are stubborn, but statistics are more pliable.
