## MEN'S BREAKFAST

---

The mens breakfast was a huge success. The men cooked, served and cleaned up. We started the day with minosoas. Then we ate eggs, bacon, sausage, biscuits and gravy, corned beef hash and hash brown potatoes and pancakes. We had pure Vermont maple syrup provided by Larry and Carol Byrd.

Some of the men who helped were: Ben, Wally, Bob Vogel, Bob Doty, Vince Larry, Stan and David.

As usual Vickie sold 50-50 tickets. Her sister-in-law Cathy handed out the meal tickets. The 50-50 was won by Carol Byrd.

**Pictured are Ben, Vince, Larry, Wally Bob Vogel and Stan**

---

## FAREWELL PARTY

---

Everyone had a good time at the Farewell Party. We got to eat chicken, potatoe salad, and 2 kinds of cole slaw. The 50-50 was won by Wally. Everyone wished Frank and Danilla Fadel a sad good-bye. After 28 years living here they have deecided not to return next year. The Do-Wop Duo played great music and a lot of people took to the dance floor Thank you to the committee: Linda Keenan, Carol, Joy, Helen, Jewel and Kathy. A special thank you to management who paid for the chicken.

## MESSAGE FROM THE BOARD OF DIRECTORS HOA

---

### Trimming of palm trees

Many residents have been told that they are responsible to trim the palm trees on their rented lots. There is nothing written in the prospectus or rules and regulations that says we must trim the palm trees. The Association is advising you that you Do Not Need To Do This. The rules state that we must maintain lawn, shrubbery,bushes and trees planted by you or the previous owner. We are responsible for the overall appearance of the home site.

## LETTER FROM THE PRESIDENT

---

Unfortunately as of the deadline for printing we had not received anything from our President Bob Doty.

### A GOODBYE

*Submitted by Polly Pifer*

---

If you have been living in Shangri-la for the past 28 years you should know Frank and Sanila Fadel. Frank has at one time or another worked on or repaired many a mobile in our park. He never hesitated to help anyone who need him. This is a farewell letter to them.

Frank and Danila were both born in Italy. Frank graduated from college in Florence and taught electronics. They married in 1962. They have a son John and a daughter Antonella and 2 grandchildre Megan and Ethan. In 1965 they moved to Toronto Canada, Frank started an electronic repair shop in 1983 named the American Electronic shop. Frank and his son operate the shop together. In 1989 Frank retired giving the shop to his son. He and Danila deecided to spend the winters in Florida. They bought Lot 31 coming down from November to April. Danila kept busy helping with the coffee hour, preparing food for our parties, and maintaing her plot of land as well as others in mint condition. I would venture to guess that there isn't a mobile in the park that Frank hasn't worked on in some form or another. At the Farewell Party Frank and Danila danced up a storm. Frank was awarded the plaque shown here.

Dear Frank and Danila Ciao and tanti auguri from all of us

# PELKEY FAMILY REUNION

---

**JULY 14-18 2016**  
**Hyatt Regency Tysons Corner VA**

May 11, 2016

Dear Family:

In 9 short weeks we will be gathering for the biennial family reunion. This year we are gathering at the Hyatt Hotel, a new hotel which is part of the Tysons Corner development. We will be in walking distance to a several restaurants, two malls (Tysons Corner Center and Tysons Galleria) and a new Metro Station. There are some group events planned and plenty of free time for you to enjoy the sights in DC. The preliminary schedule of events is below.

To help you plan your visit below are links to some of the more popular attractions in the DC area. Many of the attractions allow you to book your tours in advance. Since we will be in DC during the busy summer season I recommend you book ahead.

## **Schedule**

Thursday July 14 Arrival and check-in.

5:00 Happy Hour. Location TBD

Friday July 15:

For anyone interested I have 20 tickets for an 11:15 entry time at the Holocaust Memorial and Museum. If you are planning to use metro plan to leave the hotel around 10:15. I know some of you have already toured the memorial and may not be interested in attending. Please let me know if you plan to go.

On Friday evening we will have a family dinner at The Celtic House in Arlington. The Pub is not Metro accessible so we will need to drive. Our reservation is at 6:30 so plan to leave the hotel around 5:45.

Saturday July 16:

The day is free for you to do what you like. Saturday evening we have tickets for the National vs Pirates. The game begins at 7:05 PM. For those going to game on Metro we will leave the hotel at approximately 5:00 PM.

Sunday July 17

The day is free for you to do what you like. There will be a happy hour in the evening. Time and Place TBD.

Monday July 18

Check out and departure.

In order to help you plan your visit below are links to a few of the more popular sites in DC.

Smithsonian Museums and Zoo   The Newseum   National Cathedral

Mount Vernon   National Archives   Kennedy Center

Trolley Tours   Library of Congress   Supreme Court

Arlington Cemetery

Capitol I advise booking your tour in advance either through this site or your Senator or Congressional representative.

Pentagon: You must book your tour on-line at least 14 days in advance.

Uber An alternative method of getting around time. I have used it several times in both DC and PS and love it. Another option is LYFT

## Eating more fish may help prevent Alzheimer's

---

**A**lzheimer's, a disease that afflicts some 5.1 million Americans, is a type of dementia that affects a person's memory, thinking, and behavior. Although at this point no cure exists, you can take measures to reduce your chances of suffering from this debilitating condition.

New evidence suggests that eating more fish—as long as it's not fried—may help to protect your brain from the shrinkage and decline associated with Alzheimer's. Researchers from the University of Pittsburgh Medical Center tracked the diets of 260 people with normal cognitive function for more than 10 years. Using magnetic resonance imaging (MRI), they measured the brain volume and function of each participant at the beginning of the study, and again at the end. The results: The 163 subjects who ate fish on a weekly basis (the majority consuming it one to four times a week) had a larger orbital frontal cortex and hippocampus (two areas of the brain that are known to shrink in Alzheimer's patients) and better memory function than those who ate less fish.

The researchers determined that the risk for Alzheimer's and mild cognitive impairment was lowered fivefold within the five years following the brain scans. So start eating more fish today.

## Follow this 'Golden Rule' to reduce cancer risk

---

**W**ant to cut your risk of developing cancer? Check the color of your food—particularly your toast and potatoes. Scientists in the United Kingdom say that cooking those two items too long can increase levels of a naturally occurring chemical called acrylamide, which has been linked to cancer in rats.

Acrylamide is formed when starchy foods like potatoes and root vegetables are cooked at over 120 degrees. To reduce it in your foods, follow these guidelines:

- **Cook until golden.** Whether you're making toast, roasting potatoes, or baking vegetables, cook until the food is gold-colored, not brown.
- **Check the instructions.** Follow instructions for baking or frying packaged vegetables like fries or parsnips.
- **Keep raw potatoes fresh.** Don't put them in the refrigerator if you're going to roast or fry them. Colder temperatures can increase acrylamide levels.

## Leading by example

---

**B**ill Gates, co-founder of Microsoft, has his own private jet now, but he didn't always. On the Business Insider website, former senior vice president Brad Silverberg recalls that in the 1990s, all Microsoft employees were required to travel by commercial airline—in coach, despite the fact that by that time Microsoft was a thriving organization. On one flight from Seattle to New York, Silverberg flew with Gates and some other members of the Windows team:

“And there was Bill, sitting in coach, in a middle seat. It didn't matter to him; he spent the whole flight reading. He wasn't as universally recognized then so it wasn't such an issue for him to fly commercial. It made a big impression on me, a new Microsoft employee, seeing Bill lead by example.”

## Different priorities

---

**D**uring a Little League game, one of the batters hit a fly ball to right field that the right fielder made no attempt to catch. After the inning was over, the coach pulled his right fielder aside and asked him why he didn't even try to catch the ball.

“If I had caught that ball,” replied the boy, “I would have killed my new friend.” And with that, he opened up his glove to show the coach a caterpillar he had found in the field.

Remember this story to remind yourself that everyone's priorities are different.

## Rules apply to everyone

---

**D**uring the Civil War, Ulysses S. Grant, commander of the Union forces, had to reprimand a guard who had deserted his post. “Orders must be strictly and promptly obeyed always,” Grant told the young soldier.

A week later, the same soldier was told to guard a steamboat loaded with ammunition. His assignment: to make sure that nobody with a lighted pipe or cigar came near the boat. On the guard's first day at his new post, General Grant started walking toward the boat, puffing away on one of his famous cigars.

“Halt!” called the guard. “I have been taught to obey orders strictly and promptly, and my orders are to allow no one to approach this boat with a lighted cigar.”

With a smile at hearing his own words repeated back to him, Grant threw the cigar in the river.

# Help for Severe Aortic Stenosis

Severe aortic stenosis is a narrowed aortic heart valve that doesn't open and close properly, reducing blood flow to the rest of the body.

Morton Plant Hospital is now enrolling eligible patients in the Medtronic Evolut R low-risk trial, which investigates the safety and effectiveness of a transcatheter aortic valve replacement (TAVR) system in patients with severe aortic stenosis who are at a low surgical mortality risk. TAVR is a minimally invasive alternative to open-heart surgery used to treat failing aortic heart valves in patients with severe aortic stenosis. Morton Plant Hospital was chosen as the first hospital in Tampa Bay to offer the TAVR procedure for patients with severe aortic stenosis who were at an intermediate or high surgical mortality risk. Our team has completed more than 700 TAVR procedures over the last five years.

To see if you or a loved one with severe aortic stenosis may be eligible for this trial, or for more information on the trial, call the Center for Advanced Valve and Structural Heart Care at Morton Plant Hospital at **(855) 44-VALVE (855-448-2583)** or visit [MortonPlantValveTrial.org](http://MortonPlantValveTrial.org).
