### PRESIDENT'S MESSAGE

*Submitted by Wally Schultz*

**H**ope everyone had a very Merry Christmas and a Happy New Year. Unfortunately, we won't be here for Christmas dinner, I'm sure it will be fabulous as was the Thanksgiving dinner. We will be celebrating Christmas at home in New York so we might have a white (snow) Christmas. I'll bring some back if anyone wants some! Anyway, both Kathy and myself are wishing everyone a very Merry Christmas and a Happy and prosperous New Year! Wally and Kathy

## ACTS OF KINDNESS

**W**hen you live alone in a mobile home park, it is a blessing to have neighbors such as Peter Bachelor, Lot 49 and John Guarino, Lot 45 who graciously put up my Christmas lights this year (2015). They are one of the reasons I am glad I live in Shangri-La. Thank you, thank you, thank you!

Submitted by Polly Pifer, Lot 50

## RECIPE OF THE MONTH

### Grandma's Goulash (great for a crowd)

- 1-1/2 lbs ground beef
- 2 cans corn or 16 oz frozen corn
- 1 large can Cream of Mushroom soup
- 24 oz of sour cream
- 16 oz pkg elbow macaroni
- Chopped onion (1 small)
- 1 can Sliced mushrooms
- Boxed stuffing

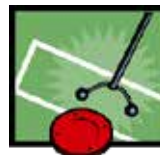

Fry ground beef, drain, add onions and mushrooms. Cook pasta, drain. Mix pasta, meat mix, corn, sour cream, mushroom soup in a large pot. Prepare stuffing mix, set aside. Put mix into a casserole dish top with prepared stuffing. Bake at 350 25 to 30 minutes.

## SHUFFLEBOARD

Submitted by Wally Schultz

**I**'m happy to say that our current team is doing incredibly well this season. We seem to have the right combination of older more experienced players and newer players. The combination is working magic! Currently 12 – 7 SL is in 3rd place in the Friendly League. I can't remember us being in that position in many years. Keep up the good work.

## THANKSGIVING DINNER 2015

---

**A** Thanksgiving dinner was held at the Clubhouse on November 26th. Everyone who attended had a great time and all enjoyed the good food prepared by the Residents. We had 66 people registered for dinner, we served 50 Residents and 12 guests at the hall, and delivered 4 dinners to Resident homes.

We would like to thank all the volunteers who helped to cook and prepare all the food, set up the hall and decorations, the servers, the clean-up crew and anyone else who helped out during the day. Without the help of all the Volunteers we would not be able to hold this dinner.

## CHRISTMAS RAFFLE

---

**A** Christmas raffle took place at the Dec 16th coffee morning. Donations of articles were given by people of the park. All proceeds from the Raffle is going to All Children's Hospital Foundation for the music therapy program for children going through cancer treatment. This is such a worthwhile cause to get involved with. Thank you to everyone for their donations of items and for buying tickets.

I wanted to say Thank You to everyone that helps with the events. I can't name all of you, but without you these events would not go on. So a BIG Thank You from Serena!

# JOKES

*Submitted by various residents*

Two old guys were sitting in the park, talking, when the subject turned to getting older. The first guy said, “Woman have all the luck when it comes to getting older.” “What do you mean?” asked the second guy. “Well,” replied the first. “I can barely remember the last time I was able to get aroused in bed, but my wife – she’s healthier than ever!” “Healthier? How is that?” his buddy wondered. “Years ago, when we were younger, almost every night before bed she’d get these terrible headaches” He answered. “Now that we’re older, she hasn’t had a headache in years.”

Jennifer visited a psychic of some local repute. In a dark and hazy room, peering into a crystal ball, the mystic delivered grave news: “There’s no easy way to say this, so I’ll just be blunt – prepare yourself to be a widow. Your husband will die a violent and horrible death this year.” Visibly shaken, Jennifer stared at the woman’s lined face, then at the single flickering candle, then down at her hands. She took a few deep breathes to compose herself. She simply had to know. She met the fortune teller’s gaze, steadied her voice, and asked: “Will I be acquitted?”

## Did you know that January is also...

**National Bath Safety Month.** Bath safety is an essential aspect of general home safety. An average of 370 people across all age groups suffer injuries in the bathtub or shower daily. Learn how to equip your bathtub or shower with safety precautions like grab bars and anti-skid strips to prevent serious injury.

**National Blood Donation Month.** Some give blood because a friend asks; others do so because it just seems like the right thing to do. Whatever your reason, the need is constant and your donation is important for maintaining a healthy and reliable blood supply.

**Help  
save  
lives**

**National Mentoring Month.** Mentoring young people can change your life—and theirs. Volunteering as a mentor or becoming an informal mentor to a young person you know is a valuable step in igniting the mentoring effect in your community.

**Thyroid Awareness Month.** Thyroid disease affects approximately 200 million people worldwide. If left undiagnosed and untreated it can cause depression, tremors, muscle weakness, and constant fatigue. Learn how to perform a thyroid neck self-exam, and talk to your doctor if you detect any lumps.

**National Home Office Safety and Security Week, Jan. 3-9.** Thousands of people working from home face risks in their residential workplace: clutter that can cause trips and falls, inadequate electrical wiring that presents a fire hazard, and other dangers. Take some time this week to ensure that your home office doesn't endanger your health and safety.

**International Snowmobile Safety Week, Jan. 16-24.** Snowmobiling is a fun and exciting family activity enjoyed by over 4 million people in the U.S. and Canada. International Snowmobile Safety Week educates people about safe snowmobiling practices and shows how operating safely can prevent mishaps and injury.

**National Sugar Awareness Week, Jan. 18-22.** The average American consumes about three pounds of sugar each week, for a total of 3,550 pounds in his or her lifetime. During this week, take the challenge: Go five days without eating any sugar and see how much better you feel.

**National Certified Registered Nurse Anesthetists (CRNA) Week, Jan 24-30.** CRNAs provide more than 34 million anesthetics each year. This event helps patients, hospital administrators, health care professionals, policymakers, and others become more familiar with the CRNA credential and the exceptional nurses who have earned it.

## Never too late to succeed

A poor boy named Harlan with only a sixth-grade education wouldn't have made anyone's list of the most likely to succeed. His first major success came when at the age of 39, when he was able to come up with the financing to open a small-town gas station and restaurant. He did pretty well, too—but only for a while.

With the onset of World War II, Harlan's once-solid customer base left the small town to enlist in the military or take factory jobs in the city. Still, he managed to hold on until a new interstate highway eliminated his drive-by trade. Then, after nearly 30 years in business, Harlan was forced to sell his dream to pay off his debts.

Broke and nearing 70, Harlan could have closed the curtain on his career ambitions. Instead, he took to the road, offering to share his pressure-cooking techniques with other restaurant owners if they'd agree to become his franchises. He sold only five in the first two years, but he stuck it out.

Four years later the self-proclaimed Colonel Sanders had sold more than 600 Kentucky Fried Chicken franchises. And by the time Harlan Sanders died at age 90, KFC was a worldwide brand.

## Is today's success holding you back?

Timanthes was a celebrated Greek artist of the 4th century B.C. As an aspiring young painter, Timanthes worked with a respected tutor to learn his craft. After several years, he produced what he believed was his masterpiece.

Delighted with his accomplishment, the young artist stopped striving to further his art. Instead, he devoted hours each day to gazing at his painting, mentally patting himself on the back for his achievement. Then one morning, when he arrived at the studio, he was horrified to find that someone had slathered paint across the canvas, destroying his work. The tutor eventually confessed that he'd done the deed.

"I did it for your own good," he explained. "The painting was holding you back." He urged the artist to try again: "See if you can do better."

Timanthes took his teacher's advice. His next effort, "The Sacrifice of Iphigenia," became his signature work and is regarded as one of the finest paintings of its time.

You should celebrate jobs done well. But don't get so caught up in yesterday's achievements that you forget tomorrow's challenges.

# Multiply Your Monthly Mania!

As you probably already know; patronizing the advertisers in this newsletter also pays YOU with our Monthly Mania Cash Give-a-Way. We pay out \$400 every month to residents who submit tickets they have received from using the businesses in the newsletter. Winning is easy, just patronize any advertiser in the newsletter, then submit either the ticket or a paid receipt to us for your chance to win!

## Now You Have More Chances to Win!

We are now offering unlimited entries into our Monthly Mania drawing by just *SUGGESTING* a business to advertise.

Here is how it works:

1. Call our office and suggest a business to advertise in the newsletter
2. We will take down your information (name, address, phone number) and enter you into the next month's drawing for over \$400 in cash prizes
3. The more businesses you suggest, the more chances you have to win.  
*(To qualify each resident can only suggest a business once)*

### What businesses would you like to see advertising?

We have spots available in the following categories:

- |                                     |                                      |                               |

# Founded in 1916.

## Caring Ever Since.

### From our family to your family

Morton Plant Hospital got its start in 1914 when several local women asked railroad magnate Morton F. Plant to fund a hospital. He agreed, if the community would also make a substantial contribution. They took the challenge and the hospital opened in 1916. Throughout the years, the hospital served the community, and the community gave back, ensuring that generations of families would be able to count on the compassionate, quality care provided by Morton Plant Hospital.

One of the most noteworthy hospitals in the nation, Morton Plant Hospital was founded because a community cared. And 100 years later, one thing remains the same — our commitment to caring for your family.

*The new Doyle Tower at Morton Plant Hospital, scheduled to be completed in 2016. Another example of how the community gave back.*

## Learn the ABCs of skin cancer

**T**hat dark spot on your skin may be a freckle—or it may be skin cancer. How can you tell? The American Academy of Dermatology takes an alphabetical approach to identifying potentially dangerous skin conditions:

- **A: Asymmetry.** Is the spot or mole generally circular, or does one side look different from the other?
- **B: Border.** Is the edge of the item uneven, notched, or blurry?
- **C: Color.** Does the object vary in color in different areas?
- **D: Diameter.** Is the area larger than a pencil eraser?
- **E: Evolving.** Has the object changed its size, shape, or color?

**Contact a dermatologist if you answer “yes” to any of these questions.**

## Just a rash? Check it out

**A** rash may be nothing to worry about, but sometimes it can be a sign of something serious. Doctors recommend you pay attention if a rash exhibits any of these symptoms:

- The rash spreads quickly across your body, which could indicate a major allergic reaction.
- You have a fever along with the rash. This could be a sign of a serious infection, so get to the hospital immediately.
- Your rash forms blisters or becomes painful.

The foundation of success in life is good health. That is the substratum fortune; it is also the basis of happiness. A person cannot accumulate a fortune very well when he is sick.

## Get to the root of problems

When you can't solve a seemingly impossible problem, do you just throw your hands high in frustration and walk away? Most of the time that's not an option. Try re-framing the problem with these suggestions from Tina Seeling, author of *Inside Out: Get Ideas Out of Your Head and Into the World* (HarperOne):

- **Revise your question.** Turn the problem around by re-examining your real goal. Instead of "What new product will make lots of money?" ask, "What do our customers buy, and what do they avoid?" or "How can we offer more of what already works?"
- **Look for bad ideas.** You can unleash your creativity by flipping the process. Try to identify what doesn't work, what's failed in the past, or what would completely capsize any solution. You may be able to adapt a seemingly impractical solution, or eliminate a factor that's holding you back.
- **Question your assumptions.** Many of us fall into the trap of assuming that the answer we're seeking will look like solutions that have always worked. Take a close look at the problem, your organization, or your industry and identify practices that have never been questioned. Ask, "Why are we doing it this way?" You'll often find a new approach by going against the conventional wisdom.

## Play these roles when developing ideas

Thinking creatively requires different mindsets at different stages of your project. If you can shift gears yourself, do that; if not, bring in a colleague to help you sort through the issues. Focus on these key roles as spelled out by Walt Disney:

- **Dreamer.** Don't limit your vision at the outset. Let your mind roam widely as you explore concepts, ideas, and solutions. You don't have to be practical at this stage—just allow yourself to daydream as you think about what you want to achieve.
- **Realist.** Once you've got a plan or idea you want to put to work, start narrowing it down until it's doable. You may end up eliminating the less practical aspects, but if you keep your mind on the core idea, you'll come up with a plan that satisfies your goal while succeeding in the real world.
- **Critic.** Poke holes in your plan so you can patch them up effectively. Run a test or set up a pilot program before rolling your solution out completely. Don't think of obstacles as failures; use what you learn to make your idea viable.

## Giant lizards once roamed Australia

**M**ovies like *One Million Years B.C.* show humans battling dinosaurs, but T. Rex and other prehistoric creatures died out long before Raquel Welch's ancestors designed the first fur bikini. Still, recent discoveries suggest that prehistoric could have fought large reptiles, or at least co-existed with them at one time.

Scientists from the University of Queensland have dug up a small bone that they have determined could have come from a gigantic lizard that lived in Australia as recently as 50,000 years ago.

As reported on the eScience News website, the bone is only 1 centimeter long, but scientists are certain that it belonged to a huge creature that may be related to the Komodo Dragon or another species known as *Megalania Prisca*. *Megalania* once roamed eastern Australia, and reached a length of 11 to 16 feet. Its sharp, curved teeth would have been a ferocious challenge for early humans in the territory, but so far no evidence of any terrifying encounters have been unearthed.

## How much do you know about science?

**W**e rely on science and technology for many of the necessities and conveniences of modern life, but how well does the average U.S. citizen really understand science? A survey by the Pew Research Center sought the answer to that question. The survey asked a series of basic science questions and received these results:

- The core of the Earth is our world's hottest layer: 86 percent answered this correctly.
- Uranium is needed to create nuclear energy and weapons: 82 percent.
- Comets comprise a core of ice and a tail of gases: 78 percent.
- Tides are created by the moon's gravity: 76 percent.
- The polio vaccine was developed by Dr. Jonas Salk: 74 percent.
- Astrology is different from astronomy: 73 percent.
- Cell phones use radio waves: 72 percent.
- A light-year is a measure of distance: 72 percent.
- Amplitude (height) determines the loudness of sound: 35 percent.
- Water boils at a lower temperature in Denver than in Los Angeles: 34 percent.

## Monthly Mania: It Pays (Up to \$100) To Patronize the Advertisers in Your Newsletter

**14,492 manufactured home residents have won over \$130,374** since our contest began. It's simple to play ... when you patronize a current advertiser, ask for a Monthly Mania ticket (or a reasonable facsimile) and fill it out completely. Put the ticket in our Monthly Mania drop box in your community or [mail your paid receipt](mailto:mail_your_paid_receipt) to us at **Monthly Media • PO Box 1023 • Venice, FL 34284**. That's all you do. At the end of the month the Publishers will pick up the tickets and hold a drawing. If your ticket is drawn, we mail you a check.

**(Allow 4-6 weeks for mailing of check). This month's cash winners are:**
