SILK OAK MOURNS

We lost two longtime residents recently:

Clayton MacDonald, Unit 169, passed on May 23. He was 84 years old and is survived by loving family and friends.

Mike Granato, Unit 185, passed on June 5. He was 89 years old and is survived by his 4 daughters Kathy Granato, Linda Kupiec (Tom Backus) Corinne Ritzel (Richard) Unit 140, and Donna Anna (Stanley) who are all very active in Silk Oak activities. Mike and his wife Gloria came to FL over 35 years ago and managed Silk Oak Lodge for a few years. Gloria tended to the office operations while Mike took care of everything else.

Sincere condolences to the families and friends of these two fine men – it sure will be tough to fill the void left by these two characters.

AUGUST BIRTHDAYS

8/13/1899 Alfred Hitchcock

Hitchcock was a master of fright, but he had quite a few of his own real-life phobias, including chicken eggs, jail cells, and soufflé-making.

8/15/1912 Julia Child

Before she became history's favorite television chef, Julia Child worked for the Office of Strategic Services—the predecessor to the CIA. One of the organization's tasks during her time there was to develop a shark repellent to prevent attacks. The winning recipe—copper acetate mixed with black dye—never really worked but was nevertheless employed by the Army and Coast Guard for about 25 years.

WORD OF THE MONTH

Bellicose: inclined or eager to fight; aggressively hostile; belligerent; pugnacious.

Used in a sentence: In the June issue of the Silk Oak Chatter, I noted that the pool patrons had been very cooperative with the new CDC restrictions. It seems that I wrote too soon; in fact, there have been times when they have been outright bellicose.

SPEAKING OF THE POOL

Our Community Pool is now open 7 days a week from 8:30am to 10pm. This is only possible because our own John Poole has consented to lock the Pool and Clubhouse every single night! That's quite a commitment and we all owe him our sincere thanks. We can also be thankful that his last name isn't Cooper or Smith.

WE ARE BLESSED!

Despite the adversities riddling the world these days, the Silk Oak Planning Committee and HOA rose to the challenge with resolve and ingenuity! On June 27, a free "Drive-By" Hotdog dinner was served to 62 people from the Laundry Room area. Another first for Silk Oak!

July 4 brought the free SandCastle BBQ at Lot 158 – also a "Drive-By" which served over 80 dinners. All of the usual suspects were involved: Shane and Gaby Brown, Becky Zinser, Randy and Pam Smith. They all emphasize that LOTS of volunteers stepped in at both events – even out of state visitors - to fill containers and deliver meals to the residents who couldn't get to the locations.

Congratulations to all involved on the success of these events! And thank you for taking the initiative to plan, distribute fliers, shop, cook (Randy for 12 hours!) and battle the heat and humidity to bring pleasure to us all!

FLORIDA ANCHOR AND BARRIER COMPANY

To our valued customers:

During the current times we wanted to let you know that we are taking as many precautions as we can to ensure not only our workers safety but yours as well. We check workers' temperatures each morning and have limited the amount of contact our crews have with each other. Our crews work in Tyvek suits with respirators which helps to ensure your safety as well as theirs.

As a company, we want your business and there is no need for any contact if you so choose. Our business is deemed an "Essential Business" and we are here for you when you need us. You can schedule your inspection by calling 1-800-681-3772.

Wishing you good health and safety,
 The Florida Anchor & Barrier Team

MILITARY & SENIOR DISCOUNTS

WHEN TREATING A HEART ATTACK OR STROKE, TIME IS OF THE ESSENCE. EVEN DURING THESE TIMES.

Don't hesitate when it comes to getting emergency treatment.

Even during a pandemic, you still need to be treated immediately if you have an emergency. Debating whether or not to risk going to an emergency room during a heart attack, stroke or other health emergency—waiting even a few extra minutes—could be harmful. That's why in all BayCare hospital emergency rooms, patients who have symptoms of COVID-19 are isolated from other patients. This helps keep emergency room patients and our team members safe. So if it's an emergency, don't wait. **For more information: [BayCareEmergencyCare.org](https://www.baycare.org/emergency)**

August Daily

Lughnasadh, Aug. 1. A Gaelic festival marking the beginning of the harvest season.

Book Lovers Day, Aug. 9. An unofficial holiday observed to encourage bibliophiles to celebrate reading and literature. Put away your smartphone and pick up a book instead.

National Honey Bee Day, Aug. 15. An opportunity to celebrate honey bees, recognize their contribution to our everyday lives, and take steps to protect this important species for future generations.

World Orangutan Day, Aug. 19. This event is to help encourage the public to take action in preserving this amazing species.

National Dog Day, Aug. 26. National Dog Day celebrates all breeds and serves to help galvanize the public to recognize the number of dogs that need to be rescued each year.

What employees expect upon return

Seventy-two percent of employees are eager to get back to the office, according to the Human Resource Executive website. What do they expect when they walk through the door? Here's what they think employers might do:

- Seventy-nine percent expect their employer to provide disinfectant or hand sanitizer.
- Fifty-four percent expect employers to require masks and gloves in the office.
- Forty-five percent anticipate that employers will space workstations at least six feet from other co-workers.
- Thirty-eight percent expect their employer to check employees' temperatures upon arriving at work.

What exactly is mathematics? Many have tried but nobody has really succeeded in defining mathematics; it is always something else.

August Monthly

Black Business Month. Black business owners account for about 10% of U.S. businesses and about 30% of all minority-owned businesses. According to the U.S. Census Bureau, that amounts to approximately two million companies owned by African Americans. Support these businesses in August and all year round.

Children's Eye Health and Safety Month. Sponsored by the American Academy of Ophthalmology, which encourages parents to take children for an eye examination as part of their back-to-school checklist. In addition to immunizations and school orientations, it is highly recommended that children receive an eye examination before going back to school.

National Water Quality Month. The average person uses approximately 80 gallons of water or more per day for bathing, cleaning, household waste, and drinking. Protecting our water resources and educating ourselves about water quality is an important goal of National Water Quality Month.

Psoriasis Awareness Month. An opportunity to educate and inform sufferers on a range of topics varying from treatment, causes, triggers, and management of this inflammatory and often irritating disease. The cause of psoriasis is still unknown, but specialists do know that it is largely affected by the immune system and genetics

Weekly

World Breastfeeding Week, Aug. 1-7. The WBW 2020 campaign will focus on the impact of infant feeding on the environment/climate change and the imperative to protect, promote, and support breast-feeding for the health of the planet and its people.

International Assistance Dog Week, Aug. 2-8. Created to recognize all the devoted, hardworking assistance dogs helping individuals mitigate their disability related limitations. Its goals are to recognize and honor assistance dogs; raise awareness and educate the public about assistance dogs; honor puppy raisers and trainers; and recognize heroic deeds performed by assistance dogs in our communities.

Safe + Sound Week, Aug. 10-16. A nationwide event held each August that recognizes the successes of workplace safety and health programs and offers information and ideas on how to keep America's workers safe.

National Aviation Week, Aug. 16-22. Always occurring during the week of August 19, the date coincides with National Aviation Day, which celebrates Orville Wright of the Wright Brothers, who made the first flight for 12 seconds and 120 feet at Kitty Hawk, North Carolina on December 17, 1903.

DID YOU KNOW?

Seeing-eye dogs

Two friends were out walking their dogs on a hot day when they passed by a bar. The first guy said, "Let's go in there for a pint."

"They won't let us in with our dogs," said his friend.

"Sure they will. Just follow my lead."

He walked into the pub, and sure enough, the bartender said, "I can't let you in here with that dog."

He replied, "Oh, I'm blind. This is my seeing-eye dog."

The bartender said, "I guess that's OK, then."

The second guy saw and heard the exchange, so he walked into the bar with his dog.

Again, the bartender said, "No dogs, sorry."

He replied, "I'm blind and this is my seeing-eye dog."

The bartender crossed his arms, "You have a Chihuahua for a seeing-eye dog?"

"What?" the man exclaimed. "They gave me a Chihuahua?"

Spy story

A secret agent was sent to a small town in Ireland to pick up sensitive information from an agent named Murphy. His instructions were to walk around the town using a code phrase until he met his fellow agent. He found himself on a desolate country road and finally ran into a farmer.

"Hello," said the agent. "I'm looking for a man called Murphy."

"Well you're in luck," said the farmer. "There's a village right over the hill where a butcher is called Murphy, the baker is named Murphy, and three widows are called Murphy. In fact, my name is Murphy."

"Aha," thought the agent, "maybe here's my man." So he whispered the secret code: "The sun is shining, the grass is growing, and the cows are ready for milking."

"Oh," said the farmer, "you're looking for Murphy the spy. He's in the village over the other direction."

New location

A telemarketer called a house, and a friendly woman answered the phone. After explaining who he was, he asked for Mr. Smith.

"I'm sorry," said the woman, "I'm afraid he doesn't live here anymore."

"I'm sorry to hear that," the telemarketer said. "Do you happen to have a number for where he is now?"

"Certainly." She read off a number. The telemarketer thanked her, hung up, and dialed the number.

After four rings he heard, "Thank you for calling Shady Acres Cemetery ..."

Practice good sun safety as you venture outside

With stay-at-home orders loosening, people can now take advantage of the warm weather to get outside to the park or the beach. You still have to be careful, though, especially of the sun's UV rays that can cause sunburn and cancer. Here's some advice from the CNN website on protecting your skin:

- Keep to the shade. If you go to the beach, bring an umbrella. Stay out of direct sunlight from 10 a.m. to 2pm. Wear protective clothes, wide hats, and sunglasses.
- Use sunscreen. Choose sunscreen that's water resistant, especially if you head to the beach or swimming pool. It should have an SPF of at least 30. Apply it every two hours, as well as after swimming or heavy sweating. If you use a spray sunscreen, spray it onto your hands and apply it to your skin to minimize losing too much in the air.
- Remember vitamin D. We get vitamin D, which supports immune health, from sunshine, but sunscreens can block it. You can take supplements, but foods rich in vitamin D include fatty fish, eggs, tofu, mushrooms, cheese, and fortified milk and juices.
- Check yourself out. Perform regular skin exams at home if you want to detect skin cancer early, when it's most treatable. Contact your dermatologist if you find anything suspicious. You may be able to use video for a consultation, but if a biopsy is necessary, you'll have to come to the office.

How people creatively weathered the lockdown

Sheltering at home was tough on everyone, but many people used it as an opportunity to grow their creative skills. The Financial Times website reports on three cases:

- **The cellist.** Liz Hanks, a cellist in the United Kingdom, saw her European concert series dry up as the COVID-19 outbreak shut down borders. She switched to teaching music online and recording new music at her home in Sheffield, South Yorkshire, and she also founded a project for other musicians to perform their own music outside for free so that people could still enjoy live music.
- **The entrepreneur.** Balvinder Powar, a Madrid-based leadership trainer and entrepreneur, focused on new projects during his confinement in Spain. They included helping business school students in Madrid develop ways of producing food. He's also taking a course on neuroscience to broaden his training.
- **The professor.** Paul Freemont of Imperial College London led a team of scientists to raise some \$150,000 from the Dementia Research Institute for COVID-19 testing. The effort, which would usually take months, was completed in just three weeks.

Keep your sanity as the crisis drags on

The COVID-19 pandemic has taken a toll on everyone, and not just physically. Taking care of your mental health is important too, especially because no one knows when the crisis will end. The GOV.UK website shares this guidance on staying sane during these uncertain times:

- **Stay connected.** Maintain your relationships with friends and family. Social distancing guidelines may be looser these days, making things easier, but if you or a loved one is in self-quarantine because of a positive test for the coronavirus, don't stay isolated. Reach out.
- **Talk about your worries.** Whether you work with a counselor or just talk to friends, don't bottle your emotions up. Speak up about what's worrying you. Letting your feelings out is good for your mind and soul.
- **Take care of yourself physically.** Eat healthy meals and exercise. Take a walk or a bike ride now that communities have started to open up. Work in your garden. Getting outside and staying in good physical shape will help you maintain a healthy mental state.
- **Get plenty of sleep.** Sleep can be elusive when you're nervous about life. Stick to a routine that encourages eight or nine hours of sound sleep every night. You'll get the physical rest you need and the mental break necessary to brain health.
- **Manage your media consumption.** There's lots of information out there, often more negative than positive. Don't obsess over every new report. Limit your intake of news so you don't start feeling overwhelmed and helpless. Check the facts to be sure you're not being exposed to bad information.
- **Find things to enjoy.** Make a point of pursuing pleasurable activities to take your mind off things. Read a good book, watch a lighthearted movie, finish a jigsaw puzzle, cook a gourmet meal—do anything that lifts your spirits and makes you feel better.

The soul always knows what to do to heal itself. The challenge is to silence the mind.

— *Caroline Myss*

Each patient carries his own doctor inside him. They come to us now knowing this truth. We are at our best when they give the doctor who resides within each patient a chance to go to work.

THOUSANDS manufactured home residents have won over **\$153,800** since our contest began. It's simple to play ... when you patronize a current advertiser, ask for a Monthly Mania ticket (or a reasonable facsimile) and fill it out completely. Put the ticket in our Monthly Mania drop box in your community or **mail your paid receipt** to us at **Monthly Media • 220 Bahama St. • Venice, FL 34285**. That's all you do. At the end of the month the Publishers will pick up the tickets and hold a drawing. If your ticket is drawn, we mail you a check.

(Allow 4-6 weeks for mailing of check). This month's cash winners are:
